ACCUSED MAN HUSTLED TO OTTUMWA IN CARRIAGE TO EVADE ELDON MOB.

WAS HELD TO GRAND JURY

Aberdeen Phillips Accused of Attempting Rape on Person of Mrs. Johanna Anderson, An Aged and Respected Resident of Eldon. Eldon, Oct. 21.—(Special)—On the charge of attempted rape on the person of Johanna Anderson, an old resident of this city, aged 75, Aberdeen Phillips, an Italian laborer was bound over to the grand jury late yesterday afternoon by Justice J. L. Youngker and narrowly escaped lynching while the officers were taking him from the court house. Phillips is a grader who has been employed on the Rock Island work south of the city. The evidence in the preliminary hearing was such as to leave no hesitation in the mind of Justice Youngker as to the advisability of holding the prisoner to the grand jury.

Indignation Ran High.

When it became known yesterday that a man had been arrested on the charge of attempting an assault on Mrs. Anderson, a spirit of indignation quickly arose and the affair was soon the general topic of conversation. During the man's preliminary hearing hints were heard that it would not go well with the man were he to fall into the hands of the crowd, which was gradually growing larger.

Mob Outwitted.

It was given out that the man was to be held and taken to Ottumwa on the evening passenger and upon hearing this many in the mob left, evidently with the intention of meeting again at the train. While the attention of the crowd was thus diverted, Constable Samuel Gow quietly left the court room with the prisoner in his charge and, entering a carriage, whipped up the horses and drove at once to Ottumwa, turning the prisoner over to Sheriff Cremer. Phillips was placed under bonds of \$500.

The Alleged Crime.

The crime with which Phillips is charged is a particularly grave one when the age of the intended victim is considered. According to the story of Mrs. Anderson she was at her home on the evening of October 12, when the prisoner entered her home and attempted an assault upon her. Her struggles felled her assailant and he at once made his escape.

Victim Unable to Speak English.

Mrs. Anderson is an aged Swedish woman and although she has resided with her husband in Eldon for the past twenty years, she is unable to speak English plainly and is not well enough acquainted with the legal procedure to know what steps to take in the matter. She told her husband of the attempt that had been made upon her at once, but they decided to say nothing about the matter. Monday a physician was called to examine her neck, which had been badly wrenched in her struggles with her assailant. She told the doctor of the affair and it was in this way that the officers learned of it.

Accused Has Family.

Phillips, the man charged with the crime, is an Italian, about 45 years of age. He has been in this country about a year and is able to speak but little English. He has a son about 19 years of age working on the same grading gang with which he is employed at Eldon. He has a wife living in Italy. He has been on good terms with Mrs. Anderson's husband and has at different times called at their home with Mr. Anderson. But little satisfaction could be gained from him in the preliminary hearing as he seemed to be unable to comprehend the meaning of the charges placed against him.

Suffering From Fright.

When seen at the county jail this morning Phillips could give no intelligent answers to any questions asked him. He is still suffering from fright, aroused by the mob at Eldon last night, and he evidently realizes that he is in serious trouble. The charges against him will be investigated by the Wapello county grand jury at its session next week.
