TWO "ORGANIZERS."

I. H. HAMMOND.

W. W. EPPS.

To I. H. Hammond, chairman of the county central committee belongs much of the splendid victory achieved by the republicans in Wapello county yesterday. Mr. Hammond like W. W. Epps, congressional committeeman from Wapello county, is a firm believer in close organization.

GIVING OUT.

The Struggle Discourages Many a Citizen of Ottumwa.

Around all day with an aching back, Can't rest at night; Enough to make anyone "give out." Doan's Kidney Pills will give renewed life.

Mrs. A. J. Watts, 1632 Bertha street, says: "I know that Doan's Kidney Pills did me a world of good, and I cannot make known this fact too emphatically. When a person for several years has pain in the small of the back that never lets up day or night, as I had, and they get entirely rid of it by using any medicine, they should certainly feel grateful to the remedy for bringing about the welcome change. I procured Doan's Kidney Pills at Will L. Sargent's drug store, and they acted directly upon my kidneys, causing the renal secretions to assume a healthy color and action. After the treatment I was not compelled to crawl about the house nor to frequently lie down as I formerly had to; in fact my back has not hurt me since I used Doan's Kidney Pills."

J. H. CREMER.

Leads the county ticket in point of plurality. Has proved to be one of the most popular sheriffs Wapello county has ever had.

Brownfield's plurality is 55; in 1901 O'Neill's plurality was 24. Farrand's plurality is 57; in 1901 Dimmitt's plurality was 28. Brady's plurality is 45; in 1901 Burton's plurality was 26. Wilson's plurality is 50; in 1890 Wilson's plurality was 25.

MISS EMMA NYE. Chicago, Nov. 4.—Wheat—Wheat started off weak and lower this morning and except for a temporary rally on reports of a fair export business done at the seaboard late yesterday and today, sixty leads are more, and the small increase in the world's visible has been on the down grade all day, showing an extreme decline of cent for May on heavy selling by Armour Grain company and houses with St. Louis connections, and the tip was general here to sell wheat on every bulge as a shake out was expected.

The first woman candidate Wapello county has had for years. Stood on her record as a teacher in the Wapello county schools. She received a splendid majority.

Plurality was 45. Nye's plurality is 65; in 1901 Parks' plurality was 15. Allen's plurality is 170; in 1901 Allen's plurality was 125. McElroy's plurality is 124; in 1900 McElroy's plurality was 94.

TODAY'S MARKETS. Daily Grain Letter. (Furnished by the Ottumwa Commission Co., rooms 18 and 19, Leighton building, correspondents of the Donovan Commission company of St. Louis, Mo.) Chicago, Nov. 4.—Wheat—Wheat started off weak and lower this morning and except for a temporary rally on reports of a fair export business done at the seaboard late yesterday and today, sixty leads are more, and the small increase in the world's visible has been on the down grade all day, showing an extreme decline of cent for May on heavy selling by Armour Grain company and houses with St. Louis connections, and the tip was general here to sell wheat on every bulge as a shake out was expected. Harris-Gates was a good seller of December, Minneapolis stocks for four days increased 47,000 bushels. Clearances were only moderate. It was expected that 1,000,000 bushels of their wheat has been sold in last few days to go to Chicago. Broomhall's Argentine agent cables that hail has caused damage to crops in the province of Santa Fe. Local receipts 164 cars, with one contract. Estimates for tomorrow 115 cars. Clearances 119-160. Primary receipts 1,288,000, against 2,490,000 last year. Shipments today, 330,000, against 1,921,100 last year. Corn—The tone of the market was firm, influenced by the disposition among shorts to cover because of the showery weather and mild temperatures throughout the corn belt, which are not particularly suitable for movement. The indications are that the old crop will be largely covered within the next ten days and we may then see a smaller run of receipts. The cash is still slow sale and the futures got no support whatever from the market. Local receipts, 288 cars, with 16 grading contract. Estimates for tomorrow, 335. Clearances, 444-300. Primary receipts, 690,200, against 703,000 last year. Shipments today, 565,600, against 1,921,100 last year. Oats—Oats were steady with a tendency to work higher during the morning. There was no selling pressure and at the same time there was no aggressive demand for the shipping. Provisions—Provisions opened easier with the lower prices at the yards. There was a little scattered selling early by commission houses, which was taken by the traders. Later there was considerable liquidation in January and May ribs, but at the same time there was a good demand for pork. Receipts, 25,000. Market with market 10c lower. Pilling, agent, Leighton block, Ottumwa. New York, Nov. 4.—In Union Pacific, Atchison and B. and O. the buying has been of such character as to advance early. It led to considerable covering by some of the western houses who have been conspicuous on the bear side for some time. B. R. T. and American were bought by brokers with Tammany affiliations. But there was no outside following. The traders were inclined to fight the advance and were successful in checking it when steel commenced to develop weakness. The general opinion seemed to be that the stock as the orders seemed to be distributed among those who in the past had charge of the support. Money rates ranged around 4 per cent and the general opinion seemed to be that this rate will not be shaded during the week. If steel continues to be heavy the rest of the market is likely to react. This market is furnished by Wearo.
