GETS BIG ALIMONY
MRS. EVA COOMBS GRANTED DIVORCE AND \$1,200 FROM HER HUSBAND.
 A decree of divorce and \$1,200 permanent alimony was awarded Mrs. Eva Coombs by Judge Eichelberger today. Mrs. Coombs was defendant in the suit brought by her husband, W. B. Coombs, in which he asked for a divorce and the custody of their minor child, Russell Coombs. The plaintiff accused his wife of having attempted to poison him at one time and of cruel and inhuman treatment. The defendant immediately filed a cross petition in which she denied the accusations of the plaintiff and in turn accused him of cruel and inhuman treatment. The defendant's petition was granted. In his decree Judge Eichelberger granted Mrs. Coombs a divorce and restored to her the name of her first husband, Gatlin. The plaintiff paid the costs of the suit and was awarded the custody of the child, Russell. McNett & Tisdale were the plaintiff's attorneys and A. W. Enoch and H. L. Manion represented the defendant.
Mullenix Not Guilty.
 Omar Mullenix, indicted recently on the charge of assault with intent to commit murder, was arraigned this morning and pleaded not guilty to the charge. No time has been set for the trial. B. W. Scott will defend him.
 Decrees of divorces were awarded the plaintiffs today in the cases of Mary Gates vs. Chas. Gates, and Maud Stacy vs. George L. Stacy.
Abbie Walker Indicted.
 An indictment was returned by the grand jury against Abbie Walker Saturday on the charge of keeping a nuisance. A number of witnesses were heard on the case, which was one of a number being investigated. Nearly all the "landladies" and gamblers in town were up before the grand jury answering questions as to their own and others' actions and it was thought that more indictments would follow. It is not known just why the "landlady" from the Prospect house was indicted while the charges against the rest were ignored. Abbie pleaded not guilty when arraigned today.
The Hensley-Burton Case.
 The case of J. R. Hensley vs. Burton Bros., in which the plaintiff is suing for \$710 damages which he claims resulted from the refusal of the defendants to accept a certain bunch of cattle they had bought from him, was continued in district court today. The defendants have filed a counterclaim for \$400, as they claim the cattle they did accept was not as represented.

A BIG YEAR'S BUSINESS.
W. F. Schwenker Sells Many Pianos—Secures More Room.
 The New Piano House, 110 S. Market street, is now well known to the people of Ottumwa. It has just closed its first year's business in this city and Mr. Schwenker, the proprietor, states that his sales have far exceeded his expectations.
 Mr. Schwenker is thoroughly conversant with all phases of the piano business. He has had years of experience in the metropolitan trade in Chicago and New York, as well as in the smaller cities.
 The lines carried embrace the Everett, Harvard, Arthur J. King, Shoninger, Price & Teeple, Foster & Co., besides other well known and popular makes. Mr. Schwenker is a member of the Arthur J. King Piano Co., of Sheboygan, Wis., and is the western wholesale agent for this piano.
 This year he proposes to increase his sales over the past twelve months and now occupies double the floor space he had previously, and has enlarged his stock, so that prospective buyers have the advantage of looking over the large stock he carries at all times.
 The large room occupied by the firm has been thoroughly overhauled, repapered and new partitions divide it in three parts. In the first room is the general stock, while the second will be used to display pianos and also for recitals and choruses. Recitals by artists and by the Apollo piano player, will be given during the season. This room will also be used by teachers and pupils.
 The rear room will be used as a repair and work room.
 Mr. Schwenker will, in a few days, have a large stock of Regina music boxes.
REAL ESTATE BUSINESS.
Norton & Smith Have Increased Their Business Very Materially Over Last Year.
 C. E. Norton and D. D. Smith, represent a local real estate concern, which has transacted business in this city for years past and who have developed their real estate business largely through advertising in the Courier. The increase is not only made in handling local real estate, but they have developed many propositions in other states. The principle one is the one in Arkansas, which represents many thousands of acres of fine prairie and bottom land, the prices of which run from \$7.50 to \$10.00 per acre. The southern states have many fine real estate bargains which are worthy of public attention and which when developed by northern capital will bring many returns for the investor.
 Norton & Smith have now about four hundred real estate propositions both of local and foreign interest and which are open for the investment of the public. This firm is a hustling business concern, who are known in many states as men of character and responsibility, doing a reliable business on business principles.

HEARST IS MODEST
ONLY DEVOTES ONE PAGE TO DISPLAY OF CONGRATULATORY TELEGRAMS.
Chas. A. Walsh, "Jim" Weaver and Jeremiah Sullivan Are Among the Many Who Thank the Chicago Publisher for His Part in Campaign.
 An entire page of today's Chicago Examiner was modestly taken up with congratulatory telegrams received by Willie Randolph Hearst, the proprietor of that paper, from enthusiastic democrats in Iowa and elsewhere who have evidently just awakened to the fact that the ballots cast last Tuesday have been counted. The telegram from Chas. A. Walsh of this city, secretary of the democratic national committee, is reproduced in full and covers more space than any of the others. "Jim" Weaver, who first jumped into fame by defeating John F. Lacey for congress from the Sixth district several years ago, and has since fallen from grace by running for the presidency on the populist ticket, also congratulated Hearst, and Jeremiah Sullivan, who was among the also rans in the recent gubernatorial campaign added his word of praise. Mr. Hearst is not only credited with causing the sweeping "reduction" in the Iowa republican majority, but he is also blamed for electing the Tammany candidate in Des Moines.
 As Viewed in Creston.
 The Creston Advertiser offers the following problem touching upon the part taken by Hearst in the recent campaign:
 "Problem: If 50,000 copies of Hearst's 'not a journal sent into Iowa day,' 'The battle' will boost the republican party, and the republicans are defeated by the republican party, would you have had a general circulation in the state? Answer can be sent to Willie Hearst, at either Chicago or New York.
INITIATION TOO SEVERE.
 Tragedy in Dental Department of University of Maryland.
 Baltimore, Md., Nov. 9.—The police are investigating the cause of the death of Martin Low, 27 years old, a student in the dental department of the University of Maryland, whose body was found Sunday in his room at his boarding house. His roommate, Ephraim Stone, 23 years of age, was lying unconscious beside the bed.
 Low came from Elyria, Germany, and Stone hails from Cape Town, South Africa. Low, it is said, has relatives in New York City. His body is at the morgue. It is said the men were initiated last week into the Phi Psi Chi, a college fraternity, of which many of the students at the university are members.
RUMOR SCOFFED AT.
 Rock Island Men Say Milwaukee Tracks Will Not Be Called For.
 Local Rock Island officials scoff at the rumor which has gained circulation to the effect that the golden State Limited, the last train on the southwestern division of the Rock Island is to be run over the Milwaukee from Washington to Eymour. They state that this rumor probably gained circulation through the statement of some official that if a wreck should happen on the division between these two points the trains could be run over the cut-off. They point out, however, how this would work both ways and give the Milwaukee the same opportunity of using the Rock Island tracks.
PAL OF PAT CROWE.
 Thomas Costello Admits Helping in Cudahy Kidnaping.
 St. Joseph, Mo., Nov. 7.—Thomas Costello, alias Tom Murphy, a pal of Pat Crowe, was captured here yesterday after a hard fight. Costello confessed to Chief of Police Franz to participating in the kidnaping of young Cudahy at Omaha and to other crimes. Costello says that a man named Johnson, now in the Montana penitentiary, seized young Cudahy while he and Crowe waited at a house on the outskirts of Omaha. Chief of Police Franz said that he had verified Costello's statement.
