YOUNGSTERS IN THE COUNTRY
SCHOOLS GET GOOD MARKS
IN SPELLING TEST.
THIRTY-ONE PERFECT
Sixty-five Did Not Misspell More Than
Three Words Out of 500—Compe-
tition Reflects Upon Teachers
and Students.

The efficiency of the rural school
teachers and the desire on the part of
the rural pupils to gain as many
marks of perfection in their studies as
possible was never better demon-
strated than in the recent spelling contest
held by County Superintendent Eliza-
beth Burgess. The contest was open
to the pupils of all the rural schools in
Wapello county, and to each one who
entered was set the task of writing
correctly 500 words. Fifty-five schools
figured in the contest, and 276 pupils
competed. Out of this number, thirty-
one spelled 500 words correctly and
sixty-five did not misspell more than
three words.

Reuben McBirney of Columbus Junc-
tion, Wis. Does Not Accept
Fairfield Stock.
Cattle valued at \$1,140 were refused
by Reuben McBirney of Columbus Junc-
tion, Wis., in Ottumwa yesterday be-
cause they were not as represented by
the parties from whom he purchased
them. McBirney visited Fairfield last
week and selected a number of excel-
lent specimens of Iowa stock, but when
the cattle were loaded and shipped to
Ottumwa to be transferred from the
Burlington route to the Milwaukee road
to continue to the northern city, Mc-
Birney realized that the cattle were
not the same as he purchased upon his
visit to Fairfield. He immediately
stopped payment of the draft he tend-
ered for the stock, and notified the
Fairfield dealers that their cattle was
in Ottumwa subject to their orders.

Chronic
Disease
Specialist
Chronic troubles do not develop in
a day, a week, a month, and perhaps
it takes years of developing. The man,
woman or child who is afflicted with a
chronic disease should bear in mind
that Dr. Strickler has cured many
chronic cases since locating in Ottum-
wa. There is no need of a single
chronic case being uncured. We offer
for your benefit a few facts: (1) The
neglect of a local disorder until it has
had time to exhaust the general vital-
ity of the system. (2) Inattention on
the part of the patient after he has
obtained temporary or partial relief.
(3) The patient arbitrarily setting his
own time limit for the cure of the dis-
ease. (4) Willful disobedience of pre-
scribed directions. (5) Inability to re-
alize the importance of having the
cause removed, as well as the local
symptoms.
88 PER CENT OF CHRONIC
DISEASES ARE CURABLE.
The principles above mentioned,
which patients tend to ignore, is the
result of many cases remaining un-
cured. With 35 years of practical ex-
perience in treating CHRONIC DIS-
EASES we are well prepared to give
you a case the BEST KNOWN treat-
ment.
Consultation and examination free.
