CATTLE SUPPLY LIGHT

Week's Run Was Small and Market Showed Rise of 10 to 15 Cents Over Week Before. Stock Yards, Chicago, May 16.—Small receipts and a strong packer demand effected 10 to 15c advance in steer prices early in the past week, and this was held to the close. Steers averaged \$2.70, highest since March, but feed yard scarcity of well finished kinds was shown in the rather small quota included in general receipts. Comparatively few steers bid above \$5. Grains fed stock will shortly come forward freely, and the trade is expecting a wider range in their account. Butcher stock scored 10 to 15c advance over a week ago, mostly being the bullish factor. Bulls advanced 35 to 50c in early days, but part of this gain later. Calves lost 50 to 75c lower than a week ago, feeding steer demand was light and prices gained 10 to 15c in the week. Prices had the following range: Hides to fancy steers 47.75@57.00
Hides to good steers 46.50@55.00
Hides to fair steers 45.75@55.00
Fat cows and heifers 4.50@7.50
Fattening cows and heifers 2.75@4.25
Fatve bulls and stags 4.25@6.35
Feeding cattle, 600 to 1200 lbs 4.25@5.75
Fair to fancy veal calves 6.00@7.25
Heavy calves 3.25@5.00
Export steers 6.75@7.50
Dilliers steers 7.25@8.10
Milkers and springers head 32.00@70.00

Stock Yards, Chicago, May 16.—Receipts of hogs were estimated early at 9,000 and later 7,000 to 8,000, or about 8,000 below expectations. The market opened strong to 5c higher, but later transactions were as much as 10c higher than Friday. The finish was weak, with only 1,300 head left in the pens. The average price at \$9.74 stands 6c higher than Friday and 32c higher than a week ago, being highest day in about a month. Packing droves averaging 205 to 252 lbs cost \$9.71@9.75. Three lots averaging 240 to 269 lbs sold at \$9.82 1/2@9.85. Few sold below \$9.65. Distributions follow: Bulk of sales 9.70@9.80

Child Had Cause for Crying.

Manson, May 16.—The two-year-old child of Mr. and Mrs. Fred Gallenbeck has been very peevish for several months past and nothing could be done to relieve her. She complained of pain in one of her ears constantly and resisted all efforts of her parents to touch her head anywhere near the offending ear. The other day she was taken with a crying spell and cried for a couple of hours, her mother being unable to comfort her in the least. Suddenly the blood gushed out of her ear and her crying ceased. A doctor was summoned and his examination revealed a pin in her ear. How long it had been there or how it got there, nobody knows.

State's Cows at Eldora Are Entirely Free From Tuberculosis. Eldora, May 16.—Seventy-two head of cows which furnish the milk used at the boys' industrial school in this city were tested for tuberculosis last week by assistant state veterinarians and every one of the animals passed. The fact that the herd is entirely free from tuberculosis shows the good results of the work of testing made during the last few years, in which the infected cows were eliminated from the herd. The assistant state veterinarians making the test of the herd were Drs. Evers, of Iowa Falls; Anderson, of Jewell; Wood, of Hampton; and Neiman, of Marshalltown.
