IOWA SENATOR DECLARES IT IS NOT NECESSARY TO SWALLOW EVERY TARIFF BILL IN ORDER TO STAY IN PARTY.

Washington, D. C., June 13.—The sundry civil appropriation bill passed the senate late this afternoon.

Washington, June 13.—Senator Dolliver, continuing his speech on the appropriation of \$250,000 for the collecting of information on the operation of the tariff law, took occasion to reply on behalf of the insurgents to charges of party disloyalty. Dolliver declared he and the other insurgents were not fighting the party, but for it, and that it is not necessary to swallow every tariff brought up in order to remain in the party. He said he shared the "universal disgust of making a great executive department the headquarters of the awkward squad of politics." Dolliver referred to the two great boxes of the past year as the discovery of the pole by Cook and the reduction of the tariff by Aldrich.

The senate by a vote of 13 to 44 today rejected the motion to strike out the provision of the sundry civil bill appropriating \$250,000 for the tariff board.

## STONE DAUGHTER OF GOV. HASKELL

GUTHRIE RESIDENTS ANGRY AT LOSING STATE CAPITAL TO OKLAHOMA CITY.

Oklahoma City, Okla., June 13.—In a wild automobile drive in the midnight hours Saturday, the seal of the state of Oklahoma was brought from Guthrie to Oklahoma City, following the announcement that Oklahoma City had won in the state capital fight by a majority of more than 50,000 votes over Guthrie and Shawnee. Oklahoma City will probably be proclaimed the state capital soon.

The seal was surreptitiously removed from the secretary of state's office and is now declared to be in the rooms of Governor C. N. Haskell at the Lee Huckins hotel.

Jane Haskell, 17 year old daughter of Governor Haskell, was hooted and stoned from the street of Guthrie Saturday night, when she started for Oklahoma City, and was forced to flee to the governor's rooms in the Royal hotel with her escort. She came to Oklahoma City on the first train.

The governor's wife witnessed the attack on her daughter from a window in the hotel.

Chief Justice Jesse J. Dunn of the state supreme court and Attorney General Charles West arrived at 9 o'clock last night.

Governor Haskell was in Tulsa when he received word that the temporary restraining order had been issued in Guthrie. Possession of the state seal meant the first step for victory. At 1 o'clock an auto left a First street garage in Oklahoma City with one passenger, W. B. Anthony, private secretary to the governor.

The drive of seventy miles was made to Guthrie and return in a little more than two hours in the darkness. The seal was in the secretary of state's office. The auto was muffled as it made its race through the streets of Guthrie to the capital offices. It took but a few minutes to obtain the seal and the ride to Oklahoma City was begun.

Crowds Hiss and Jeer. The residents of Guthrie slept. But a few hours before, when the streets of Guthrie were thronged with people who received the unwelcome news that Oklahoma City had won and Guthrie had lost, after the capital had been twice voted to Oklahoma City by territorial legislatures in the twenty-one years, and once to Kingfisher.

Many of the dead met their death in slow torture. The flames crept slowly upon them as they lay helpless and as a rescue party was fighting nearby to penetrate the building through the building by a huge water tank which plunged from the roof to the cellar. Almost instantly there was an explosion of gas from the several pipes which hung about the sides of the immense jagged hole and the debris caught fire. The flames swept to the upper floors and scores of persons had to fight for their lives through the smoke and wreckage. ## FILE BRIEFS IN BALLINGER CASE

COUNSEL FOR BOTH SIDES PRESENT WRITTEN ARGUMENTS TO COMMITTEE.

Washington, D. C., June 13.—Briefs were filed by attorneys for the "prosecution" and "defense" with the Ballinger-Pinchot investigation committee today.

Brandels, counsel for Glavis and Pepper, for Pinchot, content in their briefs that the evidence adduced during the investigation has shown Ballinger unfit to administer the affairs of the public domain because of an obvious leaning toward the policy of distribution instead of conservation of the people's land. They condemn his attitude toward the champions of conservation and charge him with causing embarrassment to the president and a loss to the people. Equally insistent that Ballinger's action in and out of the interior department has not been open to criticism, Vortress, counsel for the secretary, declares that none of the accusations made against him have been sustained by a presentation of facts. Vortress attempts to show by the evidence that there has been a conspiracy afoot to secure Ballinger's removal from office because he did not approve of the so-called Garfield policies.

## HAMILTON IN DARING FLIGHT BEATS A TRAIN

CHARLES K. HAMILTON FLIES FROM NEW YORK TO PHILADELPHIA AND BACK, LANDING SHORT WHEN ENGINE BREAKS

Philadelphia, June 13.—Charles K. Hamilton, the aviator, today traveled in a biplane from Governor's Island, N. Y., to a point on the outskirts of Philadelphia, making 86 miles in 118 minutes. He flew from Governor's Island to South Elizabeth, N. J., where a Pennsylvania fast train was awaiting his appearance. From that point, town after town along the line reported the amazing fact that the train had passed "with Hamilton flying directly over it." Occasionally, with the probable desire to give variety to his journey, he diverged a little. At Princeton, for instance, he went up near the old college town that those gathered there for commencement week might have a chance to see him.

Shortly after 10 o'clock Hamilton announced he would start on his return journey to New York within an hour.

## SECURE PROOF THAT CHARLTON WAS MURDERED

COAT BELIEVED TO HAVE BELONGED TO HUSBAND OF THE SLAIN WOMAN FOUND TODAY IN ITALIAN LAKE.

Como, Italy, June 13.—A part of a man's coat, declared by some of his fishermen neighbors to have belonged to Porter Charlton, was found today in Lake Como, from the waters of which the body of his murdered bride was recovered last Friday. The torn garment was fished up from the bottom of the lake near the spot where the trunk containing the body of the woman was found. Today's discovery strengthens the theory that a double murder was committed.

The amount of blood which saturated the mattress, sheets and contents of the bed in the sleeping room of the villa which was occupied by Mr. and Mrs. Charlton, could not possibly have come from one body, that of Mrs. Charlton, the police assert. Their belief that a double murder was committed, probably by a former admirer of the woman, is shared by the American consul at Milan, Charles M. Caughy, who is investigating the case.

Searching parties were busy all of Sunday dragging the lake in the expectation of recovering Charlton's body. They found nothing to explain the mystery of the woman's death, but have been ordered by the officers to continue their search today.

Has Not Left Italy.

Every inch of ground surrounding the villa and the basements of the old building are being gone over by the officers, in the chance that the two men, who were heard carrying the trunk of Mrs. Charlton's body to the lake, feared to make a second trip with the husband's remains, and buried them.

Constantin Ispoloff, the Russian arrested a hour after the gruesome find in the trunk, is still being held and questioned by the officers. Any chance that young Charlton, who is a son of Judge Charlton of Washington, may have left Italy since the murder of his wife, is scouted by the officers, who keep close track of visitors in the country. Reports from near by ports and railway stations fall to show that any one of Charlton's appearance had left the region.

Letters From Former Husband.

While several persons say that they saw Charlton after the date of the crime, at Montreal and later at Como, these statements are controverted by the investigations of the police, who have found that the alleged witnesses have been unable to fix dates definitely.

The police have in their possession a letter written by Mrs. Charlton to her former husband, Neville Castle, which had not been mailed, asking him to return her letters and photographs, as she wished to show them to Charlton in order to relieve his mind concerning that distant love episode.

They have construed this letter as an evidence that Charlton was jealous, and, indeed, there are not wanting those who say that he had on various occasions shown great jealousy of his wife.
