Some Suggestive Questions on the Sunday School Lesson For August 14 FOR THE INTERNATIONAL NEWSPAPER BIBLE STUDY CLUB.

(Copyright, 1910, by Rev. T. S. Linscott, D. D.)

The Laborers in the Vineyard. Matt. xxi:1-16.

Golden Text—Many that are first shall be last, and the last shall be first. Matt. xix:30.

Verse 1—In what respect does the kingdom of heaven resemble a man, who hires men, to work in his vineyard?

How many points of resemblance are there between work in a vineyard and Christian work? (This question must be answered in writing by members of the club.)

Who does God want to work in his vineyard and what are the qualifications?

When did God begin to hire laborers for his vineyard?

Verse 2—How much does "a penny" represent in our money, and what was a fair day's wage, for a laborer, in Jesus' day?

Should an employer of labor hire men as cheaply as he can get them, or should he pay them in proportion to his own profits, giving them all he can afford?

How much ought an employer to make, net profit, for every dollar he pays in wages?

Verse 3—What claim can a person make to being a Christian, who is not doing some kind of work in God's vineyard?

What should the State do with those who, being a charge upon the community, can get work, but will not do it?

What wages does God literally give to those who feed the hungry, comfort the sorrowing, teach the ignorant, and preach the gospel to sinners?

What do church members deserve at the hands of God who are standing around doing nothing, in God's vineyard, when there is so much work to be done?

By what method today, is God inviting men to work in His vineyard?

Verses 8-15—Does this parable teach that there is no advantage in starting to work early in God's vineyard, and if not, what is the principle involved in the fact that they were all paid a penny?

Who should give a true workman the greater satisfaction, and why, having put in a full day's work, for a fair day's pay, or being paid nine-tenths more than he really earned?

When a laborer works exclusively for his pay, and does not take delight in his work, doing as much, and doing it as good as he can, in what class would you place him, morally and spiritually?

If a mechanic, a sculptor, a musician, a lawyer, a doctor, or any other kind of worker, thinks more of his pay than of his work, how would he likely rank in point of ability among his fellow craftsmen?

When does God reckon with the laborers in his vineyard?

Verse 16—If the first called is the last in merit, and the last called is the first in merit, why should the length of the service be considered when the rewards are given out?

BOY SCOUTS AT COUNCIL BLUFFS

MOVEMENT SWEEPING COUNTRY—GET RECRUITS AT M. E. SUNDAY SCHOOL.

Council Bluffs, August 10.—The Boy Scout movement which has swept

Is It Right, Just, Fair and Honest?

Those who study Geology, that science which tells the story of rocks and earth's history, claim that the Race has passed through different ages. Thus they speak of the "Stone Age," etc. This is supposed to be the Iron Age, but the way things are coming to light at Washington Springs, field, and all over the land, it seems to me a better name for the present, would be "The Age of Graft."

Men it seems, are governed in the mad scramble for dollars by just one thing. They ask, "Is it legal?" Not "Is it right, just, fair, honest?" One great captain of industry once said, "To hell with the public!" All such men care for is to make a fortune and keep out of jail. Some take chances and get caught, for no matter what may be said of the courts, the intent of law and those who interpret it, is good—seeking justice if not always finding it. Yet, in spite of these good intending officials, much of our civilization is but a part of a great scheme of shirking the burdens of life on to the many for the benefit of the few. Just now too many are seeking places among the few and favored of Dame Fortune!

My work has no graft in it. I treat all sorts of people with ill of every kind, the best I know how. I try to know, too, what is the best. I have seen treating many cases of chronic stomach trouble with the many complications, successfully. If you or your friends need help, I am waiting to see you.

Dr. Benj. E. Strickler & Co. 105 S. Market St., Up stairs.

England and which enrolls nearly 200,000 boys in that country, has reached Council Bluffs. Four scout patrols were organized at the close of the Sunday school hour at the Broadway Methodist church Sunday and the course of training, prescribed by the National organization of the Boy Scouts of America, will be taken up at once. The scout leaders of the Broadway church patrols are volunteers from the Baraca society of young men of that church who will have active charge of the scout movement in that church. It is likely that several other churches of the city will organize similar troupes.

Founder in America.

The boy scout movement which was started in England more than a year ago was but recently started in this country. General Baden Powell of Boer war fame is now in this country assisting in the organization of this movement.

The organization, laws, methods and purposes of the boy scouts are simple and immensely beneficial if properly carried out. The unit of organization is the "patrol" of seven or eight boys who are under the leadership of an older boy or young man. The age limits of the boys are 12 to 18 years and a leader should be at least eighteen. A "troop" consists of all the patrols of boys recruited from any one church or other organization.

The laws of the scouts cover the following points: Honor, loyalty, duty, courtesy, kindness to animals, parental obedience, cheerfulness, thrift.

Scouts Taught Useful Things.

The method of boy scout work centers about the physical training and the mental development obtained from close association and comradeship with the older leaders. The activities of the scouts center around out of door life.

They are taught how to conduct themselves in the open air, how to cook, to read a map, to use an ax, to establish a camp, row, swim, run, judge distances and measurements and to track a trail.

KILLED IN RUNAWAY.

John Powers, Mason City Teamster, Dragged Half Mile by Falling Through Wagon.

Mason City, Aug. 11.—(Special.)—John Powers, a teamster, was killed in a runaway accident here last night. He had dumped boards on his wagon, which jarred loose when his team became frightened. In falling through the wagon his feet caught on the dump board and he was dragged full half a mile. His body was badly mangled and his death followed soon after the accident.

LITTLE DOUBT ABOUT HOTEL FOR OTTUMWA

TWO PROPOSITIONS FOR NEW HOSTELRY WERE PUT UP TO COMMERCIAL ASSOCIATION AT MEETING HELD LAST NIGHT.

A new hotel for Ottumwa seems assured, and the only obstacle in the way of the proposition now is whether it will be a building costing \$190,000 and located at the corner of Green and Second streets, or one costing \$150,000 and located at the corner of Jefferson and Main streets. Whether it will be the Hoyt-Reed or the Daum proposition, seems to be the chief concern of the directors of the Commercial association and other representative men of the city who met last night to discuss local hotel matters. There seems little reason to doubt that one of the two propositions will carry, for the keynote of the addresses made at the meeting last night was progress that will brook no delay in accepting a proposition offering favorable conditions. The up side of the thing at least should be finished by the association this year, was the gist of the remarks by one director, and others said that the hotel and interurban were not propositions too big to handle, and went further to say that the dropping of these meant retrogression for Ottumwa. September 10 is the date decided upon for something definite to be known, and the time was extended thus far only because of the peculiar arrangement of conditions about the two propositions that forbid the possibility of earlier action. Several talks were made at the meeting and a general expression favoring the immediate action on one of the hotel propositions was the sense of the meeting.

Leaves no Doubt.

No matter which way the ball drops, the chances are good that a five-story modern fire-proof hotel that will accommodate from 120 to 150 guests, will be erected in Ottumwa as soon as it is possible to complete the details that have to be worked out on the proposition to be accepted. If the consensus of opinion expressed last night was a criterion, there is no longer a doubt of the erection of a modern hostelry in Ottumwa. The same spirit that animated the securing of the democratic state convention and the building up of the Commercial association membership from 85 to 600, is being brought to play in the matter. To hear the short speeches by T. D. Foster, J. K. Mahon, F. W. Simmons, J. C. Jordan, F. A. Nimocks, Calvin Manning and others, at the meeting last night one was led to believe that the psychological moment had arrived.

Hoyt Proposition.

The meeting was called to order by Chairman J. W. Garner of the hotel committee, who read the written proposition from H. E. Hoyt, of Hinsdale and followed it with a personal letter from the hotel operator in which certain matters in the proposition were more fully gone into. The proposition calls for a five story hotel with basement to cost \$190,000. Ground dimensions are 100x132 with an entrance on both Green and Second streets. The guest rooms number 150 and the building is to be modern and fire proof throughout with pressed brick street arcads. The conditions of the proposition was stated as follows:

Total cost \$190,000
Local capital \$152,000
Hoyt's investment \$38,000.

The local capital will be given 6 per cent fifteen years first mortgage bonds which will be secured by the amount invested by the hotel man, who take the risk without security. The hotel man reserve the right to take up the bonds at the expiration of five years or any time thereafter and will begin a sinking fund of \$2,000 a year to protect the bond holders.

Daum Offers to Build.

During the discussion of the Hoyt-Reed proposition, W. R. Daum addressed the meeting and proposed a proposition before the association. He offers to build a five or six story hotel absolutely fire proof at the cost of \$150,000 on the site at the corner of Jefferson and Main streets. The condition provide that local capital be raised to the amount of \$80,000 in bonds will be disposed of by Mr. Daum and his share of the investment will be in the form of \$30,000 in common stock over which the bonds and the preferred stock take precedence. The ground dimensions of the Daum hotel will be 132 feet on Main street and 76 feet on Jefferson street. All of the rooms except twelve will have bath connection and there will be 121 in all if the building is erected five stories. If six stories an additional thirty-five rooms will be afforded.

Meet September 10.

Mr. Hoyt expects to return from the east and get a reply from the local parties interested by September 1, and Mr. Daum goes east Sunday night and will not return until the same time as Mr. Hoyt and has arranged to have his hotel man here by that time. This conflict of meeting dates left an obstacle in the way of the hotel committee and was finally adjusted by making the time of meeting on the proposition for September 10, thus enabling the Commercial association directors to go into the two propositions fully and be able to settle on both by the time fixed for definite action.

Mrs. E. F. Blake, 256 North McLean street, and Mrs. Victor Pohlsen and children, 438 West Maple avenue, left yesterday for Albia and Hiteman to visit relatives.

KANGAROO DINNER AT BOONE HOME

ALL PRESENT AUSTRALIANS—NEXT MEETING IN ADELAIDE AUSTRALIA IN 1912.

Boone, Aug. 9.—B. P. Holst entertained for dinner today, at the hotel Holts, as complimentary to Mr. Martin Kuhlman and his daughter, Miss Mathilda Kuhlman, a company of Australians. A fine noon hour was enjoyed in renewing acquaintances that extend over the lifetime of the host. Those present, besides the host and the guests of honor, were Frederick Gasson of Wyoming, Mrs. Amelia Solman of Wisconsin, Mrs. Mary Junch of Yell township, Mrs. Augusta Adamson of Pilot Mound and Mrs. Mary Anne of Boone.

The guests of honor, Mr. Kuhlman and Miss Kuhlman, reside at Fruhling South Australia and are on a trip around the world. They reside near the birthplace of Mr. Holst and are relatives of Henry Gasson of this city. A pleasant hour was spent at the hotel after dinner, in which music and reminiscences of "ye boyhood days" in the foothold gave pleasure to the occasion. A photograph of the company was made by the cottage studio. Before adjourning it was decided to have the next meeting at Adelaide, South Australia in the summer of 1912, when Mr. Holst expects to make a tour of the world.

MELISH NAMED COMMANDER OF THE KNIGHTS

CINCINNATI MAN SECURES HIGH OFFICE AT TEMPLAR CONCLAVE; NEXT MEETING PLACE NOT DECIDED.

Chicago, Aug. 11.—The chief interest in today's session of the convocation of the Knights Templar lay in the expected report of the committees on place for the next encampment. The election of officers was also held today. Eminent Sir William B. Melish of Cincinnati being unanimously elected Grand Commander of the Knights Templar.

Other officers elected include: Deputy Grand Master—Arthur MacArthur, Troy, N. Y. Generalissimo—W. F. Pierce, San Francisco. Captain General—Lee Smith, Pittsburg.

The committee recommended Denver for the next triennial convocation of the Knights Templar.

Indiana Captures Drill.

Raper commandery, No. 1, of Indianapolis, captured first honors in the competitive drill open to all commanderies outside of Cook county, held in the National league baseball park yesterday.

Hanselman commandery, No. 16 of Cincinnati, was awarded second prize, and Oriental commandery, No. 35, of Kansas City, took third prize.

Raper's trophy is an immense silver lighthouse fountain with silver cups. The Cincinnati knights will carry home with them a big silver loving cup and Oriental commandery a combination centerpiece and candelabrum of silver.

General George M. Moulton, chairman of the drill committee, awarded the prizes last night in Michigan avenue, opposite the Cozgrove hotel. All the competing commanderies were drawn up in line with their bands massed on the left of the line.

Detroiters Given Colors.

Prior to the awarding of the prizes General Moulton, on behalf of the Triennial Convocation, presented Detroit commandery, No. 1, of Detroit, with a stand of national colors. These were presented the Michigan knights in return for the exhibition drill given by them before the opening of the competitive drill yesterday morning.

Scores Are Announced.

Captain James B. Gowan, R. E. Ingram and James S. Young Jr., officers of the United States army, who acted as judges in the drills, late yesterday announced the following scores:

Raper commandery, Indianapolis, age 92.3.
won the first prize.
Raper commandery No. 1, percent—Hanselman No. 16, Cincinnati, 87.3. Oriental No. 31, Kansas City, 87.2. Ivanhoe No. 24, Milwaukee, 85.5. Kenosha, Wis., No. 30, 84.9. Beaumont No. 6, Baltimore, 79.9. Mt. Olive, Wichita, Kas., 78.2.

Concordat Established.

The resolution unanimously adopted establishing a concordat between the Knights Templar government bodies, is said by masons to be the most important step taken by a convocation for many years. The concordat establishes amicable relations between the knights of England, Ireland, Scotland, Canada and the United States, and is an event which has been crystallizing for many years. Its consummation is the chief object for which the Earl of Euston, pro grand master of England and Wales, visited the thirty-first triennial convocation.

All the Knights Templar of the world are affiliated with the governing bodies of one or other of the nations and this legislation practically consolidates them into a cohesive whole.

Now Is the Time to Treat Catarrh, Hay Fever, Asthma, Ringing Noises in Ears and Deafness.

A FEW DOLLARS SPENT NOW MAY SAVE YOU A LIFETIME OF SUFFERING AND POOR HEALTH. CATARRH CAN BE CURED.

There is absolutely no question about it, persons afflicted with catarrh or any part of the body can be cured, if taken in time and treated right. Delays are always dangerous. It is catarrh today but in a few weeks it may be consumption or some incurable malady. There are thousands in this part of the state suffering from catarrh of nose, throat, bronchial tubes, stomach and middle ear than can be cured in a few weeks by good treatment.

DON'T WAIT

until your hearing is gone. Your health and vitality destroyed, until ulceration and absorption of the nasal bones cause deformity of the face, or your breath becomes so offensive that you dread to be near anyone. A cure will cost you less now than at any time in the future.

Do Any of These Apply to You?

- CATARRH OF THE HEAD AND THROAT.
- Is your voice husky?
 - Do you ache all over?
 - Do you snore at night?
 - Is your nose stopped up?
 - Does the nose bleed easily?
 - Does the nose itch and burn?
 - Is there pain in front of head?
 - Is your sense of smell leaving?
- CATARRH OF THE BRONCHIAL TUBES THEN CONSUMPTION.
- Have you a cough?
 - Are you losing flesh?
 - Do you cough at night?
 - Have you a pain in side?
 - Do you take cold easily?
 - Are you light-headed?
 - Have you stitches in side?
 - Are you low-spirited at times?
 - Do you cough on going to bed?
 - Do you cough in the morning?
 - Is your cough short or hacking?
 - Have you a disgust for fatty foods?
- DOES YOUR STOMACH BOTHER YOU?
- Is there nausea?
 - Is there vomiting?
 - Are you light-headed?
 - Is your tongue coated?
 - Have you water brash?
 - Is there pain after eating?
 - Are you nervous and weak?
 - Do you have sick headache?
 - Is there no appetite for breakfast?
- Are you losing your sense of taste? Is the throat dry in the morning? Do you sleep with your mouth open? Does your nose stop up toward night? Is there a tickling behind the palate? Do you feel you are growing weaker? Is there a burning pain in the throat? Have you a pain behind the breast bone? Do you sit up at night to get breath? Do you cough worse at night and morning? Have you distress after eating? Is there a rush of blood to the head? Is there a constant bad taste in the mouth? Is there a gnawing sensation in the stomach? When you get up suddenly do you feel dizzy? When stomach is empty do you feel faint?

Every person who will for a moment think about it will know that catarrh is a local as well as a constitutional ailment that it cannot be cured by any haphazard way of treating it. Doctors in common do not cure catarrh because they are not prepared to give the proper treatments. Different doctors and companies have attempted to treat Catarrh patients by mail without ever seeing them. Such treatment will forever be a failure, because local treatments to suit each case must be given as the case demands; what will cure one will not cure another.

Dr. Myerly's office is equipped with every useful modern appliance for use in curing the sick. He does not rely on medicine alone. He will cheerfully give free consultation and advice to all who call this month on Monday, Tuesday and Saturday.

IS KICKED BY HORSE.

Creston, Aug. 11.—(Special.)—Clark Thompson, who lives near Greenfield, is lying in a very critical condition as the result of being kicked under the chin by a horse. The blow crushed the muscles of the neck and his tongue was badly gashed. The condition of his throat makes breathing difficult. The horse also kicked him in the side and it is feared that it may have caused internal injuries.
