

Old Dutch Cleanser

Will Be Welcome In Every Home

Because it keeps the house, from cellar to attic, in spick and span condition, and saves the housewife labor, time, trouble and expense. Just you try it!

10¢ Per Can

Washing Dishes Without Drudgery
Place dishes in pan of warm water, sprinkle a little Old Dutch Cleanser on dish-cloth (don't put the cleanser in water) and wash, each piece, put in second pan to drain, rinse in clean water and wipe dry. Easier, quicker and hygienic; no caustic or acids (not a soap powder). Old Dutch Cleanser will remove the hardest "burnt in" crust from pots and pans, without the old time scalding and scraping.

Clean—Scrub—Scour—Polish

DR. BONHAM

SPECIALIST CHRONIC DISEASES.

Address: **DR. J. C. BONHAM, Elk Building, OTTUMWA, IOWA.**

GROOMS' TRIAL SATURDAY.

Charges of threatening to Commit Public offense to be Aired in Melick Court.

The charges of threatening to commit a public offense against Newton Grooms, which were filed by his wife Ada Grooms, will be aired in Justice G. B. Melick's court, Saturday morning. Grooms when arraigned yesterday pleaded not guilty and was released on bonds. The trial against Frank Hartley, for being a vile person, has ended and Justice Melick has taken the case under advisement. He will render his decision tomorrow morning.

RIVER PARTY IN BAKER'S GROVE

A. O. SALEE AND TWENTY-FIVE ENGINEERS LOCATE IN OTTUMWA WHILE SURVEYING.

Having completed the survey of the Des Moines river above Ottumwa, the camp of engineers under the direction of A. O. Salee arrived in Ottumwa and pitched the tents of the camp in Baker's grove. Engineer Salee arrived here yesterday afternoon and the balance of the force, some twenty-five men arrived this morning from Chillicothe, near which place the camp has been located since Eddyville was left by the surveying party. Mr. Salee is well pleased with the outlook for navigating the stream and said that the volume of water, even at the present low stage, would insure sufficient quantity to make navigation practicable. The fact that the stream above Ottumwa is so crooked makes the navigation possibilities even greater in his judgment and serves to illustrate the effect of locks and dams in a stream.

Ottumwa will be maintained as headquarters of the surveyors for sometime because of the convenience in securing supplies and as a base of operations. The engineers are quartered in canvas tents, but are not without some comfort, for on his trip to Ottumwa about a week ago, Mr. Salee purchased tent stoves which lends to the comfort of a hearth to the otherwise chilly canvas house.

A Fierce Attack of malaria, liver derangement and kidney trouble, is easily cured by Electric Bitters, the guaranteed remedy. 50c. F. B. Clark.

DR. AND MRS. A. C. STILSON MEET OLD FRIENDS

"Should auld acquaintance be forgot," was answered in the negative at a very happy meeting last evening in Trinity church of former parishioners and old friends with Dr. A. C. Stilson of Los Angeles, one time rector of the Episcopal church in Ottumwa and Mrs. Stilson. The meeting was the first in many years of the old friends and the feeling was most cordial. Large numbers came and went in the course of the evening, meeting Dr. and Mrs. Stilson and lending by their presence and the spirit of welcome that each felt, a happiness to the occasion that all participated in. The reception was held in the crypt of the church which was simply but prettily decorated with wild flowers and potted plants, ferns and foliage, autumn flowers being the prevailing decoration. Dainty refreshments of cake, coffee and ice cream were served. The decoration of the church was in the hands of Misses Martha McGavic, Martha Kaiser and Margaret Mahon. Wholly sociable without any program other than the exchange of greetings between the people and their former pastor and his wife, the evening passed most pleasantly.

Rev. Arthur C. Stilson and wife are enroute to central New York and a visit in the east. They intend to be present at the convention of the church October 12, in Cincinnati and on the return trip they will visit for a week in Des Moines with friends and former parishioners as in Ottumwa. Enroute home they expect to spend a short time in the grand canyon of Arizona and will arrive at their home in Los Angeles about November 1.

Since the rectorship of Dr. Stilson at the old St. Mary's Episcopal church in Ottumwa, twenty-one years have passed and but few visits to Ottumwa has been made by the former pastor in recent years. One of these was upon the laying of the cornerstone of Trinity church when he had charge of the ceremony. Trinity church also has a reason to remember with gratitude the former rector for the handsome brass pulpit and lectern in the church are gifts from Dr. Stilson.

For thirteen years the guest of last evening was in charge of the Episcopal church in Ottumwa and left here in 1889 to go to Des Moines where he remained for the same period of time. He then went to Los Angeles and at present is located in the coast city.

Frightened Into Fits by fear of appendicitis, take Dr. King's New Life Pills, and away goes bowell trouble. Guaranteed 25c. F. B. Clark.

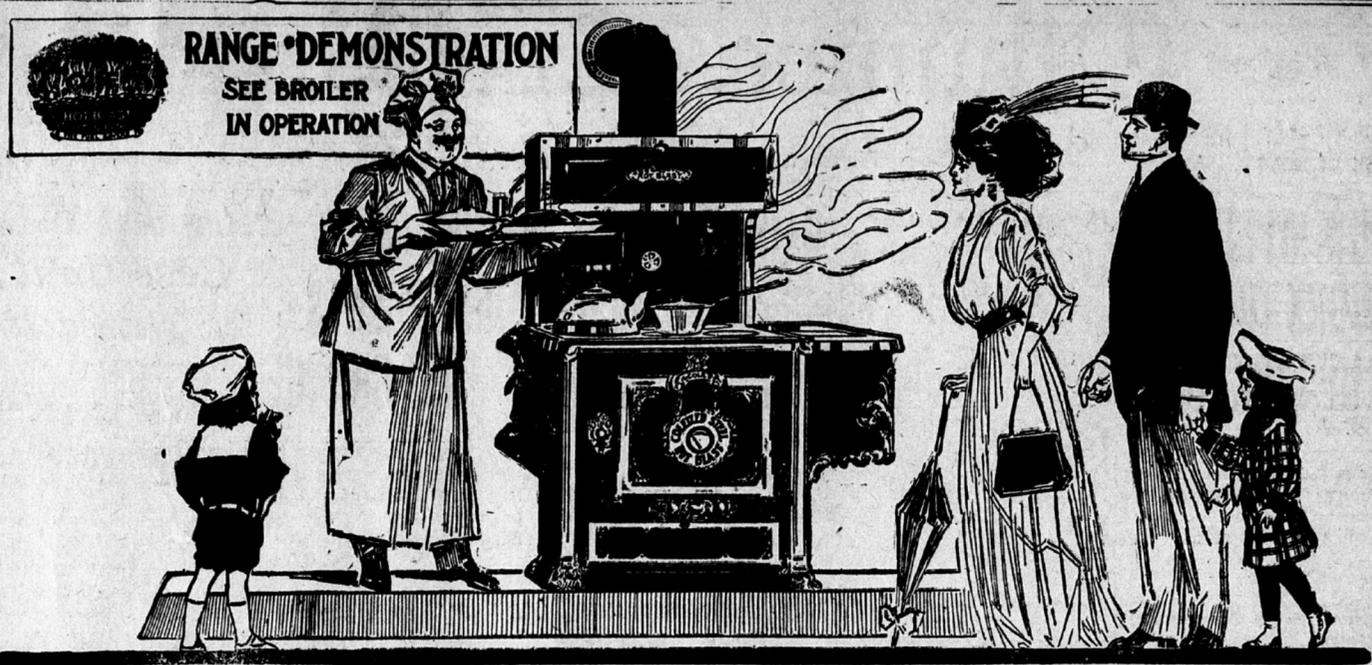

HOUSE BURNS TO GROUND

Firemen Unable to Save Structure of R. W. Harris Because of Lack of Water.

The residence of W. R. Harris, 622 Fellows avenue, burned to the ground last night about 6 o'clock. It is thought that the fire was caused by a defective flue or a spark from the chimney. The chemical wagon and the hose wagon responded, but upon reaching the place it was found that there was not enough hose on the wagon to reach the water plug, which was 1,800 feet from the fire. A call was sent in to the East End station, but in some manner the alarm was delayed reaching the station and the structure burned to the ground before the additional hose arrived. The loss will be several hundred dollars.

WEST POINT.

Mrs. Kiener and daughter Mrs. Fisher of Ft. Madison recently visited Mrs. Kiener's daughter Mrs. William Vonderhaar. The Cantrell Handle Co. recently sold the machinery at the handle factory. Mr. Cantrell intends closing out the stock of handles as soon as possible. The machinery was purchased by Mr. Duffield of Keosauqua and will be used in one of the factories in west. Mr. Duffield is interested. Herman, Schroeder of Burlington

We Invite You To Our Range Demonstration

We will have Cole's Hot Blast Range in operation and want you to see the many handy, convenient features which are embodied only in this new improved family cooking apparatus.

Come and bring your friends. We want you to see—

The wonderful Hot Blast Combustion which saves fuel.

—See how the gases in the fuel are saved which are wasted in other ranges.

—See the clean, bright fire resulting from Cole's Hot Blast Combustion when using common soft coal making it equal to hard coal for cleanliness.

—See how evenly the top of range is heated by flame from the burning gases, making it possible to cook on the two back lids.

—See how uniformly the oven is heated—how easily regulated—making it unequalled for baking and roasting—

And Remember—Cole's Hot Blast Combustion is the fuel saving feature which has caused the Cole's Original Hot Blast Heating Stove to be sold at the rate of 60,000 stoves per year. This is one of the many special new features we want to show you in this wonderful range.

Come and see the Cole's Odorless and Smokeless Broiler Attachment built into the range not equaled by Charcoal Broilers which sell for \$20.00 or more.

A child can broil any kind of meat or game equal to the work done by high priced hotel chefs.

Date of Demonstration. September 26th to October 1st

There are 14 special features embodied in this range which will interest you.

Come in and allow us to show them to you.

Burns Soft Coal, Slack, Lignite, Hard Coal, Wood or Cobs.

McCARROLL BROS.
