RANGE STEERS ARE FIRM.

Few Corn Fed Beaves Arrive—Best at \$7.50—Rangers Top at \$6.75. Stock Yards, Chicago, Oct. 12.—Trading in native steers was confined to scarcely a dozen loads and most of these were of plain quality, although a few lots of good grades were offered, best of which went at \$7.50. Market generally showed an unchanged basis from Monday. Half the total receipts of 8,000 were from the western ranges and grand averages were firm rates, topping at \$6.75, while others of fair to good grade sold at \$5.80@6, with a lightweight class around \$4.80@5. Outlook for later days this week favored liberal rates for both ranges and natives, and packers were in a bearish mood, although a good call for well finished steers to go east is an encouraging factor in the trade. Native cows and heifers of good grade together with canner stock, met slack demand at 10c decline from the Monday rates, while medium classes went unchanged. Bulls sold at strong rates and calves had a 25c advance, topping at \$10. Good grade feeding and stock steers also sold at 10c gain, while medium and common quality classes moved at Monday's rates. The prices had the following range: Choice to fancy steers... \$7.36@8.00 Medium to good steers... 6.25@7.15 Inferior to fair steers... 4.50@6.10 Canning cows and heifers... 2.25@3.25 Native bulls and stags... 3.25@5.25 Feeding cattle, 600@1,100 lbs... 3.25@5.75 Fair to fancy veal calves... 8.50@10.00 Canning cows and heifers... 2.25@3.25 Export steers... 6.40@7.15 Western range steers... 4.60@5.75 Distillery steers... 7.00@7.50 Milkier, springers, head... 8.00@10.00

HOGS SHOW GAINS.

Speculators and Shippers Begin Trading—Top Lights \$9.10. Stock Yards, Chicago, Oct. 12.—Sentiment in the market for hogs was bullish and inability to agree on how much to advance was the chief feature. Trade was the only thing that kept the market from developing into a strong, active deal from the outset. Buyers wanted to pay 5c higher, while sellers were holding out for an appreciation of 10c from Monday's closing figures. Speculators accepted the terms of salesmen and made a good profit on early purchases. The market eventually developed into a 10@15c higher affair for this class of stock and closed strong at the advance. The top for the day was \$9.10, a gain of 15c from the preceding day's extreme price. General quality was common and several eastern shipping orders were carried over unfilled because buyers could not find the class of stock they wanted. The average price for the day was raised 13c to \$8.44 and the market closed in good condition, with little stock left un sold. Quotations: Bulk sales... \$8.30@8.75 Heavy butchers, 240@300 lbs... 8.45@9.05 Light butchers, 190@230 lbs... 8.45@9.05 Light bacon, 160@190 lbs... 8.55@9.10 Light hams, 120@150 lbs... 8.55@9.10 Heavy shipping, 250@350 lbs... 8.45@9.05 Heavy packing, 200@400 lbs... 8.10@8.25 Mixed packing, 200@250 lbs... 8.15@8.40 Rough, heavy packing... 7.50@7.85 Slaughter hogs, 100@150 lbs... 8.20@8.50 Poor to best pigs, 60@135 lbs... 7.90@8.85 Governments and boars... 3.00@6.50 Stags, 80 lbs dockage head... 8.90@9.85

New Record for Sheep.

Stock Yards, Chicago, Oct. 12.—Although Monday's receipts of sheep and lambs again broke the record for volume of marketing for one day in the history of the fact that prospects for another week of enormous marketings appeared unusually promising, buyers showed no inclination to curtail their purchases. The market had a 2c advance and undertone at prices showing little difference from the preceding day's level. There were spots where sales of lambs were made at a decline of 10c, but this was partly offset by a difference in the assortment of stock purchased. Receipts for the day were estimated at 55,000 head, bringing the arrival for two days to 61,000 head, all previous records were broken. Sales of prime native lambs were made at \$7.25 to a shipper and \$7 to local packers. Fat range lambs were sold at \$6.00, with feeders of desirable weight and quality at \$6.25@6.55. The range wethers made \$4.45 to 5c killers, with feeders at \$3.50@4.05. Quotations: Range wethers, plain to fancy... \$3.30@4.25 Fed wethers, plain to best... 4.25@4.50 Yearlings, fair to choice... 4.75@5.50 Ewes, common to best... 3.50@4.25 Breeding ewes, all ages... 4.25@4.75 Bucks and cull sheep... 2.50@3.25 Native lambs, poor to best... 5.50@7.25 Range lambs, common to... 6.50@7.00 Cull lambs, seconds... 4.50@5.00 Feeding lambs, all kinds... 4.50@6.60

LARGEST AND BEST HORSE MARKET WEST OF THE MISSISSIPPI.

Private Sale on Thursday.

A CAR LOAD OF YEARLINGS.

I was in Omaha yesterday and bought a car load of yearling colts which will be on sale this week in the regular horse auction. These yearlings are of right good quality and will develop into general purpose horses. My observation has been that much better results are obtained in buying these western colts when not over one year or two old—turned out in our Iowa pastures, they widen out and develop into "more horses" than when grown up to maturity on western pastures. Another point in favor of buying them young is that through handling and feeding them with the other stock on a farm, they become thoroughly gentle and will sell at maturity for practically as much money as our native horses of the same quality. So far as I have heard from them, they are doing very well. They were bought by me last year turned out. Horses are already arriving for the regular sale. One load from Knoxville and one from Pleasantville were unloaded this morning, and several other loads will arrive Wednesday night. It will be a big sale. Buyers will be here Thursday to buy at retail and auction begins at 9 a. m. sharp Friday. No listing fee. Farmers' horses sold first—and don't forget my yearlings. MORRIS WILLIAMS, Ottumwa, Iowa.

HORSE TRADE BACKS UP.

Large Dealers Indifferent Buyers of Best Work Classes—Heavy Chunks Move Slow. Stock Yards, Chicago, Oct. 12.—The market continues at a sharp reaction in values. Tuesday large outside dealers are indifferent buyers and hedge on high western prices in executing orders. Many sales are negotiated at a loss to country shippers of \$10@20, and many offerings are bid in at \$5 below first cost. Outside dealers report the sale business in an unsatisfactory condition for the last six months on account of high prevailing prices in the west which dominate all the great markets. In many instances horses are held in the country at higher prices than the trade justifies and shippers are compelled to pay going values or retire from the business. One horse that weighed 1920 pounds, of exceptionally choice finish, that sold in the country at \$350, was bid in at \$250 yesterday. Trade is sure to be drab and unsatisfactory until shippers are able to buy their horses cheaper in the country to meet the present views of outside dealers. The market is weak at the following auction prices: Poor Choice to good, to extra. Drafters... \$115@165 \$170@275 Expressers... 110@165 175@215 Loggers and feeders 60@160 170@225 Drivers... 100@160 170@200 Actors, coachers... 110@130 130@300 Carriage pairs... 225@300 400@550 Saddlers... 125@175 200@500 Western (branded)... 20@70 75@125 Mules... 75@150 175@300 Fancy offerings were generally sold at private sale and commanded higher prices than above auction quotations.
