

### Old Dutch Cleanser

Does ALL Your Cleaning—Easily and Quickly

This new, all-round Cleanser in handy sifter can, takes all the hard work out of keeping things clean. It's much quicker too.

**10** Large Sifter Can

Cleans, Scrubs, Soaps, Polishes

Pots, pans, kettles, wood-work, floors, shelves, painted walls, windows, metals, cutlery, in the bath room, pantry, kitchen, in fact throughout the house.

Painted woodwork and walls require care in cleaning—do it easily and safely with Old Dutch Cleanser.

The New Way

Sprinkle a very little Old Dutch Cleanser on cloth or sponge, rub easily, rinse with clean wet cloth and wipe dry. No caustic or acid. Avoid them. (Not a soap powder)

Just You Try It

## SAFE AND HAPPY MESSAGE FROM TWO AERONAUTS

HAWLEY AND POST, WHO HAVE BEEN FIGHTING WAY BACK TO CIVILIZATION FOR WEEK, BROKE ALL BALLOON RECORDS.

### SUFFERED HARDSHIPS ON THEIR AERIAL TRIP

NINE ARDUOUS DAYS AND NIGHTS ENDED WITH THEIR SAFE RETURN; NEW YORK PLANS A ROUSING WELCOME.

New York, Oct. 27.—A grand welcome home is being planned today for Hawley and Post, the balloonists who broke all records in the America II, when they arrived here Monday or Tuesday next, it is planned to make it the largest demonstration of the kind ever held in this country.

Chicotina, Quebec, Oct. 27.—Alan Hawley and Augustus Post, the new holders of the world's balloon championship, showed little ill effects today from the thrilling experience which has been theirs since they left St. Louis nine days ago in the America II.

"Tell our friends we are well and very, very happy" was the message they sent from their room. They reached here 10 o'clock last night and retired shortly before midnight as soon after their arrival as they could get away from the importunities of the crowd of welcoming and congratulating citizens. They had driven forty miles over a rough country from St. Ambrose since early afternoon and were "tired to the bone" as one of them expressed it.

Suffered Hardships on Trip.

Every one of the nine days since they had started had been spent arduously. Four nights had been passed out of doors, with the hard ground for bed and their army blankets for cover.

Their balloon, the America II, is still at Lake DuBanc, LeSable, this being the title of the township where they landed. It is believed that Joseph Pednard and Joseph Simard, the trappers who brought the balloonists in a bark canoe to St. Ambrose will go back and see what can be done to get the big bag from its cache on the mountain side to the railroad here.

In Air Forty-Six Hours.

Hawley and Post landed about forty-six hours after their departure from St. Louis. The balloon basket touched earth at 3:35 o'clock on the afternoon of Oct. 19. They probably flew in all sixteen hundred miles, although the direct distance between the two points on which the international race is decided, is only 1,355 miles. This would make their average rate of progress 35 miles an hour. Leaving this morning the aeronauts will reach Quebec about 6 o'clock this evening.

St. Louis Hears of Their Return.

St. Louis, Oct. 27.—Alan R. Hawley and Augustus Post, safe and America II, the winner of the International Balloon race.

Somewhere in the wilds of the district of Quebec the aeronauts are wending their way from the city of St. Ambrose to the east, down the Saguenay river.

According to advices received here, Messrs. Hawley and Post left St. Ambrose at 4 o'clock yesterday afternoon to drive to Chicoutimi. It was said that they expected to cover the distance in about six hours and that their intention was to go to Quebec today.

This is the substance of a telegram received by Aero club officials here last night from Lewis Spindler, one of three St. Louisians who went to Canada to join in the search for the balloonists.

Believe 3,000 Miles Traveled.

The flight of America II wins the James Gordon Bennett cup and establishes the new world's record. As the crew flies, Hawley and Post landed just 1,520 miles from St. Louis. The route taken by the trophy winning balloon is believed to have covered nearly 3,000 miles.

The telegram from Spindler last night, prior to a later message from Alan Hawley, was the first word received from the balloonists since they crossed Michigan Tuesday, the day following their departure from St. Louis in the epoch making race.

According to a message from Hawley they landed safely at Saguenay county on the Peribonka river, in the district of Quebec, Wednesday, Oct. 19, after a flight of three nights and nearly two days. They fell on the outskirts of a forest skirting Lake Chicoutimi, fifty miles north of Chicoutimi.

The descent was made without the slightest mishap, but with a carpet of snow as far as the eye could see. But the aeronauts had made every preparation to withstand the Canadian snowstorms and their freezing blasts. Heavy corduroy suits over heavy underwear and a heavy fur lined overcoat over all made the weather serene.

Seven Days in Wilderness.

The overland trip to St. Ambrose, Saguenay county, which was made on foot, consumed seven days. Whether they encountered mishaps on the way the messages from the north do not state, but the tenor of the dispatches received from the balloonists mem-

bers of the St. Louis Aero club to believe the trip was pleasant save for the snow, which limited the walking to the tortoise speed.

Albert Bond Lambert, president of the Aero club of St. Louis, was overjoyed to learn of the safety of the two men. The report received in St. Louis in the afternoon that a balloon basket, supposedly that of America II, had been found on the banks of Lake Superior, cast a gloom over aero enthusiasts in this city.

According to Mr. Lambert, America II traveled northeast from St. Louis until after it had passed Lake Michigan. Messages received from Hawley were written just as the balloon was clearing the lake. After a brief trip in a northerly direction, through Canada, Mr. Lambert believes the balloon was caught in an eastern air current and carried in a triangular direction. This belief is based on the location where the balloon landed.

Breaks World Record.

The Hawley-Post voyage breaks the record held by Count VII de La Vaulx, who flew from Paris to Russian Siberia, outdistancing the trip made by Dr. John Wise, from St. Louis to Maine.

Hawley and Post evidently traveled more than two hundred miles farther than Gericke and Perkins in the Dusseldorf, according to the count made by Mr. Lambert.

Hawley and Post left St. Ambrose yesterday afternoon from Chicoutimi, and are expected to travel to New York by way of Montreal. Chicoutimi is less than forty miles from St. Ambrose, where the aeronauts sent their first message since they landed. Chicoutimi is 227 miles from Quebec by rail and more than 175 miles by air. Officials of the Aero club are claiming the prize for Hawley by about 250 miles. This estimate is made from measurements of maps.

New York Gets Messages.

New York, Oct. 27.—Given up for dead, with the officials of two governments directing an international search of the interminable fastnesses of the Canadian forests for their bodies, aided by thousands of miners, trappers and Indians, Allan R. Hawley and Augustus Post, the aeronauts of the long missing balloon America II, electrified the country early last night by their own announcement of their safety.

That they have endured great hardships is indicated by the terse statement that they had landed near Peribonka, Chicoutimi county, Quebec, last Wednesday. They were therefore just one week struggling to get back into civilization.

Coupled with the announcement of their safety, in which the whole civilized world has become interested, is the world's record for sustained flight, traveling approximately 1,350 miles.

The balloonists started from St. Louis with nine other contestants in the international contest on Monday, Oct. 17. All the other balloons have been reported. Hope for the missing balloonists had been practically abandoned when, with startling suddenness, came two messages from the supposed dead men.

Terse Messages Bring Joy.

One was to William Hawley, brother of the aeronaut; the other to Samuel F. Perkins, pilot of the balloon Dusseldorf II, which until last night had been considered the winner. The message to Mr. Hawley read:

"Landed in wilderness week ago, fifty miles north of Chicoutimi. Both well.

The Perkins message read: "Landed Peribonka river north Lake Chicoutima, 19th. All well; returning." "Hawley, Post."

With receipt of the news there ended a search which had come to be regarded by many as almost hopeless and in which the governments of this country and Canada were indirectly participating.

For, in addition to emissaries sent by the Aero club of St. Louis, the Aero Club of America and by William Hawley, the United States revenue cutter service, the signal corps of the army, the Hudson Bay company and other agents were conducting the search, scouring the great lakes and making preparations for entering the almost impenetrable Canadian forests.

## YOUNG WANTS A BANNER OR FLAG

COUNTY CHAIRMAN OF REPUBLICAN PARTY AFTER THE TIPPECANOE PRIZE

### FRANKE BOOSTS GAME

Head of the State Committee Urges Wapello County to Get in the Race for the Coveted Prize This Year.

The Tippecanoe club banner or flag will be in the possession of County Chairman Lew H. Young, if his efforts and the efforts of the other members of the county central committee in getting out the republican vote election day count for anything. Mr. Young is hot after the prize awarded to the county getting the greatest republican vote cast, and to the end that Wapello county will be successful all efforts are being directed to get out an immense vote. Chairman Carl F. Franke of the state committee explains the proposition to Chairman Young in the following letter:

"The Iowa Veteran Tippecanoe club will present a magnificent banner to the county that makes, on November 3, 1910, the largest proportionate gain in majority as compared with the vote of 1908, and a fine silk flag to the county making the best absolute gain in majority, or in reducing the majority of the opposition, as compared with the year, 1908.

"The banner is now held by Emmet county and the flag by Winnebago county.

"Every county in the state stands an equal chance of securing the banner or the flag.

"A democratic county can win as well as a republican county, and the election of that year make the best showing as compared with the election of the preceding year. The offer was continued in that way until 1899, when it was determined to compute the gain in each year on the last presidential vote.

The following is the address of the club, which has been endorsed by the state central committee.

To the republican electors of the State of Iowa:

The Iowa Veteran Tippecanoe club in accordance with its custom each year since 1899, again offers its prize banner and fine silk flag to the republican voters of those counties that will show at the election to be held on the 8th day of November, 1910, the largest gains in majority on the vote for the Republican candidate for governor as compared with the majorities given at the election in the year 1908 for the electors at large for the election of president and vice president favoring the election of William H. Taft and James S. Sherman.

The Formal Offer.

The following are the resolutions making the formal offer:

"Resolved by the executive committee of the Iowa Veteran Tippecanoe club that the right to hold the Tippecanoe banner for the ensuing year will be awarded to the republicans of the county, which, at the coming general election, shall make the greatest proportionate gain in majority as compared with the vote of the year 1908."

"Resolved further, that the Tippecanoe flag shall be awarded to the county whose republicans shall make the best absolute gain in majority or in reducing the majority of the opposition as compared with the year, 1908. In case the flag on such showing would go to the same county as would the banner, the county making second best absolute gain shall be entitled to the flag."

It will be understood that the "majority" mentioned above is one over all oppositions.

(Signed) W. N. Jordan, John L. Crawford, J. J. Williams, Committee.

A Viper in the Stomach

is dyspepsia complicated with liver and kidney troubles. Electric Bitters help all such cases or no pay. 50c. — F. B. Clark.

Out of Thirteen, Four Present.

Mason City, Oct. 27.—Separated for thirty years, and out of a family of thirteen children, only four assembled here to enjoy the reunion. They were the brother and sisters of Col. J. H. McCollough of this city, who was for a number of years mayor and at one time was democratic candidate for secretary of state. They were entertained at the colonel's home. There was present Mrs. E. Kelly Lamoure, North Dakota, Mrs. Sarah J. Campbell, of Hayward, Wis., and John H. McCollough of Genoa, Neb. Mrs. Lizelle A. Armour, another sister residing in Superior, Wis., could not be present at this reunion. Most all of the children of this family were born and reared in this county.

## NEVER TOO OLD TO BE WEDDED

COUPLE WHOSE AGES REPRESENT SEVEN DECADES GIVEN A LICENSE TO WED.

Out of three couples licensed by Deputy Clerk James Gee yesterday afternoon, appear applicants whose years belie their youth and prove that Cupid's wiles may ensnare the most wary if their hearts be but right for the love god's manipulations. Andrew A. Holmes, who for some years has lived east of Ottumwa, and whose age is recorded as 76 years, applied for and was given the license to wed Sarah E. Long, 538 South Davis street, aged 89 years. The example offered by the elderly couple was seized upon by two much younger couples and as a result three pairs were arranged for nuptials by Deputy Clerk Gee before the business hours of the clerk's office were concluded for the day. Allen L. Buchanan of Ottumwa and Ethel D. Jamison of Seymour, with Morris E. Hendry of Richland and Miss Cecelia M. Mier of west of the city, secured a permit to enter the state of hymenal bliss.

## This Cooking Range and Heater Makes Work a Pleasure

We have pleasure in calling your attention to this new improved range. You will thank us for selling you

### Cole's Patented High Oven Range

if you once use it. Its scientific construction insures its success—the heat raises—and by means of the draft and flue construction—all heat circulates around the oven. This makes it a quick, economical baker.

The thin, sensitive, quick-heating lids are made of annealed (malleable) Coleized steel—the quickest heating range top you have ever used.

The two back lids, heat first, leaving the two front lids for immediate use—This feature adds to the convenience of the range—You do not have to reach over vessels which are steaming hot—easy to regulate.

The air-tight base construction of this range and the Patented Hot Blast Draft gives a perfect combustion of the fuel.

The saving of fuel (soft coal) will about pay for Cole's Patented High Oven Range in 2 or 3 years use.

No stooping or lifting while baking—allow us to show and explain this range to you.

Made With or Without Range for Upright Tank.

## DR. BONHAM

SPECIALIST CHRONIC DISEASES.

Dr. Bonham has been located in Ottumwa eighteen years; has an increased business each year, because he has maintained that no doctor can advertise his business year after year unless he has for his motto: "Honesty is the Best Policy."

SPECIAL ATTENTION GIVEN TO Chronic and Surgical Diseases, Mental and Nervous Diseases, Catarrh of Nose, Throat and Lungs; Catarrh of the Stomach and Bowels.

RUPTURE CURED.

He cures Rupture that seems incurable. He cured H. M. Childer of near Albia of a rupture he had for forty years. He has been cured for seven years and is in perfect condition.

Cured Chas. Steele, a blacksmith of Richland, Ia., and eight or ten other people from Richland.

PILES, FISTULA, RECTAL DISEASES.

cured in a very short time. No use to suffer from Piles when you can be cured in a few days. He cured Mr. Jacob and John Hanover and John Leavelle of West Point, Ia., in a week's time and many here at home. No question about the cure if he takes your case.

DISEASES OF WOMEN.

Medical and Surgical Diseases of Medical and Surgical Diseases of Women, Displacements, Ulceration and all diseases peculiar to women treated with uniform success. Surgical operation when necessary.

Electro Thermal Baths for Rheumatism and Chronic Troubles.

WEAK AND NERVOUS MEN.

Men who suffer from Bladder and Kidney Troubles, Nervous Debility, Wasting Troubles, Varicocele, Stricture should call and receive the best treatment offered for such private troubles.

SKIN AND BLOOD DISEASES CURED.

Eczema and Lupus. Cancer, all Chronic Skin Diseases cured by the X-ray and Violet rays.

PATIENTS FROM A DISTANCE furnished with pleasant city accommodations. Write your symptoms if you cannot call at once.

DR. J. C. BONHAM, Elks Building OTTUMWA, IOWA

Bumper Yield of Wheat.

Council Bluffs, Oct. 27.—Otto Hansen, who lives on a farm near Loveland reports a bumper yield of wheat from his eighteen acres. Mr. Hansen harvested 522 bushels of spring wheat, making an average of twenty-nine bushels to the acre. Mr. Hansen states that his wheat tested 62 at the Droge elevator. Of the crop 433 bushels were sold to the Valley Mills at Missouri Valley and forty bushels reserved for seed.

REFUSES \$10,000 FOR COW

W. W. Marsh of Waterloo, Iowa Declines Offer for Champion Dairy Maid.

Chicago, Oct. 27.—W. W. Marsh of Waterloo, Iowa, owner of Dairy Maid of Pinesburg, the champion cow of the world, now on exhibition at the dairy show at the Coliseum, refused \$10,000 for his pet. The offer to purchase was made by Mrs. Truman W. Brophy, of Chicago. The Chicago dealer, who raised the champion and sold her to Mr. Marsh a year and a half ago for \$5,000.

Mrs. Brophy maintains a dairy farm at Norristown, N. J. where she has one of the finest Guernsey herds in the country. Mrs. Brophy does not aim to conduct the farm for profit, her hobby being to secure the most valuable Guernsey cows possible for her collection. Dairy Maid in the last twelve months has produced 1,063 pounds of butter. The champion is just a month over 3 years of age.

Another woman at the show whose work along dairy lines has been noteworthy is Mrs. Scott Durand of Lake Bluff, Mrs. Durand is in charge of her Crabtree Dairy herd, her milk is bottled by the latest methods.

Mrs. Durand's cows are being used by the government in conducting a demonstration of the proper method of feeding. The cows are milked, at 6 o'clock each day by automatic milkers. This demonstration has been the most interesting feature of the cattle department.

## SALOON CASES IN COURT AGAIN

PERMANENT INJUNCTIONS ARE SOUGHT AGAINST THREE LOCAL LIQUOR DEALERS.

District court is featured today by the hearing of three saloon cases which go back in the history of the court to July, 1909. In two of the cases temporary injunctions had been granted by the court when they were up before and a permanent injunction is now sought. The third case is that of R. A. Mills vs. Charles Hallgren, wherein a temporary injunction was refused when the case was heard previously. A permanent injunction is now asked by the plaintiff. It is contended that Hallgren is running a saloon without consent, D. C. Dwyer and Manus Gallagher are made defendants in the other suits filed by R. A. Mills and in the case of Dwyer, he is charged with selling liquor to minors. Blaine Lawson is the person who is alleged to have bought liquor from the defendant.

AGENCY.

Mr. and Mrs. Andrew Paine who formerly lived here but now of Oklahoma visited relatives here last Saturday.

Mrs. Edward Brown of Pueblo, Colo., visited relatives here last week.

Mrs. J. D. Newell is home from Ames where she visited friends.

Mrs. Bearden of Lacona is here visiting relatives.

Last week people were gathering the second crop of strawberries.

Mr. Fink who lives northeast of town is building a fine residence on his farm.

The chicken pie supper at the Christian church Saturday evening was well attended and a neat sum was put in the church fund.

Mr. and Mrs. Ploymann of Keosaukee visited friends here last week.

E. T. Allen was in Keokuk last week as a jurymen in the U. S. court.

Fred Bell of Okaloosa was an over Sunday visitor here.

Phil Watkins returned Sunday from York, Neb., where he was called on account of the sudden death of Mrs. Charles Smith, a relative of Mr. Watkins.

MRS. WILLIAMSON ENTERTAINS SOCIETY

The Ladies' Aid and Missionary society of the South Ottumwa Baptist church will meet tomorrow afternoon at the Mrs. W. K. Williamson home, 122 North Ward street. All the ladies of the church and congregation are urged to be present. Mrs. Williamson will be assisted by Mesdames Hendry, George, G. H. Williamson, John Harsell, N. G. Grooms and Matilde Brooks.

MRS. H. G. ANDERSON ENTERTAINS FRIENDS

Mrs. H. G. Anderson, 519 Chester avenue, assisted by Mesdames C. Church and John Schafer, entertained Tuesday evening at the home of the former. About thirty ladies were present and a very enjoyable evening was spent. Prizes were given for the most ridiculous make-up, Mrs. Frank Clark received first prize, Mrs. Bert Warren, second and Mrs. John Swenson the booby prize.

WHAT ONE MILL LEVY CAN DO.

B. Stanton, Superintendent of Poweshiek's Famous Road Building Tells of His Work.

Des Moines, Oct. 27.—"We are just trying to show Iowa counties what can be done with the one mill county levy for road work," said B. Stanton of Grinnell this morning on a brief visit in Des Moines. Mr. Stanton is superintendent of Poweshiek's famous road building camp. He has in his employ thirteen teams and sixteen men. They are kept employed from early in the spring till late in the fall, as long as it is possible to work on the roads, working out the system of improved roadways upon which the county has been engaged for several years past. The work is being done on the highway leading north from Montezuma, the county seat, with two branches, one east to Brooklyn and the other west to Grinnell. The entire work is being done with the one mill levy, the township fund of the townships crossed not being called upon, except to keep the completed grading in condition.

## Catarrh, Deafness, Polypus

The Fate of This Young Lady Should Be a Warning to Those Who Neglect Catarrh of Nose and Throat and Its Many Causes.

Many of the worst cases of catarrh, deafness, mouth breathing, and snoring are caused by neglected colds, adenoid growths in vault of the pharynx, or nasal polyp.

All these cases are curable if taken in time. If taken before they produce deformities or destroy the delicate structures lining the nasal or articular cavities.

WE URGE YOU TO COME BEFORE IT IS TOO LATE IF YOU ARE A VICTIM OF CATARRH, DEAFNESS, RINGING NOISES, OBSTRUCTED BREATHING.

The young lady who kindly sent us her photo that others might be benefited by hearing of her afflictions, came to us a few months ago with adenoids filling vault of the pharynx, polypus and hypertrophies filling up the nose, spreading the nasal bones and changing the whole expression of face. Hearing almost destroyed, foul discharges from ears and nose, tainted breath, wide protruding eyes.

After having removed these growths enabling her to breathe freely through the nose, cured her catarrh, dried up the foul discharges, partially restored her hearing, but it is too late to remedy the deformities of her face, caused by the long continued obstruction to nasal breathing.

If you have catarrh or any other chronic disease, come now and let us cure you before it is too late, or before your case becomes complicated. We not only make a specialty of these cases but have made special preparation for this work. We will cheerfully give you a free examination.

## DRS. MYERLY & KREUL

## TABOR OLD FOLKS ENJOY BIG DINNER

CONGREGATIONAL CHURCH FEASTS FORTY-EIGHT OLD PEOPLE.

Tabor, Oct. 27.—The Woman's union an organization of the Tabor Congregational church, has for some time given a public dinner every fall to all residents of this community who are 70 years of age and upwards, together with their companions. Pursuant to this time honored custom, found forty-eight guests of the union partaking of the feast that had been provided at the R. W. Hurlbut home in West Tabor.

The rooms and tables were beautifully decorated with choice plants and flowers, and everything was done to show the old people a good time. Artistically decorated menu cards, daintily executed in a variety of designs and colors by Mesdames Hurlbut, Feese and Johnson, assisted by several art students, were placed at every plate and generally appropriated as souvenirs of the occasion.

The summons to dinner was the ringing of the family dinner bell, which is a sort of heirloom, having been in use in the family throughout several generations.

Besides the bounteous repast that loaded the tables a treat of other good things was in store in the way of music and social entertainment that followed. Miss Adelle Tipple rendered two piano solos and accompanied, while Mrs. Todd and Mrs. Tipple sang one of the good old songs such as everybody loves to hear. A vocal quartet by Mesdames Hurlbut, Dye, Tipple and Brintwell was also a very enjoyable feature.

Messrs. Wyant, Howard and Sheldon conveyed the guests to and from the gathering, giving them a choice between riding in an auto or in a carriage.

The serving of viands was deftly and gracefully executed by five young women at the tables and by the same number of matrons in the culinary department.

An original poem, written by Mrs. R. W. Hurlbut especially for the occasion and dedicated "to the friends of seventy years and upwards," was read by Mrs. L. C. Hume.

Those unable to attend were kindly remembered in receiving ample tokens of the surplus of edibles and flowers provided.

The oldest person present was W. S. Knight, 92 years old. Several other people were unable to attend. These are Mrs. M. L. Starr, 93 years of age, whose home is with her son, O. C. Starr, and family on Polk street, and Mrs. Elizabeth Dohney, about 95 years of age, who is very feeble at her home north of Tabor.

## CONTRACT LET TO LOCAL FIRM

The lowest bid offered and considered the most reasonable, for the building of the machine shop for the new pump factory, was yesterday afternoon awarded to the Ottumwa Mill & Construction Co. Work on the building will begin immediately or as soon as the stakes are placed by the city engineer for the contractor's guidance. The job must be completed by terms of the contract, by December 25. A number of firms bid for the job among them being one Rock Island concern and three local firms. The bidders represented in the competition were:

Ottumwa Mill & Construction Co. .... \$10,718.25  
L. T. Crisman Co. .... 10,792.39  
George Hermann ..... 13,244.00  
Palmgren & Heaps, Rock Island, Ill. .... 11,800.00
