

POPULATION OF UNITED STATES IS 93,402,151

OFFICIAL FIGURES ANNOUNCED TODAY SHOWING THE POPULATION BY STATES, THE RANK AND THE TOTALS.

HUNDRED MILLION WITH PHILIPPINES

PEOPLE IN ISLANDS AND IN THE PANAMA CANAL ZONE BRING IT UP TO THIS NUMBER; IOWA DROPS BACK.

Washington, D. C., Dec. 10.—The population of the United States is 93,402,151. This is the total number of people enumerated throughout the states, territories, District of Columbia, Alaska, Hawaii and Porto Rico in the thirteenth census, which began April 15, 1910. The total does not include the Philippine islands.

The increase in the country's population during the last ten years was 16,145,521, or 20.9 per cent, over 77,256,630 the population in 1900; compared with an increase of 14,276,864 or 22.7 per cent, over 62,979,766, the population in 1890. The population of continental United States is 91,972,266, an increase of 15,977,691, or 21.0 per cent over 75,994,575 in 1900, when the increase was 13,046,861 or 20.7 per cent over 62,947,714, the total in 1890.

The total population of the United States with all her possessions is about 101,100,000. This includes 7,635,428 in the Philippines, as enumerated in the census there in 1903 and estimates for the island of Guam, the American possessions in Samoa, and persons on the Panama canal zone. The number of persons in the military and naval services of the United States stationed abroad and on naval vessels is 55,508.

The ranking order of states according to population is as follows: New York, Pennsylvania, Illinois, Ohio, Texas, Massachusetts, Missouri, Michigan, Indiana, Georgia, New Jersey, California, Wisconsin, Kentucky, Iowa, North Carolina, Tennessee, Alabama, Minnesota, Virginia, Mississippi, Kansas, Oklahoma, Louisiana, Maryland, West Virginia, Nebraska, Washington, Porto Rico, Connecticut, Colorado, Florida, Maine, Oregon, South Dakota, North Dakota, Rhode Island, New Hampshire, Montana, Utah, Vermont, District of Columbia, New Mexico, Idaho, Arizona, Delaware, Hawaii, Wyoming, Nevada, Alaska.

Corrected Figures Given. Corrected figures issued by the census office this morning give the state of New York a population of 9,113,614, an increase of 1,344,720; Florida, 752,515, an increase of 224,077; Maryland, 1,285,346, an increase of 107,302. The population of Georgia is 2,609,121; Montana, 376,053; Washington, 1,241,990; Wisconsin, 2,333,860. Georgia's increase is 392,790; Montana's 122,724; Washington's 623,837 and Wisconsin's 264,818.

Tacoma Has 83,743. The population of Tacoma, Wash., is 83,743, according to revised figures issued by the census bureau. This is an increase of 46,029, or 122 per cent over 37,714 in 1900. The first announcement of Tacoma's population credited the city with 82,972 inhabitants.

Texas will not get a recount, said Mr. Durand, referring to the complaints regarding the census figures on the population of that state. The gain recorded, almost 28 per cent, is large for so extensive an area as Texas, and there should be no reason for dissatisfaction. The census was taken by Texas people and there is no reason to suppose that they would defraud themselves.

The population of Superior, Wis., is 40,384. This is an increase of 9,293, or 23.8 per cent, over 31,091 in 1900. The city and village statistics of the thirteenth census issued by the census bureau include the following: State of Wyoming 145,965, an increase of 53,434 or 57.7 per cent over 92,531 in 1900. The increase from 1890 to 1900 was 29,978, or 47.9 per cent. The territory of Alaska, 64,356, an increase of 754, or 1.2 per cent over 63,602 in 1900. The increase from 1890 to 1900 was 31,540 or 98.4 per cent. The Hawaiian Islands 191,909, an increase of 37,908 or 24.6 per cent over 154,001 in 1900.

The city of Honolulu has a population of 52,183 according to the statistics made public last night by the census bureau. This is an increase of 12,877 or 32.8 per cent over 39,306 in 1900.

OFFICERS FOIL A JAIL DELIVERY

PATROL DRIVER RYTTEBERG CAUGHT PRISONER AT WORK—HAD DUG THROUGH BRICKS

A bold attempt to break from the city jail last night was foiled by Patrol Driver George Rytteberg who heard the man at work and upon investigating caught him in the act of tearing away the bricks. Driver Rytteberg was in his room above the jail when he heard much confusion in the jail and the falling of bricks on the floor. Peering through the small window in the rear of the bum cell he saw Gust Lingren, a demented young man from Hiteam, tearing away the bricks by the use of a water plunger.

Lingren is the weak minded man who reported a theft of his suit case placed him in jail. Lingren in his cell this morning keeps talking of the jail delivery and declares that he was not to blame but that one of the prisoners threatened to take his life if he did not assist him in breaking from jail. The police are in a dilemma what to do with Lingren. His case will be taken up before the commissioners of insanity and he will probably be sent back to the Jackson asylum.

SHOPPERS SHOWN FAVOR BY CHANGE

TIME CARD EFFECTIVE ON ROCK ISLAND TOMORROW WILL MEET GENERAL APPROVAL.

HELP HOLIDAY TRADE

Shopping Facilities of Ottumwa are Brought Within Reach of Towns Within Radius of Seventy-five Miles.

By the new time card effective on the Rock Island Sunday, December 11 at 12:01 a. m., people living within a radius of seventy-five miles east, south, west and north along the Rock Island road may enjoy unsurpassed trading facilities in Ottumwa. Thus the secret of Christmas shopping has been discovered and Ottumwa merchants with their thousands of patrons from these districts will be mutually gratified. The new card makes possible the best arrangement for the Christmas shopper from nearby Ottumwa to the east, south, west and north that can be effected with the company's main line trains at Eldon, which cover the territory east and west of Eldon. This connection is made possible by the changing of No. 472 in Ottumwa from 4:15 p. m. to 3:20 p. m. It also affords infinitely better service south of Eldon to Keokuk, at which place this train going through Ottumwa, arrives at 7:40 p. m.

Leave Here Earlier. The matter has been brought about by the new card that is made effective tomorrow whereby a connection is made with the company's main line trains at Eldon, which cover the territory east and west of Eldon. This connection is made possible by the changing of No. 472 in Ottumwa from 4:15 p. m. to 3:20 p. m. It also affords infinitely better service south of Eldon to Keokuk, at which place this train going through Ottumwa, arrives at 7:40 p. m.

Centerville is Favored. By the new arrangement persons living in Centerville and west along the main line out of Eldon, are afforded the best possible opportunity for doing their Christmas shopping in Ottumwa and have a very convenient arrangement for doing all their shopping and a little visiting here if desired. The new card will take persons out of Centerville at 7:45 a. m. and arrive in Eldon at 9 a. m. The business man coming here on business may find time in Eldon to transact any business he has there and others may find time spent awaiting the Ottumwa train to attend to business in Eldon. They leave Eldon at 10:55 a. m. for Ottumwa, where the train arrives at 11:30. The arrival here is in time for dinner and almost four hours are had for shopping. It will be easily seen that the business man using this service has time to look over his morning mail before leaving for Ottumwa. Leaving Ottumwa at 3:20 p. m. the shopper or business man arrives in Eldon at 3:50 p. m., leaves there at 4 p. m., and arrives at Centerville at 5 p. m., in time to return to his office in business time and still arrive at home in time for supper, and if a housewife, she may arrive at home in time to prepare the evening meal. The through passenger taking this connection afforded by the new card, can go on to Kansas City and arrive there by 10:45 p. m.

East and South Considered. In like manner as the person living in the vicinity of Centerville and along that line are benefited, so also are those persons who come to Ottumwa from points south along the local division as far as Keokuk and including Farmington, Bentonport, Keosauqua, Selma, Douds. On the main line between Eldon and Davenport a connection is made at 4:35 p. m., on a local train that stops at each station between these points, thus reaching Washington and other intermediate stations.

West and North Cared For. Shoppers coming from points west and north of Ottumwa have had good service for some time past. They can reach Ottumwa at 9 a. m., remain here nearly all day for shopping and visiting and leave Ottumwa at 6:40 p. m. If one would make a hurried business visit, he can come to Ottumwa at 9 a. m. and return at 11:30 a. m., with but two hours and a half in Ottumwa and returning home for dinner.

Christmas Shoppers Remembered. The new arrangement makes both merchant and patron feel good. The added facilities for business with those living nearby will enhance the number now availing themselves of the benefits of Ottumwa's unsurpassed retail establishments, covering every known line of merchandise. It will appeal more particularly at this time to the Christmas shoppers who will find Ottumwa the mecca for merchandising values that are not excelled anywhere. It will soon be demonstrated that the move made by the Rock Island company is a wise one and tends to please more people than any passenger connection from the district affected that has thus far been obtained.

Johnson, a farmer living near here, were totally destroyed by fire. Unable to get them here he sent to Des Moines for them. The feed and sheep stables were situated on the edge of town. DISAGREES WITH THE MAYOR

REV. L. F. MCGRAY OF DES MOINES TAKES ISSUE WITH S. P. HARTMAN.

An audience made up mostly of men in the West End Presbyterian church last night heard Rev. L. F. McGray speak in opposition to the views of Mayor S. P. Hartman. Mr. McGray said: "The mayor says he is in favor of the petition of consent for the saloons. I have known mayors who were in favor of houses of prostitution and race track betting, graft, gambling and all the associated villainies of corruption. When he publishes his view in favor of the saloons, he endorses a mother of them all, and allies himself with the vicious and corrupt and destructive forces of our civilization. He as mayor is encouraging the very thing he has sworn to protect the people against. The mayor says he is afraid those prohibitory days will return. Anybody with an ounce of sense knows that the old days can not return any more than slavery, and witchcraft or the old stage coach. There is a Cossack in the land; there is an anti-saloon organization (the mayor to the contrary) a mighty big business conviction against the saloon business and there is a citizens' association for suppression of the saloon. Mr. Mayor if you are elected (but don't count your chickens, before they are hatched,) you will be a prohibitionist and enforce the prohibitory law, for in the name of the people of Iowa I serve notice on you now that you will not force the prohibitory law or you will not be mayor. There will be a legal resolution in Ottumwa." Continuing Mr. McGray took up the financial side of the controversy, maintaining that the revenue from saloons was far overshadowed by assessments against tax payers for the care of criminals, insane patients, paupers and inebriates, which he declared were the products of the saloon.

HEARING OFFERS NO SENSATIONS

SEEVERS SUIT AGAINST CLEVELAND COAL CO. LEADS TO JURY BEING EXCUSED. Offering nothing of a sensational character, the case of Byron V. Seever against the Cleveland Coal Co. continues to grind in the district court, with little to furnish interest beyond the reading of letters that passed between the plaintiff and G. W. Traer of the defendant company. These offer a little novelty in that the business affairs of the land department of certain Iowa railroads are made public and one is given a little insight as to how coal and railroad companies buy land for their coal deposits. The cross examination of the chief witness still continues and the objection of the opposing counsel is made and as promptly overruled as when the plaintiff's counsel was examining the witness. The prospect of the case dragging well into next week, if not longer, has caused the court to dismiss the jurors not active in the case, for the balance of the term. The further use for the jury is not considered probable, as chancery cases will follow the hearing of the present suit.

Independence, Dec. 9.—Members of the Ladies Literary club of Independence have originated a scholarship plan which is meeting with favor, not only among the club women but also among the non-club women of the state. Members of the third district convention of women's clubs have endorsed the plan by which the district will give at least \$1,000 toward supplying a permanent fund to be loaned to worthy young women in aiding them to get an education at the Iowa State Teachers' college. The local club is to donate \$1 per member and other clubs of the district have signified their willingness to aid the cause in the same manner. At the recent meeting of the committee in charge composed of Miss Harriet Lake of Independence, Mrs. J. C. Jackson of Iowa Falls, and Mrs. Etta Agnew of Fairbank, Mrs. Agnew was named as chairman. Other districts are taking up the movement. The plan which probably will be adopted is to loan young women the money which they are to return when they begin to earn salaries. This plan is followed in Colorado with great success, it is said.
