Preparations will soon be underway for the celebration of his first holy mass by John Clifford of Ottumwa, who is to be ordained a priest at Kenrick seminary, St. Louis, Thursday, June 12 by Archbishop Glennon. The first mass of the newly ordained priest is to be celebrated at St. Mary's church Sunday, June 22 at 10:30 o'clock. The occasion will be made an elaborate one at which the Catholic priests of the city will assist as it will be a solemn high mass with deacon and subdeacon and embellished with the beautiful ceremonial of the church. Invitations for the occasion will soon be issued.

Mr. Clifford is well known in Ottumwa and especially among the Burlington railroad men, having for some years been actively engaged in the engine department of that road before responding to the call of the cross. He finished his classical and philosophy studies at Conception college of the Benedictine order, at Conception, Mo., and concluded his theology course a year ahead of time. His course in theology has been prosecuted with zeal and fidelity at Kenrick seminary, St. Louis, and culminates with his ordination among a class of nineteen young men Thursday June 12 when Archbishop Glennon of St. Louis will ordain him for service as a priest of the Catholic church.

APPANOOSE MEN DRAG MORE ROADS

FARMERS NEAR CENTERVILLE SHOW THEIR BOSTING SPIRIT BY DRAGGING HIGHWAY.

Centerville, June 5.—Desiring to show a real interest in the roads and appreciation for the fine lot of prizes given on drag day, nine Caldwell township men came to town on their drags and put the roads from Centerville to several miles beyond Exline in first class condition. The men who did this act so greatly appreciated were: G. W. Traxel, Alex Perkins, Lester E. Elmer Johnson, William Caldwell, Will Deahl, Harry Johnson, Eurus Johnson, John Jobay (Elmer Adamson, driver).

On arriving in town they were informed that their dinners had been provided for and stabling for their teams. Many highly complimentary remarks were made during the day about the good spirit shown by these men. Numerous autos drove over the road Sunday and found it in the best condition possible under the circumstances. Some went almost to the Missouri line, and found it had been dragged all the way.

State Drag Day. A movement is now under way to encourage all possible to drag on state drag day, June 14, which is also Flag day. The auto men of Centerville are taking hold of the matter and will probably soon have some announcement to make that will interest the draggers.

The intention of the state highway commission is to make June 14 a great gala day when drags will put the roads in order with flags flying as an act of patriotism and public interest.

A Gettysburg Veteran. One of the Gettysburg soldiers of this county is C. J. Nelson of Cincinnati. He says that his health will not permit his going back for the reunion this year, even if the state does pay the fares of all those who want to go. Besides being at Gettysburg, Mr. Nelson saw some other exciting events during the war. He had the distinction of being attached to Gen. Phil Sheridan's staff as orderly in the Shenandoah valley, and was with him on his famous ride to Winchester. He can tell some thrilling tales of "carry-overs" and "cut-throats" and is determined to see the state does pay the fares of all those who want to go.

DOG'S MUST HAVE TAGS IN CRESTON

Creston, June 5.—The people of Creston will have until Friday, June 6, to secure tags for their dogs. The dog catcher will start out with the screened wagon Friday morning, and will take in every dog that does not wear the 1913 tag. Chief J. V. Mason has issued instructions for the dog catcher to make a thorough search for dogs without licenses, and he is determined to slaughter all dogs that are not protected by the necessary tag. In the past few years many dogs have escaped the tax, and as public sentiment now demands that something be done to reduce the number of canines in the city, Chief Mason and the entire city administration propose to make a thorough cleaning. The city run out of tags last week, but Chief Mason has notified the people that the new ones have arrived and that he now has plenty to supply all of the dogs in Creston.

FARMER SHOTS BIG TIMBER WOLF

Fairfield, June 5.—Harry LaRue, who resides on the John Stever farm

about one and a half miles west of the city, shot and killed a gray timber wolf recently.

The body of the animal was being exhibited on the streets and was an object of curiosity to many. The animal was an extra large specimen.

Farmers in that vicinity have had quite a little trouble in the loss of sheep and other animals which have been killed by animals thought to be the troublesome wolf, but have been unable to capture any until the one shot by Mr. LaRue.

IOWA WESLEYAN PLANS BIG EVENT

Mt. Pleasant, June 5.—Tuesday, June 10, of the Iowa Wesleyan commencement week, will be a day full of varied entertainments for commencement visitors, according to plans now in the forming by the college authorities and the Commercial club committees.

It is planned to have a number of delegations from high schools of neighboring towns brought here in autos for the day, following out the custom which was begun last June.

The speaker for an address in the afternoon in the city park has not yet been secured, but it is the plan to have a big booster meeting down town, followed by a program on the campus. The boys' cadet band will participate.

The program on the campus includes the annual weaving of the colors and the social reunions, followed by a baseball game on the athletic field. In the evening Mrs. Von Klein-Smidt, a pupil of Dr. A. Rommel of the Wesleyan conservatory, gives a recital in the college auditorium. Her home now is in Greencastle, Ind.

In the morning the Harlan oratorical contest with seven local orators competing will be given in the college chapel.

Every high school in this section of Iowa is invited to send a delegation to the commencement, and particularly on Tuesday, June 10. It is the sixty-ninth graduation for the local school.
