

## BRITISH ACTION ALARMS AUTHORITIES AT CAPITAL

Fears Felt That Lack of Cooperation Will Be Embarrassing to U. S.

### MEXICAN TANGLE IS BECOMING CRITICAL

England's Representative Says America Does Not Understand Conditions

Paris, Oct. 22.—The French government today ordered the armored cruiser Conde to proceed to Mexican coast to protect French interests.

Washington, D. C., Oct. 22.—Diplomatic exchanges between Ambassador Page and the British foreign office with regard to great Britain's attitude in Mexico are likely to continue. Indications that Sir Lionel Carden, British minister to Mexico does not sympathize with the American policy toward Huerta has caused concern here and while some officials said they are not seeking European support, it was made plain they did not desire any factor injected into the situation from Europe that would impede the United States.

The administration takes the view that as the "nearest neighbor" to Mexico, the United States should have a free hand in trying to bring about peace.

It is not unlikely therefore that the reported statement of the British minister that the United States did not understand conditions in Mexico would be subject of further inquiry with the possibility that the episode may bring out important developments. Officials declined to discuss Ambassador Page's cablegrams but their dissatisfaction with the attitude of Great Britain was not concealed.

Diplomatic circles today took interest in the situation and many diplomats predicted that the outcome might influence the American policy toward Great Britain in other quarters.

#### Lift Ban on Munitions.

The treasury department today notified all customs officers that the export to Mexico of riding saddles, stirrups, girths, hay and other food stuffs and horses may be permitted as not in violation of the neutrality proclamation of March 14, 1912. This instruction follows a decision of Attorney General McReynolds, who was asked whether such articles "intended for the Mexican federal army or for other purposes, are munitions of war."

#### German Ship Arrives.

Vera Cruz, Mex., Oct. 22.—The steamer Corcovado with General Felix Diaz on board, and the German passenger liner Hertha, arrived here at about the same moment this morning.

The Hertha anchored under the walls of the fortress of San Juan de Ulua, not 200 yards from the Corcovado. After the Corcovado had been inspected by the port authorities, a boat put off from the Hertha and set two German officers on board the steamer, which General Diaz had made the voyage here.

As a result of the display of a force of rural guards, only a small group of partisans of General Diaz gathered to greet their leader.

At 8 o'clock Diaz had not yet landed owing to a series of delays said to have been caused by the formalities of the port authorities.

The sending of German officers on board the Corcovado is explained by the fact that she is a German vessel and the commander of the Hertha intended to see that General Diaz was not molested so long as he remained on board.

#### Arrest Madero Brothers.

Mexico City, Mex., Oct. 22.—Daniel and Evaristo Madero, brothers of the late president, have been arrested at Monterey charged with complicity in a plot to turn over that city to revolutionists, according to dispatches printed in the newspapers here.

The two brothers are said to have been implicated by documents taken from dead rebels after a fight near Monterey.

### ADVENTISTS PLAN A WORLD WIDE MOVE

Washington, D. C., Oct. 22.—From far off Australia, Miss Edith M. Graham arrived today in Takoma Park, Md., a suburb of Washington, to organize for the Seventh Day adventists a world wide crusade of mission work in which the several thousand churches of the denomination are to take part. The delegates to the joint conference of the general council of the organization adopted an elaborate plan for the furtherance of their cult.

#### BURNED IN LOG HOUSE.

St. Madison, Oct. 22.—Elen Wallis, aged 72, was burned to ashes when her two room log cabin home near here was burned last night. An overturned lamp is supposed to have caused the fire. Neighbors were unable to attempt a rescue because of the headway of the flames when they arrived.

## Britain's Policy Draws an Attack From Newspaper

London, Oct. 22.—The London newspapers are only just awakening to the possibility of an embroilment between the United States and Great Britain over the Mexican situation. Their warnings heretofore have all emanated from Washington and New York correspondents, the views of the British government as made known in the United States through the Associated Press not having been published here.

The Pall Mall Gazette today says: "There is evidently a grave misunderstanding between this country and the United States in regard to the Mexican crisis which should speedily be removed. There are elements of danger in the situation which may easily arouse strong feeling on both sides of the Atlantic."

"It cannot be denied that President Wilson had some grounds for complaint against the British foreign policy in Mexico," says the Globe today. "The newspaper considers a grave mistake was made by the British foreign office's hasty recognition of Huerta, which was in such marked contrast with its dignified delay in recognizing King Peter of Serbia."

The Globe thinks the foreign office's attitude lends color to the suspicion that its policy is dictated by political considerations rather than for regard for the real interests of the nation.

## TESTING BIG BATTLESHIP

"Texas" Steams Out to Run Over Mile Course For the Regular Federal Speed Trial.

Rockland, Maine, Oct. 22.—The battleship Texas, largest of American seafighters arrived here today for a builders trial which will be begun on the measured mile course of Rockland tomorrow.

The Texas left Old Point Comfort at 3 a. m. Monday accompanied by Captain W. C. Melvin and manned by 750 men from the yards of her builders. On the run from Cape Henry to Nantuxet she faced a 50 mile gale and maintained an average hourly speed of 19 knots with a maximum of 20 knots.

## CITY OFFICIALS INDICTED

St. Louis Grand Jury Brings Criminal Charges Against Many Former Public Servants.

St. Louis, Mo., Oct. 22.—Wholesale indictments against most of the members of the city administration of East St. Louis that went out of office last spring were returned today by the grand jury that has been investigating charges of municipal irregularities.

Twenty-eight persons were indicted including 24 former city officials.

Among those indicted were Charles S. Lambert, former mayor, E. Fred Gerold, former city treasurer and 14 of the 16 members of the city council of 1912.

## ANTI-SALOONISTS AFTER UNCLE SAM

Discovery Made That Government Owned Buildings Rented For Saloons.

Washington, D. C., Oct. 22.—Uncle Sam as a saloon keeper has drawn the fire of the anti-saloon league and Secretary McAdoo is the target at which the fulminations of the white ribboners are being hurled. The government owns a large block of property just south of the treasury on which it was proposed to erect homes for the departments of state, justice and possibly one other. The territory which is occupied by business buildings are three saloons. All of the tenants rent by the month from the government.

"Heavens," cried the anti-saloon league officials, when they discovered this fact. "This is a crime and a stain on good citizenship."

Whereupon they took up the matter with the secretary of the treasury.

## SULZER IN THICK OF FRAY AGAIN

Opens Up Headquarters and Begins Fight for Seat in the Assembly

### LOOKS ON ELECTION AS A VINDICATION

Fusionist Party Welcomes His Attack on Charles Murphy and Tammany

New York, Oct. 22.—William Sulzer opened headquarters at a Broadway hotel today for the campaign to re-establish himself at the state capital. Informally he plunged into the fight as soon as he stepped from a late train from Albany last night, but from today on until election Nov. 4 he planned to conduct an organized campaign with his private secretary, Chester C. Platt, acting manager, for election to the sixth assembly district, who succeeded in making him the nominee of the progressive party ticket, almost immediately after he was deposed as governor, shared his confidence of success.

The entry of the deposed governor into the local campaign which is already at a high pitch of excitement over the majority contest, with charges and recriminations flying everywhere, promises to make the next two weeks most stirring in a political way.

The fusionists, seeking the election of John Purroy Mitchell, as mayor, are guarded in expressing enthusiasm over the entry of the deposed governor into the campaign, but they make no secret of their satisfaction over the fight which Mr. Sulzer had declared against Tammany, the defeat of whose power the fusionists profess to be their main object.

By installment Mr. Sulzer continued to bring forth charges that Charles F. Murphy, leader of Tammany hall made threats to him while he was governor and that Edward E. McCall, the Tammany candidate for mayor had acted as an emissary of the Tammany leader. Mr. McCall has denounced the charge as falsehoods while Mr. Murphy has preserved his usual reticence, declaring only that he will wait until Mr. Sulzer has finished all of his accusations before replying.

Sulzer's Friend Busy.

John A. Hennessy, who acted as a personal investigator for Governor Sulzer, has injected himself into the city campaign as one of the anti-Tammany orators. In a speech last night, he charged that McCall acted as Murphy's mouthpiece and once told him to "carry to Sulzer the last word for Murphy of what would happen" if Sulzer did not withdraw from the senate every nomination he had made. This was nearly two months ago.

It was not until an early hour this morning that friends of the deposed governor allowed Mr. Sulzer to go to bed, so determined were they to acclaim him a hero or a martyr. For nearly three hours after his arrival in the city a big crowd of his admirers cheered for him as they followed in a triumphal night to the east side district where he reiterated in several short speeches that "bosses" had removed him because he fought for the people instead of for them and pleaded for a seat in the assembly that he might renew his fight. The demonstration in his behalf moved the ex-governor to tears and he described the occasion as the greatest moment of his life.

FORCED TO ARREST FIANCEE'S FATHER

Sparta, Wis., Oct. 22.—Z. S. Rice, city attorney of Sparta, who is to be married Saturday to Miss Olive Hemstock was today called on to issue a warrant for the arrest of his prospective father-in-law, David Hemstock, for violation of the ordinance requiring the weighing of coal on the city scales. Rice issued the required papers and declared he would prosecute the case to the limit. Hemstock prevented the situation becoming too embarrassing for his future son-in-law by announcing that he would enter a plea of non contumacia in justice court and then appeal to the circuit court where the case will not be reached until the prosecutor and his bride return from their honeymoon.

DEADLY GERMS HARMLESS

Chemical Analysis Shows That Bacilli Used in Blackmail Attempt, Are Not Dangerous.

Chicago, Oct. 22.—The "deadly bacilli" which a would-be blackmail sent to Mrs. Julius Rosewald and Mrs. Frederick M. Steele of Highland Park, were harmless, chemical analysis showed today. The chemist discovered only a few cultures of mold such as may accumulate in fruit preserves.

## NEW JERSEY IS BATTLE GROUND

All Parties Intensely Interested in Gubernatorial Campaign There

### BIG GUNS TURNED UPON THE VOTERS

Leading Orators of National Politics to Stump the State for a Fortnight

Trenton, N. J., Oct. 22.—William Jennings Bryan, Governor Johnson of California and United States Senators Borah and Cummins are a few of the political headliners who are billed to speak in New Jersey during the next two weeks—the closing days of a campaign which will make this state the center of the political whirl of the whole nation.

A governor is to be chosen on November 4, but a glance at the speakers who have been hauled from the capital to participate in the contest is enough to make one believe that a presidential election is at hand.

The mere selection of a governor would not cause such great interest outside of New Jersey if the contest were not for the place that President Wilson gave up to go to Washington and also for the further fact that the president has picked the candidate whom he wants to succeed him as executive of New Jersey.

This is the president's home state, and it is only natural that he should want to see it go his way, because that would mean that the people closest to him had endorsed his administration as far as it had gone and that they approved of the tariff bill and the other reforms he was energetically pushing. On the other hand, a defeat for the democratic candidate for governor will be construed as a defeat for the president also.

In addition there is also the question as to whether the progressives will continue as a strong party, for should Mr. Colby, the progressive candidate, pull comparatively few votes it will mean that the progressives no longer will have to be reckoned with.

Candidates Talking.

Each of the three candidates—ex-Governor Stokes, the republican; Jas. F. Fielder, the democrat, and ex-Senator Everett Colby, the progressive—have been talking nightly, but it seems probable that each and every one of them will have to step aside in the next fortnight to make way for the galaxy of statesmen who are coming to New Jersey to tell its voters who they should elect governor.

Mr. Bryan will head the democratic invaders, and with him will come Senator Ollie James, Speaker Champ Clark, Representative A. Mitchell Palmer of Pennsylvania, Representative Warren G. Harding of Ohio, Representative George S. Shaughnessy of Rhode Island, Representative Thomas W. Sisson of Mississippi, Representative Baker of California and Representative Thomas L. Reilly of Connecticut. There has been some talk that the president himself will make one or

## GOVERNOR FREES WOMAN

Aberdeen Business Men Interest Themselves in Case of the Iowa Convict.

Mount Pleasant, Oct. 22.—Mrs. Anna Myers who was found guilty of arson here in December term of court 1903 and later sentenced to the Anamosa penitentiary for life was today pardoned by Gov. Geo. W. Clarke. Gov. Carroll suspended sentence in June, 1909, on the condition that Mrs. Myers remain one of the state. Business men of Aberdeen, S. D., where she now resides, petitioned for the pardon.

## Will Take Office When Huge Pile of Money is Counted

Washington, D. C., Oct. 22.—Just as soon as \$217,097,000 resting in the vaults of the sub-treasury in New York is counted, Martin Vogel of that office will take the oath of office as assistant treasurer of the United States. Mr. Vogel was ready today to be sworn in as the successor of Henry Morgenthau, who goes to Turkey as minister. He saw Secretary McAdoo and conferred with U. S. Treasurer Burke but it was decided not to administer the oath until the huge pile of gold and silver had been counted and the transfer verified.

## Promises There Will be no Return to Spoils System

Washington, D. C., Oct. 22.—President Wilson today signed the urgent deficiency bill carrying exemptions from the civil service of deputy U. S. marshals and deputy collectors of internal revenue.

The president gave out the following memorandum: "I am convinced, after careful examination of the facts that offices of deputy collectors and deputy marshals were never intended to be included under the ordinary provisions of the civil service law. The control of the whole method and spirit of the administration of the proviso in this bill, which concerns the appointment of these offices, is not less entirely in my hands now than it was before the bill became law; my warm advocacy and support both of the principle and of the bona fide practice of civil service reform is known to the whole country and there is no danger that the spoil principle will creep in with my approval or connivance."

The president took the position that bonded office employees responsible for their subordinates, could choose more personal selection than by examination because of the personal relation that enters into the confidential relations between employer and employe. The president, moreover, feels that at any time he can by executive order control the situation.

## CLOSER RELATION AIM OF GERMANS

ORGANIZATION OF BUSINESS MEN EFFECTED TO PROMOTE AMERICAN TRADE.

Berlin, Oct. 22.—Preliminary steps were taken today for the formation of a German-American economic association, devoted to the cultivation of friendly relations between the two countries in the fields of business and economic policy.

The association is under the auspices of the manufacturers league of exporters to America and of the great shipping companies. It aims at a special German-American commercial treaty and the protection of those German interests affected by the manner in which the administrative clauses of the new tariff law are enforced.

It will also supply information to German business men, the promoters say that the time is ripe for such an association in view of the change from the system of extreme protection in the United States.

## WATSON RELEASED BY ORDER OF COURT

Augusta, Ga., Oct. 22.—The trial of Thomas E. Watson on charges of sending obscene literature through the mails attacking the Roman Catholic church, ended abruptly yesterday when Judge Foster sustained a motion of the defense to quash the indictment against the former people's party candidate for president.

Directing that the indictment be quashed, Judge Foster said: "It appears by this indictment that the publications alleged to have been sent through the mails for violation of the law are extracts from complete articles and is not entitled to pick out a few paragraphs here and there and make them the basis of an indictment."

The judge said he was not ruling whether the articles were obscene, and the government might at any time proceed to reindict.

## ABANDON PLAN FOR CARAVEL'S CRUISE

Chicago, Oct. 22.—Because of hardships in navigation on the great lakes the proposed cruise of the Columbus caravels through the Panama canal to San Francisco for the exposition in 1915 has been abandoned and the three vessels, Pinta, Nina and Santa Maria will be returned to this city.

This was the information received here last night from Cleveland where the caravels are in a winter boat yard.

The old boats, which were built for the Chicago exposition in 1893, are said to have sprung numerous leaks gathering storms in the trip from Chicago to Cleveland. It had been the expectation to repair them at Montreal before the ocean cruise was begun but the plan is said not to have warranted the cost.

## FEDERAL EMPLOYEES ORGANIZE A CLUB

Washington, D. C., Oct. 22.—A novel idea in the government service which meets with the approval of Secretary Lane has been adopted by the thousands of employes of the interior department. They will establish a social club of their own to be known as the "Home club." It will be located in a spacious building and will have all of the accessories of a modern club and a commodious hall for entertainments.

## INTERURBAN INTO DITCH

Motorman Killed Instantly and Fortunately There Were no Passengers on Board.

Chicago, Oct. 22.—An Aurora bound car on the Aurora, Elgin and Chicago railroad went into the ditch near Warrenville today. Motorman M. G. Whitney of West Chicago was instantly killed. A broken gear is believed to have caused the wreck. There were no passengers aboard.

## SOX AND GIANTS ATTRACT CROWD

World Touring Ball Teams Arrive in Ottumwa at an Early Hour

### M'GRAW WILL NOT MAKE STATEMENT

Manager of New Yorkers Refuses to Talk About Trade of Konechty

The big game between the New York Giants and the Chicago White Sox is in full swing at the Myrtle street grounds now and more than 8,500 fans from all sections of Iowa are watching the mix. Large delegations from all the surrounding towns arrived during the morning hours and were escorted through the main districts of the city by the fifty-fourth regiment band. The big Rock Island special carrying the players arrived here this morning at 5 o'clock. The players remained in their car during the early hours of the morning. Several members of the two teams including Jimmie Callahan, Germany Schafer and Mike Donlin left their car at 10 o'clock and took a walk through the business part of town. It was announced at noon that Christy Mathewson and Jeff Tesreau would probably do the pitching for the Yankees, while Jim "Death Valley" Scott formerly a member of the Oskaloosa, Iowa state league club would probably be Manager Callahan's choice.

Many in Town for Game.

All early morning trains brought large numbers of people from all the surrounding cities to attend the games. The cold weather probably kept away hundreds that would have otherwise attended. Many of the visitors after arriving, located the players' special and endeavored to get a glimpse at some of the athletes. "Germany" Schafer the old Washington star who is making the trip with the American league team came to the platform and entertained the anxious ones with stories about old time games for several minutes. Schafer is a real "card" and has been in the big show for several years. "Germany" played with Arthur (Buster) Owen and Manager Egan many years ago before joining the ranks of the high brows. Upon his arrival here this morning Schafer started out on the run for his former friends "Rusty" and "Ned" whom he located shortly and had a hearty "chat" of old times.

Muggsy Denies Deal.

Reports from St. Louis to the effect that Manager McGraw had traded a member of the Giants for First baseman Konechty of the St. Louis Cardinals was denied by the general manager this morning. McGraw who is a typical "Mick" talked freely about the proposed trade and also spoke of the recent world's series. "We were too certain about winning and banked too much on our pitching staff" remarked the Giant leader "While we looked better on paper than did the Mackmen, we didn't seem to have that old sticking ability that wins ball games. And more than that we couldn't hit the ball like we did all summer."

Chief Meyers, Manager McGraw's star catcher was one of the players interviewed by a Courier representative this morning. Meyers is a regular old fashioned Indian and is very modest in his appearance. The big chief was injured during the world's series and hasn't reached his old condition yet. When asked if he had ever met John House of the Ottumwa club, Meyers stated that he knew John down in St. Louis. Meyers had quite a talk with Manager Ned Egan of the local club this morning and inquired about numerous St. Paul friends whom Manager Egan is acquainted with.

The two clubs in carriages headed by the fifty-fourth regiment band paraded through the business districts this afternoon en route from their hotel to the ball park. The Chicago team was dressed in red, white and blue uniforms and were given a warm welcome as they passed through the streets. Manager Jimmy Callahan who has played in Ottumwa on several different occasions was given an especially warm welcome by the Ottumwa fans.

Bill Johnson who was a member of the Speed boys in 1911, but who has been playing on the coast for the past two years came over from his home in Monmouth to attend the mix. Tammany Kensel who is spending these frigid days in Oskaloosa also dropped down to attend the mix. Johnson, Kensel and Joe Link all are the guests of Manager Ned Egan at the game.

## LETTERS OF HONOR FOR SAILOR HEROES

Washington, D. C., Oct. 22.—Four of Uncle Sam's hard sailors will receive letters of commendation for bravery in rescuing shipmates who had fallen overboard. They were Jerry Sprague, Coxswain and James Monroe Butler, fireman of the second class, on the cruiser Saratoga, at Shanghai, China. Lawrence John Murphy chief machinist's mate of the battleship Kansas and Wedell Aaron Williams, Coxswain of the battleship Wyoming.

## JESSIE WILSON TO AID Y. W. C. A. FUND

New York, Oct. 22.—Although engaged to be married next month, Miss Jessie Wilson, the president's youngest daughter has found time to help the Young Women's Christian association in its campaign to be formally begun, to raise \$4,000,000 within two weeks. At the home of Mrs. Willard Straight at Westbury, L. I., yesterday, Miss Wilson declared that neither tressouner nor wedding cake concerned her enough to interfere with her interest in the welfare of needy girls. A large audience of fashionable dressed women from all parts of Long Island listened to her vigorous appeal for aid in behalf of the young women. "If we think of the difficulty we shall fall," she said. "We must strike right out from the shoulder—we must do a hundred per cent of the job or none."

## MARRIAGE TO LET APPROACHING

New York, Oct. 22.—Although engaged to be married next month, Miss Jessie Wilson, the president's youngest daughter has found time to help the Young Women's Christian association in its campaign to be formally begun, to raise \$4,000,000 within two weeks. At the home of Mrs. Willard Straight at Westbury, L. I., yesterday, Miss Wilson declared that neither tressouner nor wedding cake concerned her enough to interfere with her interest in the welfare of needy girls. A large audience of fashionable dressed women from all parts of Long Island listened to her vigorous appeal for aid in behalf of the young women. "If we think of the difficulty we shall fall," she said. "We must strike right out from the shoulder—we must do a hundred per cent of the job or none."
