PRICES FALL OFF BUT NOT GREATLY

STOCK MOVEMENT, THOUGH DEFINITELY DOWNWARD, OF NO CONSEQUENCE

New York, June 15.—The trend of prices was downward on the stock exchange through the morning, but the change was slow and losses were inconsequential. Both call and time loans were firm.

Bonuses were still undecided as to what course to pursue when the stock market opened today and trading was abnormally light. First prices were virtually unchanged, but during the first half hour the market sagged in spots. Steel, Erie, Lehigh Valley and Southern Pacific were prominent. The engagement of \$1,000,000 for shipment tomorrow.

The market closed steady. The usual evening up of speculative contracts caused the list to harden.

KANSAS HARVEST GOES ON NICELY

WHEAT WEAKENS WHEN IT IS LEARNED THAT RAINS HAVE NOT INJURED GRAIN

Chicago, June 15.—Wheat weakened today on account of reports that rains in Kansas had not harmed the part of the state where the harvest is in progress and that no rain had resulted.

The market at the outset, however, showed some strength in sympathy with firm cables, and because of lighter volume of shipments than expected.

The opening, which ranged from a shade off to 1/4 @ 1/2 c up, was followed by a moderate general decline. A huge falling off in the domestic visible supply total had virtually no effect on prices. The close was steady 1/4 @ 1/2 c net lower.

Corn advanced owing to unfavorable news from Argentina. It took only fair buying here to lift the market. Prices started unchanged to 1/2 c higher and after a slight reaction continued to climb.

Afterward realizing sales by one of the chief holders led to a setback. The close was weak at 1/2 @ 3/4 c net decline. Oats were upheld by the strength of corn. Trading in all volume.

In provisions, a hardening tendency developed, the outcome of firmness in the hog market. Pig offerings were scarce.

AL WARD JOINS HILL'S BONNIES

Cedar Rapids, June 15.—Al Ward, premier third sacker of the 1913 Central association, who is coming to the Ottumwa club, has been anxiously awaiting since the opening of the present season, reported to Manager Belden Hill Saturday at Waterloo.

Al has just finished his course at the Concordia seminary in St. Louis and arrived from the river metropolis Saturday morning. He stopped off in this city long enough to leave his grip at Belden Hill's club, where, after which he hurried back and went on to Waterloo on the morning train. His coming will serve to lessen the tension under which the team has been working for several days. Which one of the Bonnies will be decapitated following the arrival of Ward is the burning question of the hour in this vicinity and even the best posted fans refuse to even conjecture regarding the answer to this question. It is likely that he will "get his" in the very near future. Irvin Harris, who arrived Friday from Kearney, Neb., received a telegram Saturday afternoon from Connie Collins, manager of the Mason City Independents, ordering him to report at Mason City immediately and he leaves late this afternoon to join that club. Irvin expects to remain with the independent squad for a month or two, while developing his hitting eye to a high state of efficiency and hopes to close the season with some league club in this vicinity.
