CO. G PREPARES FOR STATE CAMP

A meeting of the members of Co. G will be held Friday evening in the armory to discuss plans for the state camp, to be held near Des Moines, August 10 to 19, inclusive. The camp equipment, including shelter tents, sleeping sacks, ponchos and mess outfit, will be distributed at this time.

Captain Schamp stated today that so far it was impossible to tell how many of who would attend the camp. Some of the boys, it seems, have difficulty in getting away from their work for the ten days. Those who do go will leave Monday morning at 8:30 o'clock on a special train over the Burlington. The train will carry the Keokuk, Fort Madison and Fairfield companies. Co. G and the band will board the cars here, the Centerville company will join the ranks at Albia, and later Knoxville will be picked up.

GUARDSMEN ARE NOT GIVEN VACCINATION

The vaccination of the local guardsmen that was to have been administered more than a week ago, has not thus far taken place. The reason for the delay is the failure of the typhoid serum to arrive here. The Ottumwa guard expected to have received the first inoculation of the virus July 25 and ere this to get the second injection of the serum, but it is not intended to vaccinate the men now until after the state camp, which begins next week. Just when the treatment will be administered is unknown to Captain C. B. Schamp of Co. G.

REPUBLICANS OUT IN LARGE NUMBERS

KANSAS SEES RETURN OF PARTY STRENGTH AS RESULT OF YESTERDAY'S PRIMARY.

Topeka, Kas., Aug. 5.—Returns from yesterday's primaries in Kansas were not complete enough early today to determine the democratic nominee for United States senator. Hugh F. Farrelly of Chanute, an independent, and George A. Neely of Hutchinson, appeared to be running a close race and leading the field of seven candidates. Latest returns gave Farrelly a slight lead.

As returns came in the belief grew that Senator Joseph L. Bristow had been retired in favor of Charles Curtis as republican nominee for the senate.

Counting of ballots was very slow by reason of the large number of candidates and apparent results were based on unofficial figures.

Congressman Victor Murdock, as progressive candidate for the senate, was unanimously endorsed.

In only one congressional district in which there were rival candidates were returns complete enough to indicate the probable results. Representative Joseph Garret was renominated by the democrats of the second district.

Progressive congressional candidates in all eight districts were named without contests.

With no contests for nomination of gubernatorial candidates, Governor George H. Hodges was renominated by the democrats, and Henry J. Allen and Arthur Capper named by the progressives and republicans, respectively.

Interest in the candidates for state offices centered in the republican contest for lieutenant governor, in which W. Y. Morgan of Hutchinson seemed to be leading J. E. Brewer of Abilene, while Frank Bratton and John E. Wagner, democrats, were in a close race.

Women Run Polls.
The vote of the women in the state was a factor, according to reports coming from various places.

Cottonwood Falls reported that in precincts near there most of the election officials were women. Many of the farmers stayed at home to work in the fields while the women went to the polls.

Returns show a heavy vote by republicans, a fact that republican leaders pointed to as indicating, they said, a return of strength to the party in the state. The progressive vote was light because there were no contests for state congressional offices.

Stone is Renominated.
St. Louis, Mo., Aug. 5.—Missouri yesterday voted directly for the first time to select a United States senator, and Senator William J. Stone was renominated on the democratic ticket by an overwhelming majority. The republican race was hard fought and based on the returns early this morning, though far from complete, those of J. Atkins of St. Louis seems to have beaten Politte Elvins of Elvins. Arthur N. Sager had no opposition on the progressive ticket. Practically all members for congress on the democratic ticket were renominated. W. P. Borland of Kansas City was the exception, losing by a small majority to J. B. Pew. In the tenth district, the only Missouri district represented by a republican, Jacob Meeker, a former congressional clergyman, defeated Charles A. O. Brunk, also of St. Louis.

Missouri Results.
St. Louis, Mo., Aug. 5.—Michael J. Gill, the democratic congressman from the twelfth district was defeated by John P. Collins. Francis M. Curlee won the democratic nomination in the tenth district now represented by a republican. J. Miller won the republican nomination in the eleventh district. Other republican congressional nominations follow:

Seventh district—James J. Alfred.
Twelfth—L. C. Dyer.
Fifteenth—Joseph J. Manlove.
James T. Blair won the democratic nomination for circuit judge.

MEXICANS STILL HOPING FOR PEACE

Vera Cruz, Aug. 5.—A strong force of constitutionalist soldiers last night boarded the Hamburg-American liner Antoniana which for several days had been under detention under the custom house and instituted a search for Dr. Villa Nueva and Senor Pesos who were charged by the Mexicans with homicide. The fugitives were not found.

The captain of the vessel previously had refused to surrender the men believing that the charge merely was a pretext to execute them as political offenders.

Before the soldiers began their search the captain was summoned to the custom house and taken into custody. The German vice consul who was found on board the ship, was placed under arrest until the search was ended.

The captain of the Antoniana later was released from custody.

It is believed that the two men slipped over the side of the vessel as soon as they had an inkling of the searching of the vessel.

CONCERT IS GIVEN AT BATHING BEACH

The first band concert at the bathing beach was given last night and was very well attended, about 2,000 people being present. The beach was well patronized and about 500 took to the water during the concert. Riverside park was crowded and the bank along the river leading to the beach was packed so closely by spectators that progress to and from the beach was difficult. The concert lasted from 7:30 until 9:30 and was enjoyed by all present.

PRESIDENT'S WIFE IS SERIOUSLY ILL

Washington, D. C., Aug. 5.—President Wilson has been at the bedside of Mrs. Wilson for several days and her protracted illness is causing worry in official circles. It was while sitting beside his wife, his constant advisor, that the president wrote his message to the European nations appealing to them to stay their conflict and discuss peace.

No announcements have been made about Mrs. Wilson's illness and persons at the white house were disposed to believe that she had slightly improved today, but her condition is nevertheless causing considerable concern.

She first took sick last March, and it is understood she has been suffering from a complication of nervous ailments.

The condition of Mrs. Wilson was said to be extremely grave. Mrs. Francis Bowes Sayre and Miss Margaret Wilson, two daughters who have been away from Washington have been called to her bedside.

MA' ENTER AND NOT PAY TUITION

Mrs. Elizabeth Burgess, county superintendent of schools, has received a letter from Homer H. Seerley, president of the Iowa State Teachers' college at Cedar Falls in regard to the admission of certain students to that institution without the payment of the ordinary tuition. During the year of 1914-15 those students who wish to study any of the branches in a list which was included in the letter, may do so without remitting the customary amount. They will be received and classified on the basis of their uniform certificates or on a statement as to their qualifications that they may present from the county superintendent, or from any principal or superintendent in whose school they have studied.

This list is quite long and has been arranged under several different headings. These circulars are being mailed out or may be obtained at the office on the first floor of the court house building. The various groupings are the normal diploma courses which include the rural teachers' course under the second grade uniform county certificate subjects, the first grade uniform subjects and the additional work, the general normal course for grade teachers and the vocational normal course.

MEXICANS BOARD GERMAN STEAMER

Washington, D. C., Aug. 5.—Jose Castillo, personal representative of Provisional President Carral, received messages from Mexico today indicating that while a hitch had occurred in the peace negotiations at Saltillo, they had by no means been completely terminated. Mr. Castillo indicated that other proposals and suggestions might be made to modify the situation and planned to discuss these with Secretary Bryan.

BEGIN PAVING WORK ON CHURCH STREET

Contractor J. C. Blunk has started a force of men tearing up the old paving surface on Church street south from Myrtle in preparation for the new work to be constructed there soon. The Railway & Light Co. will begin on the track improvement as soon as the old brick is removed and the contractor's force is through on lower Church street. The present long switch or double track between the south approach of the bridge and Myrtle street, will be continued to Sheridan avenue to expedite the movement of the street car traffic and prevent congestion. A switch will also be installed by the car company between Moore and Davis on Church street.

August Brings New Low Prices in Apparel Clearings

In the swift progress of this big business we cannot permit small lots of this or that to accumulate. These lots are perfectly good merchandise, but they take up room and congest stock, therefore we close them out at almost any price. The result is exceptional savings, as you will see by the prices in this advertisement. All through the apparel sections there are hundreds of garments suitable for early autumn marked at fractions of former prices.

U. S. Neutrality Proclamation

"I, Woodrow Wilson, president of the United States, in order to preserve the neutrality of the United States and of its citizens and of persons within its territory against belligerents, and to enforce its laws and treaties, and to order that all persons, being warned of the general tenor of the laws and treaties of the United States in this behalf, and of the law of nations, may thus be prevented from any violation of the same, do hereby declare and proclaim, that by certain provisions of the act approved on the fourth day of March, A. D. 1909, commonly known as the act of the United States, the following acts are forbidden to be done, under severe penalties, within the territory and jurisdiction of the United States to-wit:

- 1.—Accepting and exercising a commission to serve or aid belligerents by land or sea against the other belligerent.
- 2.—Enlisting or entering into service of the said belligerents either as a soldier or a sailor, or as a marine, or as a member of any vessel of war, letter or privateer.
- 3.—Hiring or retaining another person to enlist or enter himself in the service of either of the said belligerents as a soldier, or as a marine, or as a member of any vessel of war, letter or privateer.
- 4.—Hiring another person to go beyond the limits or jurisdiction of the United States with intent to be enlisted as aforesaid.
- 5.—Hiring another person to go beyond the limits of the United States with intent to be entered into service as aforesaid.
- 6.—Retaining another person to go beyond the limits of the United States with intent to be enlisted as aforesaid.
- 7.—Retaining another person to go beyond the limits of the United States with intent to be enlisted into service as aforesaid.
- 8.—Fitting out or arming, or attempting to fit out and arm, or procuring to be fitted out and armed, or knowingly being concerned in the furnishing, fitting out, or arming of any ship or vessel with intent that such ship or vessel shall be employed in the service of either of the said belligerents.
- 9.—Issuing or delivering a commission within the territory or jurisdiction of the United States for any ship or vessel to the intent that such shall be employed as aforesaid.
- 10.—Increasing or augmenting, or procuring to increase or augment or knowingly being concerned in increasing or augmenting, the force of any ship of war, cruiser or other armed vessel which at the time of her arrival within the United States was a ship of war, cruiser or armed vessel in the service of either of the said belligerents, or belonging to the subjects of either, by adding to the number of

French Sending Germans Out of Paris to Western Frontier

Paris, Aug. 5.—It is believed that several thousands of Germans and Austrians are still in Paris. There were more than 80,000 on the police register before the war broke out and it is thought impossible that all left the city.
Germans began to crowd today into the American consulate which has been charged with their interests during the hostilities. By arrangement with the French government Consul Akers issues to each of them a certificate of identification which must be presented to the police commissary of the district in which each person resides.
In exchange the commissary gives him an authorization to depart by train to some town in the west of France where he must remain until the war is over. Most of the Germans are destitute and the members of the consular staff have provided many of them with money from their own pockets as no public funds are available for the purposes. One wealthy German family expelled from its native land may have to walk the streets until the day appointed for their departure.
French authorities have arranged two trains to Boulogne and two to Dieppe for the transportation of passengers desiring to cross the channel. Arrangements also have been completed for steamers to meet them and carry the passengers to Folkestone, New Haven and Southampton. A large number of Americans have applied for tickets.

Stranded Yankees Purchase Steamer to Reach America

London, Aug. 5.—A syndicate of stranded Americans headed by Grant Hugh Browne of New York, combining business with philanthropy, have purchased the British steamer Viking for the repatriation of their countrymen at the price of \$500 for each berth. The syndicate today obtained the permission of the British government for the vessel to sail on Monday from Liverpool on its first trip. It is understood the Viking will fly the stars and stripes. She is to make as many trips as possible.
Among the 240 cabin passengers and one thousand Americans going in the steamer on board the Philadelphia sailing today are many wealthy persons. Enormous premiums were offered for tickets. One speculator offered Charles Aldrich and family of Cleveland, \$1,000 for their room, or \$500 if they allowed him to travel with them. Martin Vogel, United States treasurer at New York with his brother were also among the passengers.
They said they were in Berlin five days and "The Germans were parading the streets as though celebrating victory."
Later on they passed through Paris where they said "The contrast was marvelous. The atmosphere was quiet but tense."
John A. Wilson, a cousin of President Wilson and Wm. H. Porter who is connected with J. Pierpont Morgan were passengers.
Many at Copenhagen.
Copenhagen, Aug. 5.—The American legation here was practically in a state of siege today. Nearly one thousand American citizens have reached this city from nations at war. Most of them left their baggage behind them in Germany. Some of the Americans will endeavor to reach America by way of England while others will sail on the Danish liner United States against the consequences of misconduct."
SENATOR WILLIAMS QUILTS IN DISGUST
Washington, D. C., Aug. 5.—Senator John Sharp Williams resigned today as a member of the foreign relations committee because he declared, the committee had hesitated to support the administration's policy as to mediation and because of its "equally disgusting attitude" regarding the purchase of ships to carry cotton and other goods abroad.
