## MANIPULATORS AT WORK IN MARKET

### PECULIAR ACTIONS OF CERTAIN SHARES IN WALL STREET SHOW OPERATIONS.

New York, April 5.—Early realizing sales of stocks today were induced largely by the peculiar course of unimportant specialties, which again suggested manipulation of that group. Some of the best prices of the year were then established. United States Steel at 50% attained its high water mark since the suspension of the dividends last January. Bonds were irregular.

Very active trading at higher prices marked the resumption of operations on the stock exchange today. Some of the specialties rose from 2 to 4 points, Bethlehem Steel selling at 47 1/2, American Locomotive rose over 5 points and the motor shares were again prominent at substantial advances. Cuban-American Sugar jumped 7 points and reacted 5. Among the important railway issues Union Pacific and Reading alone gained a full point. Rock Island also was active and strong, likewise the entire Erie group. Profit-taking reduced many of the gains before the end of the half hour.

## WHEAT MARKET IS ADVANCING AGAIN

### BIG PURCHASES OF MAY OPTIONS GIVE THE BULLS COURAGE AND PRICES SOAR.

Chicago, April 5.—Active purchasing of May options by houses with seaboard connections had a bullish effect today on the wheat market here. In this connection, some significance was attached to reports that many vessel charters were being made in Europe for shipments from this side. The bears had to contend also with assertions that the Kansas crop was two weeks later in developments than was the case at the corresponding time a year ago. After opening unchanged to 1 1/2 c higher, the market scored a material advance all around.

Corn hardened with wheat. Trade, however, lacked volume. The opening, which ranged from a shade off 1/2 @ 1/2 c up, was followed by a moderate general gain.

Dry weather complaints brought about a little firmness in oats. The only selling was from rit speculators. Provisions eased off, influenced by weakness of the hog market. Most of the selling pressure was on pork and lard.

Hogs—Market slow; receipts, 7,000; heavy, \$6.10 @ 6.70; light, \$6.22 @ 6.80; pigs, \$5.50 @ 5.50; bulk, \$6.22 @ 6.85.

## WYOMING OFFICER TAKES PRISONER

### SHERIFF FROM THERMOPOLIS STARTS FOR WESTERN CITY WITH MRS. MAYNARD.

Scott Hazen, sheriff of Hot Springs county, Wyoming, arrived in the city Sunday night and this morning started for Thermopolis, Wyo., with Mrs. Guy Maynard, who is wanted at that place on a felony charge.

Mrs. Maynard was arrested here at the Ballingall hotel on last Wednesday evening by Chief of Police Peter Gallagher and has been held in the county jail since that time, awaiting the arrival of the officer from the west. It was learned at Thermopolis that she had purchased a ticket there for Ottumwa and the officials wired the Ottumwa chief to be on the lookout for her.

## CHURCHES HOLD SPECIAL SERVICE

### EASTER IS OBSERVED BY THOUSANDS AT EXERCISES DURING DAY.

The churches of Ottumwa observed Easter Sunday with ceremonial befitting the occasion and thousands of the church goers might have been seen wending their ways to and from the various houses of worship at different times throughout the day.

In most of the churches there were special services held in honor of the resurrection of the Savior and the programs that featured the services of the day in the various churches were based on the Easter theme. Flowers, ferns and foliage were used lavishly in decoration. The hymns of the many pastors, the anthems, hymns and sacred songs for the day all had the joyous note of the Easter time. Gladness predominated in the song and spoken programs and even the day itself bore evidence of spring and the return of life to the things of nature.

The special services held were at different hours of the day. Every denomination had at least one special service and some observed the day with a morning and evening program. Others held their exercises in the afternoon. The day began for a number of the congregations with a sunrise service at 6 o'clock in the morning and more than any other day of religious observance in the year was Sunday made a whole day of service and honor to the Deity.

The stranger in Ottumwa Sunday will leave the city with a good impression of the people that make up Ottumwa's citizens. Every house of worship had its full membership out at the services and many strangers who had occasion to Sunday in Ottumwa made up the congregation in some of the churches.

The nice day likewise gave milder and the sterner sex a chance to appear in their new finery and hundreds of them were seen in raiment that denoted the latest modes of the modiste, milliner, tailor and haberdasher.

## BOY BREAKS LEG IN GAME OF BASEBALL

Harry Bland, who was injured Friday afternoon while playing a game of baseball, is reported as resting easily today and doing as well as might be expected. Iowa City, April 3.—Judge R. E. Howell has set the Deerfoot murder trial for the April term of court. He shot his wife several times, killing her instantly. ## DAVENPORT NOW HAS POPULATION OF 48,151

Davenport, April 3.—Davenport has a population of 48,151. These are the official figures given out by City Assessor I. J. Hild, under whose direction the census was taken for the state.

This is a gain of 5,133 over the census of 1910 or almost 12 per cent. The former figures were 43,028.

The work has been done by extra deputies employed by Mr. Hild, who began the work during the last week in January. Every person who was a resident of the city on Dec. 31, 1914, was enumerated and according to Mr. Hild the population of the city is a solid, substantial one. He cites the absence of roomers in down town boarding houses as proof of these and shows many places where there are only a few persons stopping, where heretofore there have been from 40 to 70. Mr. Hild is inclined to believe that this fact indicates that the floating population of the city has been materially decreased.
