MORAN'S GREAT PITCHER LOSES TO BOSTON CREW

Red Sox Get Few Hits But Manage to Make Them Count for Tallies

LEONARD PITCHES WONDERFUL GAME

Lewis Is Hitting Hero of the Game With Three Solid Safe Hits

RED SOX, 2; PHILLIES, 1

Philadelphia, Oct. 11.—The Boston Americans again turned the trick with a ninth inning finish today, defeating the Philadelphia pennant winners of the National league, by a score of 2 to 1, before 42,300 people, the largest crowd that ever saw a world's series game. "Dutch" Leonard, the Red Sox port side pitcher, held Philadelphia helpless throughout the game, permitting them to score in only one inning. Speaker's and Lewis' batting featured the game, while Paskert roamed the outfield for Philadelphia and cut off several hits. Hooper's hit, a sacrifice, an infield out and Lewis' smash to center put over the final run for Boston.

The official figures were given out as follows: Attendance 42,300; paid admissions, \$53,191. Players' share, \$44,923.14. National commission share, \$8,319.10. Each club's share, \$18,974.38.

Braves Field, Boston, Oct. 11.—The third game of the 1915 world's series between Philadelphia and Boston was played here this afternoon at the largest and most beautiful baseball park in the world, under perfect weather conditions. Not a cloud was in the sky. The sun by noon had driven away the chill in the early morning, and the Charles river, running beyond the park, rippled in a soft autumn breeze.

Grover Cleveland Alexander was to make his second attempt to hurl the slugging Sox back for another defeat. The Phillies expected him to pitch a game that could not be beaten. The Philadelphia said he would prove far more effective for having had the experience of facing the red hosed warriors from Boston. The Sox were confident that, having once looked over all Alexander had to offer, they no longer had any fear of him.

Manager Carrigan's early morning selection for pitcher was "Dutch" Leonard, the star port-sider of the American league. The Sox had all the advantage that goes with the home crowd, and there were more than double the loyal supporters on hand to cheer them than the Phillies could crowd into their yard on Broad street.

But the playing field itself was stranger to the Sox than to the Phillies this home of the Braves having been selected in place of the American league park because of its superior accommodations.

Practice Is Fast. A mighty cheer greeted the Boston players when they appeared on the field a little after 1 o'clock and began batting practice.

The crowd began to arrive in large numbers at 1:30 o'clock. By that time all the cheaper seats were filled, with scores eager to gain admission. Lightning fast plays were made during the practice of the two infelds. The inner gardens had been rolled smooth and dry and grounders came to the fields with snap and precision. The sun bothered the center and right fielders and Speaker and Hooper wore sun glasses. Dutch Leonard warmed up for Boston, while Alexander tried out his curves for Philadelphia. Before they came a silver loving cup and a large oval horseshoe were presented to Manager Carrigan by Boston rooters.

WHOLE FAMILY IS KILLED

Physician Explains Queer Accident By Saying Oxygen in Room Was All Consumed.

Chicago, Oct. 11.—The four members of the family of Otto Hardkopf met death in an unusual manner today. The dead include Hardkopf, proprietor of a small meat market, on the north side, his wife and two daughters. The family lived in apartments over the shop. According to Dr. J. L. Eisenrath the oxygen in the apartment, the doors and windows of which were closed, was entirely consumed by gas jets burning under a wash boiler in the kitchen.

CARRANZA WINS RECOGNITION OF UNITED STATES

SOUTH AMERICAN NATIONS JOINING IN ACKNOWLEDGING "FIRST CHIEF."

El Paso, Texas, Oct. 11.—Anxiety is felt for the welfare of 500 members of the Mormon colonies of the Casas Grandes district, when recognition of Carranza becomes generally known in the Villa army, mobilized there. These colonists have already reported depredations by the Villa forces but have refused to leave, though repeatedly urged by the state department.

Washington, D. C., Oct. 11.—The governments of Bolivia, Uruguay and Guatemala remained to be heard from today in approval of the action of the United States government in deciding to recognize the Carranza government in Mexico. The other countries which participated in the Pan-American peace conference through their diplomatic representatives—Argentina, Brazil and Chile—already have sanctioned the work of the conference the approval of the first named governments is expected momentarily.

The next step to be taken by the United States will be determination of the form in which recognition shall be accorded. It is expected to be extended this week, possibly through formal notification to Eliseo Arredondo, Carranza's official agent here. Prohibition of shipment of arms to factions opposed to the Carranza government then will follow.

The Villa element will continue the struggle.

Wilson Approves. Secretary Lansing reported formally to President Wilson today the proceedings of the last session of the Pan-American conference which decided on recognition for the Carranza party as the de facto government in Mexico. The president gave his approval.

Secretary Lansing said the form in which recognition would be extended or the time had not been fixed.

VILLA MEN IN REVOLT. El Paso, Texas, Oct. 11.—Forces of General Obregon are reported to be within a few days' march from Juarez.

Carranza's consul advised today a revolt is pending in Casas Grandes, where General Villa has mobilized his army for an overland advance into Sonora.

Other street fights are reported in St. Petersburg, Khar'kov, Rostov and Odessa. In each instance small riots led to serious disorders.

RUMANIA IS EXCITED. Paris, Oct. 11.—A Havas dispatch from Bucharest, filed October 5, but delayed by the censor, says: "Reports from Dobruja tell of the concentration of Bulgarian troops in cantonments about three miles from the Rumanian frontier. These troops are engaged in constructing trenches, and at one place the presence of artillery is reported."

The newspaper Roumanie declares Rumania should intervene in the new theater of war and that she cannot keep her sword sheathed without risk of compromising her interests and honor.

FRENCH MINISTER ILL. Paris, Oct. 11.—The foreign minister, Theophile Delcasse, who is indisposed, will be obliged to keep to his room for several days. He is exhausted from overwork. Premier Vivanti will continue the direction of the foreign ministry during his absence.

GERMAN DRIVES COST MANY MEN IN NORTH FRANCE

Thousands of Dead Said to Be Strewed in Front of French Defenses

BALKAN SITUATION IS STILL MUDDLED

Former Serbian Capital Is Almost Destroyed When Teutons Capture It

London, Oct. 11.—The Germans left dead estimated at between 7,000 and 8,000 in number in front of the allies' lines, after their ineffective assaults of the last few days in the vicinity of Loos in northern France, according to today's statement of the French war office. It alludes to the outcome of the fighting as "a grave and costly check" to the Germans.

Heavy artillery engagements north of La Scarpe and in the Champagne are the only activities on the western front mentioned in the official statement from Paris.

Much importance attaches to the meeting today of the Greek parliament at which the new cabinet's declaration of future policy in connection with the war is expected. The alleged secret treaty between Germany and Bulgaria is also likely to be a subject of debate. The German legation at Athens denies the existence of such a treaty.

King Constantine of Greece is again ill and is confined to his room, according to advices from Berlin.

Paris gets reports that three-quarters of Belgrade, which now is in Teutonic hands, was destroyed by the shell fire of the Austrians and Germans, whose drive into Serbia is now in full swing.

It is hinted in an Athens dispatch that a much larger allied force than has been reported constitutes the expedition being landed at Saloniki for service in Serbia.

Reports from Bucharest are that Bulgarian troops are digging trenches near the Rumanian frontier and that artillery also has been brought up.

Reports of the results of the visit of Premier Salandra to the Austro-Italian front are awaited with interest, as it is reported in Rome that his trip has a bearing on the international situation.

Sinking of the British steamer Thorwood, a 31,184 ton vessel, is reported by London. The crew escaped.

SERBS RESIST STOUTLY. Budapest, Oct. 11.—The Austrians and Germans encountered desperate resistance from the Serbians at Belgrade, and for two days a terrible battle with bayonets raged in the streets before the capture of the city was completed. Describing these operations Az Est says: "Our gain of ground and the breadth of our march into Serbia continues to increase. Despite all efforts of the Serbians, in whose ranks are British officers, and who use British artillery, the river crossing has been accomplished according to the plan made."

"The enemy attempted with all means at his disposal to hold his line of defense. Though he subjected those of our troops who crossed the river to a murderous fire, the latter nevertheless succeeded in attaining Serbian territory."

"A severe battle raged about Belgrade, where the Serbians offered particularly bitter opposition. Nevertheless we succeeded in reaching the newly installed connections over the Save and invaded the northern portion of the city, where our troops remained until reinforcements arrived."

"A bloody battle followed in the alleys. In the northern part of Belgrade a terrible encounter with bayonets raged for two days and nights. The Serbians were pushed back step by step in these fights, and finally had to surrender the whole city."

ALL SERBIANS ARMED. London, Oct. 11.—The Austro-German armies, which with the help of their giant 305 millimeter guns crossed the Danube and Save and occupied Belgrade, are meeting with stubborn resistance at the Serbian advance defenses but have not yet come in contact with the main Serbian forces.

The Serbian plan of campaign depends considerably on the amount of assistance it will receive from allied troops, but it is not believed an attempt, in any event, will be made to make a decided stand north of the mountain range near Krugovatz, which already has proved to be a line offering superb facilities for defense.

The population of Macedonian Serbia has gathered into bands with the object of repulsing a possible Bulgarian attack. In addition to 300,000 soldiers, a million Serbians of both sexes and all ages are said to be ready to dispute all attempts at Austro-German-Bulgarian conquest.

Soon to Be Mrs. President

MRS. NORMAN GALT

Announcement of the engagement of President Woodrow Wilson to Mrs. Norman Galt, widow of a millionaire jeweler of Washington, D. C., was followed shortly by news that the wedding would take place early in December at the home of the bride. Mrs. Galt is considered one of the most charming hostesses in Washington. She is 38 years old. The president is 53.

President Wilson and Mrs. Norman Galt, his fiancée, today began making preliminary arrangements for their wedding. A wedding trip is considered but the place has not been revealed and may be kept secret for a time. The presidential yacht Mayflower may be used.

Congratulations from all parts of the world continued to arrive at the white house. One cablegram came from President Cabrera of Guatemala. The president is answering personally the messages.

Despite reports that the wedding might be held very soon, it was said today in well informed quarters that the plans still were for a wedding early in December in Mrs. Galt's home here.

CHICAGO CRIME DUE TO SALOONS?

CLOSING UP OF BARS ON SUNDAY CAUSES RECORD SMALL NUMBER OF ARRESTS.

Chicago, Oct. 11.—Closing saloons in Chicago on Sunday for the first time in forty-four years resulted in the day passing with the lowest crime record in the history of the police department. Chief of Police Healey announced today.

Out of the 7,152 saloons in the city, only twenty-eight were found to have violated Mayor Thompson's closing order, which became effective yesterday. Most of the violations were of a minor character. But one saloon keeper was arrested. Hardly an intoxicated person was seen on the streets.

Chicago for the most part stayed at home. There was a marked increase, however, in the theaters, the movies doing a rushing business. Saloons in the suburban districts, where the state closing law was not enforced, received an unusually brisk trade from automobile parties.

There were only sixteen arrests made for drunkenness yesterday, and forty-seven on Saturday, according to incomplete records, as compared with 248 as the usual number of arrests for the two days.

Closing the saloons gave twenty thousand saloon employees a day of rest, it was figured. Some of the downtown bars and a few in the densely populated districts opened their places for business between last midnight and 1 o'clock this morning, but the amount of trade was not up to expectations.

Basing an opinion that every saloon averaged a \$60 business on Sunday, liquor interests pointed out that the saloon keepers, collectively, lost nearly \$400,000 yesterday as a result of being obliged to close.

ROCKEFELLER GOES EAST. Chicago, Oct. 11.—John D. Rockefeller, Jr., arrived here today from Denver. He took an automobile ride through the south side parks and left later for New York.

SECOND WEEK OF BIG FRUIT CASE NOW UNDERWAY

Cases Involving \$15,000 and 45,000 Bushels of Peaches Is On

ASK THIRD TRIAL OF DAMAGE ACTION

Bennett - Warner Personal Injury Suit Up Again; Was Tried Twice

The second week of the E. H. Emery & Co., actions were begun this morning before Judge C. W. Vermilion in the district court. Prediction of court officials is that the cases will not be concluded this week, although the term is scheduled to close Saturday, October 18. The cases, which involve damages amounting to nearly \$16,000 on 45,000 bushels of peaches, are being stiffly contested by counsel for the local fruit house and the representatives of the railroads and refrigeration companies concerned.

Motion for a new trial has been filed in the case of Robert Bennett vs. J. L. Warner et al. This action, which was the second trial, was heard week before last and resulted in a verdict of \$8,000 damages for alleged personal injuries. J. A. Silvers & Co., has filed a petition with the clerk against the C. B. & Q. R. Co. The concern asks damages amounting to \$130.64 for the alleged injury to cases of eggs shipped from Stockport and Baxley to New York and Chicago.

C. B. Miller has petitioned the court to give him judgment of \$37.50 and interest against J. S. Reno for the services of a stallion. O. D. Tisdale vs. Ben F. Little et al., is the title of a suit filed in which a judgment and the foreclosure of a mortgage is asked.

VOLUNTEERS BEGIN LAST WEEK'S WORK

Chicago, Oct. 11.—The five hundred civilians enrolled in the military training camp at Fort Sheridan started on their final week of instruction today facing a strenuous program.

Because of the large amount of unfinished work mapped out for the recruits, the plan to invade Chicago on Thursday has been abandoned, it was announced. Instead the civilian soldiers will engage in maneuvers with sailors from the Great Lakes naval training station at Lake Bluff.

Two companies from the Culver military academy joined the camp today to practice with the civilians for the remainder of the week. There are 120 cadets in the companies.

BRAND WHITLOCK IS SICK IN BED

The Hague, Oct. 11.—Letters received here from Brussels state that Brand Whitlock, American minister to Belgium, is confined to his bed. His illness is due in part to the strain to which he has been subjected as mediator between Belgians and Germans.

Although advised by friends to leave Belgium for a rest, Mr. Whitlock declines to do so. Belgians from all parts of the country are constantly going to him for assistance.

GREEK STEAMER IS SENT TO BOTTOM

Paris, Oct. 11.—The Greek steamer Dimitrios, owned in Andros, was torpedoed October 6 by an Austrian submarine southeast of Stedly, according to a communication from the British legation to the Havas correspondent at Athens. The crew was saved by a French oil steamer.

The loss of the Dimitrios was announced in London yesterday but no details were given as to her fate or how she was sunk.

NEW PROTEST IS READY

Wilson Studies Document That Is Soon to Go Forward to the British Government.

Washington, D. C., Oct. 11.—President Wilson today studied the long note prepared by Secretary Lansing, answering the several notes received in the last few months from Great Britain on the subject of interference with American trade. The note, which has been delayed largely because the president wanted to keep it apart from the controversy with Germany, is now expected to go forward within a few days.

The case of the American meat packers is covered in a broad general way in the same note although specific cases are being dealt with in separate communications.

BRITISH LOSSES GROWING

Official Report Shows Many Soldiers Killed in First Week of the Present Month.

London, Oct. 11.—British casualties reported since October 1 amount to more than 21,000. The week end casualty list published today gives 200 officers and 4,300 men. This brings up the total casualties published in the London papers since the first of the month to 931 officers and 20,351 men.
