Philadelphia Makes Strong Bid for Game But Sox Come From Behind

RED SOX, 5; PHILLIES, 4

Philadelphia, Oct. 13.—The Boston Americans are the world's champions of 1915. The Red Sox defeated the Philadelphia Nationals by a score of 5 to 4 today in a game which was nip and tuck until the finish. Twice Philadelphia took the lead only to be tied and Harry Hooper finally clinched it for the American league champions by smashing a home run into the right center stands. It was Hooper's big black bludgeon that put the Red Sox across winners, the California boy smashing out two home runs during the game. Duffy Lewis was another hero for Boston, his home run clout in the eighth inning sending in a run ahead of him and tying the score when it looked like a Philadelphia victory.

Philadelphia, Oct. 13.—The Philadelphia National baseball team and the Boston Americans were given an enthusiastic reception on their arrival here today from Boston. Followers of the Phillies still were optimistic in spite of the three defeats suffered by their favorites, while the Royal Rooters and other Boston fans were jubilant in anticipation of a victory today which would clinch the premier title for the Red Sox.

Weather today was all that could be desired, both from the standpoint of the player and spectator. National league park, the playing field, was in first class condition, no rain having fallen for nearly a week.

The fact that Boston has won three of the four games played did not appear to decrease the interest in today's contest and the demand for tickets equaled if it did not surpass that for the opening game last Friday.

Governor Brumbaugh and members of his official family represented the state and Mayor Blankenburg the city at today's contest. The governor has just returned from an automobile tour of Pennsylvania. Like President Wilson and Mayor Blankenburg, he is an enthusiastic follower of the game.

There was very little Philadelphia money in sight here, either on today's game or the final result of the series. Some bets were placed however, at odds of 3 to 1 that Boston would take the series and 5 to 4 and even money that they would win today.

As the Boston club took the field for practice, Governor Brumbaugh with his party entered the gubernatorial box near the Boston players' bench. The governor was greeted by former Governor Toner, now the president of the National League, and while the two shook hands, the crowd cheered.

Alexander and Mayer warmed up for Philadelphia, while George Foster unlimbered his arm for Boston.

A large floral horseshoe was presented to Grover Cleveland Alexander by admiring friends just before umpire Klem called play.

ATTACK TO BE MADE ON BORDER TOWN

El Paso, Texas, Oct. 13.—An attack on Agua Prieta, the only remaining Carranza garrison in Sonora, is in preparation, according to advices received last night by Villa officials in Juarez. The agreement effected some months ago at Naco through General Hugh L. Scott, American chief of staff providing for the neutrality of border points, will be ignored, it was stated. The forces of General Calles, it was said, would be attacked by overwhelming Villa forces, and flight across the American border was predicted. General Villa is reported as being at Casas Grandes.

HEIR TO MILLIONS HELPS YALE CREW

Moline, Ill., Oct. 13.—Charles Deere Wiman, heir to the Deere millions, arrived home here yesterday. A few hours later a telegram came to him from Guy Nichols, head coach in rowing at Yale, asking Wiman to accept a post as first assistant coach under him. Then came a telegram from Seth Lowe, son of the former mayor of New York, urging acceptance of Nichols' offer. Wiman, who was a member of last year's varsity crew, departed last night to take up his work as coach.

Play by Play Story of Game

FIRST INNING.
RED SOX—A murmur of surprise went up when Mayer was announced as Philadelphia's pitcher. Hooper singled to center on the first ball pitched. Scott fouled out to Luderus attempting to sacrifice. Speaker forced Hooper at second, Luderus to Bancroft. Speaker was out stealing, Burns to Bancroft. Speaker kicked on the decision. No runs, one hit, no errors.

PHILLIES—Stock was hit by a pitched ball which nipped him on the shoulder. Bancroft singled to left, Stock going to second. Paskert bunted safely and the bases were filled. The Boston players made a kick on O'Loughlin's decision at first which was close. A double play followed. Foster took Cravath's grounder and threw to Thomas and Stock was out. Thomas then threw out Cravath at first. Bancroft and Paskert scored on Luderus' double to left center. Whitted fled out to Speaker. Two runs, three hits, no errors.

SECOND INNING.
RED SOX—Hoblitzel went out, Luderus to Mayer. Bancroft threw out Lewis at first. Gardner hit a long three base hit to right center. The ball bounced nearly to the top of the fence. Six inches higher and Gardner would have had a home run. Gardner scored on Barry's Texas leaguer to left. Thomas singled to center. Barry went to second. Foster popped out to Luderus. One run, three hits, no errors.

PHILLIES—Niehoff fanned on three pitched balls. Burns sent up a high one to Gardner. Mayer fanned. No runs, no hits, no errors.

THIRD INNING.
RED SOX—Hooper got a home run to the center field bleachers. Scott fled out to Paskert. Speaker shot a single to right. On the Boston's grounds it would have been a three bagger or a home run. Boston's hitting was too much for Mayer and Captain Luderus replaced him with the left hander, Rixey. Hoblitzel was withdrawn and Gainer was substituted. A double play followed. Bancroft took Gainer's grounder, touched second, forced Speaker and then threw out Gainer at first. One run, two hits, no errors.

PHILLIES—Gardner threw out Stock at first. Bancroft fled out to Hooper. Paskert put a single over second and was out stealing. Thomas to Scott. No runs, one hit, no errors.

FOURTH INNING.
RED SOX—Lewis out on a fly to Whitted. Gardner walked. Rixey showed a very wide curve. Barry forced Gardner at second, Stock to Niehoff. Thomas fled out to Cravath. No runs, no hits, no errors.

PHILLIES—Cravath struck out. Luderus scored on a home run drive over the right field fence. The crowd gave him an ovation as he crossed the plate. Whitted fled out to Gardner. Niehoff singled to center. It was his first hit in the series. Burns singled to right, sending Niehoff to third. Niehoff scored when Gardner, retrieving Hooper's long throw from the fence, made a wild throw home. Burns went to second. Gardner threw out Rixey at first. Two runs, three hits, one error.

WAR DECLARED BY BULGARIAN KING

Serbs Are Notified Twenty-four Hours After the Invasion Is Started

RUSSIAN SUCCESS IN GALICIA CONFIRMED

French Are Resuming Their Offensive Movement on the Western Front

London, Oct. 13.—Bulgaria has declared war on Serbia, says a Central News dispatch from Paris.

Bucharest, Oct. 12.—(Via Paris)—Oct. 13.—A dispatch from the Bulgarian frontier states that a declaration of war against Serbia will be posted throughout Bulgaria tonight.

Petrograd, Oct. 13.—Russians on the southern front, eastern Galicia, have pierced the last line of Austrian defenses on the Stripa river and stormed one of the strongest points on the Austro-German right flank.

The decision of Bulgaria, the twelfth nation to enter the war, to join the ranks of the belligerents on the side of Germany, Austria and Turkey, was reached only after a diplomatic duel waged for months between representatives of the Teutonic allies and the quadruple entente. Each side offered tempting inducements in an effort to gain another ally, but the Bulgarian government finally decided Germany and her friends had made the higher bid.

Bulgaria is rated as one of the most powerful of the Christian Balkan states. Her army, while considerably smaller than that of her neighbor, Rumania, is well drilled and equipped. Her military strength on a peace footing is only about 56,000, but in time of war she is able to put into the field something like 300,000 men.

Robbed of Victory.
Since the second Balkan war in which Bulgaria fought Greece, Serbia and Montenegro, after the victory of all four nations against Turkey, Bulgaria has been isolated to a certain extent from the other Balkan states. The second war, which resulted from a dispute as to the division of territory won from Turkey, was not participated in by Rumania, which also kept out of the first Balkan conflict. Rumanian troops invaded Bulgaria, however, and forced the latter to make territorial concessions.

When peace was finally restored Bulgaria was compelled to relinquish a large part of the territory she had gained in the first war. The ill feeling thus engendered made it doubtful whether Bulgaria would consent to enter the present war on the side of Serbia and Montenegro. She steadfastly refused to abandon neutrality unless assured of territorial concessions which would enable her to realize her national aspirations. Chief of these was to regain those sections of Macedonia populated chiefly by Bulgarians which now belong to Serbia and Greece. She also sought a section of Turkish territory.

German Diplomacy Scores.
The first important victory of German diplomacy was scored when Turkey was induced to cede Bulgaria

AEROPLANE MAKER SELLS HIS BUSINESS

New York, Oct. 13.—Orville Wright has sold his interest in the Wright Aeroplane Co., at Dayton, O., to a syndicate consisting of William B. Thompson August H. Wiggin, president of the Chase National bank of New York and T. Frank Manville of the H. W. Johnson-Manville Co., according to an announcement made here today.

Dayton, O., Oct. 13.—When asked today regarding the purchase of the Wright aeroplane plant here, Orville Wright said the sale included everything—factory, equipment, grounds, patents and a long time lease on the aviation field.

The deal, it is reported, involved in the neighborhood of \$1,500,000. Mr. Wright has been ill for nearly a year and announced today that he would take a rest for at least a year.

FOUR MUSCATINE BOYS ARE KILLED

Muscataine, Oct. 13.—Four boys were buried alive Tuesday in the collapse of a cave they had excavated in the side of a hill. The dead: John Gauthier, aged 14. Charles Beckley, aged 13. Harry Davidson, aged 16. Glen Thompson, colored, aged 13. The boys had planned to cook a supper in the cave. When the collapse came their cries brought neighbors, but all four were suffocated before the rescuers could reach them.

ENGLISH LEADERS DEMAND A RULING ON CONSCRIPTION

FACTION IN THE CABINET WANTS A DEFINITE ANSWER ON RECRUIT PROBLEM.

London, Oct. 13.—The parliamentary correspondent of the Daily News asserts that the conscriptionist members of the cabinet, headed by Winston Spencer Churchill and Earl Curzon, will make a renewed attempt at today's cabinet meeting to force the issue and obtain a definite ruling for or against conscription.

The conscriptionist members believe, the News continues, that Earl Kitchener is more inclined to their view than he was a month ago, and they also believe that if the British government should announce adoption of conscription at the present juncture, when a new war is beginning in the Balkans, it would have a striking effect on the military situation.

Several liberal members of parliament are urging the government to appoint a committee to investigate the circumstances under which the Dardanelles expedition was begun and the manner in which it has been conducted. It is considered doubtful that the government will consent.

GREECE REFUSES AID.

Paris, Oct. 13.—After the adjournment of Greek chamber, says a correspondent to the Matin, Former Premier Venizelos called a meeting of supporters, who constitute a majority of the chamber, and informed them that in view of the present circumstances it would be advisable to adopt a tolerant attitude towards the new cabinet. This would be done, he said, to avoid a crisis, the consequences of which might be grave, and to avoid giving a pretext for the dissolution of parliament.

The Athens correspondent of the Matin says he has learned from a diplomatic source that the Serbian government, having raised at Athens the question of Greece being called on to give her support under the terms of the treaty of alliance, the Greek government replied that the present aggressive action of Bulgaria had not a purely Balkan character and therefore did not come within the provisions of the Greco-Serbian treaty.

FRENCH REPULSE FOE.

Paris, Oct. 13.—The Germans last evening attacked the French positions near Souchez, according to the announcement made this afternoon by the French war office, and were everywhere repulsed.

There has been artillery fighting of particular intensity between the Somme and the Oise, near Andechy, and to the east of Rheims. German batteries have delivered a violent fire south of Tahure and east of Butte de Meul.

In the Vosges the Germans gained possession of a French trench.

GERMANS ADVANCING.

Berlin, Oct. 13.—The Austro-German invasion of Serbia is making progress, the war office announced today, although the Serbians by their resistance are interfering to some extent with the advance. A village and other positions south of Belgrade have been captured.

LOAN IS APPROVED.

London, Oct. 13.—The American loan bill which was sanctioned yesterday by the house of commons, passed through all its stages in the house of lords today and immediately thereafter received the royal assent.

FRENCH FOREIGN MINISTER QUILTS

Paris, Oct. 13.—Foreign Minister Delcasse resigned today. His resignation was accepted.

Premier Viviani announced the resignation of M. Delcasse and its acceptance, at a meeting of the cabinet today, presided over by President Poincare. It was decided that the premier should take over the portfolio of foreign affairs, with the presidency of the council of ministers.

Theophile Delcasse has been one of the foremost of France's statesmen for twenty-five years, having to his credit, above all else, the inspiration which led to the formation of the Anglo-French entente cordiale. He also credited with an effective interest in settlement of differences between Russia and Great Britain, making possible the formation of the triple entente.

As foreign minister in a former cabinet, M. Delcasse aroused the bitter hostility of Germany, where it was believed his policy aimed at the political isolation of that nation.

GRAIN DEALERS IN CLOSING SESSION

Peoria, Ill., Oct. 13.—Interest today at the Grain Dealers' national convention here centered in the election of officers for the ensuing year, the reelection of President Lee G. Metcalf of Illinois, Ill., being practically assured. The election takes place this afternoon.

The selection of the convention for 1916 is left with the board of directors, whose decision is to be made later. Baltimore is said to be the favorite, though a strong bid for the honor has been made by Sioux City, Iowa, and San Francisco.

This morning's program opened with an address on "Problems in grain marketing," by Professor George Livingston of the United States department of agriculture.

CHARLESTON VOTE MUST BE RECOUNTED

Charleston, S. C., Oct. 13.—Tensty in the fight in the domestic municipal primaries yesterday which caused Governor Manning to hold state troops under arms, was reflected today in the count of votes in the mayoralty race. Out of more than 6,000 votes cast, Mayor Tristram T. Hyde had an apparent majority of nineteen over Mayor John P. Grace. More than 100 votes have been contested and it will take an official count to determine who won. Nomination is equivalent to election. The national guardsmen were released from their armories today. No unusual disorder occurred yesterday or last night.

TO DOUBLE NAVAL POWER OF U. S. IN NEXT FIVE YEARS

SECRETARY DANIELS PREPARES PROGRAM FOR NEW FLEET OF BATTLE CRUISERS.

Washington, D. C., Oct. 13.—A new American fleet of dreadnaughts, battle cruisers, submarines and other necessary auxiliaries is contemplated by Secretary Daniels.

A five year naval program is proposed, at the end of which time from fifteen to twenty dreadnaughts and battle cruisers, nearly one hundred submarines, about seventy destroyers and several scout cruisers and a proportionate number of auxiliaries would be added to the present fleet. With the seventy submarines already built and building, the total undersea craft would total about 170 in five years.

The entire program for the first year, which would include provision for at least 8,000 additional men for the ships, would, it is estimated, cost approximately \$248,000,000, or about \$100,000,000 increase over last year. The completed program probably will be laid before President Wilson within a few days by Secretary Daniels. They are agreed that it will be necessary to practically double the present fleet in the next five years in order to be adequately prepared for defense.

IMPORTANT DISCOVERY.

Washington, D. C., Oct. 13.—Sending of radiograms by vessels at sea without revealing the approximate location of the ship dispatching the message—a problem which has confronted naval strategists since the discovery of wireless communication—virtually has been accomplished. Experiments of this order, made by the "enemy" divisions of the Atlantic fleet during the recent war game, were said by naval officials today to have been highly satisfactory.

During the time the two forces were engaged in the maneuvers, one moving to attack the coast and the other to defend it, the vessels were in constant communication with the navy yards and supply stations ashore, but neither force was able to determine the location of the other by use of the wireless. The messages were disguised by means known only to the navy department, and for the first time in the history of the war game maneuver, they gave the vessels intercepting them no indication as to where they came from or what force of wave length had been used in transmission.

TESTING INCOME TAX

Constitutionality of Law is Put Up to the Supreme Court of the United States.

Washington, D. C., Oct. 13.—An annual revenue to the government of \$82,000,000 depends on the outcome of arguments today before the supreme court on the constitutionality of the income tax. The first cases to reach the court under the new system of federal taxation and the first involving amendment were at issue.

Attacking the law were corporations objecting to the law in part and as an entirety; mining companies voicing objections to the tax on mining income; and individuals, attacking principally the additional tax on incomes in excess of \$20,000. The main defense of the law has been prepared by the government.

GERMAN SHIP TORPEDOED

British Submarines Active in The Baltic Sea; Traffic With Sweden Is Interrupted.

Copenhagen, Oct. 13.—Another German steamship has been destroyed as a result of the British submarine campaign in the Baltic, undertaken to prevent Germany from receiving supplies from Scandinavia. The German steamer Walter Leonhardt, 1,261 tons gross, was blown up and sunk in the Baltic yesterday by a British submarine after her crew had been permitted to take to the small boats.

IOWANS COMPLAIN ON RAILWAY RATES

Washington, D. C., Oct. 13.—The Iowa state railway commissioners complained today to the interstate commerce commission that the Baltimore & Ohio and other railroads charged lower freight rates between cities on the lower Mississippi and points in eastern territory, than from Iowa cities on the upper Mississippi and the same destination, discriminating against the upper Mississippi cities.

COTTON LAW INVALID.

New York, Oct. 13.—Federal Judge Hough today handed down a decision declaring unconstitutional the law known as the cotton futures act. He rendered judgment in favor of Daniel T. Hubbard and others in a suit to recover damages for assessments made and collected by the collector of internal revenue.

KENDALL THINKS BIGOTRY SHOWS SIGNS OF WANING

Former Congressman Talks on Wave of Intolerance Toward Catholics

HONOR MEMORY OF GREAT DISCOVERER

K. of C. and D. of I. Observe Columbus Day With Good Program

"This gospel of hate, envy and malice, this crusade against Catholicism will fall; first, because we know the Catholics; second, because we know the crusaders; third, because intelligence is at a premium in this country and fourth, because ignorance is impotent. The priests have been maligned, the nuns traduced and the church vilified. Yet Catholics have sustained a wonderful composure through it all and have retained their self respect. It will subside. God is in His Heaven and all's well with the world."

This was said by N. E. Kendall of Albia, former congressman from the sixth district of Iowa, in an address which he made Tuesday evening at the K. of C. hall as the closing number of the program which was held throughout the day by the Daughters of Isabella and the Knights of Columbus in commemoration of Columbus day. The words were spoken by one who, as he says himself, "is not a Catholic, nor a member of the Knights of Columbus nor eligible to be one." Mr. Kendall said at the beginning of his talk that he had intended to discuss the merits and worth of Christopher Columbus for he considered that, not since the great tragedy at Calvary, had any event transpired which had meant so much to the world as the discovery of America. But, the speaker related, that shortly after it was announced in the public press that he would speak at this meeting, a publication, whose name he would not pronounce, was sent to him, containing a marked editorial about a certain man named John C. McGuire being defeated for office and how others would go the same route if they did not steer clear of Romanish affiliations. Mr. Kendall denounced in bitter terms the editorial in detail that he was not running for any office at this time nor did he intend to in the future. The audience, Protestant and Catholic alike applauded him warmly for these remarks.

Quotes Dr. Gladden.
"Such action is insidious in its suggestiveness. It disturbs my temper, shocks me by its audacity and yet amuses me when I encounter its spirit of intolerance. I can say all these things, I feel, without any impropriety, for I am not a Catholic nor even a communicant of any church." The speaker then asked to set over against the marked editorial which he had read, another written for the official Congressional paper by its editor, Dr. Gladden, in which that eminent man advises his people not to circulate rumors prejudicial to Catholics that he will not stand the test of investigation. He says that the Catholic people put to shame their Protestant brothers in their zeal for their faith and the sacrifices they make for it. Mr. Kendall sums up the intolerant spirit as the difference between love and hate, civilization and savagery, religion and superstition, charity and enlightenment, proscription and ignorance.

HOPE FOR PEACE IN CHICAGO STRIKE

Chicago, Oct. 13.—First steps for peace in the garment workers' strike were taken today when representatives of the employers agreed to meet with the aldermanic investigating committee to consider a plan of arbitration.

The meeting will be held tomorrow. In the event a plan is agreed on, union leaders indicate that they will send the strikers back to work.

Chicago, Oct. 13.—A dozen or more men, said to be striking garment workers, assaulted the driver of an automobile truck today, took a consignment of garments made by nonunion workers from the vehicle and threw it into the river.

DEMAND SALARY RAISE.

East Liverpool, O., Oct. 13.—Kiln men in the general ware potteries today presented a demand for an increase of fifty cents a day, bringing their pay to \$4. with the alternative that they would strike on Monday next.
