Stock Market

New York, May 22.—Irregular movements of the first hour of Wall street opening today indicated incessant realizing. St. Paul made an extreme gain of two points and other leaders improved until opening prices before the reaction became pronounced. Canadian Pacific declined sharply. Other rails yielded more moderately. Trading drifted to the munitions and similar shares with gains of 1 to 2 points for Crucible, the Locomotive, New York Air Brake, American Car and Industrial Alcohol, Motors and copper and zinc issues were higher, but United States Steel was relatively backward. Bonds were firm. The upward swing in the stock market was renewed on the resumption of trading today, rails again leading the movement. Transcontinentals were in particular demand. Union Pacific opened with 2,500 shares at a maximum gain of 1/2 which soon increased to 1 1/2, with 1/4 for Canadian Pacific. Reading showed an early gain of a substantial fraction and Lehigh Valley, St. Paul, Atchison, New York Central and New York & Western were active at higher levels. Coppers, as well as leading specialties, showed further improvement. The closing was strong.

Grain Review

Chicago, May 22.—Prospects that despite lessened acreage the Nebraska yield this season might equal the amount harvested in 1915 had a bearish influence today on the wheat market. Reports were received that conditions throughout the state were nearly perfect and that great improvement had been made in the last ten days. Apparent demand for wheat was moderate. Opening prices, which ranged from 1/4 off to 1/2 up, with July at 1 1/2 to 1 1/2, and September at 1 1/2 to 1 1/2, were followed by a material setback all around. An official forecast of 108,000,000 bushels in Kansas this year led afterward to a sharp break in values. The close was weak, 3 to 3 1/2% net lower, with July at 1 1/2% and September at 1 1/2% to 1 1/2%. Predictions of enlarged receipts eased the corn market. There was no urgent pressure, though, from sellers. After opening 1/4 down to 1/4 advance, prices underwrote a moderate general sale. Corn dropped decidedly lower with wheat. The close was heavy, at 2 1/2 to 2 1/2% net decline. Oats declined with other grain. Fine weather to promote growth gave an advantage to the bears. Lower quotations on hogs weakened provisions. There was a noticeable absence of support.

"Some hat," said a man who saw it on Mrs. Hopkins, but then Mrs. Hopkins' looks added considerably to the effect of the hat. The lower hat is shown on Miss Esma Covert of Chicago. It will be worn by the 20,000 or more women of the National American woman suffrage association who will parade in Chicago for the benefit of the delegates to the national republican convention. This is the organization of which Mrs. Carrie Chapman Catt is the leader. It is just a plain straw with a yellow band. The cost was 20 cents.
