## POLITICAL ADVERTISEMENT

### TO THE REPUBLICAN VOTERS OF WAPELLO COUNTY:

For the third time I am a candidate for the office of clerk of the district courts.  
At the 1910 election I was defeated by 72 votes, while the average democratic majority for county officers was over 1,000. Again in 1912 I lost by a small majority when there was a large average majority given the democratic candidates for the other county offices. Taking into consideration the fact that in both the above named democratic years, for any county office, I believe I am justified in trying for the republican nomination this year for the office of county clerk.  
As to my qualifications for, and ability to perform the duties pertaining to the office, I have no hesitancy in referring you to any and all of the persons who are now connected with the present city administration, either as an officer or laborer in any capacity.  
The work connected with the office of city clerk is such that, at this time I cannot take the time to make a personal campaign without neglecting the city's business, so I will have to make my appeal a general one through the advertising medium of the newspaper.  
Thanking you in advance for any assistance you can give me at the primary election, I am

FRANK T. LYNCH, At present, City Clerk.

## Stock Market

New York, May 26.—Trading quickened after the opening today and dealings shifted to the rubber group with a gain of almost two points. St. Paul, Boston, and other stocks resumed their activity, rising over two points, with as much for Continental Can and a further gain for American Coal Products. Reading added another point to its opening advance but other rails were dull and mostly heavy. Operations dwindled at midday. Bonds were steady.  
Irregular tendencies were manifested at the opening of today's market, international issues and shipping shares, as national specialties recording lower prices. These were partly counterbalanced by gains of a point or more for Reading, American Smelting, Chandler Motors and some of the inactive stocks. Trading was light and circumscribed. The closing was irregular.

## Grain Review

Chicago, May 26.—Wheat prices ran up today, influenced by reports of deterioration in Kansas crops. The opening, which ranged from a shade to 1 1/2c higher, with July at \$1.10 3/4 to \$1.10 1/2 and September at \$1.13 1/4 to \$1.13 1/2, was followed by a decided further advance.  
The close was steady at 1 1/4 to 1 1/2c net advance.  
Corn responded to the strength of wheat. After opening 1/4c up, the market scored a substantial gain all around.  
Predictions that receipts would materially increase next week led to a reaction. The close was weak 1/4c lower to 1/2c higher, as compared with yesterday's finish.  
Damage reports from the southwest lifted oats.  
Provisions gave way owing to a decline in the hog market. On the break, however, demand sprang up for lard and ribs.

## CURTAIN WAR, IS PLEA OF LEAGUE

The object of the League to Enforce Peace is not to urge President Wilson to take steps to stop the present war. Former President Taft declared today: "We are not here," he said, "to urge upon the administration steps to stop the present war. Not that we are not hopeful that such steps may be taken, but we believe that a definite purpose, a purpose with limitations for an association like this, is much more likely to be realized than a general platform for the benefit of humanity."  
The league hoped, Mr. Taft said, for a world agreement on a method to make war less probable.
