## FIND MAN'S BODY ON FRONT PORCH

### PAUL BOWMAN DIES DURING THE NIGHT AT WILLIAM TOWN. SEND HOME.

Paul Bowman, aged 27 years, son of Mr. and Mrs. Benjamin Bowman, 1508 West Second street, was found dead this morning about 5:30 o'clock on the front porch at the William Townsend home, on South Benton street. His death is attributed by Coroner H. A. Spillman to natural causes.

Bowman, left his home Sunday afternoon about 2:30 o'clock. His health has been poor of late. He visited the Townsend home Sunday night about 10:30 o'clock and sat down on the front porch. William Foy is said to have tried to take the young man home as he had been drinking, but he refused. The family then went to bed.

Coroner H. A. Spillman took charge of the body but it is quite probable that no inquest will be held. The embalming of the body was delayed as it was first thought that there would be a post mortem examination.

The deceased is survived by his parents. The arrangements for the funeral have not been made.

## BINKS TELLS OF FT. BROWN REVIEW

### IN LETTER TO FRIEND, THE CORPORAL RELATES MUCH OF CAMP ACTIVITIES.

Corp. Phil Binks, erstwhile Courier special representative in the guardsmen's camp at Brownsville, whose work in that line was curtailed by the order forbidding correspondents in the guard to write for newspapers, has kept his friends and fellow employees of The Courier informed on the daily happenings in camp by private letter. The last of these to be received by a member of The Courier force, is published as follows:

Brownsville, Tex., Aug. 8  
Will continue my notes on the doings in the Third Iowa Infantry, Victoria Heights, Brownsville, Texas.

On Saturday all the infantry troops and machine gun companies stationed near Brownsville passed in review before Gen. Parker. There were two regiments of regulars, the fourth and thirty-seventh infantry stationed at Ft. Brown; first, second and third Iowa infantry and the first and second Virginia infantry. The troops assembled on the drill grounds of Ft. Brown promptly at 8:30 o'clock. This event proved very interesting to the boys, there being 15,000 men on the grounds. The Iowa boys showed up very well in this maneuver.

The members of the Iowa brigade have made a very good impression on the citizens of Brownsville and are treated with the greatest of respect whenever they pay the city a visit. The newspapers of the city have only the best of words to speak for the boys from Iowa. They often remark of the physical condition of the boys from the Hawkeye state. One old man said, as we were marching by: "What do they feed you fellows at home, anyway?"

We have with us at present a regular army sergeant, who is aiding us in the military drills. The boys are progressing rapidly under the regular army instructors and will soon be in the best of condition. Our drills are not as lengthy as they were at Camp Dodge; but are much better and the discipline very good. We have an hour's hike from 6:55 to 7:55 and then a short rest. At 8:20 we go on the field for two hour's drill and then a short rest before privates' school, which lasts an hour. The privates are then off duty until four o'clock in the afternoon when they drill for one hour more. The non-com school is held from 1 to 2 o'clock under the supervision of Captain Field of the thirty-sixth U. S. I. Captain Field also has charge of the commissioned officers' school which is held from 2 to 3 o'clock.

There are cots, board floors and new square tents on the way to the Iowa brigade; which will help much to make the camp more comfortable. This will make us as well equipped as the regular army.

Our bath houses are now in good running order, which of course provides one of the most important camp sanitation. There was an inspection of the boys' feet yesterday by the army foot specialist. All who did not meet the requirements will have special attention given them.

Co. H had the misfortune to lose one of their comrades yesterday. Private Frank Small of Oskaloosa. The company accompanied the remains to the depot. He died shortly after an operation for appendicitis.

The boys are giving an old fashioned square dance on the company street tonight. "The sound" of the "Aggleback Owens" voice makes it resemble a "Rabbit Run" dance.

Musician Canterbury thinks our water supply should be "fertilized" owing to the fact that it contains much sand from the bottom of the Rio Grande.

The water supply at our camp has been tied up for a few days because of the high water from the river, which overflowed and damaged the water mains.

The boys are in good physical condition and appear to be more contented with the camp life. They all seem to be in good spirits and hold their evening jubilees to the music of the mouth harp and mandolin.

The company baseball team is practicing on the grounds with the different commands of the regiment which have some very good teams lined up.

This is what we had for supper: mashed potatoes and gravy, beef, peaches, coffee and bread and butter. We have the promise of ham and eggs for breakfast in the morning. We are all planning on going to bed early and prepare to welcome the feast.

I don't believe anything could make a prettier picture than our camp on a moonlight night with the small trees quite trees and the boys gathered together singing old time melodies. There is a cool breeze from the gulf and a good night's sleep is assured after our day's work. It would be a pleasure for anyone back home to see and to know the difference in the spirit of the boys.

### MILITIA OFFICERS WANT TO GO HOME

Brownsville, Tex., Aug. 14.—Four officers of the first Illinois cavalry, all married, submitted applications today for honorable discharge from the federal service. The men assert the sacrifices demanded of them are too great in view of existing conditions.

The four whose resignations were forwarded to Maj. Gen. Funston for approval are:

Second Lieut. Boyden R. Sparkes, Springfield.

Second Lieut. Otto M. Frank, Chicago.

Second Lieut. Walter C. Wallace, Peoria.

Second Lieut. Floyd T. Vrooman, Chicago.

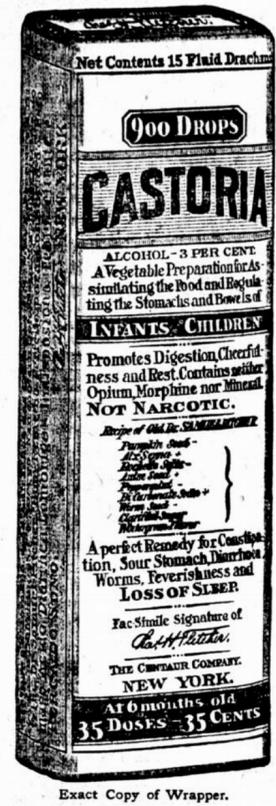

## A Word of Precaution.

JUST wherein lies the reason for the use of vegetable preparations for infants and children?

Why are any but vegetable preparations unsafe for infants and children? Why are Syrups, Cordials and Drops condemned by all Physicians and most laymen?

Why has the Government placed a ban on all preparations containing, among other poisonous drugs, Opium in its variously prepared forms and pleasing tastes, and under its innumerable names?

These are questions that every Mother will do well to inquire about. Any Physician will recommend the keeping of Fletcher's Castoria in the house for the common ailments of infants and children.

## Children Cry For Fletcher's CASTORIA

### Letters from Prominent Druggists addressed to Chas. H. Fletcher.

S. J. Briggs & Co., of Providence, R. I., say: "We have sold Fletcher's Castoria in our three stores for the past twenty years and consider it one of the best preparations on the market."

Mansur Drug Co., of St. Paul, Minn., says: "We are not in the habit of recommending proprietary medicines, but we never hesitate to say a good word for Castoria. It is a medical success."

Hegeman & Co., of New York City, N. Y., say: "We can say for your Castoria that it is one of the best selling preparations in our stores. That is conclusive evidence that it is satisfactory to the users."

W. H. Chapman, of Montreal, Que., says: "I have sold Fletcher's Castoria for many years and have yet to hear of one word other than praise of its virtues. I look upon your preparation as one of the few so called patent medicines having merit and unhesitatingly recommend it as a safe household remedy."
