TALBOTT WILL RETURN TO SIGOURNEY MONDAY

Sigourney, Oct. 5.—Judge John F. Talbott adjourned district court on Wednesday and returned to his home at Brooklyn. The judge will be back again next Monday when he will take up the jury work for the term. The first two cases on the assignment for next week are Joe Borrough vs. M. and St. L. railroad and Orla Smithhart vs. M. and St. L. railroad. These two cases are the result of the railroad accident that occurred at Martinsburg almost two years ago, when Borrough and Linn Smithhart were crossing the railroad right of way and were struck by a west bound passenger train. Borrough was severely injured and Smithhart was killed. The Borroughs case was tried about a year ago and resulted in a verdict for the plaintiff in the sum of \$5,000. An appeal was taken to the supreme court and the case was reversed. The case now stands for retrial.

ARMY HAS BEEN QUITE ACTIVE

LOCAL ORGANIZATION DOES MUCH TO RELIEVE SUFFERING OF CITY'S POOR.

The Salvation Army has been quite active in the relief of the poor of the city and in connection with its religious work has accomplished much to alleviate physical distress. The organization is alive and active and is now in the midst of an old time revival. Nineteen conversions have been made within the past two weeks, two of which the envoy calls the drum head conversions. The soldier's meeting Monday night resulted in two approaching the altar. Following is the report of the army's activities for the past two weeks:

We have given meals to thirty-one persons the last week, given eleven beds to men, taken care of four sick men and we personally thank the citizens of Ottumwa for making it possible for us to do so.

We have been able to give two stoves to deserving families, also clothing and shoes to many poor folks. We are badly in need of clothing and shoes, also can give out at least four mattresses to deserving families. Have one family that is badly in need of bedding of all kinds. If anyone has anything to help us in any way for the poor people, we will be glad to call and get the same and distribute it free of charge to all.

If you want to get a real blessing come to our meeting and see what we are doing. Last night we received a telephone message, jumped on the car and went to the call of a poor fellow who had trouble in his home. By the help of God, and by talking and praying a reconciliation took place between husband and wife and today they are a happy family thanking God and the Salvation Army for the blessing they received. Anyone knowing of any family in need or distress kindly notify the Salvation Army and we will be glad to help, them in any way they need help.

We appreciate the kindness of the Ottumwa people in the past and pray God to bless you abundantly for helping the Salvation Army.

YOM KIPPUR COMES SOON

CLIMAX OF JEWISH HOLIDAYS FROM FRIDAY EVENING TO SATURDAY NIGHT.

The Day of Atonement or "Yom Kippur," the tenth day of the month of Tishri, begins at sunset Friday, October 7, and ends at sunset Saturday, October 8. This day will be celebrated by local followers of the Jewish faith, as was announced by Rev. Rarrd Margolis, rabbi of the Ottumwa synagogue. It is on this day that sins are expected to be atoned for and it comes as a climax to the Jewish holiday season which began Wednesday evening, September 27 with New Year's Day and continued through the ten days of penitence.

The day is the most solemn of all days in the Jewish calendar. It is passed in fasting and prayer. The whole day is spent in the synagogue. In the evening there is the service which commences with the chanting of the well known Kol Dider prayer. The day proper has four services. Of these the Mussaf or additional service contains a description of the atonement rites as practiced in the ancient days in the Temple at Jerusalem. The service is understood to be held at the time when decision is finally made as to man's fate and thus the Nallah prayers instead of having the usual phrase "inscribe us in the book of life" uses the expression "Seal us in the book of life."

THOMAS EVANS DIES AT ALBIA HOSPITAL

Chariton, Oct. 5.—Thos. Evans of this city, who underwent an operation at the hospital in Albia for appendicitis last Saturday, died at that place Tuesday evening at eight o'clock. The remains were brought to Chariton yesterday and taken to the home of his parents, Mr. and Mrs. Wm. E. Evans. Funeral services were held at the Christian church this afternoon at two o'clock, conducted by Columbus Scott, of Lamoni, after which the remains were laid to rest in the Chariton cemetery. He is survived by a wife and two small children, also by his parents and several brothers and sisters. To these sorrowing ones the sympathy of many friends will be extended.

HELP YOURSELF FOR IT'S NOT PATENTED

The farmers near Ottumwa are becoming more and more a day. Some of them have their motor trucks and their motor plows and do as much of their work as possible with the aid of their gas engine. But it remained for a tiller of the soil near Kirksville to form a combination family bus and truck. Ottumwans on the streets the other night were surprised and amused to see an automobile jogging serenely along while attached behind it was a rumbly farm wagon containing a load of hogs destined for the packing house. After the people had had their laugh through, they passed many complimentary remarks on the ingenuity of the farmer.

PEOPLE'S PULPIT

Do not submit manuscripts with requests that they be returned if not used. The Courier will not return them.

Editor Courier: In a recent issue of your paper appeared an article under the heading, Ottumwa Needs a Park. We agree with the editor and we would like to suggest that among the different parks that comprise the Ottumwa park system, there is one that as far as natural advantages are concerned meets the requirements of the above named article.

It is known as Foster park, consisting of forty acres, has splendid drainage, has a grove of fine old oaks, a creek running through the center of it, is only three blocks from the new Wapello county sanitarium and a very short distance from the East Main street car line.

On account of its natural beauty and location it could, with but little expense, be made into an ideal park and would be a fitting memorial to its donor.

There is already one building on the ground, the other having burned a few years ago, but by adding to the present building a very substantial pavilion could be erected with a very small expense.

I believe it was this site that L. R. Clausen had in mind about two years ago when he said that commencing here and following the ravine north to the Country club was one of the most splendid natural locations for a boulevard he had found in the territory surrounding Ottumwa.

Of course at present it is not directly connected with street car service but being so close to the new sanitarium the two combined will soon command street car service.

We believe that Ottumwa should have one good park, one that will be in keeping with the advancement of our city in all other lines and we also believe that up to the present time at least that Foster park offers the ideal location where such a pleasure ground may be put in operation and maintained at a very nominal cost.

Respectfully, Clark H. Weir, John Kearns.
