

GREEK NAVY IS SWALLOWED UP BY THE ALLIES

All But Three Ships to Be Surrendered to Entente Within a Few Days

RUMANIANS STILL BEING FORCED BACK

London, Oct. 12.—Latest reports from Greece indicate that the demands of the entente fleet commander, calling for the turning over to the allies of nearly the entire Greek warship squadron and the dismantling of the coast defenses, will be complied with at once. Three ships are to be exempted by the allies, but all the others must be surrendered. It is explained that this is merely a precaution to assure the safety of the allied warships in Greek waters.

WAR SUMMARY.

Gen. Cadorna's reported success in the breaking of the Austrian line at several points southeast of Gorizia in the sudden renewal of the Italian drive toward Trieste is declared by entente correspondents at the front to have been effected in the face of strengthened Austrian lines, to which fresh troops recently were sent.

Vienna, in its latest statement, claims that the Italians have been driven out of many trenches they had penetrated and that fighting is being continued for possession of others. The Austrians took 1,400 men of the attacking forces. Rome has reported the capture of more than 5,000 prisoners in the course of the advance.

In Greek Macedonia, the entente allies have occupied several towns. The Bulgarians and the Serbs are fighting desperately in the vicinity of Monastir.

A lull again seems to have set in along the Somme front in northern France following the heavy fighting of the last day or two. London reports that no incidents of moment occurred last night.

RUMANIANS RETREAT.

Berlin, Oct. 12.—Tentative troops are pursuing the Rumanian forces on the whole eastern Transylvanian front, says today's official statement issued by the war office. The second Rumanian army, the announcement adds, has been driven back into the frontier positions.

BRITONS MAKE RAIDS.

London, Oct. 12.—An uneventful night along the British lines in the Somme region is reported in today's official statement. During the night, however, five raids were undertaken by the British in the Messines, Bois Grenier and Haines areas. Prisoners were taken and casualties inflicted, the announcement says.

NORSE STEAMER SINKS.

London, Oct. 12.—A Ruter dispatch from Christiania announces the sinking of the Norwegian steamer Birk of 715 tons. The crew was saved.

FORM NEW CABINET.

London, Oct. 12.—Gen. Zimbrakitis has been appointed minister of war in the Greek provisional government, organization of which is being completed at Saloniki, says a Ruter dispatch from Saloniki under date of October 10.

Gen. Zimbrakitis took the oath of allegiance on that day, adds the dispatch, in the presence of the three leading members of the provisional government, former Premier Venizelos, Vice Admiral Coundouriotis and Gen. Panoytis Danglis.

REICHSTAG TABOOS SUBMARINE ISSUE

Berlin, Oct. 11.—(By wireless to the Associated Press, via Bayville)—In the reichstag today Maj. Ernst Bassermann, leader of the national liberals, read a written report saying that the budget committee was unable to reach a decision on the submarine question but had voted 24 to 4 against a discussion of the subject in open session.

HURRICANE REPORTED.

Washington, D. C., Oct. 12.—American Consul Payne at St. Thomas reported today that the hurricane which swept the Danish West Indies Monday and Tuesday caused damage estimated at \$2,000,000 and left two-thirds of the native islanders in dire need of food clothing and shelter.

TO ERECT BIG HOSPITAL.

Dubuque, Oct. 12.—Fraternal and charitable societies have inaugurated a campaign for the erection of a \$75,000 hospital for the treatment of persons afflicted with tuberculosis. The proposition will be submitted to the voters at the November election.

CHILD KILLS SELF.

Chicago, Oct. 12.—Three year old Gerald Keelin placed his mouth over the spout of a teapot and inhaled the steam. His throat and lungs were scalded and he died.

LEGALITY OF U-BOAT ATTACK QUESTIONED

GOVERNMENT OFFICIALS PUZZLING OVER PROBLEM PRESENTED BY SUBMARINE.

Washington, D. C., Oct. 12.—Government officials today were pondering the question of whether the United States shall acknowledge the raid of the German war submarine U-53 on allied shipping off Nantucket last Sunday as legal. The problem was considered of great importance.

Much forethought was being given to potential developments, such as that German undersea boats might be able to extend their operations to such an extent as to effect practically a blockade of American ports, or that the allied powers might decide to press their claims that entry of American ports be denied all underwater craft of belligerents. Resting on determination of this nation's attitude toward the work of the U-53 is the matter of soliciting indemnity for American cargoes lost with the sunken ships. Only if the ships were sunk illegally may claims be entered.

The navy and state departments were making efforts to expedite reports on the various phases of the raid.

KINGSTONIAN NOT SUNK.

Washington, D. C., Oct. 12.—Rear Admiral Gleaves, commanding the Atlantic destroyer flotilla, reported today his personal belief that no steamer Kingston or Kingstonian was sunk by the German submarine during its operations off Nantucket lights.

After several days of search, the destroyer force has found no evidence that a ship of that name was in the vicinity and if Admiral Gleaves' theory is correct, only five ships were sunk. The search has been discontinued.

MAY PATROL COAST.

Washington, D. C., Oct. 12.—While no immediate steps are in contemplation for the actual establishment of a naval neutrality patrol along the Atlantic coast as a result of the German submarine raid, the navy department has completed a definite plan to be put into operation if the campaign continues.

The entire destroyer force, active and reserve, assisted by light cruisers, navy tugs and other auxiliary craft, will be employed to protect American territorial waters and also to prevent the establishment of any secret bases ashore or communications between shore radio stations and belligerent craft.

The possibility of mobilizing the force of privately owned motor boats along the coast which have been enrolled with their crews as a part of the naval reserve was first considered but various obstacles were encountered. Naval militia officers and men already have been assigned to reserve ships for service if necessary.

SHIPS READY TO SAIL.

New York, Oct. 12.—Eight or more steamships flying the flags of the entente allies are awaiting orders from the government as to whether it is now safe to leave this port for Europe in view of the possible danger from the German submarine U-53.

Among them are the White Star line steamer Adriatic, due to leave today with about 250 passengers and nearly 18,000 tons of cargo, most of which is said to be war material. The Atlantic Transport line steamer Minnehaha is loading 14,000 tons of cargo, also said to be war munitions and the Cunard line steamer Pannonia is understood to be ready to sail for London carrying freight only. The others were smaller freight vessels.

HOLD DOVE FROM U-53.

Edgewater, N. J., Oct. 12.—The police are holding prisoner a white dove with a band of yellow metal on its leg bearing the inscription, "U-53." The dove fluttered in the window of a business office here yesterday. Its captors do not know whence it came.

PLAN FOR RESERVE

College Heads and War Chiefs Discuss Training of Junior Officers.

Washington, D. C., Oct. 12.—Presidents of nineteen colleges and universities have been called in conference by the war department preparatory to establishment of systematic methods for training reserve officers for the U. S. army in those institutions. They will meet Tuesday for discussion with the army general staff of military courses to be organized in institutions desiring to take advantage of provisions of the army reorganization law.

It has been estimated that the army must maintain a corps of 50,000 partially trained junior officers to facilitate organization of an adequate military force should the nation have war with a power capable of attempting invasion. The main source of supply for these officers would be institutions with approved military courses where military training under army officers is part of a student's work.

National guard organizations composed entirely of college students have been mustered out of the federal service so those men may compose the first increments of reserve officers to be drawn under the new plan.

Braves' Field, Boston, Oct. 12.—The Boston Americans are again the world's baseball champions. Before 12,620 persons, the largest crowd that ever witnessed a contest for the biggest honors in baseball, the American league champions defeated the Brooklyn Nationals this afternoon by a score of 4 to 1 in the game that decided the world's series.

Ernest Shore, Boston's big right hander, held the National league pennant winners to three hits, one a scratch. The Bostonians peppered Pfeffer when runners were on the bags waiting to score.

Crowd Gathers Early.

All Boston turned out today. Car lines and trolleys were jammed. The sun shone bright and warm and helped temper the chilly wind that blew steadily over the Charles river. The two teams came early to the grounds and had a long batting practice.

The fielding of both teams in practice was lively. Shore warmed up for Boston while Smith and Pfeffer got into condition for Brooklyn. The outfield stands were jammed to capacity and it looked as though a new attendance record would be set for a world series game.

After Shore and Pfeffer had been announced as the opposing pitchers, the game commenced.

First Innings.

BROOKLYN—Shore brought two outcours over the plate for straight strikes. Myers fanned on three pitched balls without offering at any of them. Cady threw out Daubert at first, taking his easy roller in front of the plate and throwing him out. Scott took Stengel's grounder and threw wildly to first, Stengel, however, being held there. Wheat fouled out to Hobitzell. No runs, no hits, one error.

BOSTON—Cutshaw threw out Hooper after the count was three and two. Mowrey threw out Janvrin. Shorten flied to Wheat. No runs, no hits, no errors.

Second Inning.
BROOKLYN—Cutshaw walked on four straight balls. Mowrey sacrificed. Hobitzell to Shore. Cutshaw moving down to second. Gardner threw out Olson at first. Cutshaw reaching third. Cutshaw scored on a passed ball. Scott threw out Meyers at first. One run, no hits, no errors.

BOSTON—Pfeffer threw out Hobitzell. Lewis shot the ball to the left field fence for a three base hit. Wheat played the ball badly and it bounded over his head. Lewis scored on Gardner's sacrifice fly to Wheat. Wheat's throw to the plate was very wide. Scott sent up a high foul to Mowrey, who dropped the ball. Scott fouled out to Meyers. One run, one hit and one error.

Third Inning.
BROOKLYN—Pfeffer struck out, missing a fadeaway by a foot. Gardner took Meyers' easy roller and threw him out. Shore took Daubert's grounder and nailed him at first. No runs, no hits, no errors.

BOSTON—Cady singled over Daubert's head. Meyers almost picked Cady off first, having called for a pitchout. Shore fouled to Meyers trying to bunt. Hooper walked. Cady going on to second. Cady scored when Olson fumbled Janvrin's grounder and then threw wildly past Cutshaw. Hooper went from first to third on the play. Janvrin was safe at first. Olson got two errors on this play. Janvrin was out stealing, Meyers.

STRIKERS ARM TO FIGHT THE POLICE

STREET IN BAYONNE, NEAR OIL PLANT BEARS RESEMBLANCE TO MILITARY CAMP.

Bayonne, N. J., Oct. 12.—The street approaching the Constable Hook section of this city resembled today an armed camp. Thousands of strikers from the plants of the Standard Oil Co., Tidewater Oil Co., Vacuum Oil Co., Pacific Coast Borax Co., and the General Chemical Co., maintained a "dead line" across the approaches to those plants. Nearly 100 policemen were stationed guarding the plants from attack while a few other policemen and seventy-five deputy sheriffs held possession of the main police headquarters.

There were no signs of a cessation of the labor war which caused the clash yesterday of police and strikers in which one woman spectator was shot and killed and fifteen or twenty strikers were wounded.

Despite the disorder which prevailed all yesterday, the city and state authorities decided there was no need of calling out the national guard. About 12,000 men have quit work in various plants at Constable Hook.

CONVENTION BEGINS

Episcopalians at St. Louis Convention Hear From Mother Organization in Great Britain.

St. Louis, Oct. 12.—Greetings expressing the good will of the mother church for the Protestant Episcopal church of the United States were presented by representatives of the Church of England, with impressive ceremonies, at a joint meeting of the two houses of the convention of the American church in triennial session here today.

The Rt. Rev. Hayshe Wolcott Yeatman-Biggs, bishop of Worcester, England, said that even with the shadow of war hanging over England, members of his church are intensely interested in the work of the American church.

Funds, saved in mite boxes by thousands of American Episcopalian women in the last three years, to be devoted to the support of women missionaries, were collected today at the united offerings service of the women's auxiliary, holding sessions simultaneously with those of the general convention. It was generally predicted that the sum would exceed the offering of three years ago, which amounted to \$285,000.

One of the most discussed matters scheduled to come before the convention this afternoon or tomorrow, was the report of the commission on matrimony. This report recommends that there be no remarriage of divorced persons while the former mate is alive. Exception is made in cases where the decree of divorce is in effect an annulment of the marriage, and then the matter is to be passed upon by the bishop of the diocese before any of the clergy perform the ceremony.

PEONS WOULD RISE

Missionary Says Mexicans Fear That The United States Seeks To Annex Their Country.

El Paso, Tex., Oct. 12.—Notwithstanding sufferings of peons in the district which Villa is now preying on, they would rise to a man in Villa's behalf if the American punitive expedition were to attempt to operate south of its present base, according to the report made to his superiors today by a Mexican Protestant missionary who has just returned from a visit to central Mexico. The peons, he explained, fear and hate Villa but they have been taught to believe that the Americans would go after Villa only with the masked purpose of seizing and annexing the country.

In Zacatecas, the missionary, who is also a physician, said he examined men lying in the street and found they were dying from starvation. Women, lacking the strength to speak, imploried him with their eyes for alms. Children, he said, were terribly emaciated.

BANDITS INDICTED.

Deming, N. M., Oct. 12.—Nineteen Mexicans, who are being held by the army authorities at Colonia Dublan for alleged connection with the Villa raid on Columbus, N. M., March 9, have been indicted by the Luna county grand jury, it became known early today. All are charged with murder.

V. M. C. A. IS BURNED.

Bloomington, Ill., Oct. 12.—The railroad men's Y. M. C. A. at Urbana, Ill., was destroyed by fire early this morning. A defective fuse caused the fire. This is the second time in a period of ten years that this institution has been burned. Several of the men had narrow escapes from death. The loss is estimated at \$40,000.

DEATH CALLS TWO.

Davenport, Oct. 12.—John Russell, 64 years old, a prominent former Davenport saloon keeper, died here at 2 o'clock this morning from tuberculosis. His son, Arthur Russell, fell dead at 3 o'clock as a result of a heart stroke. Russell was one of the men under indictment here charged with the illegal sale of liquor.

AFTER THE AUTOISTS.

Dubuque, Oct. 12.—Agents of the department of justice of Iowa appeared here today and found scores of automobiles operating without the two license numbers required. They were peremptorily cited to appear at the police station at 4 o'clock this afternoon to answer to the charges.

NEW QUARTERS WILL BE OPENED

Commercial Club Reception to Be Pleasing Social Event; Expect Crowd

The formal opening of the Commercial club's new quarters that have been recently finished, will take place Friday night. The committee in charge has arranged for an evening of unusual pleasure and it is expected that a large crowd will be present.

The occasion will be made one of the get acquainted kind and not only are all the members invited, but it is hoped to get a large number of prospective members there too. The club rooms will be seen to an advantage and the officers are desirous that every one will come out to the reception and see the new quarters.

The Ottumwa Commercial club has now one of the nicest furnished club quarters to be found in the state. There are other more pretentious buildings occupied by such organizations, but none more elaborately furnished. The visitor to the club, who has not thus far seen the rooms, is due for a pleasant surprise and those who fall to attend will miss a pleasant evening.

While the occasion is the formal opening of the quarters, it is really to be an informal reception in which every man attending will have an opportunity to meet his neighbor and under the most pleasant conditions. The committee has been at work in preparation for the event for some weeks past and will provide a pleasant social evening for all.

There will be refreshments and cigars served the guests and the First Cavalry band will give a complimentary concert or serenade in front of the rooms early in the evening before the reception begins. An orchestra has been engaged for the evening from 7:30 until 10 o'clock to supply musical entertainment for the crowds.

BANDIT SUSPECTS ARE UNDER ARREST

Cleveland, Ohio, Oct. 12.—Three persons under arrest here on suspicion of being members of an organized band of car robbers which has been operating between Cleveland, Chicago and St. Louis for three years, were turned over to federal authorities today on charges of violating the interstate commerce act. Search is being made for the leader of the gang who is said to have been a prominent member of the famous Apaches of Paris.

The arrests here were made Tuesday night following a raid on downtown pool rooms when loot valued at \$15,000 was recovered.

SUIT FILED AGAINST NEW FREIGHT RATE

Little Rock, Ark., Oct. 12.—Suit to enjoin the Arkansas railroad commission from enforcing its recently promulgated standard freight distance tariff, so far as it affects rates on lumber, logs, bolts and rough rice, was filed in the U. S. district court here today by attorneys for the Chicago, Rock Island & Pacific and the St. Louis, Iron Mountain & Southern railroads. An attempt to reach an agreement will be made next Monday by the railroads' attorneys and the commission, failing which litigation will be resorted to.

MAKES RECORD RUN TO WIFE'S BEDSIDE

Chicago, Oct. 12.—Hurrying to the bedside of his wife, who was taken ill suddenly yesterday, Jacob M. Dickenson, receiver for the Rock Island lines and former secretary of war, established a new record for the run from Memphis to Chicago.

He arrived over the Illinois Central railroad in a special at 10:53 o'clock last night, covering the 533 miles in ten hours and fifty minutes. The regular schedule for fast trains is fourteen hours and fifty minutes.

TOO SENSITIVE TO LIVE.

Chisholm, Minn., Oct. 12.—Because, friends say, he believed the "funny" sections of Sunday newspapers were drawn for the purpose of making him a subject of ridicule and that persons were persecuting him with derision because of resemblance to a character portrayed in a "funny" sheet, Charles Murray, 25, unmarried, employed at the Shenango mine here, committed suicide early today by blowing himself up with a huge charge of dynamite.

JUMP TO SAFETY.

Joliet, Ill., Oct. 12.—Miss Helen Mamber, 15, jumped to safety today from a second story window when fire destroyed John Baker's store and home building and several other business houses of the town of Essex, Ill., thirty miles south of Joliet, entailing a loss of more than \$50,000. Miss Anna Baker was rescued by William Dyer, after she had been overcome by smoke. The buildings were only partially insured.

TO ORGANIZE BOYS.

Dubuque, Oct. 12.—The boy scout movement was set in motion at the commercial club here when fifty representative business men attended a dinner and guaranteed the expense of a campaign to be conducted by a headquarters official. It is asserted 1,000 members can be secured here.

HUGHES DENIES HE STANDS FOR WAR

STIRS WEST VIRGINIA CROWDS TO ENTHUSIASM; MANAGERS ARE JUBILANT.

Pikeville, Ky., Oct. 12.—Charles E. Hughes spent today in Kentucky. His program called for a day of short speeches, rear platform talks and an address at Louisville tonight.

Mr. Hughes spent half an hour here, the longest stop of the day. His program also provided for addresses at Prestonburg, Paintsville, Louis and Ashland. The nominee's train is due at Louisville at 8 p. m., and he will leave three hours later for Springfield, Mo., where he will speak tomorrow afternoon.

ANSWERS WAR ALARMISTS.

Charleston, W. Va., Oct. 12.—Charles E. Hughes crossed the Appalachian mountains last night and entered the Ohio valley, asserting with proud determination that he is not a man of war, but a man of peace.

He came into West Virginia, held by the republican leaders to be no longer doubtful, and spoke to enormous crowds at Huntington and Charleston. He was in rare form. So were the immense audiences that heard him. The tone and character of the receptions given to the republican nominee were such as to warrant the assertion from the Hughes managers on the train that the "break" of the republican campaign has arrived and henceforth until election day it will be a procession to Hughes and Fairbanks.

Mr. Hughes hurried back at Senator James and other democratic spokesmen their charge that a republican victory means war.

This is what Mr. Hughes said in reply to the "peace or war" argument that the democrats have produced against him:

"The other day it was said that the alternative of the present policy of the administration was war—that any one who undertook to criticize that action must necessarily favor war.

"I am a man of peace, and it is because I desire to see American peace safeguarded that I insist upon a firm and unflinching maintenance of American rights and such policies as will deserve and hold the esteem of the entire world."

"This brought a roof lifting storm of applause from the 10,000 who listened at Huntington.

"The policy of a sound enforcement of known rights is not a policy of war," he continued. "It is a policy of security. It is a policy of self-respect. When this nation forgets the dignity of its own citizenship and the rights of its own citizens it will enter upon a period of decadence; will invite insults and will surely end in overwhelming disaster. No party can stand before the American people and say that it will not maintain American rights. And I propose that this shall not simply be said, but that it shall be done."

WILSON IS CHEERED

President Expresses Joy at the Reception Given Him on His Second Campaign Trip.

On board President Wilson's special, Richmond, Ind., Oct. 12.—President Wilson was greeted by crowds of cheering persons at Dayton, Ohio, and Richmond, Ind., as he passed through this morning en route to Indianapolis. He refused to make political speeches but at Dayton declared it did his heart good to receive such welcomes. Learning over the observation platform of his private car at Dayton, the president was almost mobbed by a good natured crowd of several thousand people who sought to shake hands with him. The president made the trip on a private car attached to a regular train. With him were Mrs. Wilson, Secretary Tumulty and Dr. Cary T. Grayson, the white house physician.

Indianapolis, Ind., Oct. 12.—Elaborate plans for the reception of President and Mrs. Wilson, when they arrive in Indianapolis today, have been made. They will be met by a reception committee named by Gov. Ralston and composed of persons from various sections of the state.

From the train the president will be escorted to the Soldiers and Sailors' monument where he is to review a big automobile parade which will be part of Indiana's centennial celebration.

Although the schedule arranged for the president calls for his departure from the city about 5 o'clock, the centennial highway day committee will invite him to remain for a meeting in the evening and discuss the new farm loan bank act.

Richmond, Ind., Oct. 12.—The train to which the president's car was attached backed into a crowd here and several persons nearly were caught under the president's car. John Q. Slye, a secret service man, pulled one woman out of the way just in time.

LEAGUE FOR WILSON.

San Francisco, Oct. 12.—The All Parties League for Wilson, an organization composed of California suffragists and other women who are supporting the candidacy of President Wilson, announced its existence and purposes here today.

A vigorous speaking campaign is to be undertaken with the object of demonstrating that the suffragists are strongly backing the democratic administration. One of the admitted purposes of the new organization is to oppose the national women's party, an anti-Wilson body.

FARMERS CARRY OFF AWARDS IN BIG INSTITUTE

Many Good Prizes Given Out to Stock Raisers and Grain Growers

WOMEN'S DEPARTMENT PAYS PREMIUMS TOO

This evening will mark the close of one of the most successful days of the 1916 Farmers' Institute and Live Stock show conducted by the people of Wapello county.

The judging of cattle, sheep and horses at Darner's barn, small grains and fruits at the Commercial college building and babies at the county superintendent's office in the court house have, today, continued the work begun Wednesday. The final awards will not be
