Lannin of this city, former owner of the club, who announced the sale at a dinner given to the new owners and newspaper men, said the papers had been signed less than an hour before. The price was not stated, both parties having agreed to keep silent on that point.

HEAVY SCORES LAST SATURDAY

SOUTHERN AND WESTERN TEAMS LEADING IN POINT COMPETITION.

New York, Nov. 2.—As a result of the heavy scoring in a number of football games last Saturday the leadership in the struggle for individual and team scoring honors shows some remarkable changes. Southern and western eleven have wrested the premier positions from eastern in the total point competition while a western player, now at the United States military academy, heads the list of star individual performers.

IS CHANGING IOWA ELEVEN

HAWKEYE LINEUP IS UNRECOGNIZABLE AS RESULT OF MINNESOTA DEFEAT.

Iowa City, (special to The Courier.) Nov. 2.—Following the overwhelming defeat of the Hawkeye football team at the hands of Minnesota came the unexpected move on the part of Coach Jones in changing everything—the position of the players, the system of offense and even the system of plays. Added to this came the decision on the part of the school authorities to drop Minnesota from the list of teams to be played by Iowa and to substitute Illinois of Chicago, if such is possible. Negotiations are under way to make this change.

New York, Nov. 2.—Demand kept pace with supply during the forenoon in which a turnover of about 800,000 shares was reported. TACKLE IS GUIDE OF DOBIE'S ELEVEN

Seattle, Wash., Nov. 2.—Coach Dobie has created a freak state of affairs on the Washington State football team. A big tackle by the name of Murphy is calling the signals this year and directs the team's play. Another peculiarity about the incident is that Murphy is not the captain. Usually if the quarterback does not call the signals, another backfield man does who is in every play. Occasionally a captain has called signals even when a line man. All Dobie has to say about the matter is: "Murphy has the brains and the others haven't."

ILLINOIS

Urbana, Ill., Nov. 2.—In the last practice on Illinois field before the Minnesota game Zuppke's men showed more form and fight than on any night heretofore. Three seasons this week have improved the Illini immeasurably and there is a feeling prevalent that Minnesota will have less of a walk-away than has been expected. It is yet doubtful whether Kraft and Ruppke will be in the lineup. Both were in uniform tonight, but neither worked in scrimmage against the freshmen. The team will leave for Minnesota tomorrow morning, stopping en route for practice at Chicago, and arriving in Minneapolis Friday.

ELDON EDITOR EXONERATED

JUDGE ANDERSON DECIDES THAT BERT DAVIS' ARTICLE WAS NOT CONTEMPTUOUS. In an opinion filed today District Judge D. M. Anderson exonerated Bert Davis, publisher of the Eldon Forum and Register, from the charge of contempt brought against him by the state of Iowa in an ex rel proceeding with Jo R. Jaques as co-plaintiff. The allegation was that Davis had published an article in regard to the trial of Bertha Miller by the city of Eldon a personal injury action, which was contemptuous to the court in the discharge of his official duties. Miss Miller, a County Line woman, brought suit for \$2,000 and a jury which, with Judge C. W. Vermillion of Centerville, heard the case last term gave her \$1,000. The city filed a motion for a new trial but the court overruled. It was charged in the petition of the state against Davis that his offense was more serious because it had been published while the motion was still before the court. Davis answered that it was not circulated until after the motion had been denied although it had been printed the day before. His paper is a weekly publication and is printed on the evening of the day before it goes into circulation. In his opinion Judge Anderson says that the article complained of was not one-half column in length and in the main was a general complaint against the justice of the claim made by the plaintiff in the Miller case, a statement of the indignation felt by the people of Eldon on account of the verdict rendered against the city and the purpose of the city authorities to

He says: "The general trend of the article is no more than fair criticism of the trial and such as no exception could be fairly taken to. Neither judges, courts nor juries are above fair and reasonable criticism. The language complained of as to bountied juries would have made the defendant Davis liable to punishment for contempt had it been published for the Miller case was disposed of in court. He was unfortunate in the use of his language; he was fortunate, as far as this proceeding is concerned, that the publication was deferred until after the final disposition of the Miller case."

NOTRE DAME

Notre Dame Ind., Nov. 2.—Upsetting all the hope Coach Harper led that he would take care of the pilot position in the absence of Sparks when he gathered two touchdowns in a short scrimmage with the reserves. One was the result of an eighty yard run through the whole second string. Only five regulars took part in the battle. Capt. Maubetsch, Dunne, Nieman, Rehner, Peach and Raymond were allowed to spend the time throwing forward passes and practicing place kicking and drop kicking. The final score of the scrimmage was 12 to 0. No goals were tried following the touchdowns. Sparks was on the field, but not in uniform. He says his knee is in good shape and thinks he will be able to play at Cornell.

There are 600 patients in the hospital at the present time who must be fed and have medicine administered to them.
