STOCK MARKET GRAIN REVIEW

New York, July 12.—The early decline proved to be little more than a bear raid, shorts soon running to cover. The rally made greater headway on official confirmation of a satisfactory settlement of the industrial situation at Washington. Many severe losses were entirely retrieved, Marine showing all but a small portion. Industrials including United States Steel were within easy distance of the previous day's final quotations and rails showed marked improvement.

Advances of 1 to 5 points were made by Industrial Alcohol, the tobaccos, United Railways common and preferred and Philadelphia Company. General strength prevailed at noon. Bonds were firm. The Liberty issues however were selling at 99 1/2-50 to 99 1/2-50.

President Wilson's statement in regard to profits during the war caused an abrupt reaction at the beginning of the day's trading in the stock market. Losses in important stocks extending from 2 to almost 4 points. Steamship issues registered the greatest reversal, Atlantic, Gulf and West Indies breaking in 5 1/2 points. Preferred 2 1/2. United States Steel was quoted at 124 1/2 to 125 against yesterday's final price of 127 1/2. Other industrial and war shares were lower by 3 to 3 1/2. Pittsburgh Coal, Baldwin Locomotive, Studebaker and Industrial Alcohol were heavy to weak.

TRADE IN CORN PUT UNDER BAN

Chicago, July 12.—The fixing of a maximum price of \$1.23 a bushel for the December (1917) and the May (1918) options for corn was regarded by members of the Chicago board of trade today as practically putting a stop to speculation in the new crop of that grain. The board of directors who met after the close of the market yesterday made no formal announcement of the reasons for the action but an official of the board said the establishment of a maximum price for December and later options seemed necessary to bring trading conditions into harmony with the government's war policy of preventing undue speculation and unwarranted high prices to consumers.
