

THE HERALD,

Si a Year; Always in Advance.

The safest way to transmit money by mail is by registered letter. Post-office money orders or draft on Cincinnati. Money sent in this way will be at our risk.

Entered at the Hazel Green Postoffice as second-class mail matter.

SPENCER COOPER, : : EDITOR.

HAZEL GREEN, KY.:
WEDNESDAY.....JUNE 10, 1885.

THE HERALD is read by over a thousand people every week, and its circulation is increasing with each issue; it is, therefore, THE BEST ADVERTISING MEDIUM in Eastern Kentucky, and the rates are only about half those charged by others, which as local family newspapers, do not in any degree compare with THE HERALD.

Democratic Ticket.
For Representative from Montgomery, Menifee, Powell and Wolfe counties,
DRURY S. CODSEY.

Independent Republican Ticket.
For Representative:
Dr. FELIX M. THOMAS.

The country newspaper is the most useful of all the agencies which stamp the impress of progress upon all villages and inland cities. Without the aid of a local newspaper towns are, as a rule, thriftless and dead. It is common for small great men to speak with contempt of the local newspapers, but the village newspapers make more great men out of less material—more bricks without straw—than any other factor in politics, and it is the one ladder on which men climb to local distinction as the beginning of wider fame. The advent of the local newspaper has always dated the increased thrift of the community. The local newspaper is the life of the locality, and measures of its support, as a rule measures the advancement of the people.—Philadelphia Times.

Is not every word of the above true? Do you not already see that Hazel Green has taken a new lease of life? Can you not see that there is an improvement going on in all the surrounding country?

Do you not realize the fact that the stock sales have been brought about by the efforts of THE HERALD?

Do you not feel that if THE HERALD has been successful for you in this, that it can be as successful in establishing other institutions of equal benefit?

Do you not feel that a man who comes among you and invests \$1,000 to aid in developing your country and your resources should be patronized to the extent of \$1 by you?

Do you not know that without a newspaper permanently established and prosperous in your own country, people of the outside world can never know what you have?

Do you not know that no section or town has ever yet amounted to anything that did not support a newspaper?

Do you not realize that you are a man, and should assist in aiding anything that will benefit you and your fellow-man?

Do you not feel that you could assist in this enterprise and be the gainer all the time?

Do you not feel that you owe it to your wife, your children, your family and your fellow-man to help establish this paper on a firm basis?

Do you not feel that you realize the truth of the above questions, and that you are man enough to acknowledge them, and pay for one year's subscription, knowing that the investment is bound to better your condition in every respect and make you money?

Do you not feel that you will be man enough to-day to pay your subscription and take your home paper?

If you do feel the truth of the above queries hand us your dollar and be happy, if not keep it, and we will feel that we are better off without having your name upon our list—without disgracing the names of good people by placing your name along with their names.

The REP VAN WINKLES of this section should awake to their responsibility, and see that steps are taken, and at once, to develop our great resources. Right in our neighboring county of Powell, a syndicate of oil speculators are preparing to bore some 30 wells, and yet Wolfe county has more oil, more coal, more iron ore, and last though not least, more silver ore than Powell dares to claim. Why, then, do not wealthy syndicates come to us to spend their money? The answer is plain. They go where they are invited; where people take some interest in the development of their resources; where land owners seek to know what their lands possess in addition to visible products. Do any of our citizens seek to do anything of this kind? Have you tried to induce men of means to come here and investigate our inexhaustible wealth? Not a bit of it. You sit down and wait, flattering yourselves that because we are possessed with more of these treasures of coal, iron, timber and silver than many less-favored localities, people must come without any effort on your part. They will come and find these things, but not until you are laid under the sod. Think you that because God has been kind to you in helping you to this heritage of a treasure box that you are to idle away your time and not use your talents? Not so. The sleep has passed. People of today are not of the sleepy-headed kind.

They are live men—not inanimate flesh and bone. If you would see this country blossom with the fruits of a rich harvest, you must go to work to bring about this end. Do try to think of something beside the coin "dollar of our daddies" now in sight. Think of having 10 of them if you will wake up, where you can now only count one in your sleepy state.

THOS. P. COLLINSWORTH, who was to have started the stage-line from here to Rothwell about the first of the present month, writes that he would like to have some assistance from our citizens towards the enterprise—not as a donation, but as a loan to equip the line,—and we hope they will loan him of their means for this purpose. It is to our interest to have this line established, and if we don't avail ourselves of any opportunity looking to this end, we had better employ some good stone-mason and fence the town in so that outsiders will never see it. Not only the people of the town, but the people of the surrounding country are losing money every day this stage is delayed in coming here. We have a beautiful town as it stands, with building material and land to make the prettiest one in Eastern Kentucky; more and finer timber for the establishment of saw-mills; more and better iron ore for the establishment of iron-manufactures, and more and better coal to run them, than any other section on the globe. All these things we have, but if we continue to be "penny wise and pound foolish," by not having conveyance, easy and prompt, for those who would come here and see, and invest and develop what we have, what God has so richly endowed us with will never amount to anything. Let us be up and doing. Let us put our shoulder to the wheel and try to build up the town, the county—Eastern Kentucky. Hazel Green is naturally the metropolis of the mountains, but if people can't get here what will Hazel Green amount to? Go to work to-day, and let each man interested in this enterprise take \$5 worth of stock in this stage-line, and take Mr. COLLINSWORTH'S note for it.

Col. CHAS. E. BOWMAN, commissioner of agriculture, has sent the following reply to a letter of inquiry from Kansas: "The present wheat crop in Kentucky does not deserve to be dignified by being called a crop. It certainly will not reach 4,000,000 bushels, and may not reach 3,000,000 bushels. What wheat was not killed outright is developing much chaff and cheat. This year's wheat crop is hardly worth being counted in a general estimate."

Democratic Convention.

The legislative convention convened at the court-house in West Liberty on the 29th of May, 1885, and organized by the election of Judge W. W. Cox, chairman and W. C. Kendall, secretary.

On a call of the counties the following accredited delegates responded: Aug. Arnett, Branch Higgins, D. D. Sullett, of Magoffin; W. M. Kendall, Harris Howard, W. A. Lacy, John E. Cooper, J. W. Kendall, W. C. Kendall, W. A. Maxey, of Morgan.

On motion of J. W. Kendall, the chair appointed the following gentlemen as a committee on resolutions, viz J. W. Kendall, J. H. McClure, Aug. Arnett, Branch Higgins, J. E. Cooper and J. T. Hazelrigg, who reported the following, which was unanimously adopted, viz:

Resolved, That we pledge our faith in the purity of the principles and purposes of the democratic party, and renew our fealty to its organization.

Resolved, That in the dawn of the administration of our chief magistrate, we recognize his fitness for the trust, and approve his official action.

Resolved, That we pledge our united earnest effort to secure the triumph of our candidate, and the success of our principles.

Resolved, That we heartily endorse the election of the Magoffin county democracy in presenting the name of Farish Arnett as a suitable person to represent us in the next general assembly of Kentucky, and that he be declared the nominee of the convention by acclamation.

Resolved, That THE HAZEL GREEN HERALD, Licking Valley Screecher and Sentinel-Democrat be requested to publish these proceedings.

Thereupon the chair appointed W. M. Kendall, Branch Higgins and J. T. Hazelrigg a committee to inform Mr. Arnett of his nomination. He was then introduced to the convention by J. T. Hazelrigg, and in a handsome speech accepted the nomination. His speech was heartily applauded.

On motion of J. W. Kendall, the convention adjourned.

W. W. COX, Chairman.
W. C. KENDALL, Secretary.

Words of Cheer from the Wild West.
OMAHA, NEB., MAY 31.

Editor of THE HAZEL GREEN HERALD:

From the land of my boyhood—from the little valleys where the first impulse of ambition swelled my young heart, a few copies of THE HERALD, like bright, new letters, have reached me, awakening old memories of region and people whom I have not yet ceased to love.

Enclosed find \$1, that the visits of the welcome little sheet may not be interrupted.

God speed you in your noble enterprise. Next to the railroad stands the newspaper in developing the material interests of a country. And you are in the midst of a region of untold wealth—the treasure box, so to speak, of the state, hidden it is true, yet it is there. Your immense forests, your mineral springs, your inexhaustible coal fields and other resources, only await the advent of capital and enterprise, to bring forth from every valley and hilltop a treasure greater, even than the supposed wealth of the mythical Swift's mine.

Wishing THE HERALD may receive the encouragement and material support which your courage and the work before you deserves, I am very truly,
J. M. SWEINAM.

A Matrimonial Association.
Maytown has been highly honored, inasmuch as all the young men of town and a radius of 10 miles around met at this place, on Monday, June 8th, and held a young men's convention.
Grant May was elected chairman by acclamation and Thos. M. Canoy was chosen secretary.
J. M. Murphy, I. C. Gillespie, J. T. Sexton, Lon. Clarke, James Neff, Wm. Murphy, Robt. Day, Rollie May, Matthias Frisen, and Henry Murphy (by proxy), were present at the meeting.
The following resolutions were offered and adopted:

WHEREAS, The young ladies of this vicinity have been playing sad havoc with some of our hearts, and our sympathy to their unfortunate one who has fallen a victim at the hands of certain of the fair sex of this vicinity.

WHEREAS, Reliable information has been received by us that the young ladies of this country are not anxious, but willing to marry, provided a man can be found, therefore, be it

Resolved, 1st. That we are men, and as men have always placed a high estimate upon the fair sex, and believe this world would be a bleak and desolate waste were it not for them.

2d. That we will never slight an offer coming from the fair sex, that has for its object conjugal bliss.

3d. That if under favorable circumstances women could be found, and we could extort a promise of eternal secrecy from them, provided our offer was rejected, we would offer our hand, yes, and our hearts, and all that we have, and are, and ever expect to be, to them.

4th. That to any young lady who shall address us, we will promptly, respectfully and obediently respond,—once, twice, thrice, and until "doom's-day," if necessary.

5th. That we will receive members by proxy, provided they are recommended to be strictly O. K. Applicants must address P. O. box No. 3, Maytown, Ky.

6th. That THE HAZEL GREEN HERALD and Licking Valley Screecher be requested to publish the proceedings of this meeting.

There being no further business, the meeting adjourned, sine die.

GRANT MAY, Chairman.
THOS. M. CANOY, Secretary.

The Oil Fields of Powell County.
[Winchester Democrat.]

Oil speculators, or rather men well acquainted with the oil regions of Pennsylvania, are negotiating for lands in the eastern part of this county and in Powell county for the purpose of boring for oil. This sought for territory embraces all that region in and around the Oil Springs, quite a noted place years ago.

It has long been conceded by knowing ones and by the older residents in that neighborhood, that oil could be found in paying quantities by boring deep enough, but the trouble all along has been the want of capital sufficient to enable the working of these wells, the owners of the lands being in very ordinary circumstances. We have been informed that about the year 1860 a well was sunk in the valley of Lulibegrad in which a very superior quality of lubricating oil was found in paying quantities, but owing to the excitement of the war which broke out soon after, the project was abandoned. We have been informed by a citizen of the neighborhood that arrangements have been made by which a number of wells will be sunk in about 30 days, and, if the project proves as successful as the projectors have every reason to believe, it will prove a great bonanza for that section of the country. A number of these wells will be made by the immediate vicinity of the Kentucky Union railroad. The face of the country thereabouts bears a striking resemblance to the oil regions of Eastern Ohio and Pennsylvania, so we have been informed by one of the experts connected with the new enterprise.

VIRGINIA.

Tazewell County Items.

R. F. Cecil is preparing to build a large barn on Indian creek.

Mrs. W. J. Higginbotham has returned to Indian from her long visit.

Trade is very lively here now, especially in the slip her (slipper) line.

May success always wreath laurels for the brow of the dear HERALD.

Mrs. T. M. Scott is quite ill again, and is thought to be worse than she has ever been.

Miss Nannie Cecil returned from Jeffersonville last week much pleased with her visit.

Preparations are being made for the long looked for commencement, which will take place on the 10th and 11th of June.

Our most frequent visitor now is old Mother Gossip. She has married several of our young ladies, but still they are all single.

We gladly welcomed an artist the other day. He takes very good gems, and will snatch several beauties at the commencement.

J. B. Hurt and E. H. Scott, with many others, were summoned to Abingdon, Va. this week, and will be absent some 10 or 15 days. They will be missed.

The burg was flooded with melodious music the other night. Robert B. Steele and others, with violins and banjos, gave nearly all the young ladies of the town a grand serenade. GARKEY.

The Kentucky Union Railroad.
[Courier-Journal.]

PARIS, KY., June 5.—Magistrates met to-day and made a subscription of \$400,000 to the Kentucky Union railway, of which Col. Bennett H. Young, of Louisville, is general manager. Hon. John G. Carlisle, Judge Alvin Duval, Col. B. H. Young and Emmet M. Dickson represented the railroad, and Hons. Charles Offutt and G. C. Lockhart opposed the subscription.

The railroad strike is about at a close. The engines have all been taken away while the strikers were in jail.

Young Men!—Read This.

The Voltaic Belt Company, of Marshall, Mich., offer to send their celebrated Electro-Voltaic Belt and other electric appliances on trial for thirty days to men (young or old) afflicted with nervous debility and all kindred troubles. Also for rheumatism, neuralgia, paralysis and many other diseases. Complete restoration to health and vigor guaranteed. No risk is incurred, as thirty days trial is allowed. Write then at once for illustrated pamphlet free.

MORE GOODS FOR A DOLLAR IN CASH
than any other house in town.
Country produce taken in exchange for goods.
F. McGUIRE.

Swango Springs.
The Water of Life for Afflicted Humanity.
IRON IS KING.

These springs are located three-quarters of a mile from the beautiful town of Hazel Green. The water contains a larger percentage of iron than any other water known, hence it is the most valuable in the cure of disease—used internally or externally.

Among the many diseases which flesh is heir to, and for which this wonderful water is known to be a positive and permanent cure, are the following:

CONSTIPATION, DYSPEPSIA, SKIN DISEASES, SCROFULA, CATARRH, RHEUMATISM, NEURALGIA, NERVOUSNESS, &c.

We append a few of the hundreds of testimonials which have been tendered us to the efficacy of this water in disease.

One lady writes: "I am so thankful to the Great Giver of all Blessings that I tried Swango Springs. Freely do I give all the time and money spent there for the health and strength I now enjoy."

A gentleman of Illinois says: "I think the water of Swango Springs did me more good than all the nostrums I have ever tried. I will certainly be with you again next spring."
