WOLFE COUNTY WINS

THE WEST POINT CADETSHIP IN A CONTEST WITH FIVE COMPETITORS.

And Grant Lacy, Her Now Distinguished Son, Will Next Summer Leave Us a Gallant Soldier Boy to be.

In the contest for the cadetship which came off at this place on the 30th and 31st of May, Wolfe county won the prize with one of her native sons—Grant Lacy. The manner in which the examination was conducted was all that could have been desired by any one, and all the contestants were well satisfied with the plan. No man was known by the examiners, but instead a number was assigned each applicant by the committee of arrangements, and after the examination the number showing the best percentage was awarded the prize. The examiners were Profs. Dickey, Downing and Erb, and the committee of arrangements were Prof. Irvine, of Winchester, Dr. J. A. Taulbee, of Jackson, and Hon. J. M. Kash, of this place. The following is the roster of applicants:

Dudley W. Gardner, Magoffin county.
Marshall VanMeter, Clark county.
Beverly R. Jouett, Clark county.
W. E. Bryant, Breathitt county.
John S. Cline, Pike county.
Grant Lacy, Wolfe county.

Grant Lacy showed 92 per cent. in the examination and John S. Cline 81. No report of the other four applicants was made.

The winner is one of the most unassuming young men in this county, and surprised not only the other applicants, but his friends as well. He has had "a hard row to hoe" in his efforts to gain an education, and has been denied many advantages possessed by those contending against him. With the exception of a few weeks' attendance under Prof. N. B. Hays and a few weeks under Prof. Erb, during the last session of Hazel Green Academy, he has attended the common schools of our county and pursued his studies at home. The other applicants have, to say the least, enjoyed advantages of wealth or educational facilities of which his meagre means deprived him, and some of them were "born with a silver spoon in the mouth." A determination to do and dare for the right, and overcome obstacles which to many young men appear insurmountable, were the motive powers which impelled Grant Lacy to gain the goal, and every young man of our county and of the mountains should follow closely in his footsteps. It takes hard work, to be sure, to overcome wealth and position in the struggle for eminence, but Grant Lacy has demonstrated that "work will win."

That every one of the young men were bright, intelligent boys, can not be disputed, and this of itself makes the prize won by young Lacy the dearer. Any one of the six applicants would have done honor to the position aspired to, and honored Kentucky. It is safe to say that any of the contestants would have been victorious in an ordinary examination, for it is very seldom that a percentage of 92 in a possible 100 is attained. It is therefore not at all detrimental to the delinquents that they were defeated. With the intelligence possessed by each, a little more application might have awarded the prize to another.

A year will elapse before the appointment is made to West Point, by Hon. W. P. Taulbee, and both young Lacy and Cline will go before the Board at West Point. "There's many a slip 'twixt cup and lip," and lest Lacy drink the dregs of disappointment, we advise him to look to his laurels, for Sint Cline is a shrewd one and no mistake. He's as "sharp as a tack, point upward."

Messrs. Gardner, Bryant, Jouett and VanMeter have our sympathy in their defeat, but the fact that they fell before a "foe worthy of their steel," should inspire them to renewed energy, and in their magnanimity they should wish the winner well. A place in the navy will be vacant soon, maybe, and one of the four will have a chance for a place in the fore-castle of a training ship.

The Boom.

THE HAZEL GREEN HERALD is giving its readers some good articles on the resources of the mountains, and we are glad to see so much effort on the part of our brother mountain editors. Too much can not be said in this direction. The encomium given the mountain people by THE HERALD is true, and cannot be improved upon.

All laconic, laudatory language used by the press in extolling the resources of the mountains of Eastern Kentucky will doubly repay us.

With the extension of the K. U. road and the building of the proposed Charleston, Kentucky and Western road, our mountains must be the center of wealth and enterprise. No section in the world will equal it in quality, quantity and variety in the productions of nature to attract capital.

All that is needed is capital and skill to start the machinery of the boom whose future rumblings may even now be heard.—Stanton Monitor.

Something New.

Outsiders frequently wonder where the railroads obtain proper return for some of the ingenious but costly methods adopted in advertising their lines. One of the latest to attract our attention is a nicely bound 64-page book entitled, "What to do," containing description and the correct rules of a large number of games suitable for parlor or lawn, which has been issued by the Passenger Department of the St. Paul, Minneapolis and Manitoba Railway, and will, we understand, be forwarded postpaid upon receipt of 8 cents by C. H. Warren, General Passenger Agent, at St. Paul. It is a book that would ornament almost any table and interest both old and young.

Thousands of people suffer with back ache, not knowing that in most cases, it is a symptom of diseased kidneys and liver, which plasters and lotions cannot heal. The best and safest remedy is Dr. J. H. McLean's Liver and Kidney Balm. \$1.00 per bottle. Sold by G. B. Swango, Hazel Green, and J. N. Vaughn, Campton.

We this week send THE HERALD as a sample to a good many who are not subscribers, and solicit their subscription. \$1.00 a year, money to come with name.
