LOCAL NEWS & CORRESPONDENCE.

MORGAN COUNTY.

EZEL, Sept. 5.—Rev. John Coffman and wife have been holding a meeting here the past week. They have preached many interesting sermons for us, and Mrs. Coffman sings some of the sweetest songs I ever heard. They are earnest workers for the Master, and I can heartily bid them God speed.

W. B. Lykins and wife and others of this place, are attending the Baptist Association near Frenchburg in Menefee county.

Capt. Roberts, the well-known drummer through this section, has been confined to his room at the Pieratt House for several days with flux. He is now some better.

Ezel is to have sidewalks on all the streets before winter. J. M. Pieratt has commenced, and is also having a stone walk laid in front of his residence, which is the nicest thing yet.

Q. C. Daniel bought last week of J. V. Christian, near this place, a tract of land for which he paid \$275.

Rev. J. M. Downing preached one of the biggest sermons at this place last week that we have heard in many a day.

Rev. D. G. Combs was home a few days ago. He had fifty-five additions to the church this trip.

Miss Emma Goodwin, of this place, who has been teaching school on Caney, had to dismiss school for two weeks past on account of flux in that section. She will begin again this week, if sickness will permit.

Died—On the 30th ult., of something like croup, infant child of C. C. Fields. It was a dear little pet, and much sympathy was manifested for the bereaved ones on the day of burial.

Miss Rachel Pierce, of Frenchburg, is visiting relatives at this place.

Doil Nickell, who has been out West, returned home a few days ago.

Mrs. S. J. and Miss Genoa Prater are visiting relatives at this place.

Aunt Martha Nickell, wife of Jo. D. Nickell, is quite ill. Rev. J. R. Nickell, Jo. D.'s brother, passed through here today, and will be with them a few days.

Charley Sample, who has been clerking at Knoxville, Tenn., has returned home. No doubt there is a sweet piece of nature in this country that he could not bear the thought of not seeing once in a while. Anyhow he has come home to stay.

Free Trade.

The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with Green's August Flower and Boschee's German Syrup, as the reduction of thirty-six cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cents size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung troubles, have perhaps, the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottles for ten cents remain the same size.

MAGOFFIN COUNTY.

JOHNSON'S FORK, Sept. 3.—After a long silence we will give you a few items from our place.

Married—Last week, Wiley Reed to Miss Kate Minix, of Middle Fork; also, Epison Gullet to Miss Mauda Harney, both of this place. We wish them all the pleasure life can bestow.

Buell P. Simer is erecting a new house. Samuel P. Simer and Robert Reed are the workmen.

Hon. Farish Arnett, of Salyersville, is in this section buying mineral rights, and has already bought a large quantity.

W. T. Perkins, of Lacy's Creek, Wolfe county, was visiting his sister, Mrs. J. P. Simer, one day last week.

The school at this place is progressing finely under L. C. Davis, as instructor. Mrs. R. Williams, of Middle Fork, is visiting relatives at this place.

The trustees of this school district are erecting a new school house.

J. N. HASTE

LETCHER COUNTY.

Editor HAZEL GREEN HERALD: WHITESBURG, Aug. 20, 1887.

DEAR SIR: Allow me to say that the article published in THE HERALD last week in regard to the examination of teachers for Letcher county is false, as far as issuing certificates to unqualified applicants is concerned. It is true we have examined a few applicants after night, but the examinations were strictly rigid in every respect. There was not a single first-class certificate granted at any of these examinations, and only four second class and twelve third class. Ten of these had obtained certificates before the county board of examiners last year, and no doubt their certificates were endorsed by the author of the article published in THE HERALD last week. I have the examination papers of these applicants in my office, and my records, which are open to inspection, show the grade of their certificates.

The statement in regard to us having twenty applicants is also false. There are disinterested persons present of this place, who were present at these examinations, and know that the applicants did not obtain certificates through fraud or anything of the kind, and that the examinations were rigid and sufficient to test the qualifications of any teacher. The room was well lighted, and the applicants were so arranged that there was no chance whatever of any one of them receiving the least assistance from another.

Respectfully,
W. H. BLAIR,
County Sup't Letcher Co.

In cases of Fever and Ague, the blood is as effectually, though not so dangerously poisoned by the effluvia of the atmosphere as it could be by the deadliest poison. Dr. J. H. McLean's Chills and Fever Cure will eradicate this poison from the system. 50 cents a bottle. Sold by G. B. Swango, Hazel Green.

PROFANITY AND PARALYSIS.

A Sudden Prostration That Looked Like a Judgment.

Frank Morton, of Moberly, Mo., was boarding in April last at the Arlington House, Wichita. He was a good-hearted young man but inclined to scoff at religion. Led by curiosity he visited meetings then being held by members of the Salvation Army, and on Friday night, about the middle of the month, placed himself among the penitents at the bench.

After the meeting Morton, in company with a friend, repaired to the hotel and for some time stood talking at the counter near the clerk's desk. There were probably twelve or fifteen other people in the office at the time. Finally Morton's friend said, "Good night, Frank," and Morton responded, "Good night; I'll meet you in hell before morning." Almost before the words were out of his mouth he lay stretched on the floor, falling as if he had been struck with a club. The people in the room ran to him, and, lifting him up, they saw his closed eyes and livid face, looking for all the world like death.

He was gently laid back on the floor and Dr. J. M. Hoskins, the nearest physician, was called. He saw at once that the man was not dead, but thought he had an epileptic stroke, or had taken poison of some kind. After working with him some time consciousness was restored, but he could not move himself or speak. After vainly attempting to speak or arise he motioned for paper and pencil, which were given him. The first thing he wrote was the address of his brother, and asked to telegraph for him. He next wrote, "When I made my last remark I was nearer hell than I thought."

Morton was subsequently sent to his home. He evidently regarded his affliction as a punishment. Among those who saw the occurrence, and vouch for the truth of the story, are Isaac Roberts, proprietor of the Arlington, and several other persons well-known locally.

FIFTEEN BULLETS

Fired Into the Body of a Desperado—Jack Turner at Last Done For.

LOUISVILLE, KY., September 3.—Information was received here tonight of the killing of Jack Turner at Pineville, Bell county, Kentucky, Friday. Turner was the leader of one party in a mountain vendetta, which has lasted more than twenty years. Besides his father-in-law and brother-in-law, he had killed three or four men, among them the Sheriff of the county. The murder of the latter occurred about four weeks ago, while that official and a posse were attacking Turner's party, who made a desperate resistance from a barricaded house. Turner was arrested, and, being unable to obtain any one to go on his bond, was compelled to put up the amount in hard cash from his own funds. This he did, as he is well off. At the time of the murder he was walking down the principal street of Pineville. He had arrived opposite the leading hotel of the place, when a volley from a party of men concealed in one of the front rooms fell him instantly. When his body was examined it was found that it had been pierced by fifteen bullets from Winchester rifles, and one load of buckshot. The vendetta alluded to originated in a family dispute.

Bell county is one of the wildest and most lawless of the mountain counties, never having been touched until recently by a railroad. A jury which was impeached after the murder, found that Jack

Turner, a nephew of the dead man, and Bob Sadders were members of the party who fired upon the dead man. The others are unknown, but all made their escape in a boat on the Cumberland River, which runs past the rear of the hotel.

Old people suffer much from disorders of the urinary organs, and are always gratified at the wonderful effects of Dr. J. H. McLean's Liver and Kidney Balm in banishing their troubles. \$1.00 per bottle. Sold by G. B. Swango, Hazel Green.

The Moon and the Weather.

During a long storm, persons who are well versed in weather lore are often heard to console themselves with the prediction that there will be a change of weather when the moon changes. Nasiveth and Crpenter characterize as a popular error, in its most absurd form, this belief that the gradual turning of the moon's face toward and away from the sun could, at certain points, upset the existing condition of our atmosphere, generate clouds and pour down rains. In England (and the same may be said of America) the weather changes about every three days, and there is a change of the moon every seven days, so that many coincidences must occur. Those who believe that "the moon rules the weather" always credit such coincidences to lunar influences. But the theory is untenable unless it applies to every case, and unless the same effect is always produced by the same cause. To suppose that a change of the moon will turn dry water to wet or wet to dry indiscriminately is the merest childishness, and contrary to all meteorological records. —Popular Science Monthly.

I have purchased from Mr. Dills the feather renovator at Hazel Green, and will conduct the business at the present stand over THE HERALD office. Persons bringing their feathers to the renovator can have them made new for six cents a pound. 262. J. E. SMALEY.

United States Marshal James R. Jordan, of the Northern District of Virginia, has been interviewed on Virginia politics, and says he thinks that the Democrats of the State are putting on their war paint in earnest, and they intend to set down on Mahone so seriously next fall that his friend John Sherman will not know him.

For sick headache, female troubles, neuralgic pains in the head take Dr. J. H. McLean's Little Liver and Kidney Pills. 25 cents a vial. Sold by G. B. Swango, Hazel Green.

**ASTHMA
AND
CATARRH
REMEDY.**

SOLD BY ALL DRUGGISTS.

Having struggled 20 years between life and death with ASTHMA or PHTHISIS, treated by eminent physicians, and receiving no benefit, I was compelled during the last 5 years of my illness to sit on my chair day and night, gasping for breath. My sufferings were beyond description. In despair I experimented on myself by compounding roots and inhaling the medicine thus obtained. I fortunately discovered this WONDERFUL CURE FOR ASTHMA AND CATARRH, warranted to relieve the most stubborn case of ASTHMA IN FIVE MINUTES, so that the patient can lie down to rest and sleep comfortably. Please read the following condensed extracts from unsolicited testimonials, all of recent date:

Oliver V. R. Holmes, San Jose, Cal., writes: "I find the Remedy all and even more than represented. I receive instantaneous relief."

E. M. Carson, A. M., Warren, Kan., writes: "Was treated by eminent physicians of this country and Germany; tried the climate of different States—nothing afforded relief like your preparation."

L. B. Phelps, P. M., Griggs, Ohio, writes: "Suffered with Asthma 40 years. Your medicine in 3 minutes does more for me than the most eminent physician did for me in three years."

H. C. Plimpton, Joliet, Ill., writes: "Send Catarrh Remedy at once. Cannot get along without it. I find it to be the most valuable medicine I have ever tried."

We have many other hearty testimonials of cure or relief, and in order that all sufferers from Asthma, Catarrh, Hay Fever, and kindred diseases may have an opportunity of testing the value of the Remedy we will send to any address TRIAL PACKAGE FREE OF CHARGE. If your druggist fails to keep it do not permit him to sell you some worthless imitation by his representing it to be just as good, but send directly to us. Write your name and address plainly.

Disease Cured Without Medicine.

A MARVELOUS INVENTION

FOR HEALING THE SICK AND CONQUERING PAIN.

A Valuable Discovery for supplying Magnetism to the human system. Electricity and Magnetism Utilized as Never Before for Healing the Sick.

We wage no warfare against physicians or the medical fraternity generally. Their sphere of usefulness is large and we desire to aid them in furnishing auxiliary relief to the sick. The honest physician occupies a high place in public esteem and deservedly so, too. While our Appliances are not a panacea for every ailment, we claim for them and will afford a speedy cure oftentimes after medicines have failed to give relief.
