ALL OVER THE WORLD IN A WEEK.

Natural gas has been struck at Carroll-
ton at a depth of 270 feet.

Two of John Blankenship's little girls,
at Ashland, were seriously burned by their
clothes catching fire.

Gov. Buckner has granted Wm. Pat-
terson, the condemned colored murderer at
Louisville, a respite of ninety days.

A great drought prevails in the north of
China, which is having the good effect of
facilitating repairs of the destruction caused
by the Yellow River inundations.

China papers state that a syndicate is
said to be active again, and it is reported
that the Associated National Bank will be
organized and that a railroad will be con-
structed from Tung Chong to Tsientsin.

A Swiss and Italian syndicate has been
formed which will advance to the Italian
Government 50,000,000 francs to enable it to
complete the Simplon Railway tunnel and
the railway lines which will connect there-
with.

John F. Davis, State Commissioner of
Agriculture, in his monthly report gives en-
couraging accounts of the crops in Ken-
tucky. The severe snow, sleet and freeze of
January did but little damage; not nearly
so much as supposed.

Councilman Lawrence Gutermouth
was assaulted by George Luther, a barkeep-
er, at Louisville, Friday night, and seriously
wounded. He cracked the former a fearful
lick between the eyes with a brass beer
spigot. The row was the result of a bar-room
brawl.

The President and Mrs. Cleveland, Sec-
retary and Mrs. Whitney, and Colonel and
Mrs. Lamont left for Florida on Tuesday,
at about twelve o'clock on a special train. The
Senators, Representatives and others going
on the same invitation went on a regular
train leaving a little later.

W. D. Boswell, President of the Nor-
thern Bank of Kentucky, died at Lexington
Wednesday week, aged fifty-eight years.
He was a native of Louisville, but had been
for many years a resident of Lexington,
where, previous to his connection with the
bank, he was a prominent attorney.

A band of gypsies near Chattanooga,
Tenn., seized an eleven-year old boy, threw
a lasso over his neck, beat him horribly,
tied him to a tree and left him. The boy
finally released himself and ran home. He
was dangerously injured, and the Sheriff and
a posse went in pursuit of the gypsies.

They say a man left Waxahatchie, Tex-
as, recently driving a yoke of oxen; that
one of them died from overheat, and that
while he tarried by the wayside skinning
him, the blizzard came and froze the other
to death.

Were we in the habit of lying, we'd
right now sure quit in disgust.

Martin L. Scott, who murdered his wife
at Granite, November last, was hanged at
Deer Lodge, Montana, Friday. Scott spent
his last night in playing cribbage, retiring
at twelve o'clock, after decorating himself
with ribbons. The march to the gallows
commenced at 11:37, and the drop fell at
11:40.

Congressman Taulbee, of Kentucky,
looks far different in Congress than when in
his district in the mountains of Charles Eg-
bert Craddock. He here dresses well, but
at home he puts on the blue jeans of the
wild mountaineer and changes his kid shoes
for brogans. He makes capital with his
constituents by boasting that he is one of
them, and it is said that he pulls off his
shoes in their presence and points to his
horny feet as being those of a plowman.—
New York World.

The citizens of Anaconda, Montana,
are anxiously looking for Wm. Martin, pro-
prietor of the Planters' House there, who
shot and killed Patrick Reardon. Reardon
had been stopping at the planters' and
owed a small bill. Martin asked him for
the money, and in the discussion which
followed knocked him down with the butt
of his revolver and then shot him through
the head. Martin will be lynched when caught.

Col. B. F. Coekrell, one of the largest
taxpayers in the county, and a progressive
man, says this county could afford to give
absolutely \$150,000 to the C., K. & W. Rail-
road, and then reap benefits from the invest-
ment. We are of the same opinion; but
they do not ask it. Why should we then
such being the case, demand un-heard-of
restrictions in their charter and throw ob-
stacles in the way of our own progress?

.....Montgomery is the only county on
the line of the C., K. & W. that has thrown un-
necessary obstacles in the way of procur-
ing a charter. It would be well for a few
chronic kickers and constitutional objectors
to remember that Montgomery does not run
from the heads of the rivers to the ends of
the earth, and it is not an impossible matter
for a railroad to be built around it. They
may find this out when it is too late.—Mt.
Sterling Gazette.

Kentucky Legislature—SENATE—Mr.

Pieratt offered the following: House bill
140, incorporating the Clifton and Reservoir
Pike Railroad Company, with amendment
by way of substitute. Amendment adopted
and bill passed.—A bill to authorize the ex-
tension of the Powell's Valley Railroad from
the Virginia and Kentucky State line into
Bell county. Passed.—Senate bill amend-
ing act incorporating the Mt. Sterling Coal
Road Company, with House amendments.

the Ezel Male and Female Academy. Passed.

for Magoffin County. Ordered printed,
recommitted to Committee on Propositions
and Grievances.—House bill for the benefit
of W. B. Bullock, Sheriff of Owsley County.
Referred to committee.—Mr. Stewart: A
bill to declare Beaver Creek, in Floyd and
Knott Counties, together with its tribu-
taries, a navigable stream. Propositions and
Grievances.—A bill for the benefit of John
W. Combs, late Sheriff of Perry County.
Passed.—HOUSE—Mr. J. M. Oliver: A bill
to authorize George W. Smith to erect a mill-
dam across the Rockhouse Fork of Big
Creek, in Pike County. Passed.—Authorizing
the Secretary of State to furnish the
Circuit Judge of the Thirtieth Judicial
District certain books. Propositions and
Grievances.—Mr. Hogg: Senate bill to in-
corporate the Ezel Male and Female Aca-
demy. Passed.—Mr. Mulligan: To amend
an act, entitled "An act to incorporate the
Mt. Sterling Coal Road Company." Amend-
ed and passed.

As the Blair bill which, in accordance
with the Enquirer's repeated predictions
has passed the Senate, proposes to dump
\$75,000,000 out of the Federal Treasury, an
analysis of the vote thereon may prove en-
tertaining. Though a distinctively Repub-
lican measure, the division was very far
from being on party lines. Sixteen Demo-
cratic Senators voted for the measure, as fol-
lows: Berry, Arkansas; Brown, Georgia;
Call, Florida; Colquitt, Georgia; Daniel,
Virginia; Eastis, Louisiana; George, Missis-
sippi; Hampton, South Carolina; Hearst,
California; Jones, Arkansas; Pate, Florida;
Payne, Ohio; Pugh, Alabama; Ransom,
North Carolina; Vance, North Carolina;
Walthall, Mississippi. Riddleberger, of
Virginia, also voted aye. Twelve Republi-
can Senators voted against the bill, as fol-
lows: Aldrich, Rhode Island; Davis, Min-
nesota; Farwell, Illinois; Frye, Maine;
Hale, Maine; Hawley, Connecticut; His-
cock, New York; Ingalls, Kansas; Jones,
Nevada; Plumb, Kansas; Sabin, Minnesota;
and Spooner, Wisconsin. The measure now
goes to the House, where it will sleep the
sleep that knows no waking.—Cincinnati
Enquirer.

C. P. Marcum was arrested at Somerset
Thursday week by United States Marshal
Hughes, for passing and having in posses-
sion a quantity of counterfeit money. Mar-
cum entered the billiard hall of Crane and
Tomlinson, and passed some counterfeit
nickels on Mr. Tomlinson. He, suspecting
something wrong, went out to show Marcum
the city, and meeting officer Hughes turned
the man over to him. When searched, a
quantity of spurious coin was found on his
person. Marcum was traveling, taking or-
ders for enlarging photographs, and it is
thought his arrest may lead to the finding of
the mint where these coins are made. Mar-
cum was placed in jail to be carried to Lou-
isville for trial.

James Davis, of Greenup County, went
to Ironton, Ohio, Wednesday week and sold
his corn. He stayed around town drinking
for a couple of days, and in company with
George Sheeler, an Ironton tough, took pas-
sage on the Telegraph Thursday afternoon.
Sheeler went as far as Hanging Rock on the
boat and returned to Ironton with Davis'
money, \$124 in gold, with which he made a
lavish display and painted the earth a crim-
son hue, until overhauled by the police a
few hours later. The police got a third of
the money back, and Friday Shee was
arraigned and bound over to Court upon
the charge of robbery, which will land him
in the pen.

The bill appropriating money for the
erection of decent Capitol buildings at
Frankfort was before the Senate Friday.
Senator Alford offered as a substitute a bill
providing for the removal of the Capitol to
Lexington, conditioned upon the contribu-
tion by that city of the Transylvania grounds
and \$500,000 in city bonds. This substitute
was defeated by a vote from ten to twenty.
The original bill was then put upon its
passage and defeated, through a failure to
receive a constitutional majority, the vote
being eighteen ayes to sixteen nays. A mo-
tion to reconsider was made a special order
for yesterday, the fifty-sixth day of the
session.

Any and everything that can be exe-
cuted with new type, first class presses and
fine paper, in the hands of skilled mechan-
ics, may be had at this office at less than
city prices. It will pay any man in Eastern
Kentucky to get his printing at THE HER-
ALD office. Send for estimates, and state
exactly what you want.

The latest news from Shanghai is, that
a terrific earthquake has occurred in the
province of Yunnan. Two thousand lives
are reported to have been lost.

Hon. George B. Price, County Judge
of Metcalfe County, was thrown from a
wagon Saturday, receiving such injuries to
his head as will probably cause his death.

Sam and Charles Gragg, two brothers,
were arrested at Somerset, charged with
counterfeiting and selling whisky without
Government license. They were taken to
Louisville for trial in the U. S. Court.

There are reports of terrible distress
among the Indians in the far North. A mis-
sionary from the north of the McKenzie
River, where he has been for nine years,
heard of cases where Indians had died of
starvation and had been eaten by their com-
rades.

Gov. Buckner has appointed Col. John
W. McPherson, of Hopkinsville, Judge of
the newly created Court of Common Pleas
for Christian County. Col. McPherson, who
was recommended by the entire bar of Hop-
kinsville, is a gentleman of high standing
and an excellent lawyer.

The indictment against Eugene Zim-
merman, charged with complicity in the
wrecking of the Fidelity Bank of Cincin-
nati has been dismissed. Mr. Zimmerman
was in Europe when the indictment was
found, and came home to voluntarily sur-
render himself to the Court.

Chief, the big elephant of John Rob-
inson's circus, in winter quarters at Cincin-
nati, was out for an airing Saturday evening
and, becoming sulky refused to be comfort-
ed. He created consternation on the streets
for several hours, and it was ten o'clock at
night before he could be taken back to his
stable.

Among the public improvements that
are being considered for Pineville are water
and gas works. Some gentlemen with capi-
tal for investment in progressive localities
have selected Pineville as a favorite point and
will during the summer provide water and
gas for the growing town. She can't be
headed off.—Pineville Messenger.

The Hatfield gang, consisting of Val-
entine Hatfield, Selkirk McCoy, Andrew
Varney, Moses Christian, Phant Mayhorn,
L. D. McCoy, Thomas Chambers, Doc May-
horn and Samuel Mayhorn, were taken to
the Louisville Jail on Thursday week, and
Monday was set for their hearing before
Judge Barr, of the U. S. Court at that place.

In Havana, Cuba, since the first of
January there have been fifty-six persons
wounded with fire-arms, knives, &c., and
ten persons murdered during the same time.
The mail wagon that runs from Praceles to
Saneto Spiritus was stopped by six armed
men a few days ago and the driver killed,
the mail bags robbed and the team stolen.

Chicago, St. Louis and San Francisco
are clamoring for the National Democratic
Convention. The first offers a lake breeze,
the second a sight of the great bridge, and
the third a gold mine, or what is very near-
ly equivalent. San Francisco offers free trans-
portation, freedom of the city and money
enough to make California, Colorado and
Nevada dead sure for the nominee.

A young white girl, who recently com-
mitted forgery in Texas, but who was abso-
lutely free from other sin, was sentenced to
the penitentiary for two years. Last week
the penitentiary contractor called at San
Antonio for the prisoners and, in taking
them away chained the young girl to a black
brutal negro murderer. The people are
justly indignant, and every effort will be
made to secure Executive clemency for the
girl.

General Phil Sheridan is not much of
a politician, but he can read political hand-
writing on the wall as well as can Mr. Blaine.
He says in regard to the talk about nomi-
nating him for the Presidency, that "it is
time that all parties concerned should be
informed that they are wasting their breath."
*** There is nothing that would induce
me to leave the profession in which nearly
forty years of my life have been spent to
enter upon a civil career. *** There is not
the slightest probability of my being
nominated, and, in any event, I would not
accept." And thus another rose falls with-
ered to the ground.—Courier-Journal.

The Assistant Postmaster at Paso Del
Norte, Texas, has been arrested for mail
robbery. He abstracted at various times
valuable articles from letters passing through
the office, among them some diamonds in-
tended for President Porfirio Diaz in the
City of Mexico. Nineteen diamonds valued
at \$10,000 have been recovered by the officers
making the arrest, and a clew has been
found to others that were pawned or given
away. The name of the culprit is Flewry, and
he has moved in the swell circles of society
until now. It was known to the Post office
authorities for some months past that there
was something wrong in the El Paso office,
but no tangible proof could be obtained
until Friday.

Mt. Vernon, Illinois, a town of about
3,000 people, on the Louisville and Nash-
ville Railroad, about seventy-five miles from
St. Louis, was visited by a cyclone at 5
o'clock Sunday afternoon, and a score of
houses blown down. Fire broke out in the
ruins, and for a time the whole town seemed
doomed. Among the houses wrecked were
the Court House, Methodist Church and
Commercial Hotel. The storm struck the
town from a south-west direction, and was
over in Mount Vernon in a few seconds.

Mount Vernon is one of the most enterpris-
ing towns of Southern Illinois. It is the
seat of the Supreme Court for the Southern
portion of the State. A large two-story
brick school house did not withstand the
terrible shock any better than the smallest
house in the track of the cyclone. A large
two-story frame house was picked up and
carried about twenty feet and left unhurt,
while two brick buildings in one hundred
feet were left in ruins. The loss can not be
estimated, but not less than \$500,000 worth
of property has been destroyed by the cy-
clone and fire. Thirty-one deaths have been
reported and it is feared there are many
more, while the wounded number over 100.
The dead and dying are scattered through-
out the city. All the doors of the remain-
ing houses have been thrown open to the
less fortunate. Three-fourths of the busi-
ness portion of the city is ruined financially.
Many people who escaped with their lives
have nothing besides. Many are walking
the streets with no homes to go to.

A Ku-Klux story comes from Enos, a
small settlement in Florida. Dr. Enos, a
large property-holder, started the town and
named it after himself. One morning re-
cently he discovered a warning nailed to his
door ordering him to leave the place at once
on pain of death for neglect or refusal to
obey it. It had the usual skull and cross-bones
attached and was very threateningly word-
ed. No reason was given for the outrage,
but outside the reason assigned is that the
doctor has been advertising the advantages
of the place too highly, and when poor men
settled there they became discouraged.
The doctor buckled on his revolver and
threatens to shoot at the first sign of any
disposition to run him out. The matter has
created an intense sensation on the entire
east coast.

As soon as Blaine's withdrawal was an-
nounced the Lewiston (Me.) Journal sent to
the prominent Republicans of the State
this question: "Assuming that your first
choice would be Mr. Blaine if he would
accept, who is your second choice for the
Republican nomination for the Presidency?"
The returns, so far as received, make this
showing: Whole number of votes, 154;
John Sherman, 52; General Sheridan, 18;
Senator Allison, 16; Senator Hawley, 11;
Chauncey M. Depew, 11; Robert T. Lincoln,
10; General Sherman, 6; General Fairchild,
6; Senator Everts, 5; General Harrison, 5;
Senator Frye, 4; General Gresham, 2; Sen-
ator Hale, 1; Congressman Reed, 1.

After being out for three days the jury
Friday returned a verdict of not guilty in
the case of Mrs. Lucretia Mundy, on trial
in the Fayette Circuit Court, charged with
murder of her husband, Lowrey Mundy, in
1883 to secure over \$20,000 insurance on his
life. This is the third trial of the case, the
juries hitherto having failed to agree. Dr.
Davis, son-in-law of Mrs. Mundy, charged
with complicity in the murder, was convicted
and is now serving a life sentence in the
penitentiary.

Charles Bowles, colored, has been jail-
ed at Maysville on the charge of murdering
a colored man, Charles Summers, at Sharp-
burg, the first week of last December.
Bowles will be taken to Owingsville for
trial. He was arrested near Concord, Lewis
County, where he had been employed on
the new railroad.

Mrs. Rebecca Aker, of Paris, grand-
mother of Miss Cynthia Embree, has brought
suit against C. V. Higgins, Jr., charging him
with betrayal and desertion of Miss Embree.
The mother of Miss Cynthia died several
years ago, and her father, John Embree, is
living near Newton with his second wife.

THE HERALD and the Weekly Cincin-
nati Enquirer, one year for only \$2.00. It
strikes us that this is the best combination
yet made, and if it bite you the same way,
send us \$2.00 in cash and you will get both
papers for twelve months.

Tomnie, the ten-year-old son of John
T. Sims, near Carlisle, fell off a wagon while
driving and two wheels ran over his breast,
crushing his heart from one side to the
other. He lived ten hours in an unconscious
condition.

The wife of Alvin Overstreet met with
a terrible accident at her home near Hanly
Monday afternoon. Her dress caught fire
from the grate, and every stitch of clothing
was burned from her body, even to her cor-
set.

Montgomery, the man who shot his
sweetheart at Monterey, in Owen County,
about a year ago, from the effects of which
she died, is now on trial at Frankfort.
