

# THE HERALD

For Sheriff.

We are authorized to announce SAM HENRY WILSON as a candidate for sheriff of Wolfe county, subject only to the will of the people at the polls in November, 1894.

**THIS PAPER is all home print, and if you want all the good things it contains you should read every article on each of the eight pages. You will find all the local news that way.**

Mrs. DeBusk and Miss Fannie visited on Grassy Tuesday.

W. T. Colvin, of West Liberty, came over Sunday to see his best girl.

One hundred men working on the water works at Mt. Sterling struck last week.

Mrs. Johnathan Smith, an old lady, had an epileptic fit Monday at John A. Oldfield's, in Morgan county.

H. C. Quicksell, of this place, spent Sunday and Monday in West Liberty. What's the attraction, Curtis?

Miss Rosa Trimble, whose illness and recovery were respectively reported in this paper, is again in a critical condition.

Elder D. G. Combs preached in the Christian church Sunday morning, and Elder J. T. Pieratt preached at night.

Thousands of new patrons have taken Hood's Sarsaparilla this season and realized its benefit in blood purified and strength restored.

Elder J. T. Pieratt will preach next Sunday morning at the John Rose school house, and at the Frank Johnson school house in the afternoon.

James Lacy and wife, of this place, will accept the thanks of the editor and his better-<sup>1</sup> for some of the finest onions and beans we have seen this year.

The Messrs. Martin, brothers of Mrs. Duke Howerton were here this week attending the bedside of their sister, who has been and is still quite sick.

We will next week place the Democratic ticket at the head of our columns, which we intended to do this week, but were crowded at the last moment.

A first class 25 horse power portable saw mill complete, and, if needed, a good corn mill, all in complete order. Price and terms reasonable. For particulars address Maytown Mill Co., Maytown, Ky.

We this week surrender our editorial space to G. T. Center, candidate for county judge, that he may explain his position on the turnpike question, which you will find interesting.

Do you want the best rolls?  
Do you want the best flour?  
If you do, bring your wool and wheat to Maytown and you will get the best. Mill and machines running every day.  
MAYTOWN MILL CO.

Mr. Hord, who has in thirteen acres of tobacco, reports it as doing finely and thinks there will be a big crop from his planting. He topped one piece on Monday, which is unusually early. White burley is the variety Mr. Hord grows, and he thinks all he raises will command 10 to 15 cents per pound.

The Hazel Green Fair Association has put its track in first-class condition, the stable is the best in the country, and Ray Moss, who trained here last year, has been engaged to superintend the training and stable. All who intend to have horses trained, should see Mr. Moss at once, and take advantage of his experience in the matter.

A horse kicked H. S. Shafer, of the Freemyer House, Middleburg, N. Y., on the knee, which laid him up in bed and caused the knee joint to become stiff. A friend recommended him to use Chamberlain's Pain Balm, which he did, and in two days was able to be around. Mr. Shafer has recommended it to many others and says it is excellent for any kind of a bruise or sprain. This same remedy is also famous for its cures of rheumatism. For sale by John M. Rose.

## A Transgressor's Ways are Hard.

Wesley Osborn, who was arrested in this county by Deputy Sheriff John Cox about ten days ago, is having a hard time since Mr. Cox delivered him to the Lewis county authorities. A dispatch from Vanceburg on the 13th inst., says: "Late last night a telegram was received at the jail that a mob was on its way from Collegeville to take the murderer of young Hiram Adams, Wesley Osborn, from jail and hang him. The marshal and three deputies took Osborn from jail into the woods, and guarded him through the night. Osborn's courage failed him at the report, and he cried frantically to be saved. The people are determined in the neighborhood of the murder."

## Nothing Strange.

Intelligent people, who realize the important part the blood holds in keeping the body in a normal condition, find nothing strange in the number of diseases that Hood's Sarsaparilla is able to cure. So many troubles result from impure blood that the best way to treat them is through the blood, and it is far better to use only harmless vegetable compounds than to dose to excess with quinine, calomel and other drugs. By treating the blood with Hood's Sarsaparilla, scrofula, salt rheum and what are commonly called "humors;" dyspepsia, catarrh, rheumatism, neuralgia, consumption and other troubles that originate in impurities of the blood or impaired circulation, can all be cured.

Elvin Wilson, of Missouri, son of Mrs. Louisa Wilson, and a brother of W. H. Wilson of Daysboro, and James Howard Wilson, of Mt. Sterling, arrived here Tuesday night, accompanied by his brother Jim Howard and cousin, Kiser Wilson, of Montgomery county. His visit was a surprise to his mother and his many friends here, who had not seen him in eighteen years, and his step father, John Wilson, said he felt very much like killing the fattened calf in honor of the occasion. Mr. Wilson will remain here for several days, perhaps weeks.

W. H. Nelson, who is in the drug business at Kingville, Mo., has so much confidence in Chamberlain's Colic, Cholera and Diarrhea Remedy that he warrants every bottle and offers to refund the money to any customer who is not satisfied after using it. Mr. Nelson takes no risk in doing this because the remedy is a certain cure for the diseases for which it is intended and he knows it. For sale by John M. Rose.

Do not fail to read the advertisement of the State College of Kentucky, which appears in this issue. Several young men and young women throughout this mountain section have availed of the many advantages offered at this institution, and in consequence now hold positions of honor and profit.

## A Grand Feature.

Of Hood's Sarsaparilla is that while it purifies the blood and sends it coursing through the veins full of richness and health, it also imparts new life and vigor to every function of the body. Hence the expression so often heard: "Hood's Sarsaparilla made a new person of me." It overcomes that tired feeling so common now.

Hood's Pills are purely vegetable, perfectly harmless, always reliable and beneficial.

In the athletic sports at Louisville last week J. Morton Swango, of Hazel Green, won the pole vaulting contest in eight feet eight inches and a half. But to show that that was not his best performance he vaulted nine feet easily.

Elder J. A. Howard, writing from West Liberty, under date of the 16th, says: Just closed a meeting at Spaws creek with about thirty-five additions to christian unity; four baptised. I will preach at Flat Woods, Morgan county, next Sunday, it being the 4th in July.

The strife for schools in Wolfe seems to be about ended, as many are reported to begin on the 23d inst. There appears to be a greater interest manifested in regard to the improvement of school buildings as well as to improved methods of education, but it is due in most part to the compulsory means resorted to in the late law.

The Duke of Red River Valley has upon his premises a pond that contains a living wonder—a trap that never fails to get its prey, as was exhibited the other day by its ready skill in seizing a crow by the foot and dragging it under water. As the crows alight to get a drink, they are instantly seized by the jaws of this trap, a nineteenth century prodigy. Any one desiring eggs, can have them at fifty cents a dozen. U No.

There was a very large turnout at the Bridge Sunday, it being their communion meeting. The brethren gave good advice, and everybody seemed to be interested in their good behavior.

Sufferers from Dyspepsia should read the following letter from Mrs. H. M. Peck, wife of Judge Peck, a Justice at Tracy, Cal., and a writer connected with the Associated Press: "By a deep sense of gratitude for the great benefit I have received from the use of Hood's Sarsaparilla, I have been led to write the following statement for the benefit of sufferers who may be similarly afflicted. For 15 years I have been a great sufferer from dyspepsia and

## Heart Trouble.

Almost everything I ate would distress me. I tried different treatments and medicines, but failed to realize relief. Two years ago a friend prevailed upon me to try Hood's Sarsaparilla. The first bottle I noticed helped me, so I continued taking it. It did me so much good that my friends spoke of the improvement. I have received such great benefit from it that
