WITHOUT doubt every man who is now seeking the nomination for office in this county expects to be the chosen one or he would hardly have the temerity to give the idea thought or time. Well, that conceded, how can any one who is thus seeking office consistently refuse to place his announcement in his own county paper, and that, too, a paper published in the interest of the party he is asking the patronage of and published by one of the party who has never practiced the art of "scratching" further than to make a + under the rooster. Once the nominee THE HERALD becomes his allie and ardent spokesman, and how he can refuse to give it his support by placing and paying for his announcement in its columns is a conundrum we can not untangle. Those who expect THE HERALD's support after they are nominated should give it their patronage in seeking that nomination, for "by their works ye shall know them."

EDITORIAL BRIEFS.

Has Philadelphia raised \$80,000 or has it still \$80,000 to raise?

"Bobs" went to Africa to dictate, but he remains to criticize and protest.

The Porto Ricans translate "E pluribus unum" to mean "business is business."

Secretary Long can certainly get the vote of the navy mutual admiration society.

Who would have thought that Britain needed the aid of Portugal to try to defeat the Boers?

This will be Dewey's second summer, and everyone knows that second summers are hard on babies and heroes.

What is the difference between Kansas City and Philadelphia? One has halls to burn and the other has no funds to burn.

The report that Bryan is thinking of moving to Texas must be incorrect, as it is well known that he is meditating on a move to Washington.

If Adam had tried to run for the presidency and had slipped up, it's ten to one he would have blamed it on his wife. That's man's nature.

If Secretary Long runs for vice-president, he will find out how bitterly the country resents his efforts to disgrace Schley in order to magnify Sampson.

The British lion is too busy with the frontal harassment of Oom Paul to care much about Webster Davis' exertions in twisting his caudal attachment.

Now in London they have a new form of dueling which the Times seriously declares is too dangerous for common use. This is a little better than the average wit of Punch.

Will the republicans reduce taxes? We trow not. With \$150,000,000 to lend out without interest amongst favored banks for the next year, the G. O. P. will never want for campaign funds.

It is now asserted that the Duke d'Arcos was the only diplomat who was invited to the Chicago Manila Day celebration. If this proves true some one should be punished for this inexcusable insult.

Senator Hanna's declaration that Dewey should have announced his candidacy on April Fool's Day will not appeal to the country, which will resent the coarseness of this slur upon a great man.

Mr. Addicks, of Delaware, has not yet been interviewed on the Clark case, but it is well known that he thinks that when a man has paid down his hard cash for a senatorship, he ought to have it.

We don't want to be considered carping, but we would really like to be informed how a man can be guilty of treason or rebellion against a constitution which is expressly declared not to extend to him.

Senator Platt's resolutions that the insurrection in the Philippines had been overcome, appeared in the newspapers side by side with accounts of two desperate attacks made on our troops by the "overcome" insurgents.

Why doesn't the senate take a leaf out of the book of the house and resolve in favor of the direct election of representatives by the people, instead of by means of contest proceedings in which the democrats invariably get the worst of it.

It is not only in regard to Porto Rico that President McKinley has changed front. He once said that there would be no backward step in civil service reform—but he took one. He declared that a war of conquest would be criminal aggression—but he is waging one.

Will Dewey answer the query addressed to him in the name of the democratic national committee, asking whether he intends to support the candidate of the party in case he himself is not nominated? Unless he does, his name should not be considered at all. Common honesty requires such a pledge from him.

The republicans object to the word "imperialism" as applied to the policy of the government towards the possessions. But if it isn't imperialism, what is it? The essence of imperialism is the government of subject peoples without a voice in their own control by aliens.

Now that gold has been found in the Philippines, it will be impossible for the United States to try to govern it as a crown colony without the risk of having a war with Great Britain to settle the rights of her subjects there.

Your taxes are due and must be paid now. So please call and settle, and save trouble, as I am compelled to collect.

OUR GLORIOUS COUNTRY.

Have you watched its marvelous growth? If not, The Weekly Enquirer wants to study the strides it has made. The first census of the United States was taken in 1810. Since then every succeeding ten years. The result has been as follows:

| Year. | Population. | Year. | Population. |
|-------|-------------|-------|-------------|
| 1810 | 7,239,881 | 1860 | 31,443,321 |
| 1820 | 9,633,822 | 1870 | 38,558,371 |
| 1830 | 12,866,020 | 1880 | 50,155,783 |
| 1840 | 17,069,453 | 1890 | 62,822,250 |
| 1850 | 23,191,876 | | |

Here you have the figures of a basis of calculation. The problem now is: What will be the population of the United States, excluding recent acquisitions. The result is usually announced in July of the census year.

THE WEEKLY ENQUIRER is anxious to engage all in a study of their country. To this end it will distribute cash amounting to \$25,000, for solutions received of the population of the United States Census, as follows:

| | |
|--|------------|
| To the first nearest correct guess received. | \$3,000.00 |
| To the second..... | 1,500.00 |
| To the third..... | 750.00 |
| To the fourth..... | 500.00 |
| To the fifth..... | 250.00 |
| To the sixth..... | 200.00 |
| To the seventh..... | 150.00 |
| To the next 10, each \$100, amounting to. | 1,000.00 |
| To the next 50, each \$50, amounting to. | 2,500.00 |
| To the next 100, each \$25, amounting to. | 2,500.00 |
| To the next 500, each \$10, amounting to. | 5,000.00 |
| To the next 1,500, each \$5, amounting to. | 7,500.00 |

2197 cash presents amounting to \$25,000.00
In case of a tie, money equally divided.

Every guess on the above proposition must be accompanied by a year's subscription to the WEEKLY ENQUIRER.

You can guess as often as you care to include subscription price to the WEEKLY ENQUIRER.

This contest will close a month before the result of the census will be known and officially certified by the Director of the United States Census at Washington, D. C.

Subscription price for the WEEKLY ENQUIRER (including guess) is only \$1.00 a year. Eleven copies and eleven guesses for \$10.00. For full particulars see WEEKLY ENQUIRER. Send all orders to ENQUIRER CO., Cincinnati, Ohio.
