

### TAKE ANOTHER FROM CLINTON

In a Eleven Inning Battle the Boys From Henry County Finished in Second Place.

Before one of the largest crowds that has turned out to see a ball game in Butler in a long time the home team defeated the Clinton team Sunday afternoon in the eleven inning game by a score of 6 to 7.

While the game was a thriller from start to finish it was not quite so good a game as the score would indicate. In the early innings Butler got some bad breaks which kept them from making enough runs to win the game. However, they made a game, uphill fight and finally tied the score and finally won out in the eleventh inning.

Butler's first run came in the fourth inning when Campbell's grounder got away from the Clinton second baseman, later scoring on Shroyer's hit. In the fifth Howard reached first when the shortstop fumbled his grounder and went to second when the second baseman finally recovered the ball and threw it over the first baseman's head. He was sacrificed to third and scored on Osborne's hit Campbell made the circuit of the bases when the Clinton center fielder let his long fly bounce out of his hands and go over the fence. Two more were made in the eighth on hits by Hulse and Shroyer and a couple of errors. Clinton made two in the ninth tying the score. Neither side was able to get a man around in the tenth and Clinton failed to score in their half of the eleventh, but in that inning Butler would not be denied and made the deciding run. Williams, first man up was out third to first. Ellis got a hit and promptly stole second. Osborne was called out on strikes. Campbell sent another long fly to center which went into the hedge and Ellis scored with the winning run.

The Clinton team, sulking under their defeat the Sunday before by the Butler boys at Clinton came determined to win. They were accompanied by a large number of enthusiastic rooters all pulling hard for them. They had loaded their team with the best baseball talent from Kansas City and expected easy sailing. Yendes, their pitcher, has just completed a successful season with a club in the Northwestern league. The feature of the game was the playing of the Butler infield and Campbell's long hits to the hedge in center field. The present infield of Kershner, Williams, Osborne and Shroyer is the best team ever had. Every one of them are in the game all of the time and go after everything.

The score:

	AB	H	R	O	A	E
Clinton	6	1	1	1	0	0
Montgomery, lf	5	1	1	2	3	0
Phillips, 3d	6	2	0	2	3	1
Stannard, ss	4	0	0	0	3	0
Yendes, p	5	0	1	2	3	1
Cummings, cf	5	0	0	1	1	1
Shadwell, 1st	3	0	1	2	0	0
Cochran, rf	2	0	0	0	0	0
Burnett, rf	5	2	1	1	0	0
Carroll, c	5	1	1	2	1	1
Bratzler, 2nd						

46 7 6 32 15 4

Note: Two men were out when winning run scored.

	AB	H	R	O	A	E
Butler	6	0	0	6	2	0
Williams, 2nd	5	2	1	0	0	1
Ellis, cf	6	3	1	3	4	3
Osborne, ss	5	1	2	4	1	0
Campbell, lf	5	1	1	0	1	0
Hulse, rf	5	3	1	4	2	1
Shroyer, 3d	4	0	0	9	2	0
Kershner, 1st	5	1	0	7	1	0
Terry, c	5	0	1	0	2	1
Howard, p						

46 11 7 33 15 6

Strike outs—Howard 5, Yendes 3. Bases on balls off Howard 1, Yendes 2. Two base hits—Osborne, Shroyer, Stannard. Sacrifice hit—Ellis. Stolen bases—Montgomery, Phillips, Ellis.

Lascomb was out of the game and Terry caught an acceptable game but lacks the "zip" of Lascomb.

With the "wooden" Hale in the box the Butler boys lost to Newton by a score of 2 to 1 based on the fact Hale pitched better than Lascomb.

### Illinois Governor Refused to be Arrested.

Springfield, Ill., Aug. 9.—Finally deciding to follow the advice of his down-state council, Governor Small "tipped" again today in his game of hide and seek with the law and announced that, as chief executive of the state, he is immune from arrest during his term of office. It was only last Tuesday night in a speech at Danville, that the governor publicly stated he would gladly submit to arrest on the indictments charging him with embezzling 1-2 million dollars in state funds and conspiracy to defraud the state of 2 million, in any county in the state with the exception of Sangamon.

Today, in a conversation with Sheriff Henry Mester, in which the sheriff attempted to arrange the matter of the governor's arrest in an amicable manner, Governor Small read him an opinion drafted by his counsel which implies the governor will not submit to the courts anywhere in the state as long as he is governor. Governor Small did not intimate in his remarks what steps he intends to take to resist arrest, further than to threaten to sue Sheriff Mester and his bondsmen if the sheriff complies with the court's orders.

### Mrs. Jemima LeMasters Dead.

Mrs. Jemima LeMasters, one of the old residents of Bates county, died at her home a few miles southwest of this city Friday, August 5, as the result of a stroke of paralysis which she sustained about ten days before.

Mrs. LeMasters was born at Covington, Ohio, April 4, 1839, and had lived in this county for the past several years.

Funeral services were held at the late home Sunday and interment made in the Morris cemetery.

### Making the Jail More Secure.

For the past several days workmen have been engaged in lining the cell room on the second floor of the Bates county jail with heavy steel sheets. The walls and ceiling of the room are being covered with the sheets, which are being riveted together, forming a steel shell which will be almost impossible to break through.

In times past it has been an easy matter for a prisoner not confined in the cells to tear out a few bricks and make his escape. Dale Jones, afterwards the notorious outlaw and gun man, at one time made his escape in that way and the next day the lifeless body of a man who escaped with him was found at the Miami river, south of town. It has always been supposed that Jones killed the other man to keep him from telling just how the escape was made. "Bunk" McGinnis, who was awaiting execution for the murder of a man whom he was trying to rob, made his escape in that way one Sunday afternoon many years ago, but was recaptured the same afternoon and was hanged a few days later.

### G. O. P. Unable to Revise Federal Taxation Laws by December 1.

Washington, Aug. 6.—The work of revising the federal tax laws cannot be completed by congress before December 1. Republican leaders of the senate and house admitted Saturday.

That was given as another reason why no taxes including the excess profits and high surtaxes, can be repealed or reduced before January 1 next.

The house ways and means committee has been informed by the commission of internal revenue's tax experts that if the bill is not passed until December it virtually will be impossible to prepare regulations so

that the first payments of the new income and profits taxes can be made by March 15.

The new law should be on the statute books now and if any change in income and profit taxes is to be made in the returns due next March the experts say.

Republican members of the committee virtually have decided that no taxes shall be repealed until next January. If this is done business and wealthy individuals will pay the excess profits tax and high surtaxes during 1922 just as they have during 1921.

### Farm Relief Bill Passed.

Washington, Aug. 4.—The agricultural credits bill, embodying the administration plan for loans by the war finance corporation to aid exports of farm products, was passed today by the senate.

There was no record vote on passage of the bill, which now goes to the house. The measure authorizes agricultural loans from the 500 million dollars cash capital of the war finance corporation, which also is authorized to issue 2 billion dollars of bonds in obtaining additional loan funds.

The bill was put through as a substitute for the Norris agricultural credits plan. As amended in the senate, it prohibits loans to foreign governments.

Another amendment provides for loans to producers upon notes and other instruments of indebtedness, when secured by chattel mortgages or other papers conveying a marketable title to staple agricultural products including live stock.

Japan has agreed to November 11 as the date for the beginning of the disarmament conference in Washington, as suggested by the United States, according to Saturday's newspapers.

### Baby Injured in An Automobile Collision.

Tuesday afternoon as a Ford touring car driven by Rev. H. E. Berg, who with his wife and two and one-half year old son was traveling from Wagoner, Oklahoma, to Kansas City, reached the I. H. Ellis corner in the south part of town it collided with a car coming from the east and driven by a son of Roy Thomas. The Berg car was badly damaged and the little boy, who was sitting on his mother's lap, was thrown out, falling in front of the Thomas car, one of the wheels of which passed over it, breaking its leg just above the ankle and otherwise badly bruising it. Mrs. Berg received a wrenched shoulder and bruises. The injured were brought to town and Dr. Newlon dressed their hurts. Mrs. Berg and the baby proceeded to Kansas City by train and Mr. Berg remained in town to oversee the repairs on his car.

### Robbers at Amoret.

Sometime Monday night robbers, using tools stolen from a blacksmith shop, made an attempt to rob the Amoret postoffice, but met with very little success. According to the report made by Miss Elsie O. Williams, postmistress, there was but \$1.00 in the safe, which was blown open by nitro-glycerin and the robbers very considerably left two pennies of that. An automobile belonging to Ed Cullison, of the Hurley Lumber company, was taken the same night and presumably by the same party or parties that robbed the postoffice.

There seems to be no clew to the robbers. Two cars were seen leaving town going north about three o'clock in the morning and it is probable that they contained the thieves making their get-away to Kansas City.

### THE SPECIAL ELECTION

Two of the Propositions Voted on Were Defeated in Bates County. All Probably Carried in the State.

The special election last Tuesday to vote on the proposition for a new state constitution; to allow women to hold office, to pay the interest on the \$60,000,000 road bonds out of the automobile license fees; to pay the Missouri soldiers in the World War a bonus, aroused very little interest, especially in Butler and Bates county. Only two of the propositions carried in the county, but so far no complete figures are obtainable from the state at large although reports from the different counties in St. Louis and Kansas City would indicate that each of them had carried.

The constitutional convention proposition it was decisively beaten in Bates county.

The vote in Bates county: For a New State Constitution: Yes, 1103. No, 1510.

Majority against, 407. Amendment No. 1 Permitting Women to Hold Office: Yes, 1273. No, 1362.

Majority against, 89. Amendment No. 2, paying the interest on the \$60,000,000 road bond out of the automobile license fees: Yes, 1942. No, 701.

Majority for, 1241. Amendment No. 3 paying a bonus to Missouri soldiers in the World's war of \$10 for each month served up to twenty-five months: Yes, 1477. No, 1185. Majority for, 292.

### Hold up Official Count.

Jefferson City, Aug. 9.—The county clerks of Cedar, Mississippi and Ozark counties are holding up the count of the official votes cast at the special election August 2. The cities of St. Louis and Kansas City and the other counties of the state had sent in their official returns today, but as the law provides that none of these returns can be opened until every county has reported these slow officials are holding up the rest of the state.

### 100 Passenger Plane to Make N. Y.-London Flight in 40 Hours, Being Tested.

London, Aug. 6.—London to New York in 40 hours—breakfast in England and dinner the next evening in America—will be an ordinary occurrence if a new type of aircraft, which is now going through tests at Croyden field, comes up to expectations.

British aviation experts have been concentrating on this type of machine for the past three months. Now it is announced that the new type of aircraft is approaching commercial possibilities.

The unique feature of this new type is that it is part airplane and part airship. It is able not only to fly but it also is able to come to rest on the ocean and ride the roughest waves as safely as any oceangoing vessel.

It will carry foghorns and riding light in addition to the usual flying gear.

Plans have been made for the construction of giant trans-Atlantic flying ships built on the same lines which will carry 100 passengers in addition to food, the crews and stores, and will be able to do the trans-Atlantic journey in well under two days.

### Old Light Plant Smoke Stack Falls.

While workmen were engaged Saturday afternoon taking down the metal smoke stack on the old light plant, Lyons and Pine street, a guy wire broke and the stack fell on the John Ray building, which was somewhat damaged as was the city building.

The stack, which was three feet in diameter and one hundred feet high, stood on a concrete foundation on the west side of the old power house which had for some time been abandoned. Fortunately no one was hurt in the accident and in a short time the debris was cleared away.

Railroad valuations in Iowa were increased by approximately \$2,000,000 for the purpose of taxation by the State Executive Council. Twenty railroads are affected.

## 100 Men's Suits On Sale

AT

# \$25.00

These garments were bought to sell up to sell \$40.00—they are made of the finest all wool worsteds in brown and white pencil stripe—blue and white and black and white pencil stripe—many of them in solid brown, gray and solid blue. They are here in all sizes, 34 to 44.
