

MAIDEN WORTH.
Her home was but a cottage home,
A simple home, and small;
Yet sweetness and affection made
It seem a fairy hall;
A little taste, a little care,
Made humble things appear
As though they were translated there
From some superior sphere;
Her home was but a cottage home,
A simple home, and small,
Yet sweetness and affection made
It seem a fairy hall.

As sweet the home, so sweet the maid,
As graceful and as good;
She seemed a lily in the shade,
A violet in the bud!
She had no wealth but maiden worth—
A wealth that's little fame;
Yet that's the truest good on earth—
The other's but a name;
Her home was but a cottage home,
A simple home, and small,
But sweetness and affection made
It seem a fairy hall.

A cheerfulness of soul, that threw
A smile o'er every task,
A willingness that ever flew
To serve ere one would ask!
A something we could wish our own,
A humble flow'ret born,
To grace in its degree a throne,
Or any rank adorn!
Her home was but a cottage home,
A simple home, and small,
Yet sweetness and affection made
It seem a fairy hall.

THE HYMNS MY MOTHER SANG.
There are no hymns to me more sweet
Than those my mother sung,
When joyously around her feet
Her little children clung.

The baby in the cradle slept—
My mother sung the while;
What wonder if there softly crept
Across her lip a smile!

And I, a sick and languid boy,
Oppressed with many pains,
Of felt a quiet sense of joy,
Come with her soothing strains.

The stealing tear my eye bedimmed—
My heart is running o'er—
The music of my mother's hymns
Shall cheer me here no more.

TAKE THE PAPERS.
'Tis sweet on winter's night at home,
To sit by fire and tapers;—
But ah! it is a wiser thing, by far,
To read the papers. Won't you take
the papers? Can't you take the papers?
The joy of hearts are little worth,
Unless you take the papers.

Maidens wanting lovers true,
You must take the papers! Swains
who would not idle woo, You must
take the papers! Love's joys below
you'll never know, Unless you take
the papers.

Married folks of all degrees, You
must take the papers! You must
truly happy be if you take the
papers. Won't you take the papers?
Can't you take the papers? They'll
say you're mean, and 'rather green,'
Unless you take the papers.

QUITE POETIC.—A gentleman
with Circinnati, filled to the brim
with heartfelt, glowing thought,
wrote a few verses the other day,
and sent them to the Burlington Ad-
vertiser for publication. We shall
only give a specimen. The whole
poem at once would certainly prove
destructive to our readers. Hear
him on the "tender passion!"

"When a feller falls in love
He does wear a white kid glove,
and puts on lots of splendid close,
and wares the bates upon his toes,
and smells just like a sprouting rose,
all newly sprung in June!"

"Sam," said one little urchin to
another, "Sam, does your school-
master ever give you any rewards
of merit?" "I s'pose he does," was
the rejoinder; "he gives me a lickin'
regularly every day, and says I merit
it twol!"

It is proper to have the conscious-
ness of having done well, but it is
the height of vanity to wish to be
informed of it.

The vain abhor the vain; but the
gentle and unassuming love one an-
other. It is the effect of sympathy
with the latter and want of it with
the former.

Public opinion is a jurisdiction
which the wise man will never en-
tirely recognise, nor entirely deny.

There are two classes of people
who can afford to be modest—those
who possess a vast amount of knowl-
edge and those who possess but a
little.

Hypocrisy is the necessary bur-
den of villainy; affectation part of
the chosen trappings of folly.

TO THE PUBLIC!
The introduction of Dr. John Bull's un-
equalled Sarsaparilla, has formed an era in the
medical world. Its rise, progress, and the
many wonderful cures it has effected, since it
was introduced to the public, have been a sub-
ject of great astonishment, and even wonder-
ful admiration of the American people.—
When the history of this truly wonderful medi-
cine is known, together with the extraordinary
exertions made by Dr. Bull, to make it the
most valuable compound of Sarsaparilla known
to the world, its rapid and unprecedented
rise and progress, will no longer be a theme
of astonishment.

Twenty-six years since Dr. Bull, then a boy,
came to Louisville, and was employed for a
number of years in studying the business of
an Apothecary, with Messrs. Byers & Butler,
Dr. T. E. Wilson, and the lamented L. George
Jr. After leaving the service of Dr. Wilson,
Dr. Bull was employed by Dr. F. Scorch, an
old and celebrated German Physician of this
city, and for many years, a Surgeon in the
Grand Army of Napoleon. Dr. Scorch,
during his life, made a fluid Extract of Sarsa-
parilla for the special use of the physicians
of this city, and which was considered at that
time by far the most superior article made.—
Dr. Bull was employed by Dr. Scorch, in com-
pounding this celebrated Sarsaparilla, and
then conceived the idea and finally fully de-
termined (seventeen years since) to introduce
at some future period, for the consideration of
the afflicted, a preparation of Sarsaparilla.

Since that time his mind has been constant-
ly employed in studying the ingredients, and
experimenting to find a complete, safe, and
valuable compound of Sarsaparilla, such a one
as would be acknowledged by physicians as
undoubtedly in its efficacy, and finally fully de-
termined (seventeen years since) to introduce
at some future period, for the consideration of
the afflicted, a preparation of Sarsaparilla.

TESTIMONIALS.
The following is a verbatim copy of a cer-
tificate now in the possession of the proprie-
tor of Bull's Sarsaparilla. Rev. E. W. Sehon
is widely and generally known as an eloquent
and accomplished Pastor of the M. E. Church,
and Rev. E. Stevenson has been known as one
of the most talented and zealous members of
the Ky. Conference could have been for many
years—and at this time is filling the high and
responsible station of agent for the M. E. Book
conferenc. Can the world produce better, or
more satisfactory testimony in favor of any
medicine?
Louisville, May 20, 1849.

We have used John Bull's Sarsaparilla, and
have known it to be used with entire satis-
faction; and we have no hesitation in stating
that we believe it to be a safe and valuable
medical compound, and calculated to produce
such good, and relieve much suffering; and,
therefore, would cheerfully and most earnestly
recommend it to the afflicted.
[Signed] E. W. SEHON,
E. STEVENSON.

TESTIMONY like the following, renders
superfluous all comments on the efficacy of
Bull's Sarsaparilla:
From Dr. L. P. Vandell, Prof. of Chemistry
in the Louisville Medical College.
"I have looked over the list of ingredients
composing John Bull's Compound Extract of
Sarsaparilla, and have no hesitation in saying
that they form a safe compound, and one that
promises well in chronic diseases, to which it
is applicable."
Louisville, June 6, 1850.

BETTER TESTIMONY than was ever of-
fered in favor of any Medicine,
From Dr. James M. Moore.
Mr. JOHN BULL: I have no hesitation in say-
ing that I believe your Sarsaparilla to be the
best article ever manufactured for the cure of
Scrofula, Syphilis, and many other Cutaneous
and Glandular Affections, having used it with
entire success in a number of the above cases.
Louisville, Dec 26 '50 J. M. MOORE, M. D.
What Dr. Pyles, Physician by appointment,
to the Louisville Marine Hospital, says of
Bull's Sarsaparilla:—
Louisville, March 20, '49.
I have examined the prescription for the
preparation of John Bull's Sarsaparilla, and I
believe the combination to be an excellent
one, and well calculated to produce an altera-
tive impression on the system. I have used
it both in public and private practice, and
think it the best article of Sarsaparilla in use.

isville marine hospital.

HEADACHE REMEDY.
A CERTAIN Cure for Sick-headache,
Nervous headache, Toothache, Sunpain,
Neuralgia, heartburn, Sour Stomach, Indi-
gestion, &c. &c.
The most extraordinary Medicine ever of-
fered to the world! It cures the most inveter-
ate cases of Sick-headache in a few minutes.
Its effects are wonderful in nearly every case.
The secret of its curing so quick, is that it at
once corrects and supplies a deficiency of the
gastric juice of the stomach. This is not only
giving temporary relief, but is removing the
real cause of the disease. If you will
only use one bottle of this medicine, you will
readily be convinced that the sick-headache
and other like affections, can be cured as
easily and as quick as any other malady which
the human family is subjected.

ed to \$500,000; said company having been du-
ly organized, now presents its claims to the
public for a portion of their patronage, be-
lieving that when its charter and proposed
manner of doing business shall be examined
and understood, the advantages offered will
be obvious to all; amongst which we may
mention the following. The safety of a
stock company, with the benefits of sharing
in the profits of the business; the premium
graded to the extent of age of every respon-
sible company; the semi-annual payment of premi-
ums for the convenience of the assured; days
of grace liberal, travelling privileges larger,
