GLASGOW, MO. THURSDAY, JAN. 6, 1859.

Look for the X. A cross (this X) immediately before the name, signifies that the time paid for has expired.

The Governor's Message occupies the greater portion of our space to-day. It will be read with interest by the people. His reference to our Rail Roads will command special attention.

Good Work.—The Republican of Tuesday says: The Exchange Bank, after setting aside 3 per cent. of net earnings to Contingent Fund, has carried 4 per cent. on the whole amount of capital, \$865,200, to credit of Surplus Fund, and has divided among stockholders on all stock paid up to July 1st, the large amount of 7 per cent., and on all stock paid in subsequent pro rata at the rate of 10 per cent. per annum.

Missouri Legislature—Twentieth Session. The Legislature of Missouri met on Monday, December 27th, 1858.

The Senate was called to order by Hon. Hancock Jackson, Lieutenant Governor. After the Senators had been sworn in, an organization was effected by the election of the following gentlemen: W. Hough, of Cole, Secretary; Thos. H. McMurray, of Benton, Assistant Secretary; Mr. Houston, of Carroll, Engraving Clerk; Thomas W. Gilmer, Enrolling Clerk; A. Thraikill, Sergeant-at-Arms; and Mr. Oldham, of Randolph, Door Keeper.

The House met and was temporarily organized by calling Mr. Darnes, to the chair. Hon. John M. Wicer, of St. Louis, administered the oath to members. A permanent organization was effected by the election of the following gentlemen: Col. Coffee, of Cole, Speaker; Wm. S. Mosely, Chief Clerk; Jas. P. Love Assistant Clerk; J. L. Detchemendy Enrolling Clerk; A. D. Rees, Engraving Clerk; James Regan, Sergeant-at-Arms, and George Bartley, Doorkeeper. Mr. Darnes was subsequently elected Speaker pro tem.

An organization was not effected until Tuesday, the time having been consumed in debating sundry questions of no special moment. On Wednesday, the Governor's Message was read, and a long debate ensued on printing that document in foreign languages. The vote was carried to print a number of copies in the German language, which is a dead waste of what the printing will cost.

The question of employing a Chaplain was debated at great length, but a majority was finally found in favor of prayers. Mr. Sutton, of Gosconade, who was elected as an avowed Emancipationist, nominated Mr. Kribben for Speaker, and made a speech in which he quoted speeches of Mr. K. made in Jefferson, last summer, to show that he (K.) was an Emancipationist. Mr. Sutton said he was in the minority, but he wanted his friends to stand up for the cause and wait for the "good time coming."

Mr. Kribben spoke at length, denying he was an Emancipationist. He had voted for Van Buren and Adams, and was ashamed of it, had repented, and was now a democrat. The speaking created some excitement, and a good deal of feeling on the part of Mr. Kribben. He was brought to Jefferson to keep the Dutch from voting for Gardenhire, and the way to get them off was, to make a stronger free soil speech than Gardenhire. It was a "good enough Morgan" to carry the election, but is denied now!

Mr. Robinson, Senator from Boone and Howard, introduced a series of resolutions against the further granting of State aid to the Railroads, and in favor of the State taking possession of the roads that had failed to meet their January interest. The resolutions met with some opposition, and were laid over.

No business of any special importance was transacted during the week. On Friday, both Houses adjourned over till Monday, when, we suppose, business will be taken up in earnest.

The Legislature of Illinois met on the 6th. Senator Douglas was unanimously nominated for re-election, by the democratic caucus.

A negro belonging to Mr. S. B. Thornhill, of Troy, in this State, killed his master with a knife, on the 14th. The people took the negro out of jail, and burned him to death.

From the Gold Mines. Correspondence of the Times. AURARIA. Mouth of Cherry Creek, on the South Platte, Nov. 24th, '58. CLARK H. GREEN, Esq.—Dear Sir:—For the benefit of yourself and the Glasgow Boys, I write you this new Eldorado of the West. Our little party reached this place on the 15th of this month, all well, and in good spirits, except myself, who was sick the most of the time, but am quite well at present. We think we have got a good thing out here, and want all our friends to share it with us. There is gold here, and plenty of it, but there has not been much taken out, as every one has been engaged preparing for winter, and running wild about town cities and cities. We have the advantage of them all, however, at this place. It is beautifully situated, at the mouth of the now famous Cherry Creek, on the right Bank of the South Platte—the Rocky Mountains with their snow-crowned tops are in full view all the time—they look to be about 3 miles, but the real distance is about 30 miles. The roads to California, Salt Lake, and the points on the Pacific to all the Forts on the frontier and Mexico, pass through this place, it being the only place where the Platte can be forded at all seasons of the year, for many miles above or below us. We have 300 or more inhabitants, and about 60 good log cabins, and if the winter is not too long, will number 4 times that by the first of March.—There is as near as can be ascertained, about one thousand men in the valley, and two-thirds of them are from Kansas, Iowa and Nebraska, the rest are from Arkansas and Missouri.

The people here are very much dissatisfied about Gov. Denver sending out some men here with commissions as officers, to form a county. They think they are competent to elect their own men—and so they are. It looks to me like a strong free-soil movement to bring the county into Kansas, for with the heavy immigration that must follow this great excitement, she will have more than enough to come into the Union. One thing is quite sure, the people will not stand it. We have joined our fortunes with some others, in building this place, and if the whole thing does not prove to be a fabulous creation of the mind, we will have enough to make us all rich. We look for an emigration equal to that of 1849 and '50, to California, and the prospect of success for all those who come, is as good as it was for those who made that long trip; while this is a short one. One month from Leavenworth or Kansas, coming by Fort Kearney, that being the shortest route, being plenty of time to make the trip. There are a great many old miners here, and they are all well satisfied with the prospect for gold. Those who work make from 2 to 6 cents to the pan without the rocker to wash it, which amounts to \$4 or \$6 per day. J. B. Reed sends his regards to all the Glasgow boys, and says I must tell them that he is at the right place at last. With much respect to yourself and other friends in Glasgow, I am Truly yours, JOHN SUDDEA.

The Rail Road Meeting at Fayette, on Monday, was pretty well attended.—The "opposition" was out in full feather, and attacked the enterprise, and its friends, with more warmth than judgment; were met, corrected, and considerably cooled down. The Board of Directors determined to postpone the election, for the present, and await the action of the Legislature. If the Legislature shall set its face against further aid, no further action will be taken, as it will be impossible to raise enough funds at home to complete road. If half the requisite amount can be procured of the State, then we can surely raise the rest, by a general tax and private effort. The people are aroused, and meantime will continue to canvass the subject. They cannot be so blind to their own interests as to set still and gradually recede to a backwoods position.

Destructive Fire in Boonville. Boonville sustained a severe loss by fire, last Thursday morning. Seven of the best business houses in the city were destroyed, together with a good portion of their contents. The following losses were sustained: D. Andrews, real estate \$6,000; T. W. Nelson, real estate \$1,500; W. Gibson, real estate, \$3,000; B. N. & W. W. Jones, merchandise, \$8,000; A. Coffee & Co., merchandise, \$3,000; Ritchie & Kirton, merchandise, \$1,500; A. W. Simpson, presses, types, &c., \$2,000; C. Heim, merchandise, \$2,000; Wm. Johnson, merchandise, \$500; S. Sandeider, \$100; P. S. Nye & Co., \$1,000; I. B. Boyle, \$150. These losses were over and above insurance. Near \$40,000 was covered by insurance. Mr. Simpson gives notice in an Extra, that the Observer will be under way again, as soon as material can be received.

JONES' COMMERCIAL COLLEGE, ST. LOUIS. We are in receipt of the Circular and Catalogue of the above Institution. The College is composed of a Commercial Department, under the control of Jonathan Jones; a Mathematical Institute, under control of Chas. B. Steward; and a Writing Academy, under the control of S. D. Hayden, with competent assistants in all departments. There is hardly a town in the State which does not contain a graduate of this College. Persons desiring to qualify themselves for any particular branch of business, will here find all that is required. A few months spent in this College by young men, will prepare them for the business of life, as well as years of study on the old plan. See Advertisement.

Hard Times and Papers. Two men have actually told us, in the past week, that the times were too hard for them to take a paper this year. One of them was smoking a cigar, and the other had at least ten cents work of tobacco in his hand, from which he was pulling a quid.—We guess from other circumstances, easier understood than explained, that they both had some "rifle whiskey" in their stomachs. We agree with them, and pity their families: They cannot afford to take a paper, buy tobacco and whiskey, bread, meat, clothes—but, as they use all the tobacco and whiskey themselves, could they not disperse with one of these luxuries, take a paper and magazine for their families, and also save from ten to fifteen dollars, in cash? We submit the question for consideration.

We would invite the attention of our readers to the new "ACCE CURA" advertised in our columns. It is from such a quarter as will give the public confidence in its efficacy, and we have learned from reliable sources, that its virtues will sustain their fullest expectations. Citizens of the west cannot fail to appreciate the paramount value to them of a safe and certain remedy for this afflicting distemper without either Quinine or minerals, and consequently without injury to the constitutional health. We have more than ordinary satisfaction in proclaiming this remedy, because we are convinced it will answer a crying want among us, and serve to relieve a great amount of suffering.—Republican, Warsaw, Ind.

DISOLUTION. The co-partnership heretofore existing between Geo. H. Tatum and D. C. Robbins, under the name and style of Robbins, Tatum & Co., is this day dissolved by mutual consent. Mr. D. C. Robbins has purchased the entire stock on hand. The business will be closed by Mr. Tatum, who can be found at the old stand. D. C. ROBBINS, GEO. H. TATUM. dec31, 1858.

A CARD. In retiring from business, I beg to return my sincere thanks to my friends and the public for the liberal patronage extended to the firm with which I was connected, and hope the same will be extended to my successors. The books and accounts of the late firm of Robbins, Tatum & Co., are in my hands, and as it is desirable to have a speedy settlement, I hope all will call at an early day. GEO. H. TATUM.

Co-Partnership. David C. Robbins late of the firm of Robbins, Tatum & Co., has associated with him in the grocery business, Mr. Thos. Bartholow, under the firm of Bartholow & Robbins, and will continue the business as heretofore, at their old stand on W. 1st Street, and in connection with the same will continue the forwarding and commission business in the same manner and on the same terms as formerly conducted by Mr. Thos. Bartholow, who will give his personal attention to that branch of business, and hope by strict attention and with the experience each of us has had, in our different lines, to merit a continuance of the patronage of the public. One of the firm with which I was connected, and hope the same will be extended to my successors. The books and accounts of the late firm of Robbins, Tatum & Co., are in my hands, and as it is desirable to have a speedy settlement, I hope all will call at an early day. GEO. H. TATUM.

DIED. On the 30th, at the residence of her son, Stephen Byrum, Mrs. NANCY BYRUM, relict of the late Gray Byrum, of this county, in the 69th year of her age.

KANE'S ARCTIC EXPEDITION.—Very few persons, while setting at home comfortably in their easy chairs, can form an adequate idea of the hardships endured by the men who followed the lamented Dr. Kane, on the Grinnell Arctic Expedition. Beside the suffering caused by the inhospitable climate, the intense cold brought on rheumatism, stiffness of the joints, &c., and the privation from fresh meat and vegetables produced that terrible disease, scurvy. Their sufferings from these causes were very great, and would have been unendurable but for the happy results of a Limentum invented expressly for their use by the celebrated Dr. A. G. Bragg, a plentiful supply of which was taken along with the expedition. This Limentum proved so valuable, and its merits were so fully confirmed, under the most unfavorable circumstances, that Dr. Bragg has been induced to commence its manufacture for the public; He calls it very properly BRAGG'S ARCTIC LIMENTUM.

For sale in Glasgow by H. L. WHITE. An agent wanted in every town and village. Applications should be made to Bragg and Burrows, St. Louis, Mo., and must always be accompanied by good reference.

NEW ADVERTISEMENTS. AYER'S Ague Cure, FOR THE SPEEDY CURE OF Intermitting Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in bilious derangement, caused by the Malaria of miasmatic countries. No one remedy is louder called for by the necessities of the American people than a sure and speedy cure of the "Ague" or "Chills." Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity. That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of the disease, and the "Ague" expels the miasmatic poison of Fever and Ague from the system and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where FEVER AND AGUE prevails, every body should have it and use it.
