

# MALARIA

## Germ Infected Air.

Malaria is not confined exclusively to the swamps and marshy regions of the country, but wherever there is bad air this insidious foe to health is found. Poisonous vapors and gases from sewers, and the musty air of damp cellars are laden with the germs of this miserable disease, which are breathed into the lungs and taken up by the blood and transmitted to every part of the body. Then you begin to feel out of sorts without ever suspecting the cause. No energy or appetite, dull headaches, sleepy and tired and completely fagged out from the slightest exertion, are some of the deplorable effects of this enfeebling malady. As the disease progresses and the blood becomes more deeply poisoned, boils and abscesses and dark or yellow spots appear upon the skin. When the poison is left to ferment and the microbes and germs to multiply in the blood, Liver and Kidney troubles and other serious complications often arise. As Malaria begins and develops in the blood, the treatment to be effective must begin there too. S. S. S. destroys the germs and poisons and purifies the polluted blood, and under its tonic effect the debilitated constitution rapidly recuperates and the system is soon clear of all signs of this depressing disease. S. S. S. is a guaranteed purely vegetable remedy, mild, pleasant and harmless. Write us if you want medical advice or any special information about your case. This will cost you nothing.

### A Painful Weakness.

Our system of government has served us pretty well for a century and more but there is no denying that it has some fundamental weaknesses. The havoc which it regularly works with the business interests of the country every four years is one of these and another which recent events have emphasized is the difficulty which the nation experiences in securing a proper man for vice president.

When the vice presidency is mentioned the men who are worthy to be president all begin with one accord to make excuse. Instance Joe Cannon this week and a score of others in the weeks past.

About the only way that we can get a suitable man for vice president of the nation is to force the office on him as was done with Roosevelt, for no man who had demonstrated that he would make a good president will give his free consent to becoming vice president. And yet the nation is not safe in choosing any other sort of man as the history of the past century has repeatedly demonstrated.

Why not abolish the office? THE democrats have another available candidate for the Presidency—Mayor Robert A. Smith of St. Paul.

HAVE you had a directory man to fix your population yet?

To save a life, Dr. J. G. Merrit, of No. Mehoopany, Pa. made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, constipation and kidney troubles. Try them. Only 50c at all druggists.

If the national game proves anything we are all American right up to the international boundary line—and possibly a bit on the other side of it too.

If you can't take politics good naturedly, quit the game, warns the Perham Bulletin. You can afford the wear and tear on the nerves.

### Tips of the Tongue

W. G. Schroeder: "Think this is going to be one of the best summers we ever had in Bemidji. This town is bound to go forward. It will be impossible to keep it back."

John Jinkinson: "The Fair Association ought to have every member out to its meeting tomorrow night. There is quite a little business of importance that we want to bring before it. The horsemen are especially anxious to have some work done to the race track and if we are going to have any kind of a county fair and race meeting this fall now is the time to get at it."

J. W. Irwin: "I had the pleasure yesterday morning of seeing a very interesting taurant for breakfast and two men who were strangers came in and commenced to talk about the wreck. 'Pretty bad wreck' began the first. 'Yes' said the other, 'a man from here was killed, J. W. Irwin.' Strange how news will get distorted in being passed around, isn't it?"

Whooping Cough. "In the spring of 1901 my child ren had a whooping cough," says Mrs. D. W. Capps, of Capps, Ala. "I used Chamberlain's Cough Remedy with the most satisfactory results. I think this is the best remedy I have ever seen for whooping cough." This remedy keeps the cough loose, lessens the severity and frequency of the coughing spells and counteracts any tendency toward pneumonia. For sale by Barkers Drug Store.

### NEXT MONDAY, MAY 9,

I will have at my store a young lady who wishes to have every lady in Bemidji and surrounding country to call and get a cup of coffee without money and without price. This will give each one a chance to test my Coffees and see how good they are. Other articles of Batavia goods will also be shown so you can test them. Remember to ask for a book if you buy any Tea or Coffee, so as to give your girl or boy a chance to learn drawing and incidentally to get a prize. There will be two prizes given to girls and two to boys. The prizes are on exhibition at the store.

The men also have the same cordial invitation to come and be served. Remember every article bearing the name Batavia is fully guaranteed, and this guarantee you will find on each can. I am anxious for you to try these goods; they cost more than cheap goods, but after using them you will agree with me that they are worth more.

Judges for the best samples of drawing will hereafter be selected.
