DR. F. E. BRINKMAN, CHIROPRACTOR.

OFFICE HOURS: 10 a. m. to Noon, and 1 to 5:30 p. m.

I realize that it is sometimes very embarrassing for a lady to tell a physician about her troubles. For that reason I keep in attendance a lady at my office from 1 to 5:30 p. m. She assists (if desired) all ladies in getting ready for examinations; is present (if desired) while I am giving adjustments. The cause of all female diseases is in the spinal column (small of the back) and I find it unnecessary to adjust other than the cause; for the removal of the cause always allows the diseased organs to resume their natural positions and functions. Hence I never require local examination and never give local treatment, and even so, there is no line of diseases with which I have more complete success than those which afflict womankind.

LANDSLIDE FOR DUNN

Every County Holding Caucuses Yesterday Was Carried For Dunn.

Otter Tail, Conceded to Eddy, Overwhelmingly for Man From Princeton.

Telegrams and telephone messages from counties in which primaries were held yesterday afternoon and evening indicate that Dunn will sweep the state with an amazing vote. Beltrami county was the only county in the state in which the Collins people yesterday secured a look in.

MILLE LACS. Princeton, June 25.—Every precinct in Milles Lacs county went for Bob Dunn yesterday. Tremendous turnout at each voting precinct.

OTTER TAIL. Fergus Falls, June 25.—Dunn has carried every ward in the city. Returns from the villages and towns received up to one o'clock this afternoon indicate that Dunn has carried the county outside of Fergus Falls by a vote of two to one. A few Eddy delegates were elected to the county convention. Dunn leaders here are jubilant inasmuch as Dunn has never claimed Ottertail.

SCOTT. Shakopee, June 25.—Present returns give Dunn 42 out of 68 delegates in the county convention. Ten are doubtful. In this city the fight was very bitter and Mr. Dunn gets seven out of the ten delegates.

ITASCA. Grand Rapids, June 25.—This city is solid for Dunn. Returns from the county are very meager but it is believed that Collins will have practically no delegates to the county convention.

PROPHCY AROUSES INDIANS. They Return to Teepees, Fearing Destruction of Houses.

Indian Head, N. W. T., June 25.—There is a great deal of unrest among the Indians on Western reservations arising from a revelation said to have been received by an insane Indian at Touchwood, who states that a great storm will come and all whites and Indians living in houses will be swept out of existence, only Indians living in teepees surviving.

This has worked on most of the Indians that they have abandoned their houses and even square tents and are all camped together in teepees. The actions of the Indians have aroused considerable alarm among the farmers in this vicinity, who say in the event of a bad storm there is no telling what the Indians will do.

RUSSIANS FALL BACK

KUROPATKIN IS NOT PREPARED TO ENGAGE THE COMBINED JAPANESE ARMIES.

WILL ABANDON ENTIRE PENINSULA

WITHDRAWAL OF TROOPS NECESSARILY MEANS EVACUATION OF NEWCHANG.

St. Petersburg, June 25.—The day's news from the theater of war indicates that General Kuropatkin will not give battle to the combined armies of Generals Oka and Kuroki near Kaichou. Doubt is now cast upon the impression prevailing for several days that the bulk of the Manchurian army had been advanced southward, though it may be that General Kuropatkin is concentrating his forces in the neighborhood of Hai-cheng. The only thing that can be stated with certainty is that the information received by the war office shows that General Kuropatkin has no intention of seriously contesting the Japanese advance on Kaichou, which would seem to carry with it the decision practically to abandon the entire peninsula to the enemy and as a necessary consequence the withdrawal of the Russian troops from Newchwang.

According to the latest reports General Oka's outposts are four miles north of Senchen and the Russian outposts are eight miles north of the same place and are only being held along the line of the railroad. It is likely that the Japanese will reach Kaichou in a couple of days.

CHARGES AGAINST JAPANESE

Russians Do Not Credit Reports of Cruelty.

St. Petersburg, June 25.—The charges of barbarous treatment of Russian prisoners made against the Japanese by some Russian correspondents at the battle of Vafangow correspond to the general opinion. The foreign war office, or any of the foreign embassies, the attaches of which were alleged to have signed the incriminating statement, have not received any confirmation of the accusation and no action is contemplated by the government until the charge has been substantiated. Doubts as to the truth of the charge are increased by reports of kindness and consideration shown by the Japanese in many instances to wounded Russians.

MERCHANTS HAVE A FIGHT.

After Battle Lasting Three Hours Both Are Fatally Wounded.

Sarah, Miss., June 25.—A dispute arose between L. A. Johnson and Asa Moot, merchants of this place, over some cattle, which led to the shooting of both. The battle lasted three hours and more than 500 shots were exchanged. Both men are dangerously wounded and cannot survive.

BRIEF BITS OF NEWS.

Orlo B. Rhodes, editor of the Water-town Daily Standard, committed suicide Thursday by shooting at Water-town, N. Y.

All the steamship lines have announced that they will meet the Canadian cut in eastbound steamer rates from New York.

Charles D. Sheldon, former congressman from the Twelfth Michigan district, died suddenly of apoplexy at his home in Houghton.

Colonel Wright G. Edgerton, professor of mathematics at the West Point military academy, is dead. Colonel Edgerton had been very ill for two weeks.

Owing to heavy operating expenses and large sums spent for improvement during the last six months it has been decided by the directors of the Walsh railroad system to pass the next interest payment on the company's debenture "A" bonds.

TO NOTIFY THE PRESIDENT.

Speaker Cannon Will Be Chairman of the Committee.

Chicago, June 25.—The committee appointed by the Republican convention to inform President Roosevelt of his nomination will perform that duty at Oyster Bay, L. I., on July 27. By custom the chairman of the national convention is the chairman of the notification committee, so Speaker Cannon will be the one on behalf of the committee formally to advise President Roosevelt. Following are the North-western members of the committee: Idaho, H. B. Wellborn; Iowa, George Curtis; Michigan, Charles F. Sweet; Minnesota, Walter W. Hoffinger; Montana, Lee Mantel; Nebraska, G. W. Watters; North Dakota, V. B. Noble; South Dakota, G. E. Andrews; Wisconsin, Odehn E. Fishers; Wyoming, C. B. Clark.

The chairman of the committee to advise Charles W. Fairbank of his nomination as vice president will be the temporary chairman of the convention, Elbert Root of New York. The formal notification will be given probably at Minneapolis on Aug. 2.

Resume Work at Old Wages.

New York, June 25.—A strike of the Carriage and Wagonworkers' union, which began early in May for a seven-week scale and recognition of the union, has been declared off. Most of the strikers will return to their former employers at the old wages.

FOR BIG MALTING PLANT.

Capitalists to Establish Million Bushel House.

Winona, Minn., June 25.—A corporation backed by Red Wing capitalists has been formed and articles were filed here during the day for the establishment of a million bushel capacity malting plant in this city. The concern will be known as the Winona Malting company and it is capitalized at \$200,000. The directors are: Frol F. Bullen, president; A. F. Bullen, vice president and secretary; H. E. Blair, treasurer; M. S. Bullen and C. A. Purcell. An option has been secured on two or three locations and the selection is to be made within a day or two. It is expected to begin work on the erection of a steel structure next week and to have the building ready to take care of this year's crop. It is believed that a large elevator will be leased and the malting plant erected adjoining it. This is to be an independent plant, although backed by the Minnesota Malting company of Red Wing.

Heavy Snow Storm in Montana.

Butte, Mont., June 25.—An intermittent snow storm has been raging in this city for twelve hours. The mountains are covered with a covering of white, though in the valleys the snow is melting about as fast as it falls. The temperature ranged during the night between 30 and 40 degrees above zero.
