THE CZAR BACKS DOWN

Promises to Relieve the Malacca and Behave Himself in the Future.

Cargo Will be Examined in the Presence of British and Russian Consul.

St. Petersburg, July 23.—The Russian reply to the British protest was handed to Ambassador Hardinge during the afternoon. Russia agrees that the Malacca shall not be brought before a prize court and undertakes that no similar incident shall occur in the future. As a matter of formality the Malacca's cargo will be examined at Suda bay, island of Crete, in the presence of the British and Russian consuls, the Russian government having ordered her to stop at Suda bay for that purpose. A claim for damages as a result of delaying the steamer will be presented in due course of time through the British embassy. The Russian authorities, after receiving the report of the captain of the Malacca at Port Said, but she had already sailed. Both countries in the final agreement displayed a conciliatory spirit. In usually well informed quarters the belief is expressed that the recall of the volunteer fleet steamers has been ordered.

EARLY RELEASE PROMISED RUSSIAN AMBASSADOR SO INFORMS BRITISH FOREIGN SECRETARY.

London, July 23.—In accordance with instructions from Russian Foreign Minister Lamsdorff, Count Benckendorff, the Russian ambassador to Great Britain, has informed Foreign Secretary Lansdowne that immediately upon the establishment of the presence of the broad arrow—the British government mark—upon the munitions on board the seized steamer Malacca and the fact that no other cargo of a contraband character is on board that vessel she will at once be released. In response to this notification Lord Lansdowne assured Count Benckendorff that all the boxes marked with the broad arrow were the property of the British government and the secretary added that he had been informed by the Peninsular and Oriental company, the owners of the Malacca, that there was no contraband on board, a statement which the British government accepted because of the standing of the company. Russia is now awaiting a verification of the company's statement on the ground that fraud might have occurred and shipments of contraband goods substituted for goods declared on the manifest. How and where this point will be determined has not been announced, but Count Benckendorff has given the heartiest assurances to Lord Lansdowne of the desire of the Russian government to settle the dispute in an amicable spirit and no difficulty in arranging this detail is expected. Nevertheless the British government regrets the delay in releasing the ship, fearing further public excitement. The Associated Press learns that the Russian reply makes no reference

Cured of Chronic Diarrhoea After Ten Years of Suffering.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale at Barker's Drug store.

TROOPS REQUESTED

Situation at Bonesteel, S. D., Beyond Control of Local Authorities.

Many Holdups Occur on Principal Streets of the Town in Broad Daylight. Bonesteel, S. D., July 23.—Federal troops have been asked for and are being held in readiness to be sent here pending a promise by the gamblers that the "grifters" shall leave the city at once. The mayor, in a signed statement, notified Superintendent McPhaul of the government registration office that he was unable to cope with the situation and requested that troops be called for. Two hours later the request was withdrawn. At midnight the request was renewed by the city authorities. Later a meeting of citizens was held and McPhaul issued an ultimatum to the city authorities, saying that the rioting and disorder positively would not be permitted again and that he would remove the registration office from Bonesteel to another point if a repetition of the rioting occurred. Mr. McPhaul notified the government authorities that the town was past control of the local authorities and advised the sending of troops.

THE "FAULTLESS" STUMP PULLER... Most Simple and Durable Stump Puller on the Market. World's Fair Prize. WES WRIGHT, Local Agent.

DR. F. E. BRINKMAN, CHIROPRACTOR. OFFICE HOURS: 10 a. m. to Noon, and 1 to 5:30 p. m. I realize that it is sometimes very embarrassing for a lady to tell a physician about her troubles. For that reason I keep in attendance a lady as my office from 1 to 5:30 p. m. She assists (if desired) all ladies in getting ready for examinations; is present (if desired) while I am giving adjustments. The cause of all female diseases is in the spinal column (small of the back) and I find it unnecessary to adjust other than the cause; for the removal of the cause always allows the diseased organs to resume their natural positions and functions. Hence I never require local examination and never give local treatment, and even so, there is no line of diseases with which I have more complete success than those which afflict womankind.
