## DESPERATE ATTACK ON PORT ARTHUR

### Rumors of the Fall of the Stronghold Officially Denied at Tokio.

### Japanese Began a Big Battle With Cavalry Yesterday at Haicheng.

Tokio, July 30.—Rumors of the fall of Port Arthur are officially pronounced to be untrue. A desperate attack upon the forts however, is now in progress.

Haicheng, July 30.—An attack on the right flank of the Russian army was begun at 7 o'clock Friday morning under cover of which the Japanese infantry advanced along the railway toward Mukden. According to the latest reports the fighting still continues but the results are unknown.

plants the price of meat continues to rise in the local markets. This is largely due to the fact that the products of the big plants have been almost wholly sent to outside points. The meat served to Chicago customers nearly all comes from the independent plants.

Figures obtained at the five largest independent packinghouses in the yards where there is no strike in progress show that these plants have more than doubled their force of men and their output of meat. The men are working in three shifts of eight hours each and the killing and preparing of meat is continued day and night.

J. J. Redden of the Sheet Metal Workers' union has instructed members of the union outside of Chicago to make no cans for the packing companies involved in the strike.

Disorder at the branch of Nelson Morris & Co. in South Chicago caused the arrest of five men who had attacked retail meat dealers going for supplies. Two wagons were tipped over by a crowd of strike sympathizers. The police prevented further trouble by arresting the ringleaders.

Eighty colored men being transported from the hack yards in two cars on the Lake Shore road were thrown into a panic by a furious attack by a mob of 200 throwing stones which demolished nearly every window in both cars.

It is authoritatively announced that a conference has been arranged between strike leaders and Max and Ferdinand Sulzberger of Schwarzschild & Sulzberger.

### MOB LAW IN CONTROL.

Miners' Leader Discusses Conditions at Cripple Creek.

Denver, July 30.—The News prints the following from an interview with President Charles H. Moyer of the Western Federation of Miners, who is here to confer with officials of the organization:

"It is time to call out the troops again to protect our men in the Cripple Creek district. There is no legal authority there now. The sheriff's office cannot control things. A mob controls and our men are being subjected to whitecappings, whippings and every sort of brutal treatment. If the governor had wanted to be fair he would have ended martial law, withdrawn the troops and left, say, fifty soldiers there to deal impartially with all violators of the law. Instead of that he withdrew all the troops and left the commission and mob in control, leaving our helpless men to the mercy of that mob. He simply endorses the mob, asks us to call off the strike and will not allow our men to go back. To call the strike off would be to acknowledge that we were wrong; that the treatment we had received was right and that we got what was due us."

## DR. F. E. BRINKMAN, CHIROPRACTOR.

OFFICE HOURS: 10 a. m. to Noon, and 1 to 5:30 p. m.

I realize that it is sometimes very embarrassing for a lady to tell a physician about her troubles. For that reason I keep in attendance a lady as my office from 1 to 5:30 p. m. She assists (if desired) all ladies in getting ready for examinations; is present (if desired) while I am giving adjustments. The cause of all female diseases is in the spinal column (small of the back) and I find it unnecessary to adjust other than the cause; for the removal of the cause always allows the diseased organs to resume their natural positions and functions. Hence I never require local examination and never give local treatment, and even so, there is no line of diseases with which I have more complete success than those which afflict womankind.

### POSITION IS UNTENABLE. STRIKERS ARE DEFIANT.

ENTIRE RUSSIAN ARMY MAY BE COMPELLED TO RETREAT TO THE NORTHWARD.

JAPANESE ARE PRESSING FORWARD THREATEN KUROPATKIN'S FORCE AND ALSO HIS LINES OF COMMUNICATION.

St. Petersburg, July 30.—Since the Russian retreat from Tatchekiao and the taking of Newchwang by the Japanese the feeling here has grown suddenly more pessimistic. With the Japanese able to get around General Kuropatkin's right from Newchwang, with their forces pressing in upon Haicheng from the east and a Japanese column threatening the Russian communications above Liaoyang the withdrawal of the entire Russian army northward may be absolutely necessary. In this connection the orders issued to the foreign war correspondents to go to Harbin, as well as the report from Vladivostok that Viceroy Alexieff is going there, are highly significant, as indicating that General Kuropatkin may have already decided that his present position is untenable.

The temper of the soldiers at the front over these continued retrograde movements is shown by the statements of two Russian correspondents with General Herschelmann, who report in identical language that "the soldiers are tired of retreating," and the statement of another Russian correspondent who says "our men retired from Tatchekiao with heavy hearts."

Still another correspondent says: "We are all wonderstruck at the strategy and genius of General Kuroki. Everything he plans is executed with clockwork regularity, although he has no railroad and must march his men over mountain roads."

Perhaps the rain, which again seems to have begun, this time in earnest, may save General Kuropatkin's position.

### RUSSIA FILES A PROTEST

COMPLAINS TO BRITISH FOREIGN OFFICE OF CONTRABAND SHIPPING TO JAPAN.

London, July 30.—Russia has filed a formal protest at the foreign office against British shipments of contraband to Japan.

The Associated Press learns that the Russian government since the beginning of the war has carefully watched the manufacture of goods intended for the use of the Japanese government and as soon as it was established that such goods were about to be shipped to a hostile destination the facts were officially communicated to the British government, with the request that measures be taken to put a stop to it. It is further asserted that in many cases the government has not taken action and it is understood that when the war ends Russia proposes to present a bill for damages to the British government which will offset the indemnities claimed for the seizure of British steamers.

It is also learned by the Associated Press that Russia does not intend to hasten the settlement of the question of the right of vessels of the volunteer fleet to pass the Dardanelles since, if negotiations on the subject were conducted at this time, as desired by Great Britain, Russia might be forced by the existing situation to grant concessions she would afterwards regret.

### DEFIED POLICE OFFICERS.

President of Chicago Teamsters' Union Under Arrest.

Chicago, July 30.—President George F. Golden of the Teamsters' union turned strike picket during the day, defied Police Inspector Nicholas Hunt and met a Waterloo. The inspector, after warning Golden not to interfere with traffic, placed him under arrest and he was sent to the stock yards police station a prisoner. Thus for the first time a chief of the striking thousands was taken into custody.

At the time of Golden's arrest the police also took into custody G. T. Buser, who was in the teamsters' headquarters. He was charged with interfering with an officer. A patrol wagon was called from the nearest police station, where the two prisoners were taken. Golden had two bondsmen at the station when he arrived there, but the captain in charge, acting under orders from the inspector, refused to liberate Golden or Buser on bail. Both prisoners were sent to cells, vehemently protesting against what they declared was an outrage.

President Golden, after a stormy talk with Police Inspector Hunt in which International President Shea of the teamsters' organization took part, was liberated on bail.

The action of the police regarding Golden greatly incensed the strike leaders. International President Cornelius P. Shea of the Brotherhood of Teamsters was outspoken in his denunciation.

"Colorado methods seem to prevail," said he. Other leaders coincided with this view and hot talk prevailed about the strikers' headquarters.

Price of Meat Advancing.

### GENERAL SLOCUM DISASTER

CAPTAIN OF STEAMER AND TWO FEDERAL STEAMBOAT INSPECTORS INDICTED.

New York, July 30.—Captain Van Schaick, Federal Steamboat Inspector Fleming and former Inspector Lundberg have been indicted by the federal grand jury in connection with the disaster to the General Slocum on June 15 last, when nearly 1,000 lives were lost. Van Schaick was the commander of the Slocum.

Fleming and Lundberg had passed the Slocum at the opening of the season. Counsel for the defendants announced that they would be surrendered next Monday.

United States District Attorney Burnett said that indictments were also reported against President Barnaby, Secretary Atkinson and Treasurer Dexter of the Knickerbocker Steamboat company and Captain John Pease, the commodore of the company's fleet.

General Burnett said that when these men and Captain Van Schaick and Inspectors Lundberg and Fleming are arraigned for pleading on Monday he will insist upon bail being fixed at \$25,000 in each case.

### COMMERCIAL TREATY SIGNED.

Pact Between Germany and Russia Completed.

Berlin, July 30.—The Commercial treaty between Germany and Russia was signed Thursday by Count von Beulow, the imperial chancellor, on behalf of Germany, and M. Witte, president of the Russian ministerial council, on behalf of Russia.

It is said Russia accepts the German minimum duties on grain and renounces the intention of introducing higher duties on goods imported by land than on those imported by sea. Germany agrees that all barley imported from Russia shall pay a duty of two marks, instead of seven marks. Germany accepts the Russian duties on manufactured articles imported into Russia. Russia has received assurances that concessions will be made in the matter of cattle inspected on the frontier.
