

SUSPECTS ARRAIGNED

**Caldwell and Fournie, Held
For Dahl Murder Have
Arraignment.**

**PRELIMINARY HEARING SET
FOR AUGUST 18.**

**Little Evidence of a Substantial
Nature is Developed Against
Either Man.**

Eugene Caldwell and Paul Fournie, held for the murder of N. O. Dahl had a preliminary arraignment before Judge Reynolds yesterday afternoon. The hearings were continued until August 18. Bailey and McDonald have been retained as attorneys for Fournie.

Fournie was brought down from the county jail shortly after four o'clock. He is a man of slight stature and very ordinary appearance and seemed to be in the best of spirits. After the usual form had gone through he chatted pleasantly with several acquaintances in the court room and accompanied Sheriff Bailey back to the jail. He was not handcuffed, and as his appearance in the court was not expected but few people saw him on his way to the court room or returning. Immediately upon his return Caldwell was brought down. Caldwell is quite another type from Fournie. He does not take the matter with the apparent good grace manifested by the Frenchman and had little to say, in contrast to his conduct after arrest and before.

The fixing of the date of hearing as late as August 18 was deemed necessary by County Attorney Loud. There is little evidence of a substantial nature against either man on which to proceed. In the mean time something may be developed that will enable the state to present a more positive case at the time of the hearing. The evidence so far at hand is for the most part circumstantial.

The general opinion seems to be that Caldwell is innocent of any real connection with the crime. He has told any number of conflicting stories, however, and if he consents to talk and to tell the truth it is believed that he can give testimony which will be sufficient to clear up the whole affair. Fournie is close mouthed and very shrewd and evidently realizes that he has all the best of the situation as it stands up to the present time.

Closer investigation develops the fact that the crime for which he did time in the state penitentiary was grand larceny committed in Itasca county. He was arrested after a running fight in which he emptied his gun at the sheriff's posse, convicted and went to Stillwater for five years. He was a good prisoner and was paroled after three years had been served. The parole expired in 1901.

There is still no news from the searching parties in the Quiring country, who are looking for

WILL BUILD SPUR

**Lumber Company Will Construct
Twelve Miles of Railroad
For Logging.**

The Cross Lake Lumber company, of which James J. Long is manager, will during the remainder of the present summer and coming fall construct twelve miles of railroad for their logging operations between Cross Lake and Hunter's spur, on the M. & I. between Brainerd and Walker. The timber to be cut the coming winter is on the Cass Lake reservation. About seven hundred men will be employed by the company, and it is expected that logs to the amount of seven million feet will be cut.

The spur which the company will build will connect with the old Cross Lake road north of Brainerd, which has been in operation for a number of years.

Loud Not Fisk.

The following communication is self explanatory and concerns a recent news item printed in the Pioneer:

Fosston, Minn., July 26, '04.
EDITOR BEMIDJI PIONEER.
Dear Sir:—I noticed in a recent issue of your valuable paper an article headed "Fisk won a Contest" which was very misleading. Attorney Fisk was engaged by me to handle this contest case referred to but was only retained by me a day and a half after which I engaged Attorney H. J. Loud who had all the responsibility and carried the case through the different courts successfully. Mr. Loud worked very faithfully and deserves all the credit for winning this case for me.

Respectfully
F. P. MCINERNEY.

Appeal Will Be Taken.

The jury in the LeFitte-Stoner case, involving the transfer of property and which through a long term of litigation has become famous yesterday returned a verdict for LeFitte in the United States district court at Duluth. The case was one of the hardest fought legal battles which has ever come before the U. S. district court in this district and the latest decision makes a victory each for the defendant and plaintiff, it having come to trial several times. Mr. Stoner will appeal the case to the United States circuit court of appeals which will meet in St. Paul or Denver some time next January.

Proves Up On Homestead.

Bersvend O. Roen, of Buzzle town, held at the county jail on a charge of killing Ole E. Bakken during a drunken row some time ago, today saw the outside of the county jail walls for the first time in six weeks, when he was taken to Cass Lake by Sheriff Bailey, to make a final proof on his homestead in Buzzle town. Roen is a very model prisoner. The charge against him will be manslaughter. Proof was perfected on the homestead this afternoon. Roen's family will thus be enabled to perfect a title on the land in the event he goes to prison for the killing of Bakken.

Shufelt, Not Benson.

Henry Shufelt, of McHenry county, North Dakota, asks the Pioneer to make a correction. A short time ago the paper printed a story concerning the accidental shooting of a woman on the M. & I. passenger and the woman's name was given as Benson. Mr. Shufelt requests the publication of the following announcement: "Married at the home of the bride's parents in Bemidji, Minn., March 2, 1903, Henry L. Shufelt, of McHenry county, North Dakota and Miss Mabel Benson, of Bemidji, Minn."

Scrutchins Retained.

Charles Scrutchin has been retained as an attorney for Eugene Caldwell, who is held at the county jail for complicity in the murder of N. O. Dahl. Caldwell will have a preliminary hearing August 18.

Miss Dahl. The theory that she is alive is not seriously entertained by the county officials and those who are in the best position to size up the case. They believed she has been carried away from her own cabin alive, but has since been murdered and the body secreted. It may never be recovered. If it was buried in a grave the rank vegetation of the woods would exclude every trace by this time and it might be disposed of in many other ways that would make its finding impossible.

Upon the hope of confession depends the clearing up of the case. Somebody must talk and the prospects at the present time are excellent. Caldwell will probably be put in a sweat box the first of the week. He is not a man of the mental calibre sufficient to resist the ordeal and it is believed that he will tell everything he knows and that will be sufficient to settle the whole affair.

THOUSANDS ARE COMING

**Two Big Excursions Over
Great Northern to Be-
midji Tomorrow.**

**GRAND FORKS AND FARGO BALL
GAME DECLARED OFF.**

**Special Trains From St. Cloud
and Larimore Will Arrive
Tomorrow Noon.**

With favorable weather Bemidji should be hostess for at least six thousand people tomorrow, when two of the largest excursions which have ever come to this city will arrive over the Great Northern from St. Cloud and Larimore.

The trains will arrive in this city shortly after noon and each is expected to bring fully three thousand people. They will be accompanied by several bands and the afternoon will be spent in sight seeing about the city enjoying the amusement possibilities of Lakes Bemidji and Irving. Both excursions have been liberally advertised and come at a season of the year when they should draw well from their respective territories. Many of the patrons of tomorrow's event have visited Bemidji before and are well familiar with Bemidji and the natural inducements it offers for a day's outing on a trip of this kind. Grand Forks and Crookston people are expected to be the heaviest patrons of the excursion from the west and Wadena and the south line town below it will probably bring the bulk of the visitors from the south. There will also be large attendances from Cass Lake and Walker but local events will curtail the patronage from Park Rapids, Akeley and several other towns on the line.

The chief feature of amusement will be the ball game between Bemidji and Melrose. The Melrose team with Bemidji enjoys the distinction of being one of the two teams who have defeated the fast Sauk Center team during the present summer. The game will be called promptly at 2:30 o'clock. The home team will be the same as on the Fourth of July at Cass Lake with the exception of the fact that Roy, who has an injured hand will be out. Finn will catch and the vacancy on the team will be filled by George Bongo, who is a brother of the Bongo now playing on the team and is said to be well able to deliver the goods.

The Grand Forks-Fargo game advertised for the excursion has been called off. Both teams are about ready to disband and as they have made no arrangements for the grounds it is improbable that they will come for the game as advertised.

Returning the excursion trains will leave this city at 7:30 o'clock.

Married at Duluth.

The announcement of the marriage of Wm. Currie to a Duluth young lady is made in Bemidji today. The wedding occurred in Duluth Monday of this week. The groom is a popular traveling salesman for the Payton-Twohy Co. and has many Bemidji friends.

RED MEN ELECTED

**Officers of Bemidji Tribe No. 39
I. O. R. M. Elected
Friday Night.**

At the meeting of the Bemidji tribe of Red Men Friday night officers were elected for the ensuing year as follows:

Sachem—Chas. Mosebaugh.
Sr. Sagamore—Chris Christenson.

Jr. Sagamore—John Doran.
Prophet—P. J. Murtagh.
Chief of Record—Joe Harrington.

The officers elected at the meeting last night will be formally installed at the next regular meeting of the lodge, next Tuesday night. Many new members have been added to the lodge in the past year, and it is in a prosperous condition.

Ness an Inventor.

C. Ness, of Bemidji, is an inventor. Mr. Ness has just been advised that a spring tooth cultivator which he originated can be patented. Mr. Ness claims for his invention that it is a vast improvement over the cultivators now in use and in that it will not clog in new soil. His device has an attachment which makes it feasible for work in small gardens and it can be narrowed or widened at will and will take two or three rows at a time. As soon as the patent is received Mr. Ness will begin the manufacture of the implement here. Several local parties have investigated the device and finding it possessed of genuine merit, will assist him in financing the venture.

Canning Factory.

At the next meeting of the business men's club a proposition will be put before the members to promote the beet sugar industry and the raising of garden truck by the farmers in order to secure for the city a canning factory. Those who have had experience in truck farming are of the opinion that it can be successfully carried on throughout Beltrami county. The sugar beet it is said, will thrive in soil in the vicinity of Bemidji.

Died at Oelwein.

Harry W. Seaman, general agent for Campbell Bros. circus, who has a number of Bemidji friends died of blood poisoning developed from a carbuncle at Oelwein, Iowa, July 16. Seaman was ahead of the show when it visited Bemidji and was an old time all around circus man. His remains were taken to his old home at Kalamazoo, Mich., for interment. The information will cause general regret to many friends in this city.

Celebrated Birthday.

Mrs. J. H. Cornwall, who makes her home in this city with her daughter, Mrs. E. F. Kellogg last night celebrated her eighty first birthday at Mrs. Kellogg's home. Relatives and friends assisted including the children of Mr. and Mrs. John Pogue, who are great grandchildren of Mrs. Cornwall. The occasion was one of much genuine pleasure to all and Mrs. Cornwall has the best wishes of many more birthday anniversaries.

If your bicycle is broken or your gasoline stove is out of order take it to W. M. Ross and have it repaired.

SATURDAY

IS

...Demonstration Day...

AT OUR STORE.

We have just received a complete line of
J. H. Conrad & Co.'s World's Famous Coffees

and that company will send a "demonstrator" to our store on SATURDAY to demonstrate the richness of flavor and quality of those world famous goods. Call on us and have an opportunity of sampling the new and delicious products.

COFFEE AND CAKE will be served all day.

There will be attentive clerks in attendance to entertain you while you are in our store. You and your friends are cordially invited.

Our mammoth department store is always rife with bargains!

HAS BEEN SUCCESSFUL

**Beltrami County Summer
Schools Closes Successful
Session Today.**

**AVERAGE ATTENDANCE HAS
BEEN VERY GOOD.**

**Attendance and Interest Mani-
fested Highly Gratifying To
Crops of Instructors.**

The summer training school of the teachers of Beltrami county will close this afternoon, after one of the most successful terms ever held in Beltrami county. Examinations will be held the first part of next week.

The school has been under the conductorship of Prof. E. T. Carroll, of Wadena, one of the most experienced and proficient educators in the state and has accomplished a very great deal of work since it was convened July 6. Prof. Carroll has been ably assisted by Miss Honora Sutton, of Alexandria and Miss Nellie R. Merritt, of Brainerd. Miss Sutton has been instructor in grammar, history and geography, while Miss Merritt has given the school the benefit of a wide and varied experience in best methods of primary instruction. Prof. Carroll has taught arithmetic and physiology

M. J. MORSE, - Proprietor.

and all three have been very popular with the teachers in attendance.

The average attendance has been forty-three and the total enrollment was fifty-nine. The average of teachers in attendance was under thirty and the average ages of the teachers was fraction over twenty.

Prof. Carroll and the Misses Sutton and Merritt will return to their homes the first of the week. All three have made many friends since coming to Bemidji and there is no question but that the training school which is concluded this afternoon has been highly successful and is a deserved tribute to their efficiency as instructors.

Drink it Down.

Bemidji beer is on the market in a number of the local thirst parlors for the first time today. Expert authority informs the Pioneer that it is an excellent article and patrons of the local thirst parlor who are able to remember that patronizing home industry is the right thing are in as very happy frame of mind today.

**Beginning Monday, July
25, we will start classes
in the following branches:
Shorthand and Typewriting,
Bookkeeping, Penmanship,
Commercial Law, Commer-
cial Geography, Business
Arithmetic, Spelling.**

Hours, 10 to 12 a. m.; 7 to 9 p. m.

**Conway's Commercial College,
Box 744, 108 Sixth Street, between
Beulah and Beltrami Avenues.**
