Governor Lind and Party Greatly Impressed With County's Resources.

PARTY'S IMPRESSIONS SUMMARIZED BY GOVERNOR LIND.

Meeting Held With Business Men's Club Last Evening to Discuss Railroad.

A meeting of the Business Men's Club was held last evening to afford the business men of the city an opportunity to meet Governor Lind and party and to confer informally as to the feasibility of a railway into Bemidji from Nebish and Red Lake.

Governor Lind, Hon. C. A. Smith and Hon. C. J. Johnson returned last evening from the trip to Buena Vista, Nebish and Red Lake where they went to view the line of the proposed railroad to this city and to familiarize themselves with the character of the country. The party made a very thorough inspection of the route and traveled over a great deal of territory and at the meeting of the Business Men's Club last evening Governor Lind spoke at some length of the character and resources of the country traversed.

Governor Lind declared that the territory tapped by the proposed route is the most resourceful section of the county and thought that the building of a road into it would result in developing a trade of considerable proportions. He was agreeably surprised with the wealth of timber and the richness of the soil and his surprise and satisfaction was shared by other members of the party. Mr. Smith in supplementing the governor's remarks declared that never in his life had he seen so magnificent a growth of poplar as in Buena Vista, Nebish country and that he believed it was possible for Bemidji to turn it to a most profitable account.

There was an informal discussion of railway routes and while no definite proposition was made either by the company or by the Business Men's Club enough was learned to show that there is an active possibility of securing the road if Bemidji can secure the right of way into the city together with terminal yards.

The investigation has progressed to a point where it must be evident to everybody that the building of the road to this city will do more than any thing else for the development of the county and it is also evident that city and county must get together in a united effort if the road is to be secured. It is probable that the road can be secured if the right of way and a terminal is furnished, but any attempt to hold up the company for big prices for right of way will inevitably lose us the road.

Governor Lind and party left last evening for Minneapolis.

INDICTMENTS RETURNED

Grand Jury Bring Indictments Against Warner, Artz and Roen.

TWO ARE FOR MURDER AND ONE FOR ASSAULT.

Court Disposes of Case of White-Street Townsite Co. vs. J. Neils Co.

The grand jury so far have returned three indictments, one for murder in the first degree, another for manslaughter in the first degree and the third for assault with intent to kill.

F. J. Artz, who shot John Weiland in an altercation regarding the right to a homestead last spring, was indicted for murder in the first degree and his trial will be heard at the present term. Rensvand Roen, the homesteader who stabbed his neighbor to death near Solway, is charged with manslaughter in the first degree and Frank Warner, who shot a neighbor near Turtle River last spring, will be tried upon the charge of assault with intent to kill. From the witnesses who are being called to the jury room it is learned that the Gannon case is under consideration and an indictment is expected this afternoon. Nothing can be learned regarding the Dahl case although nearly all the witnesses have been examined.

The jury in the case of the White Street Townsite company vs. the J. Neils Lumber company brought in a verdict yesterday afternoon of \$900 in favor of the plaintiffs. The case involved a forty acre tract of timber about a mile from Tenstrike which the plaintiffs claimed had been stripped by the lumber company. Henry Coulin and Gibbons & Torrance represented the plaintiffs in the action and Bailey & McDonald appeared for the defendants.

The case of John H. Allen vs. Theodore Knutson is taking up the attention of the court this afternoon and will in all probability consume the entire day. The case is brought to recover damages for the loss of a horse which Allen claims disappeared and Knutson is responsible for.

Bruno Myers, one of the oldest residents in the vicinity of Bagley, died yesterday afternoon from a complication of diseases. Mr. Myers was sixty-seven years of age and leaves a son and daughter to mourn his loss. AUNT DIED IN ENGLAND

George Durban Falls Heir to Neat Fortune Through Death of Relative.

ESTATE VALUED AT \$35,000 DIVIDED BETWEEN TWO.

Mr. Durban Notified of His Good Fortune Last Night And Will Go to England.

George Durban, who has been employed at various occupations in the city for the past three years, last night received notice through Attorney H. J. Loud of the death of an aunt who lived at Hull, England, and that in her last will and testament she had bequeathed all the fortune of which she possessed to her two nephews, the estate to be shared equally between them.

The estate upon which the old lady lived previous to her death is the only remaining property of which she was possessor and is valued at \$25,000. In addition to this she has on deposit in an English bank \$8,000 cash. Thus it will be seen that each of the heirs will receive \$16,500.

Mr. Durban is known to a large number of Bemidji people and has made his home here for three years. He has many friends in the city who will be pleased to learn of his good fortune.

He will leave for England to take charge of his share of the fortune about October 15.

The last nine months has been dull ones for the referee of bankruptcy in the ninth congressional district, but this week he has done a stroke of business, three having filed petitions in bankruptcy, one each from Crookston, Fertile and Aitkin. The Crookston Journal this morning publishes an account of the rearrest of Caldwell and tells a tale of new evidence to hold him. The item is entirely a mistake. Caldwell has not been rearrested and was about town today as usual.

VERITY OUT

Dunn's Breach With Heatwole Bring About Verity's Resignation.

W. E. Verity, secretary of the republican state central committee, has resigned and James A. Martin, of St. Cloud, who managed Judge Collins campaign, has been elected in his place. It is understood that Mr. Verity was loath to resign but that his resignation was demanded by the committee because of the alleged break between Dunn and Heatwole over the latter's ambitions to succeed Senator Clapp. Mr. Martin has made some several records as an organizer and the republican campaign will doubtless take on additional vigor from this time on.
