Dunn and Tax Dodgers in Beltrami County.

It is a silly argument that his enemies make against Robert C. Dunn when they say the lumbering interests of the state are working for Dunn's election, to pay him for past favors. It is a fact that some of the heaviest lumbermen never know how to pay a tax until auditor Dunn taught them.

We need not go far for an illustrative case and corroborative witness. A. R. Button, Ripple's foremost citizen, can testify as to one instance when Bob Dunn got after tax-dodgers in Beltrami county a few years ago and, in conjunction with the county attorney there, closed down four or five logging camps for Walker & Akeley until they paid their taxes.

A state law had just previously been passed, forbidding loggers to remove their logs from a tract of land until the taxes thereon had been paid. We will remark, in passing, that Dunn, in opposition to the lumbermen was largely instrumental in securing the passage of this same law.

Mr. Button was living at Bemidji in the winter of 1899, and when T. B. Walker's loggers began to remove logs from a neighboring tract before the taxes were paid, Mr. Button notified the state auditor by letter. Auditor Dunn at once got busy, with the result that Beltrami county soon received into its treasury thousands of dollars of tax money which the lumbermen sought to avoid paying until a reduction was made by the county, which reduction they had demanded.

The correspondence between Dunn and Button in this case, which the latter still retains, is the best kind of proof that Dunn is under no obligations to the big lumbermen. If they desire his election to the governorship, they are not prompted by gratitude, but probably by admiration for a fearless man, who will not neglect duty to favor friends, nor use hypocrisy to defeat foes—The Big Forks Compass.

The Republican County Ticket.

The republican county ticket nominated by the republicans and the democrats and the populists and some of the people of Wisconsin and divers other states is composed of good men who will make good officials. So far as we know the nominees are all good republicans, and although the republican voters of Beltrami county had very little to do with their selection, nevertheless, the men named on the ticket will discharge the duties of the respective offices to which they aspire with credit to themselves and to the republican party which they represent and it may fairly be said that they should receive the full republican vote of the county. The republicans of the county owe it to their party to give the county ticket earnest support, and although in recent years voters of all parties have grown much more independent, which is well, the integrity of parties is as essential to good government as is the selection of good men. The primary election cannot be taken as an indication of the strength of the republican party in Beltrami county, but there can be no doubt that the proportion of democrats and pop-

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, O. Tips of the Tongue

C. H. Woodward: "Bemidji seems much livelier than other towns along the line, and every one who visits this city from down Perham way thinks that it is the only town in the country."

Citizen: "The fact that the farmers near Buena Vista are so willing to aid in securing the right of way for the new Red Lake railway is a sign that little difficulty will be encountered in having the road built into Bemidji."

J. T. Tuomy: "The work of the local football team yesterday showed that a light team with plenty of science could go up against a team that weighed many pounds more to the man if the other team was not in practice."

Leave For Washington.

Mr. and Mrs. E. L. Waldron and family left this morning for Washington, in which state they will make their future home. They have not as yet decided where they will locate. Mr. Waldron was one of the earliest pioneers of this section, having taken a claim two miles south of Lake Bemidji before the present city was heard of.

TAINTED BLOOD

Columbus, Ohio, May 19, 1903. Some four years ago I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and had an all-gone tired feeling that made me miserable. I began the use of S. S. S., and after taking seven or eight bottles my skin was cleared of all eruptions and took on a ruddy, healthy glow that assured me that my blood had been restored to its normal, healthy condition. My appetite was restored, as I could eat anything put before me, and as I regained my appetite I increased in weight, and that "tired feeling" which worried me so much disappeared, and I was once again my old self. I heartily recommend S. S. S. as the best blood purifier and tonic made, and strongly advise its use to all those in need of such medicine. VICTOR STUBBINS, Cor. Barthman and Washington Aves.

Wheeling, W. V., May 28, 1903. My system was run down and my joints ached and pained me considerably. I had used S. S. S. before and knew what it was, so I purchased a bottle of it and have taken several bottles and the aches and pains are gone, my blood has been cleared and my general health built up. I can testify to it as a blood purifier and tonic. JOHN C. STREIN, 1533 Market St.
