The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, O. Are Chiropractic Adjustments the same as Osteopath Treatments?

No. The Chiropractic and the Osteopath both aim to put in place that which is out of place, to right that which is wrong; but the Pathology Diagnosis, Prognosis and Movements are entirely different. One of my patients, Mr. W. A. Casler, has taken both Chiropractic and Osteopath treatments. The Chiropractic is ten times more direct in the adjustments and the results getting health ten times more thorough in one tenth of the time than an Osteopath would.
