### Action Deferred.

At the meeting of the city council last night no action was taken upon the petition of retail liquor dealers relative to the reopening of the variety theater on

The bond will be prepared so that it will be ready for presentation to the council next Monday night at their regular meeting when both the petition of the liquor dealers and the application for license will be acted upon.

### Are Chiropractic Adjustments the same as Osteopath Treatments?

No. The Chiropractic and the Osteopath both aim to put in place that which is out of place, to right that which is wrong; but the Pathology Diagnosis, Prognosis and Movements are entirely different. One of my patients, Mr. W. A. Casler, has taken both Chiropractic and Osteopath treatments. The Chiropractic is ten times more direct in the adjustments and the results getting health ten times more thorough in one tenth of the time than an Osteopath would.
