Making Improvements.

The Markham hotel is undergoing extensive improvements in the way of interior decorations and when the repairs are all made will present as neat an appearance as any hotel in northern Minnesota. The office and rooms on the second and third floors have been repainted and many other necessary changes are contemplated which will add materially to the beauty of the popular hostelry.

NEW LINE

Bemidji Foot Ball Team Undergoes Change and Husky Men Are Added.

Since the foot ball game at Grand Rapids last Sunday, it has been evident to those in this city who are interested in the game that Bemidji's line was not nearly heavy enough to cope with the husky Grand Rapids bunch, and as a result the line has been undergoing a strengthening process which Coach Perkins thinks will place the team in a position to hand out something to the aggregation down the line which they have not been looking for. The line as now arranged will average considerably over two hundred pounds per man and will be represented by Benner, Bennington, McAvoy, Getchell and Markham. The local management expects to arrange for a game with Grand Rapids for Sunday, October 30.

A SUCCESS

Concert at the Opera House Drew Out a Large Attendance Last Night.

The appearance of the Charlesworth company at the opera house last evening was signalized by a large attendance. The concert was given under the auspices of the Ladies Musical club and was a complete success from a financial as well as from a musical standpoint.

Miss Charlesworth has a contralto voice of great power and purity and her every appearance brought forth an enthusiastic encore. Her "Response a Amoureuse" and her final number "Cradle Song" were especially fine. Mr. Copley is an English cellist of exceptional ability and his selections were thoroughly enjoyed. Miss Berryman's voice is sweet and musical and the company as a whole is a strong one. The Ladies Musical club is to be congratulated in securing so superior an attraction for Bemidji and in the success which it made of the entertainment.

Tips of the Tongue

Dr. Warninger: "That Bemidji and Beltrami county will have a fair next year seems to be a settled thing and what the people here should do is get to work at once and make every preparation for the event in order to insure its success."

J. Armstrong: "As far as I could see, the reports circulated to the effect that Cass Lake was livelier than Bemidji are untrue. I was down yesterday, and while there are a few lumbermen there I saw very little money spent and the streets were practically deserted."

I. B. Olson: There is no doubt but that Dunn will receive an overwhelming majority in Beltrami county and in fact through out the entire northern part of the state. I am receiving assurances almost daily from points in the county to the effect that Dunn is very strong and there is not a question in my mind that after the votes are counted next month Bob Dunn will be found to be way ahead."

Citizen: "I am glad to hear that the building of the new Red Lake railway into Bemidji is practically an assured fact. The spirit with which the people of the city took hold of the proposition is commendable as it shows that when they go after a thing in dead earnest they usually get it."

Enlisted Old Soldiers.

Three recruits have been secured by Sergeant Witte of the local recruiting office during the past week who have seen active service in Cuba and the Philippines. Julius Olson and Wm. A. Seamonson were engaged with the army during the war with Spain in the Philippines and Jay C. Schugart was a member of Shafter's army in Cuba. The sergeant says that as soon as a man who has seen active service arrives in a city where a recruiting office is located he invariably recruits.

"Painful" Enthusiasm.

Crookston Journal: A straw vote taken at the Palace hotel last evening resulted in fourteen for Johnson and five for Dunn, but as the vote was taken when a little democratic conference was being held and the news sent in to the Journal by a democrat, there is very little if any significance attached to it and demonstrates the painful efforts of the "brethren" to install a little enthusiasm into the ranks.

Hot supper in lecture room of the Presbyterian church tonight, twenty-five cents.

A GUEST OF HONOR

Bemidji Members of The I. O. S. W. Ass'n. Entertain President Nelson.

PRESIDENT NELSON HERE ON A TOUR OF INSPECTION.

Growth of The Order Has Been Steady Throughout The Northwest.

Hon. Nels Nelson of Washburn, Wisconsin, Grand President of the Independent Order of Scandinavian Workmen is in the city for a several days visit, and meet with the members of the lodge at their hall last evening. Mr. Nelson will remain for another meeting to be held Thursday evening.

Mr. Nelson is an enthusiastic workman. The order was first organized in Wisconsin and has now a strong foothold throughout the northwest, and the work of the order is gradually being brought to the attention of the Scandinavians of all the adjoining states.

Mr. Nelson's home is at Washburn, a city of some 6000 people, where he is a prominent business man and where he has twice been elected mayor. Washburn is a lumbering town and its interests are much the same as those of Bemidji. Mr. Nelson is an earnest advocate of good roads and believes that the permanent prosperity of any city like Bemidji depends upon the character of the roads built into the surrounding country. "Every city can well afford to appropriate money for county roads," declares Mr. Nelson. "Build good roads out of your town into the country and you will build up the country, and if you build up the country the permanency of your town is assured."

Mr. Nelson will not leave Bemidji until the latter part of the week.

CATHCART WINS

Decision Handed Down by Crookston Land Office in Baudette Townsite Case.

A decision was reached last Saturday in reference to the famous Baudette townsite case by the officials of the Crookston land office, and according to the decision, the quarter section of land valued at \$10,000 or more upon which the pretty town of Baudette is located, may be filed upon by Thomas Cathcart, the original settler and applicant for a homestead entry upon the land.

The case by reason of the value of the land is one of the most noted in the history of land contests in northern Minnesota and has attracted widespread attention. Cathcart, the original settler, had lived on the land for a term of twelve years before it was opened for settlement and when the townsites people entered on it he contested their right to do so. The case was on before the Crookston land office officials last April and legal talent contested both pro and con, the testimony being of a lengthy and voluminous character.

Congressman Steenerson and his law partner, Charles Loring, took care of the interests of Cathcart. Thirty days are allowed the townsites people to appeal from the decision of the Crookston land office to the general land office and this is not expected, but rather a compromise between the townsites people and Cathcart is looked for. Otherwise, the townsites people will be obliged to vacate. It is a most important case and the decision of the land office officials will establish a precedent for similar case should it be allowed to stand.

Establishes New Office.

A. T. Wheelock, proprietor of Wheelock's Employment office in this city, has decided to establish a branch office at Cass Lake for the coming winter. Mr. Wheelock today shipped a large amount of office furniture which will be used in equipping the new office and expects to have the establishment in running order by the last of the week. Mr. Wheelock will go to Cass Lake to open up the office after which Chas. Dailey will take charge.

Recruiting Office at Cass Lake.

Sergeant Witte of the Bemidji recruiting station went to Cass Lake this afternoon to make arrangements for the establishment of a branch office in that city. Corporal W. J. Eidek, who has been connected with the local office during the past summer, will have charge of the new station.

DIVIDE ESTATE

Commissioners in Gordhamer Estate Make Partition of Property.

F. N. Lang, T. J. Miller and Porter Nye, who were appointed commissioners to partition the estate of J. J. Gordhamer, deceased, by Judge Clark, held a meeting at the office of T. J. Miller & Co. yesterday to make the division of the estate. Eight heirs were in attendance at the meeting, and those who will share in the estate are Alfred Gordhamer, Oliver Gordhamer, John Gordhamer, Oscar Gordhamer, Fred Gordhamer, Mrs. J. Brennan, Mrs. O. Anderson and Tilda Strubeck, the latter being an infant. The commissioner will appraise the value of the estate and determine as near as possible what amount each of the heirs are entitled to.

HOT AFTER HIM

Polk County Authorities In Pursuit of Murderer With Armed Posse.

The man who was found on the Great Northern tracks near Mentor night before last proves to be named Derusha. He was fairly well dressed and was evidently on his way to the woods. His pockets were rifled and robbery was evidently the motive of the murder.

Two shots were fired by the murderer and Derusha's head was blown open and his brains scattered over the track. It is believed that the man was murdered by a companion as a section boss passed Derusha and another man several miles down the track from the scene of the murder.

Sheriff Sullivan and deputies are now scouring the entire country in the vicinity of Mentor and Erksine.

Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to baby as to an adult. It is pleasant to take. When all these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by Barker's Drug Store.

Shorty Dead Again.

Crookston Journal: According to Detective Tom Hutchins, of this city, Shorty Welsley the man wanted so badly by the Bemidji authorities for complicity in the Dahl murder, is not in the land of living. Hutchins is of the opinion that Shorty was made off with in the woods near the Krueger cabin and by the parties who thought he knew too much in regard to the details of the crime and that his body will sooner or later be unearthed in the swamp country surrounding the Krueger cabin.

Ho Supper.

The ladies of the Presbyterian church will serve one of them famous hot suppers in the church this evening from six to eight. An item in the Pioneer last evening incorrectly advertised the supper at thirty-five cents. The supper will be served for the usual price of twenty-five cents.

AMUSEMENTS

"A Devil's Lane." A disputed strip of farm land furnishes the plot and title of the cleverest four act comedy ever written. The "Evil Genius" himself has nothing to do with it. It is one of the brightest, merriest plays ever written. The company has been selected with great care from the cleverest people on the stage, and the cast is headed by the charming favorite, Miss Beatrice Terry. Scenery, music and specialties are all that could be desired by the most exacting. This superb attraction will be at the City Opera house on Monday Oct. 24.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, O.
