### A Straw Vote

taken recently in this vicinity to determine the question as to the best place to buy footwear resulted in a decided victory for Straw. Shoes exclusively.

### Fire Drill.

A big sounding fire gong has been placed in the central school building and the pupils have been put through a fire drill. Recent tests show that the entire building, with its thirteen rooms, can be quietly emptied in one and one half minutes.

### Broke Into His House.

S. Le Quinn of Cavendish, Vt., was robbed of his customary health by invasion of chronic constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure, 25c at all druggists.

### Number 4.

Employment office number 4 will be opened in Bemidji within a few days. The gentlemen who are lacking the new office are not letting go of their identity just now but the venture has been definitely decided upon and will take actual form next week.

### Foot Ball Sunday.

A football game has been arranged for Sunday on the home grounds between Bemidji and Cass Lake. The home team has been greatly strengthened and Cass Lake has been working hard for some weeks, so that lovers of the game are promised an exciting struggle.

### Strong in South.

Letters received by individuals from the southern part of the state are to the effect that the tide of sentiment there is strong for Dunn. Mr. Dunn's meetings are marked by the greatest enthusiasm, and where there was disaffection three weeks ago there is now nothing but Dunn sentiment.

### They Came High.

Yesterday through a mistake in proof reading the Pioneer caused the Bemidji Mercantile company to advertise apples for \$1.00 to \$3 per bushel when the price should have been per barrel. A glance at the firm's big ad today will disclose the correct prices and show some extraordinary bargains in apples.

### Will Spell Down.

Sup't Richie of the city schools informs the Pioneer that a healthy interest is being taken in the upper grades in the old fashioned matter of spelling. A test between the pupils of the seventh and the eighth grades has been arranged for Friday and parents will be welcomed if they will attend.

### Want a Drill Hall.

The Bemidji militia company will petition to the school board for the use of the big new basement under the addition to the school house made last winter. The company would like to use the basement as a drill hall and it is possible that some such arrangement can be made, the basement being large large and convenient and not used for school purposes in the evening.

### Confessions of a Priest.

Rev. Jno. S. Cox, of Wake, Ark., writes, "For 12 years I suffered from yellow jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want reliable medicine for liver and kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by all druggists. Only 50c.

### Traveling Men Holler.

The speech of John Lind last evening stirred the traveling men who happened to be in the city to renewed enthusiasm and there were few of them on the out going trains this morning who were not vociferous in their denunciation of Mr. Dunn. The real animus which is behind the talk of these men is now pretty well understood however and it is safe to say that what the big jobbing and wholesale houses of the twa cities do not want is exactly what the rest of us do want.

### Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin, as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one-third the time required by the usual treatment. Sold by Barker's Drug store.

Before buying flour call up A. M. Pierce and get his prices.

### CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—DR. G. G. GREEN.

The aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Boschee's German Syrup, which is made to cure consumption.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

New trial bottles, 25c. Regular size, 75c. At all druggists.

Sold by A. Gilmour & Co.

### A Love Letter.

Would not interest you if you're looking for a guaranteed salve for sores, burns or piles. Otto Dodd, of Ponder, Mo., writes "I suffered with an ugly sore for a year, but a box of Bucklen's Arnica Salve cured me. It's the best salve on earth. 25c at all druggists."

### Brainerd Lumber Company.

In an account of the purchase of dead heads by Senator Swedback in yesterday's Pioneer it was said that the purchase was made from the Crookston Lumber company. The purchase was made from the Brainerd Lumber company, however, and the mistake was undoubtedly at once realized as such by those who are familiar with the operations of the company here.

### Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to baby as to an adult. It is pleasant to take. When all these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by Barker's Drug Store.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, O. Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

### For Sheriff.

Are Chiropractic Adjustments the same as Osteopath Treatments?

No. The Chiropractic and the Osteopath both aim to put in place that which is out of place, to right that which is wrong; but the Pathology Diagnosis, Prognosis and Movements are entirely different. One of my patients, Mr. W. A. Casler, has taken both Chiropractic and Osteopath treatments. The Chiropractic is ten times more direct in the adjustments and the results getting health ten times more thorough in one tenth of the time than an Osteopath would.
