The county auditor's office has made a division of the October school apportionment from the state. It amounts to \$2.20 per pupil and the total for the county is \$4,259.20. Bemidji receives a little more than \$1300.

Ducks Proliferating

Reports from the fens and marshes of this section are all to the effect that ducks are quite plentiful this fall. Nimrods who have hunted out of Northome declare that the sport in that vicinity is excellent.

Operator Blameless

Some blame was laid upon the night operator at the telephone exchange for the delay in blowing the whistle for the fire Saturday morning. No blame was attached to the operator, however, as the delay was caused by some accident to the arrangement with which the whistle is turned on.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

Fare and One Third.

A rate of one and one third has been granted by the M. & I. for the republican rally here next Thursday. An attempt will be made to better this rate if possible. Word has been received from Blackduck and Tenstrike that big delegations will be down from each of these places and arrangements have been made to bring the Blackduck band.

Rifles Here.

Capt. J. L. Reynolds of the militia company reports the arrival of fifty rifles which were furnished by Gen. Libby and which will be used by the boys in drilling preparatory to being admitted as a company of the national guard. An active interest is being aroused among the young men of the city and a full quota of members are expected to be secured in a short time.
