### From South Africa.—New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Barker's Drug store.

Wilkesbarre, Pa., Nov. 3.—Ten miners were crushed to death or drowned in the Auchincloss shaft of the Delaware, Lackawanna and Western company at Nanticoke during the day. The victims, with the exception of one, are said to be Poles and Slavs.

The men had taken their positions on the cage to be lowered into the shaft, the total depth of which is 1,700 feet. At the bottom is a sump filled with water. The shaft is a double one with two carriages. When the signal was given the engineer to lower the cage it is said the engine got beyond the control of the engineer. One of the cages shot upward to the level at the top of the shaft and this caused the other cage, carrying the men, to become unbalanced and it fell to the bottom of the shaft.

A rescuing party was organized quickly but the work of rescue was difficult. A portion of the shaft was torn out by the cage in its mad race to the bottom and the shaft was filled with debris of all kinds. The bodies were horribly mangled. Those who were not killed outright by the fall were drowned in the sump. The officials of the company arrived at the mine in a special car and at once began an investigation as to the cause of the accident.

The cage containing the men had all the safety appliances and it appears that after dropping 1,000 feet the cage caught in the safety fastenings, but it was brought to a stop so suddenly that the bottom dropped out and the men fell out and landed in the sump, a distance of 700 feet further down the shaft. Only one body has been taken out.

The rescuers say it will be late in the afternoon before the other bodies are recovered.

Winston-Salem, N. C., Nov. 3.—Thirteen people are dead and many more are fatally injured as the result of the bursting of the reservoir at this place early in the morning. One of the brick walls of the reservoir collapsed, burying the home and family of Martin Peoples. A million and a half gallons of water were released and over a mile of territory was devastated. Thirteen residences were destroyed and it is impossible at this time to state how many lives have been lost. Mayor O. B. Eaton is at the head of a large rescuing party and search is now being made in the debris for possible additional victims.

The cause of the disaster was the overflow of the reservoir and a thorough investigation will be made in order to ascertain if the negligence of any of the employees at the pump station was responsible for it. The reservoir burst without warning and the victims were drowned while asleep in their beds.

The reservoir is located on Trade street, in the thickly settled portion of the city. The authorities held a meeting during the afternoon to prepare a statement for the public.

Washington, Kan., Nov. 3.—Dr. E. N. Smith, chairman of the Washington county Democratic central committee, was shot and killed here by S. E. Bonar, a farmer. They quarreled over a bill and Bonar fired at the doctor twice, one bullet entering his abdomen and the other piercing his left arm. Bonar, who is an old soldier, surrendered and was locked up.

Chamberlain's Cough Remedy Is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of Poolesville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by Barker's Drug store."
