

TOMORROW THE BIG DAY

Much Interest Manifest Over Result of Tomorrow's Election.

INDICATIONS FOR BIG REPUBLICAN SUCCESS.

Independent Candidates in County Making Hard Fight For Election.

Between the hours of 7 a. m. and 6 p. m. tomorrow the voters in the state of Minnesota will decide the contests now waging between the several candidates for state and county office, and when the polls close tomorrow evening one of the most strenuous campaigns in the history of the state will have ended and the winners decided.

The campaign so far has been hottest between the two candidates for governor and in the county between the republican and independent candidate for sheriff. The nominees of the republican party of the county have opposition for only four officers, those of sheriff, auditor, register of deeds and judge of probate.

Although no estimate of the number of votes which will be cast at the election tomorrow has been made by any authority on the subject, the indications now point to a large vote and republican success throughout and it is confidently stated by members of the republican committee that the county will go for Dunn by 800 to 1000 votes.

The returns from Blackduck, Tenstrike and other towns up the north line will be received tomorrow night as will also those from precincts in the county on the line of the Great Northern west of Bemidji.

The polling places in this city will be the same as used at the primary election.

Chamberlain's Cough Remedy Is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of Poolesville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by Barker's Drug store."

Rally a Big Success.
The republican rally held Saturday night at Johnson's hall in Turtle River was one of the most successful political meetings in the history of the county. E. F. Crawford and Henry Funkley expounded the cause of republicanism in clear and logical terms and were given loud applause by the many who were in attendance.

GOOD RESULTS

Advertisement Inserted in Pioneer Brings Answer From Superior, Iowa.

That advertisements inserted in the Pioneer bring good results is proven to its patrons almost daily, but it was never so forcibly impressed upon anyone as yesterday, when T. J. Miller & Co. received a letter from a gentleman at Superior, Iowa, enclosing a four line want ad which appeared in the Pioneer some time ago. The advertisement was as follows:

Money to Loan—I am prepared to handle all first class farm loans promptly. Call on or address T. J. Miller & Co., Bemidji.

Mr. Miller took the matter up with the gentleman who answered the ad, and will negotiate the loan as soon as the necessary papers can be made out and signed.

CHILDREN REUNITED

Four Members of Family Assemble in Bemidji After Long Separation.

HAD NOT SEEN EACH OTHER FOR TWENTY YEARS.

Left Their Home When Children—Meet When Grown Up Men And Women.

An interesting group rehearsed things which transpired when they were children yesterday at the Markham hotel in this city when L. L. Anderson, P. Larson, Belle Larson and Anna Thorson, brothers and sisters although they bear different names, met after a separation of twenty years in which their ways had been far apart and during which time the whereabouts of one was entirely unknown to the other.

The quartette at the time of their separation lived with their parents in a small town in southern Minnesota and upon the death of the elder members of the family, who were very poor, were taken to the homes of kind hearted neighbors who cared for them and supplied all their wants. The neighbors drifted to other parts of the country and in this way the four members of the family became separated and at last lost all track of each other. Through the medium of an advertisement inserted in a daily newspaper one of the children was located by the other and the two together after an extensive search found the other two members of the family. They all came to Bemidji Saturday night and met at the Markham hotel, where the reunion occurred.

The party left this morning for Brainerd, where they will visit for a few days before returning to the homes of those who cared for them when they were children and whom they have learned to regard as their real parents.

SCHOOL REPORT

Supt. Ritchie of Public Schools Issues Report For Month of October.

Total enrollment for the month of October was 601; for the past two months 638; number of cases of tardiness 90; number of visitors reported 37. The percentage of attendance in the high school 97 per cent; in the grades 95 per cent.

In some respects this is a splendid showing. With few exceptions the attendance has been good. The number of cases of tardiness is entirely too large and we earnestly solicit the cooperation of parents to see that their children are on time. Punctuality is a splendid lesson to learn.

The largest enrollments are in the lower grades. Sixty or sixty-five pupils in one room in the primaries are entirely too many. We would have asked before this for this congested condition to have been relieved had we a suitable place to put another teacher. With one more teacher in the primary grades we could get along very nicely for the present.

It is a sad thing to see such a marked falling off in the enrollment above the fourth grade, especially among the boys. This is a condition which thoughtful parents might well look into. We invite suggestions and criticisms from all who are interested in the betterment of our public schools.

Respectfully submitted,
A. P. RITCHIE.

Yesterday the largest crowd which has been served at any one meal at the popular cafe took dinner and the meal was voted by them as being excellent. The menu was published in Saturday's Pioneer and was one of the most elaborate in the history of the city. The new chef, Philip Hays, has received many compliments from those who partook of the dinner yesterday.

From South Africa.—New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Barker's Drug store.

OFFENSIVE CATARRH

I suffered for a long time with a bad case of Catarrh, and took a great deal of medicine without any benefit. I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath had a sickening and disgusting odor, and I coughed incessantly. I heard of your S. S. S. and wrote you. I commenced to use it, and after taking several bottles I was cured and have never since had the slightest symptom of the disease. MISS MARY L. STORM, Cor. 7th & Felix Sts., St. Joseph, Mo.

Wheeling, W. Va., May 29, 1903. I had Nasal Catarrh for years for which I used S. S. S. with very gratifying results. I tried local applications for some time, and getting no permanent relief I came to the conclusion that the seat of the trouble was in the blood. Knowing S. S. S. to be a good blood medicine I began its use, and after using it for some little while it did away entirely with the offensive mucus in the nostrils, and I did not have to hawk and spit, especially in the morning, to dislodge the catarrhal matter. 1627 South St. FRED H. PRESSY.

The filthy secretions and foul mucus that are continually dropping back into the throat, find their way into the stomach and are absorbed into the blood. Catarrh then becomes constitutional, and the only way to get rid of it is through the blood. Write us if you have Catarrh, and our physicians will advise you without charge.

Clothes to Fit the Man, Rather than the Man to Fit the Clothes

Many custom tailors (perhaps yours) seem to put the blame for misfits on your kinks rather than on their clumsiness. Our STEINBLOCH Smart Clothes are "custom-tailored to fit any size." That, and the fact they are considerably better than most of the custom-tailored clothes one sees on men these days, are the chief points of difference between them and ordinary clothes. You had better try on a suit or an overcoat before you consult your tailor this Fall. It will mean money in your pocket and satisfaction in your mind. Ask to see this label:
