LAWYER FULLER OF NEW YORK CITY BRINGS SUIT AGAINST THOMAS W. LAWSON.

DECLINES TO DISCUSS THE SUBJECT

PLAINTIFF REFUSES TO STATE UPON WHAT GROUNDS HE BRINGS HIS SUIT.

New York, Nov. 23.—Suit has been brought by Paul Fuller of this city against Thomas W. Lawson of Boston for \$350,000. Mr. Fuller, who is an attorney, said that he himself was the plaintiff in the suit, but as to the nature of the proceeding or its cause he declined to have anything to say. It was reported that Mr. Lawson's recent writings had caused the bringing of the suit, but this was denied by Mr. Fuller.

Mr. Fuller, who brings suit, is a member of the law firm of Couderc Brothers. In some quarters it is intimated that Standard Oil interests are behind the suit against Mr. Lawson. It is also stated that the widow of Attorney George Towle will sue Mr. Lawson for libel.

Besides this, individual suits by ex-members of the Massachusetts house are declared to have been begun. Mr. Lawson defines them as welcome suits, saying that he will expose some unadmitted criminals before the grand jury. Concerted action by citizens is probable in the endeavor to aid him if his charges of wholesale bribery can be substantiated.

LAWSON RECEIVES NOTICE.

Boston Man Learns of Big Suit Filed Against Him.

Boston, Nov. 23.—Thomas W. Lawson said that service had been made upon him of papers in a suit for \$350,000 brought by persons in New York, but that he was ignorant both as to the contents of the documents and the individuals named therein. He said that he had never heard of either Fuller or Couderc before and that the matter was "all Greek" to him.

MERCHANT MARINE LEAGUE.

Formed to Restore American Flag to the High Seas.

Cleveland, Nov. 23.—At a meeting of prominent business men held at the Union club here, the National Merchant Marine League of the United States has been organized with the object of restoring the American flag to the high seas. The following officers were elected: President, Harvey D. Gouder; vice president, Aaron Vandenberg; secretary, J. A. Henton; treasurer, J. J. Sullivan.

The resolutions adopted declare that "the foreign commerce of the United States has grown to the great total of \$2,500,000,000 per annum, and the country's whole prosperity depends upon the undisturbed continuation and extension of this commerce. Yet it is being carried over sea today under foreign flags. The tonnage of American ships engaged in the foreign trade aggregate only \$79,000 tons, while there is not today a single ship building anywhere in the United States for this trade. The situation is critical and calls for immediate action." Vice presidents of the league will later be chosen from each state in the Union in order to make it national in scope.

IN ORDER TO CARRY ON WAR.

Japanese People Are Offering Goods at Low Prices.

San Francisco, Nov. 23.—The collector of the port of San Francisco says that an exceptionally large amount of Japanese goods are coming here and that the increase of importations has been so large that the customs officials cannot handle the goods. The occasion of the exceptionally heavy importations is that the Japanese people are offering their manufactures at low prices in order to help raise money for carrying on the war with Russia.

St. Petersburg, Nov. 23.—An imperial decree just issued appoints Vice-roy Alexieff a member of the council of the empire and one of the commission of ministers.

Washington, Nov. 23.—Mr. Fowler, the American consul at Chefoo, cables the state department that the Chinese government has ordered one of its cruisers to convey to Shanghai the officers and men of the Russian destroyer Hektor, which was recently blown up in Chefoo harbor.

ARBITRATION TREATY SIGNED.

Agreement With Germany Concluded in Washington.

Washington, Nov. 23.—The American-German arbitration treaty was signed at 10:30 a. m. at the state department by Secretary Hay and Baron Sternburg, the German ambassador. It is identical with the American-French treaty.

Young Girl Suicides.

St. Paul, Nov. 23.—May Mead, a nineteen-year-old girl known in resorts about town as Grace Livingston, died in the police ambulance on the way to the city hospital during the evening. An overdose of morphine was the cause of death. She had quarreled with her lover.

EIGHT PERSONS INJURED.

Three Women Probably Fatally Hurt at a Fire in Brooklyn.

New York, Nov. 23.—Three women were probably fatally hurt and five firemen were injured severely in a blaze that destroyed two buildings in Brooklyn early in the day. The fire started in the cellar of a drug store at Fulton and Adelphi streets. Three upper floors were occupied by three families, consisting of fifteen persons. The flames spread upward so quickly that when the sleeping tenants were aroused by the smoke and crackling flames they found all escape by the stairways had been cut off.

Bella Hill, Florence Seabrook and Hetta Richardson, all of whom lived on the fourth floor, made their way down one story and out on to the cornice. Mrs. Seabrook had her baby in her arms. The cornice gave way and the women were precipitated to the ground.

Mrs. Seabrook clasped the infant to her bosom in such a way that when she struck the sidewalk the little one escaped injury. The women were hurriedly carried to a hospital, where their injuries were pronounced probably fatal.

Eight families, comprising thirty-four persons, escaped or were rescued from a building adjoining the drug store before the house was destroyed. The firemen displayed great bravery in the work of rescue, and two of them fell from a swerving ladder two stories above the street. Three others were badly cut by falling debris. The financial loss was small.

HOUSE WRECKED BY A BOMB.

Family of a Prominent Omaha Attorney Have a Narrow Escape.

Omaha, Nov. 23.—The home of Elmer Thomas, a prominent lawyer of this city and attorney for the civic federation, was badly wrecked by a bomb placed on the front porch at 2 a. m. Mr. Thomas and his family were in the house at the time and he considers it miraculous that none of them were injured.

Mrs. Thomas was awakened about 2 o'clock by a noise on the front porch and aroused her husband, believing that burglars were trying to enter the house. Thomas began an investigation and discovered a fire on the front porch. He picked up a large rug and attempted to smother the flames, when a terrific explosion occurred.

Although but a few feet from the misadventure, the explosion was so powerful that the house was blown in, doors were shattered and an immense hole was torn in the ground. The interior of the building is a wreck. The explosion was heard for three miles. A squad of police were on the scene in a short time, but no clue to the perpetrators of the deed was found.

Mr. Thomas believes the attack resulted from his activity in enforcing the law against violators of the saloon law and also to his connection with the Dennison extradition case.

KENTUCKY MOB DISPERSES.

All Danger of Lynching at Lexington Seems Past.

Lexington, Ky., Nov. 23.—The mob that threatened to lynch the negroes held in jail here for murdering a white man last Sunday night and attempting to kill other white people dispersed at day dawned. The troops and extra police have retired and the jail is guarded now only by deputies. It is believed that all danger of lynching is past, as the authorities cannot now be taken by surprise and the jail will be well guarded at night with troops in readiness for emergency.

The preliminary hearing of the negroes was the cause of much excitement. They were taken to the courthouse in a patrol wagon guarded by twelve policemen. A large crowd had gathered at the jail and the streets were lined with shouting people. The patrol wagon was driven at breakneck speed to the courthouse where, after a preliminary hearing, the negroes were held to the grand jury. The same exciting scenes attended the return of the negroes to jail. The doors of the jail were open when the patrol wagon returned and the negroes were literally thrown through the entrance and the doors slammed in the face of the mob which surged around the place. Many threats of lynching were heard.

A special convention of the university students was held and was addressed by Governor Terrell and Chancellor Hill. Governor and Mrs. Terrell are being entertained by Governor La-follette.

MURDERER IS ARRESTED

SUPPOSED SLAYER OF CHAFFEUR BATE CAPTURED IN AN ILLINOIS TOWN.

AN EYE WITNESS TELLS HIS STORY

YOUNG FARMER SAYS HE SAW A PERSON IN AN AUTOMOBILE FIRE A SHOT.

Chicago, Nov. 23.—"Mr. Dove," the alleged murderer of William Bate, the chauffeur whose dead body was found in an automobile near Lemont, is reported to have been captured at a small station on the Rock Island railroad between Minooka, Ill., and Morris, Ill.

Chicago, Nov. 23.—Evidence has been unearthed by the police indicating that "Mr. Dove," the mysterious passenger who engaged the automobile in which Chaffeur William Bate was found dead with two bullet wounds in his head at Lemont Friday night, was in hiding in a Joliet boardinghouse as late as Sunday night, forty-two hours after the crime was committed. The clew, which sends the detectives off on the first tangible scent picked up since the finding of the body, was discovered at Romeo, a village a few miles out of Joliet. Mayor Crolius of Joliet, early in the day, sent word to the Chicago detectives at Lemont that the suspect was under surveillance and would be arrested within twenty-four hours.

Frederick Doehly, a saloonkeeper at Romeo, told the detectives that early Saturday morning a stranger walked into his barroom. He carried a sash-bag with a canvas sash which was strapped, with the lining outward, a light overcoat and a hat. The man walked nervously about in the tavern for three hours when he walked out and boarded a car going in the direction of Joliet.

Answered Description of Dove.

On the car rode Miss Farrell, the village school mistress, who noted her fellow traveler among the passengers. She was attracted by his extreme nervousness. Both Doehly and Miss Farrell, when questioned by the detectives, described the man in detail. In every way he answered the description given by the witnesses.

An eye witness of the mysterious murder of Chaffeur Bate has been found in John Hennes, a young farmer who lives one mile north of the place on Archer road at which the automobile containing Bate's body was recovered. Hennes said he was aroused about 11 o'clock by the noise of an automobile and just as the machine neared his place he heard loud voices, as if the occupants of the machine were quarrelling. He saw the machine pass in front of an automobile passing in front of the house. The machine seemed to be swaying from side to side, its occupants were talking loudly, and one of them seemed to be standing up in the rear seat. Suddenly the person in the rear held a revolver at arm's length and fired straight ahead. The machine continued on its way and Hennes heard nothing more.

FILES A VIGOROUS PROTEST.

State Department Objects to Light Sentence on a Mexican Judge.

Washington, Nov. 23.—Through the American ambassador to Mexico, General Powell Clayton, the state department has addressed a vigorous protest to the Mexican government against the sentence imposed by a local court upon Hermaldo Torres, local judge of the district of Fustate. The protest was with the murder at Aguacaliente de Baca, on July 19, last, of Clarence Way and Edward B. Latimer, two American citizens. Torres, who, according to reports received at the state department, was the chief instigator of the crime, received a sentence of ten months' imprisonment and a small fine, which sentence this government deems wholly inadequate. It is charged by foreign residents that Torres at his trial and that Torres has threatened other foreigners.

MAKES SENSATIONAL CHARGE.

Former Mayor Perry Says Salsbury Tried to Bribe Him.

Grand Rapids, Mich., Nov. 23.—Ex-Mayor George R. Perry, now on trial charged with bribery in connection with the Lake Michigan water commission, made a sensational charge on the witness stand during the day against Lant K. Salsbury, chief witness for the people in the water deal cases, who alleges he paid Perry a bribe of \$3,333. He swore that Salsbury made an attempt to bribe him previous to the water deal and during Perry's first term as mayor. Salsbury then was attorney for a local street railway company and wanted to get an ordinance through the council. He sought Perry's help, the ex-mayor testified, saying that there was a good thing in it for the mayor as well as a good fee for himself. Perry refused, vetoed the ordinance and blocked the council when it attempted to pass the ordinance over his veto.

ADMIRAL EVANS TO COMMAND.

Will Be Appointed Commander of North Atlantic Fleet.

Washington, Nov. 23.—Rear Admiral Robley D. Evans, now president of the lighthouse board, will be appointed to the supreme command of the North Atlantic fleet when Rear Admiral Barker retires next March. Rear Admiral Davis will be second in command.

Indicates Good Financial Condition.

Washington, Nov. 23.—The call on national bank depositors for 25 per cent of government deposits has created no flurry, and according to Secretary Shaw, indicates an excellent financial condition generally.

STOLE VALUABLE CERTIFICATES.

Trusted Employee Gets Away With Costly Shares of Stock.

New York, Nov. 23.—Behind the wall street of a notice warning brokers and bankers that the assignment on two certificates for 100 shares of United States Steel preferred stock, worth about \$18,000, and one certificate for fifty shares of Michigan copper mining stock, worth about \$500, had been forged, is a report that the certificates were stolen by a trusted man in the employ of Edward Breitung of Marquette.

It is stated that the employee expressed a desire to take a short vacation three weeks ago. After he had been Breitung learned that the man had left no definite address and told different persons various stories as to his destination. Suspicion was aroused and an examination of the safety deposit box, to which the man had access, was hurriedly made. It is said to have resulted in the discovery that several hundred shares were missing, besides the certificates mentioned.

Breitung hurried East and found that the man already had transferred some of the shares to his own name. Owing to the form of assignment which the certificates bore there is some question as to who will have to bear the losses.

WEDDING GUEST KILLED.

Jealousy Leads to Murder and Friends of Slayer Shidid Him.

Duluth, Nov. 23.—A wedding at Eveleth, Minn., was followed by a murder at 3 o'clock a. m. when one of the guests shot another to death in the room where a few hours before the nuptial knot had been tied. The victim was Frank Parchner, a well-to-do Austrian who had been visiting friends in Eveleth and who was soon to return to his home. The name of his slayer is unknown and it is believed that the latter's friends are still seeking him.

The shooting occurred in a crowded room, during the wedding festivities, and the bride and groom, Mr. and Mrs. John Bolter, were dancing in an adjoining room at the time of the tragedy. Parchner, who had been an honored and popular guest, inspired the jealousy of several local guests, and it is supposed that one of these did the shooting while inflamed with wine. Parchner was shot twice and died almost instantly.

SLAYERS RUN TO EARTH.

Murderers of Man in Box Car Identified by Witnesses.

Minneapolis, Nov. 23.—C. L. Crawford and G. E. Parner are locked in the Hennepin county jail on the charge of murder in the first degree and they will be held to await the action of the grand jury of Sherburne county, which will not meet until May of next year.

The men have been identified as the murderers of Heino Lundeen, who was shot and killed while asleep in a box car on the Northern Pacific road near Elk River, in Sherburne county, early Sunday morning. The identification was made by Lundeen's four companions, who, after being robbed, were forced at the point of a revolver to leap from the side door of the combination mail and baggage car in which they were stealing a ride.

SPANISH BARK LOST.

Vessel Foundered in the Atlantic During Recent Storm.

Philadelphia, Nov. 23.—The British steamer Aros Castle, Captain Day, fifty-seven days out from Java with a cargo of sugar, arrived at this port during the day and reports the probable foundering on Nov. 15 of the Spanish bark Tagalla with her crew of fifteen men during the recent storm. The steamer stood by the sinking bark for two days and on the second night the Spanish vessel disappeared. The condition of the Aros Castle when the crew of the Tagalla last saw the vessel was such as to lead them to believe that the bark went down during the night.

ON HIS WIFE'S GRAVE.

Hibbing (Minn.) Man Suicides on Account of Grief.

Duluth, Nov. 23.—Despondent over the death of his wife, which occurred about two months ago, Charles H. Hibbing, aged thirty-five, a trusted employe of the Oliver Iron Mining company, a subsidiary of the United States Steel corporation, went out during the evening at Hibbing and reclining on his wife's grave, shot himself through the head with a revolver, dying instantly. The unfortunate man had been brooding over the death of his wife and it is probable that his mind became unbalanced in consequence and led to his rash act. He leaves one child, an infant.

MANY PERSONS IN DANGER.

Thirty Colored People Escape From Burning Building.

St. Louis, Nov. 23.—Thirty negroes, men, women and children, penned in on the second and third floors of a burning Morgan street lodging house, saved themselves from death by jumping from windows into tarpaulins held by firemen, by groping their way to the street down sapids and flame filled stairways and by climbing through a scuttle to the roof and thence to adjoining buildings, to be taken down by firemen. One woman is unconscious and will probably die.

QUIET ON THE ISTHMUS.

Order Restored Without Intervention of American Marines.

Washington, Nov. 23.—Mr. Barrett, the American minister to Panama, called the state department during the day that quiet prevailed throughout the isthmus, that General Huertas has left Panama for his country home and that the army has been successfully disbanded with the exception of twenty-five men who were retained to meet the statutory requirements for a standing army. Order was restored without the intervention of the American marines.

GALE FATAL TO MANY

SMALL CRAFT WRECKED BY A SEVERE STORM ALONG THE BRITISH COAST.

GOLD CAUSES INTENSE SUFFERING

ACCENTUATES THE DISTRESS OF THE POORER CLASSES IN GREAT BRITAIN.

London, Nov. 23.—Keen frost and heavy snow squalls are reported from all parts of the United Kingdom. A gale raged all night long over the coasts, driving vessels to shelter and seriously dislocating the telegraph wires, especially in the north of England and in Scotland. Blinding snowstorms are causing deep drifts and rendering traffic difficult in the country districts and are necessitating a cessation of outdoor work in many of the provincial towns. In London little snow has fallen, but a sharp fall in temperature is accentuating the distress among the poor, which is already prevalent. The snow is so deep at Chatsworth that the king of Portugal and others of the house party there have been prevented from shooting. Some small craft have been wrecked. Wintery weather seems general in Europe, frost being reported as far south as Naples.

In Westmoreland the unusual sight was seen of trains stuck in snow drifts and blocking communication on the Northeastern railroad. The land lines in Ireland are affected, causing delay in communication with America. The lifeboats are busy, but the most serious wreck so far reported is that of the British steamer Ingleton.

From South Africa.—New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Barker's Drug store.
