

## DIES FROM EXPOSURE

Walter Frampton, Employed on Survey, Dies Suddenly Near Spaulding.

CAME FROM EAST AND COULD NOT STAND WORK.

Went to Bed Monday Night Feeling Well But Took Sick Yesterday Morning.

Walter Frampton, a young man who has been employed on the survey for the new Red Lake railway for a few weeks past, died last night, death being caused by a hemorrhage of the lungs.

The young man's home is at Anderson, Indiana, and he came here some time ago for a visit with his aunt, Mrs. M. D. Stoner. When the surveying crew started out to work on the new line young Frampton was anxious to go with them and Mr. Stoner, who was in charge of the work, employed him. He seemed to be in the best of health and did his work well, not complaining of any sickness or of feeling badly, and no thought of his being too weak to stand the exposure incident to camping out and the hard work which is the lot of the chainman on a survey ever crossed the minds of his companions.

Monday night he went to bed as usual and seemed to be in the best of spirits, although he had done a hard day's work. His sleep was troubled during the night and in the morning it was found that a hemorrhage of the lungs had developed and medical aid was sent for at once. He was taken to the cabin of Henry Becker, a resident near Spaulding, where two physicians from Bemidji treated him during the afternoon, but all efforts to save his life were futile, and he died last night.

The remains were taken to this city today and will be prepared for shipment, after which they will be sent to his old home at Anderson, Indiana.

Tomorrow, don't forget please, tomorrow is the first day of our extraordinary three day fur sale in your city. Furs will be sold at manufacturer's wholesale price direct to you. Prices will cut unmerciful on ladies' fur jackets, scarfs, boas and muffs. Gentlemen's fur lined coats will be sold at a price saving you at least 15 or 20 dollars. Every article sold is guaranteed. I have sold furs in your city for the past four years. I am no stranger in your city. I will sell furs to you tomorrow, Friday and Saturday this week. You are welcome to come and see my furs whether you are a buyer or not. Furs made to order and to your measure. I Kraywetz traveling representative of A. Zekman, fur manufacturer, Minneapolis. Established in 1894.

Cucumbers at the Princess.

## TRANSFER 25 IN FIVE DAYS

Bemidji In the Heart of the Hunting District—Transfers at Boylston.

During the past five days more than 25 carcasses of deer, consigned to the Twin Cities, have been transferred from the Great Northern train coming in over this line to the St. Paul train. The transfer is made at Boylston the junction of the two roads, about fourteen miles south of Duluth.

An average of five deer a day is maintained, and all the animals are killed along this line. This number does not include those shipped west and killed in practically the same territory, or those shipped down the Minnesota & International from Northome and Bemidji. Much of the hunting country through the northern part of the state is tributary to both the Great Northern and Minnesota & International roads.

In addition to the animals transferred, a great many are taken through to Duluth and Superior, from where some are later sent east and down the Omaha to the homes of the hunters shooting them, some of whom live in other states.

**It Takes Time**  
To finish a first class photograph. I take the liberty to ask those wishing anything in the photographic line for Christmas to call as soon as possible as we do not keep photographs ready made. Time is necessary and you will avoid that long wait which is generally the case at Christmas time. I have over 50 different styles for you to choose from. Come now and the work will be waiting for you.

THE REED STUDIO,  
R. W. Reed, Prop.

### Ground to Pieces.

Section men coming from Grand Forks yesterday found the mangled remains of a man a mile and a half the other side of Mallory. It is supposed that the victim was riding on the brake beam on the train to Duluth which arrived here at noon, as if he had been struck by the engine the engine crew would have seen him and reported the accident. It is reported that the man was all ground to pieces. His name is not known.

### The Best Liniment.

"Chamberlain's Pain Balm is considered the best liniment on the market," write Post & Bliss, of Georgia, Vt. No other liniment will heal a cut or a bruise so promptly. No other affords such quick relief from rheumatic pains. No other is so valuable for deep seated pains like lame back and pains in the chest. Give this liniment a trial and you will never wish to be without it. Sold by Barker's Drug store.

### Blom a Landlord.

A. P. Blom, formerly one of the prosperous farmers of the town of Liberty, was a Bemidji visitor yesterday. Mr. Blom has recently purchased the hotel at Wilton and has removed from his homestead near Spaulding to Wilton and is conducting the hostelry. Mr. Blom has been a resident of the county for many years and deserves the liberal patronage now being accorded him in the new business.

### Restaurant Will Move.

The Palace restaurant, which has been located in the Troppman block since last spring, will soon be removed to the building formerly occupied by the Meyer clothing store, on Third street. Mr. Throm, proprietor of the establishment, has leased the building, which will be thoroughly renovated and redecored before it will be occupied by the restaurant.

### Shot a Buck.

George H. French of this city and his father, who is deputy revenue collector at Redwood Falls, returned yesterday from the woods near Northome, where they have spent the past week hunting deer and moose. Their success was fairly good and they secured one large buck deer. Mr. French will have the head mounted.

### Many Licenses Issued.

Up to yesterday afternoon at 4 o'clock County Auditor Moon had issued just 229 licenses for hunting big game, nearly all of which were issued to residents of the state. The making out of a license constitutes no easy task, as the form used is one of the longest in use at the court house.

### Will Visit Koochiching.

J. E. Black and Clair Craig left last night for Northome and from there they will go through the swamp to Koochiching. The trip is one of the hardest ever attempted and involves many hardships which constantly beset the traveler when going through the thick woods.

Lettuce at the Princess.

## GIVE THANKS TOMORROW

Great Strides Have Been Made in Mercantile Lines Since a Year Ago.

LOCAL BANKS AND BUSINESS HOUSES DO BIG BUSINESS.

Future Brilliant of Promise for the Growth and Stability of Bemidji.

Thanksgiving Day is tomorrow, and Bemidji people, as a rule, feel that they have more to be thankful for this year than ever before. In the material things of life, they are well fixed. For the laboring man, work is plentiful and wages are good; for the business man, money is easy to get and rates are low; for the professional man, unusual demands are made and payment is prompt. Everybody has money and nearly everybody is out of debt. The city, as well as the county, is about to enter a great era of prosperity. Such is the opinion of prominent business men of Bemidji, who have studied the conditions as they are from a standpoint based upon actual business experience.

Never before has Bemidji been such a thriving city. From a small backwoods hamlet, because of the good times that have prevailed since its first organization as a village, it has grown to a city known far and wide as the commercial center of northern Minnesota, and the prospects were never better for its development into a great metropolis.

During the past year more things tending to further the growth of Bemidji have been done than in all the years of its previous history. New commercial institutions have been established, new factories induced to locate here, new railroad companies prevailed upon to make Bemidji their headquarters. Many acres have been cleared by the farmers in the country, and in fact every branch of business has undergone a complete transformation for the better.

All these things give ample promise to the people of Bemidji that its growth and prosperity shall not stop with the ending of the year. Its growth into a large city is almost certain and the thrift of its citizens and the pull together nature of its prominent business men insures its stability.

### Chinaman Is Game.

A drunken woodsman this morning tried to make away with a batch of laundry which had been received at the Charlie Lee eating house, but was apprehended by the proprietor of the establishment, who wielded a heavy dining chair to such good advantage that the woodsman was entirely subdued and made his exit rather unceremoniously.

### Play Tomorrow.

The Park Rapids and Bemidji foot ball teams will play a game on the grounds of the former tomorrow afternoon. Peterson, who has been tried out for quarter, will in all probability fill this position, as at a practice last night he showed up in good form. The local team has been strengthened considerably and expect to win out easily against the Park Rapids aggregation.

### Will Saw Much Pine.

Joseph H. Carter of Tenstrike, has taken a contract from the Barnesville Lumber company to manufacture into lumber about 11,000,000 feet of pine and will begin the erection of a saw mill near Kelliher in the near future. Mr. Carter's contract calls for the completion of the contract in five years.

### Prisoners Must Work.

All prisoners who have been committed to hard labor at the county jail will hereafter be worked on the county roads and today Deputy Sheriff Palmer took six of them out to the road from Bemidji to the county poor farm where they will do grading and other work upon the road.

**Attends Chiropractic Convention.**  
Dr. F. E. Brinkman left last night for Duluth, where he will attend a convention of the chiropractors of the state, who will meet in that city today. The purpose of the meeting is to effect an organization and a large attendance is expected.

### New Train Service.

Crookston Times: Train service over the Greenbush extension of the Great Northern running 47 miles north of Thief River Falls, will be established next Monday. This is the result of the visit of officials Sunday.

Get your ice cream for Thanksgiving dinner tomorrow at I. B. Olson's.
